As a long-time lover of the Mayan world, 'Mayan Calendar Astrology' finally opened my eyes to the subtle workings of the 260-day calendar and led me to embrace it as a genuine path to self-understanding. The author's work is based upon his years of work with several aj q'ijab' in the Guatemalan highlands, primarily in Momostenango, the important center for contemporary Mayan calendar knowledge. Sacred Economics-Charles Eisenstein 2011-07-12 Sacred Economics traces the history of money from ancient gift economies to modern capitalism, revealing how the money system has contributed to alienation, competition, and scarcity, destroyed community, and necessitated endless growth. Today, these trends have reached their extreme—but in the wake of their collapse, we may find great opportunity to transition to a more connected, ecological, and sustainable way of being. This book is about how the money system will have to change—and is already changing—to embody this transition. A broadly integrated synthesis of theory, policy, and practice, Sacred Economics explores avant-garde concepts of the New Economics, including negative-interest currencies, local currencies, resource-based economics, gift economies, and the restoration of the commons. Author Charles Eisenstein also considers the personal dimensions of this transition, speaking to those concerned with "right livelihood" and how to live according to their ideals in a world seemingly ruled by money. Tapping into a rich lineage of conventional and unconventional economic thought, Sacred Economics presents a vision that is original yet commonsense, radical yet gentle, and increasingly relevant as the crises of our civilization deepen. His painting Net of Being--inspired by a blazing vision of an infinite grid of Godheads during an ayahuasca journey--has reached millions as the cover and interior of the band TOOL's Grammy award-winning triple-platinum album, 10,000 Days. Net of Being is one of many images Grey has created that have resulted in a chain reaction of uses--from apparel and jewelry to tattoos and music videos--embedding these iconic works into our culture's living Net of Being. The book explores how the mystical experience expressed in Alex Grey's work opens a new understanding of our shared consciousness and unveils the deep influence art can have on cultural evolution. The narrative progresses through a successive expansion of identity--from the self, to self and beloved, to self and community, world spirit, and cosmic consciousness, where bodies are transparent to galactic energies. Presenting over 200 images, including many never-before-reproduced paintings as well as masterworks such as St. Albert and the LSD Revelation Revolution and Godself, the book also documents performance art, live-painting on stage throughout the world, and the "social sculpture" called CoSM, Chapel of Sacred Mirrors, that Grey cofounded with his wife and creative collaborator, artist Allyson Grey.

Journey to the Fifth Dimension—A Divine Journey-Maria Zavou 2012-03-22 JOURNEY TO THE FIFTH DIMENSION A true transcendental journey to the homeland of the psyche... A DIVINE JOURNEY To the dimension where the future is grounded... The Fifth dimension is an inner dimension which is administered by the divine essence of the universe, with thousands of galaxies. The so called Nefelon Galaxy has millions of stars, all of them inhabited. All of the stars pulsate with high frequencies and belong to spheres of different perception. There exist forms; though the molecular synthesis is more subtle. The Nephelon Galaxy is the world of the completed existence, where future mutations are planned and ascertained. It is there that everything is materialized and then channeled to open-minded people on Earth. As time travelers, we can now journey to the wonderful planets of the Nephelon Galaxy, and participate in advanced programs of self-awareness and transmutation to receive divine genetic proto-forms through hyper frequencies. Divine power is therefore activated from these advanced programs, and the participants develop hyper awareness and intellect. Thus, their neurons are transformed, certain charismas appear, and creation and material abundance emerge within the people who experience psychic and spiritual advancement; love is upgraded. The high frequency vibrations activate the union of soul-mates, bonded with love energy of a higher level, while women's uteruses are mutated in order to bear crystalline souls. The rising number of births of crystalline souls defines a new circle of Earth's evolution and development—preparing the way for the meta-humans. This book contains secret keys, which constitute codes for mutation and transformation—codes that activate the psychic archives of people. Thus its readers, unconsciously, go through the initiation stages and ascend evolutionary levels.

Breathing Space-Heidi Neumark 2012-09-04 This book is a song of Thanksgiving. Thanksgiving for the people whose courageous witness has transfigured this community-and this pastor. Thanksgiving for the gift of these stories that cry out to be told and retold because in the midst of death they rise to fill the air with life. Breathing Space is the story of a young woman, Heidi Neumark, and the Hispanic and African-American Lutheran church-aptly named Transfiguration-that took a chance calling on a pastor from a starkly different background. Despite living and working in a milieu of overwhelming poverty and violence, Neumark and the congregation encounter even more powerful forces of hope and renewal. This is the story of a church and a community creating space for new life and breath in a place where children suffer the highest asthma rates in the nation. It's also the story of a young woman-working, raising her children, and struggling for spiritual breathing space. Through poignant, intimate stories, Neumark charts her journey alongside her parishioners as pastor, church, and community grow in wisdom and together experience transformation.

Transfigurations, the follow-up to Grey's Sacred Mirrors (1991)--one of the most successful art books of the 1990s--includes all of Grey's major works completed in the following decade, including the masterful seven-paneled altarpiece Nature of Mind, called "the grand climax of Grey's art" by Donald Kuspit. Faith and Madness-Sarah Slagle Arnold 2012-08-01 Nobody loves a father like his daughter. That truth comes through powerfully in this memoir. Sarah was enchanted by her father; she loved him with all her young heart. But when she turned five, her father began to do strange things. His bizarre behavior ultimately cost him his job at a major pharmacy in Detroit. The time was the 1930s, with no medication for manic depressive disorder. Sarah joins forces with her mother and younger brother to contain the psychosis that with repeated hospitalizations relentlessly tightens its hold on her father. When she is seven, she watches her father's third episode of mania mount and vows never to let this happen to her--she would be strong with a faith like her valiant mother's. Nevertheless, when Sarah entered her second year at Wayne State University, she was gripped by severe depression and anorexia that almost took her life. Had she inherited her father's illness? Or had challenges to her Christian faith during her first year of university caused this depression? No one knew. The help of a department store, an astute psychiatrist, and an Anglican priest illustrate the interplay between financial, psychological, and spiritual resources in unraveling the mystery of Sarah's depression.

Long Walk to Freedom-Nelson Mandela 2008-03-11 The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlala Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Jesus for President-Shane Claiborne 2019-07-30 Jesus for President is a radical manifesto to awaken the Christian political imagination, reminding us that our ultimate hope lies not in partisan political options but in Jesus and the incarnation of the peculiar politic of the church as a people "set apart" from this world. In what can be termed lyrical theology, Jesus for President poetically weaves together words and images to sing (rather than dictate) its message. It is a collaboration of Shane Claiborne's writing and stories, Chris Haw's reflections and research, and Chico Fajardo-Heflin's art and design. Drawing upon the work of biblical theologians, the lessons of church history, and the examples of modern-day saints and ordinary radicals, Jesus for President stirs the imagination of what the Church could look like if it placed its faith in Jesus instead of Caesar. A fresh look at Christianity and empire, Jesus for President transcends questions of "Should I vote or not?" and "Which candidate?" by thinking creatively about the fundamental issues of faith and allegiance. It's written for those who seek to follow Jesus, rediscover the spirit of the early church, and incarnate the kingdom of God.

New Monasticism-Jonathan Wilson-Hartgrove 2008-05-01 New Monasticism is a growing movement of committed Christians who are recovering the radical discipleship of monasticism and unearthing a fresh expression of Christianity in America. It's not centered in a traditional monastery--many New Monastics are married with children--but instead its members live radically, settling in abandoned sections of society, committing to community, sharing incomes, serving the poor, and practicing spiritual disciplines. New Monasticism by Jonathan Wilson-Hartgrove offers an insider's perspective into the life of the New Monastics and shows how this movement is dependent on the church for stability, diversity, and structure. A must-read for New Monastics or those considering joining the movement, it will also appeal to pastors, leaders, those interested in the emerging church, and 20- and 30-somethings searching for new ways to be Christian.

The Synchronicity Key-David Wilcock 2013-08-20 New York Times bestselling author David Wilcock unlocks the key to a universal life force that is influencing and guiding humanity toward enlightenment. The Source Field Investigations was a New York Times, Wall Street Journal, and USA Today bestseller that uncovered hidden science and lost prophecies to illuminate an entirely new understanding of our world today. In his new book, The Synchronicity Key, Wilcock embarks on an astonishing investigation into what lies beyond this new understanding of our how our universe works—finding proof that everything in our lives is not only connected, it all influences everything else. Using history, astrology, and synchronicity theory as well as concepts such as microgravitational structuring, spiritual geometry, quantum physics, and other new research, Wilcock shows that there is a hidden architecture within time, guiding individuals and nations through a system of enlightenment Joseph Campbell called the Hero's Journey. Historical events occur in shockingly precise, repeating cycles of time as a result. Once we understand and identify the hidden laws governing the fates of individuals and nations through seemingly random "synchronicity," we are left with a remarkable blueprint of how best to lead our lives in this seemingly uncertain and confusing world.
