Martha's Vineyard-Susan Branch 2016-05 "In the winter of 1982, long before she became the watercolor artist and author we know today, Susan Branch, 34-years-old and heartbroken from the sudden and unexpected end of her marriage in California, "ran away from home" to the Island of Martha's Vineyard hoping to gain perspective. It was meant to be temporary, a three-month time-out from the daily grind of being broken up and miserable, but within days of her arrival, alone and not quite in her right mind, Susan "accidentally" bought a tiny one-bedroom cottage in the woods - which is how she discovered she was moving 3,000 miles away from everyone and everything she had known and loved. Funny, observant, touching, and addictive (you are not going to want this book to end), based on the diaries she has kept all her life, Susan Branch relates her inspirational tale of lost love and self discovery, her search for roots, purpose, and destiny with laugh-out-loud honesty. A road map for overcoming loss, following your heart, and making dreams come true, charmingly hand-lettered and watercolored in Susan's inimitable style, there are diary excerpts, recipes, and hundreds of photographs."--Provided by Amazon.com.

The Fairy Tale Girl-Susan Branch 2015-10-30 Based on the diaries Susan has kept since she was in her 20s, The Fairy Tale Girl is book one of a two part series. Together the books are an illustrated memoir, charmingly designed in Susan's style with her whimsical watercolors and personal photographs. It's an enchanting story of love and loss, mystery and magic that begins in a geranium-colored house in California, and ends up, like any good fairy tale, on the right side of the rabbit hole, in a small cottage in the woods on the New England Island of Martha's Vineyard. The Fairy Tale Girl humorously explores Susan's journey as an artist and as a girl/woman, from the 1950s through the 1980s. In the first book of the series we get a revealing view of Susan's early life as the oldest of eight children and the marriage she imagined would be forever; it's filled with inspiration, romance and discovery, and a leap into the unknown.

Kahn and others. The sweeping 360-degree panoramas help the viewer maintain the original vision of the architects. Best American Poetry 2018-David Lehman 2018-09-18 The 2018 edition of the Best American Poetry—"a 'best' anthology that really lives up to its title" (Chicago Tribune)—collects the most significant poems of the year, chosen by Poet Laureate of California Dana Gioia. The guest editor for 2018, Dana Gioia, has an unconventional poetic background. Gioia has published five volumes of poetry, served as the Chairman of the National Endowment for the Arts, and currently sits as the Poet Laureate of California, but he is also a graduate of Stanford Business School and was once a Vice President at General Foods. He has studied opera and is a published librettist, in addition to his prolific work in critical essay writing and editing literary anthologies. Having lived several lives, Gioia brings an insightful, varied, eclectic eye to this year's Best American Poetry. With his classic essay "Can Poetry Matter?", originally run in The Atlantic in 1991, Gioia considered whether there is a place for poetry to be a part of modern American mainstream culture. Decades later, the debate continues, but Best American Poetry 2018 stands as evidence that poetry is very much present, relevant, and finding new readers.

The Changing Wealth of Nations 2018-Glenn-Marie Lange 2018-01-30 Countries regularly track gross domestic product (GDP) as an indicator of their economic progress, but not wealth—the assets such as infrastructure, forests, minerals, and human capital that produce GDP. In contrast, corporations routinely

report on both their income and assets to assess their economic health and prospects for the future. Wealth accounts allow countries to take stock of their assets to monitor the sustainability of development, an urgent concern today for all countries. The Changing Wealth of Nations 2018: Building a Sustainable Future covers national wealth for 141 countries over 20 years (1995†“2014) as the sum of produced capital, 19 types of natural capital, net foreign assets, and human capital overall as well as by gender and type of employment. Great progress has been made in estimating wealth since the first volume, Where Is the Wealth of Nations? Measuring Capital for the 21st Century, was published in 2006. New data substantially improve estimates of natural capital, and, for the first time, human capital is measured by using household surveys to estimate lifetime earnings. The Changing Wealth of Nations 2018 begins with a review of global and regional trends in wealth over the past two decades and provides examples of how wealth accounts can be used for the analysis of development patterns. Several chapters discuss the new work on human capital and its application in development policy. The book then tackles elements of natural capital that are not yet fully incorporated in the wealth accounts: air pollution, marine fisheries, and ecosystems. This book targets policy makers but will engage anyone committed to building a sustainable future for the planet.

Before We Were Yours-Lisa Wingate 2017-06-06 THE BLOCKBUSTER HIT—Over two million copies sold! A New York Times, USA Today, Wall Street Journal, and Publishers Weekly Bestseller Look for Lisa Wingate's powerful new historical novel, The Book of Lost Friends, available now! "Poignant, engrossing."—People • "Lisa Wingate takes an almost unthinkable chapter in our nation's history and weaves a tale of enduring power."—Paula McLain Memphis, 1939. Twelve-year-old Rill Foss and her four younger siblings live a magical life aboard their family's Mississippi River shantyboat. But when their father must rush their mother to the hospital one stormy night, Rill is left in charge—until strangers arrive in force. Wrenched from all that is familiar and thrown into a Tennessee Children's Home Society orphanage, the Foss children are assured that they will soon be returned to their parents—but they quickly realize the dark truth. At the mercy of the facility's cruel director, Rill fights to keep her sisters and brother together in a world of danger and uncertainty. Aiken, South Carolina, present day. Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and compels her to take a journey through her family's long-hidden history, on a path that will ultimately lead either to devastation or to redemption. Based on one of America's most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate's riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. Publishers Weekly's #3 Longest-Running Bestseller of 2017 • Winner of the Southern Book Prize • If All Arkansas Read the Same Book Selection This edition includes a new essay by the author about shantyboat life.

Social Forms: A Short History of Political Art-Christian Viveros-Faune 2018-12-20 In an increasingly polarized world, with shifting and extreme politics, Social Forms illustrates artists at the forefront of political and social resistance. Highlighting different moments of crisis and how these are reflected and preserved through crucial artworks, it also asks how to make art in the age of Brexit, Trump, and the refugee and climate crises. In Social Forms: A Short History of Political Art, renowned critic, curator, and writer Christian Viveros-Fauné has picked fifty representative artworks—from Francisco de Goya's The Disasters of War (1810-1820) to David Hammons's In the Hood (1993)—that give voice to some of modern art's strongest calls to political action. In accessible and witty entries on each piece, Viveros-Fauné paints a picture of the context in which each work was created, the artist's background, and the historical impact of each contribution. At times artists create projects that subvert existing power structures; at other moments they make artwork so powerful it challenges the very fabric of society. Whether it is Picasso's Guernica and its place at the 1937 Worlds Fair, or Jenny Holzer's Truisms (1977-1979), which still stop us in our tracks, this book tells the story behind some of the most important and unexpected encounters

between artworks and the real worlds they engage with. Never professing to be a definitive history of political art, *Social Forms* delivers a unique and compelling portrait of how artists during the last 150 years have dealt with changing political systems, the violence of modern warfare, the rise of consumer culture worldwide, the prevalence of inequality and racism, and the challenges of technology.

**The 15:17 to Paris**-Anthony Sadler 2016-08-23 Now a major motion picture directed by Clint Eastwood, in theaters February 2018. An ISIS terrorist planned to kill more than 500 people. He would have succeeded except for three American friends who refused to give in to fear. On August 21, 2015, Ayoub El-Khazzani boarded train #9364 in Brussels, bound for Paris. There could be no doubt about his mission: he had an AK-47, a pistol, a box cutter, and enough ammunition to obliterate every passenger on board. Slipping into the bathroom in secret, he armed his weapons. Another major ISIS attack was about to begin. Khazzani wasn't expecting Anthony Sadler, Alek Skarlatos, and Spencer Stone. Stone was a martial arts enthusiast and airman first class in the US Air Force, Skarlatos was a member of the Oregon National Guard, and all three were fearless. But their decision-to charge the gunman, then overpower him even as he turned first his gun, then his knife, on Stone-depended on a lifetime of loyalty, support, and faith. Their friendship was forged as they came of age together in California: going to church, playing paintball, teaching each other to swear, and sticking together when they got in trouble at school. Years later, that friendship would give all of them the courage to stand in the path of one of the world's deadliest terrorist organizations. *The 15:17 to Paris* is an amazing true story of friendship and bravery, of near tragedy averted by three young men who found the heroic unity and strength inside themselves at the moment when they, and 500 other innocent travelers, needed it most.

**Heartland**-Sarah Smarsh 2019-09-03 \*Finalist for the National Book Award\* \*Finalist for the Kirkus Prize\* \*Instant New York Times Bestseller\* \*Named a Best Book of the Year by NPR, New York Post, BuzzFeed, Shelf Awareness, Bustle, and Publishers Weekly\* An essential read for our times: an eye-opening memoir of working-class poverty in America that will deepen our understanding of the ways in which class shapes our country and "a deeply humane memoir that crackles with clarifying insight".\* Sarah Smarsh was born a fifth generation Kansas wheat farmer on her paternal side, and the product of generations of teen mothers on her maternal side. Through her experiences growing up on a farm thirty miles west of Wichita, we are given a unique and essential look into the lives of poor and working class Americans living in the heartland. During Sarah's turbulent childhood in Kansas in the 1980s and 1990s, she enjoyed the freedom of a country childhood, but observed the painful challenges of the poverty around her; untreated medical conditions for lack of insurance or consistent care, unsafe job conditions, abusive relationships, and limited resources and information that would provide for the upward mobility that is the American Dream. By telling the story of her life and the lives of the people she loves with clarity and precision but without judgement, Smarsh challenges us to look more closely at the class divide in our country. Beautifully written, in a distinctive voice, *Heartland* combines personal narrative with powerful analysis and cultural commentary, challenging the myths about people thought to be less because they earn less. "Heartland is one of a growing number of important works—including Matthew Desmond's *Evicted* and Amy Goldstein's *Janesville*—that together merit their own section in nonfiction aisles across the country: America's postindustrial decline...Smarsh shows how the false promise of the 'American dream' was used to subjugate the poor. It's a powerful mantra" \*(The New York Times Book Review).
