Robots & Donuts-Eric Joyner 2008 In the years following World War II one of the major exports from Japan wasn't cars or electronic equipment, but toys, specifically tin toys. Crafted in the shapes of submarines, planes, trains, cars and horses, one of the most popular motifs were toy robots. Constructed in virtually every shape imaginable from the 1940s throughout the 1960s, these toys are fondly remembered by collectors today, and ranged in appearance from horror to science fictional characters. Today, these toys are not only fondly remembered by collectors but are being recreated for a whole new generation! Capturing this period in history became a passion of painter Eric Joyner's, and in Robots and Donuts he celebrates this forgotten era in a series of whimsical, thoughtful, sometimes tragic but always stunning paintings depicting mechanical men and women inspired by the designs of those toy tin machines, often in outlandish and impossible settings. And almost always, with donuts. (Why? Well, who doesn't love donuts?) This book also features a look into Joyner's painting style as well as a glimpse at some of his other non-robot themed artwork.

On the surface, it tells the tale of the struggling single mother of a high-school pitcher, a shy kid so athletically talented that he's being recruited for a full-ride scholarship to a Division I college, with a future in major-league baseball. But the mother fears that she's losing her grip on her son because he's being lured down a darker path by one of his teammates, a secretly disturbed young man from an affluent family, whose excellent grades and fun-loving manner conceal his violent criminal plans. Add a handsome stranger who comes to town and infiltrates the high school, posing as a teacher but with a hidden agenda all his own. The mix becomes combustible when a beloved faculty member turns up dead as a suicide, in circumstances equally consistent with murder. Only then is the true identity of the fake teacher revealed, and the single mother finds herself engaged in a battle for the future, the soul, and the very life of her only son. One Perfect Lie is a riveting and suspenseful family drama, and by the time you close the book, you will realize that nothing was as it seemed at the beginning.

Baking Powder Wars-Linda Civitello 2017-05-22 First patented in 1856, baking powder sparked a classic American struggle for business supremacy. For nearly a century, brands battled to win loyal consumers for the new leavening miracle, transforming American commerce and advertising even as they touched off a chemical revolution in the world's kitchens. Linda Civitello chronicles the titanic struggle that reshaped America's diet and rewrote its recipes. Presidents and robber barons, bare-knuckle litigation and bold-faced bribery, competing formulas and ruthless pricing—Civitello shows how hundreds of companies sought market control, focusing on the big four of Rumford, Calumet, Clabber Girl, and the once-popular brand Royal. She also tells the war's untold stories, from Royal's claims that its competitors sold poison, to the Ku Klux Klan's campaign against Clabber Girl and its German Catholic owners. Exhaustively researched and rich with detail, Baking Powder Wars is the forgotten story of how a dawning industry raised Cain—and cakes, cookies, muffins, pancakes, donuts, and biscuits.

The Captain Class-Sam Walker 2017-05-16 A bold new theory of leadership drawn from elite captains throughout sports—named one of the best business books of the year by CNBC, The New York Times, Forbes, strategy+business, The Globe and Mail, and Sports Illustrated “The book taught me that there’s no cookie-cutter way to lead. Leading is not just what Hollywood tells you. It’s not the big pregame speech. It’s how you carry yourself every day, how you treat the people around you, who you are as a person.”—Mitchell Trubisky, quarterback, Chicago Bears Now featuring analysis of the five-lime Super Bowl champion New England Patriots and their captain, Tom Brady The seventeen most dominant teams in sports history had one thing in common: Each employed the same type of captain—a singular leader with an unconventional set of skills and tendencies. Drawing on original interviews with athletes, general managers, coaches, and team-building experts, Sam Walker identifies the seven core qualities of the Captain Class—from extreme doggedness and emotional control to tactical aggression and the courage to stand apart. Told through riveting accounts of pressure-soaked moments in sports history, The Captain Class will challenge your assumptions of what inspired leadership looks like. Praise for The Captain Class “Wildly entertaining and thought-provoking . . . makes you reexamine long-held beliefs about leadership and the glue that binds winning teams together.”—Theo Epstein, president of baseball operations, Chicago Cubs “If you care about leadership, talent development, or the art of competition, you need to read this immediately.”—Daniel Coyle, author of The Culture Code “The insights in this book are tremendous.”—Bob Myers, general manager, Golden State Warriors “An awesome book . . . I find myself relating a lot to its portrayal of the out-of-the-norm leader.”—Carli Lloyd, co-captain, U.S. Soccer Women’s National Team “A great read . . . Sam Walker used data and a systems approach to reach some original and unconventional conclusions about the kinds of leaders that foster enduring success. Most business and leadership books lapse into clichés. This one is fresh.”—Jeff Immelt, chairman and former CEO, General Electric “I can’t tell you how much I loved The Captain Class. It identifies something many people who’ve been around successful teams have felt but were never able to articulate. It has deeply affected my thoughts around how we build our culture.”—Derek Falvey, chief baseball officer, Minnesota Twins

Spring and a Thousand Years (Unabridged): Poems-Judy Halebsky 2020-03-02 Finalist, 2020 Miller Williams Poetry Prize A translator's notebook, an almanac, an ecological history, Judy Halebsky's Spring and a Thousand Years (Unabridged) moves between multiple intersections and sign systems connected in a long glossary poem that serves as the book's guide to what is lost, erased, or disrupted in transition both from experience to written word and from one language, location, and time period to another. Writers Li Bai, Matsuo Bashō, Sei Shōnagon, and Du Fu make frequent appearances in centuries ranging from the eighth to the twenty-first, and appear in conversation with Grace Paley, Donald Hall, and Halebsky herself, as the poet explores subjects ranging from work and marriage to environmental destruction. Asking what would happen if these poets—not just their work—appeared in California, the poems slip between different geographies, syntaxes, times, and cultural frameworks. The role of the literary translator is to bring text from one language into another, working to at once shift and retain the context of the original—from one alphabet to another, one point in time to another. These are poems in homage to translation; they rely on concepts that can bridge time and space, and as a result are as likely to find meaning in donuts or Zumba as they are to find it in the ocean. Spring and a Thousand Years (Unabridged) finds reasons for hope not in how the world should be, but in how it has always been.
