The Cassell Dictionary of Appropriate Adjectives-E. H. Mikhail 1996-03-01 Lipsius (1547-1606) was a 16th century humanist, scholar errant, and prolific correspondent who sought to reclaim the concept of letter-writing that had died during the Dark and Middle Ages. Here, he describes the serious, the learned, and the familiar letter, as well as such topics as conversational style, clarity, two kinds of simplicity, elegance, and decorum. Translated and edited by R. V. Young and M. Thomas Hester (both English, N. Carolina State U.), this edition prints the original Latin facing the English translation on each page. Annotation copyright by Book News, Inc., Portland, OR

A dictionary of the english language-Joseph E. Worcester 1861

A Dictionary of the English Language-Joseph Emerson Worcester 1884

The Oxford Dictionary of American Usage and Style-Bryan A. Garner 2000 Covers basic grammar, punctuation, spelling, and idiomatic phrases of American English.

The Highly Selective Dictionary for the Extraordinarily Literate-Eugene Ehrlich 2009-03-17 Between TV talk shows, radio call-in programs, email and the Internet, spontaneous-talk media has skyrocketed in the '90s. People are interacting more frequently and more fervently than ever before, turning the English language into an indecipherable mess. Now, this unique and concise compendium presents the most confused and misused words in the language today -- words misused by careless speakers and writers everywhere. It defines, discerns and distinguishes the finer points of sense and meaning. Was it fortuitous or only fortunate? Are you trying to remember, or more fully recollect? Is he uninterested or disinterested? Is it healthful or healthy, regretful or regrettable, notorious or infamous? The answers to these and many more fascinating etymological questions can be found within the pages of this invaluable (or is it valuable?) reference.

An Irish-English Dictionary ...-Edward O'Reilly 1821

A Dictionary of Modern English Usage-H. W. Fowler 2010-10-14 'What grammarians say should be has perhaps less influence on what shall be than even the more modest of them realize ...' No book had more influence on twentieth-century attitudes to the English language in Britain than Henry Fowler's Dictionary of Modern English Usage. It rapidly became the standard work of reference for the correct use of English in terms of choice of words, grammar, and style. Much loved for his firm opinions, passion, and dry humour, Fowler has stood the test of time and is still considered the best arbiter of good practice. In this new edition of the original Dictionary, David Crystal goes beyond the popular mythology surrounding Fowler's reputation to retrace his method and arrive at a fresh evaluation of his place in the history of linguistic thought. With a wealth of entertaining examples he looks at Fowler's stated principles and the tensions between his prescriptive and descriptive temperaments. He shows that the Dictionary does a great more than make normative recommendations and express private opinion. In addition he offers a modern perspective on some 300 entries, in which he shows how English has changed since the 1920s. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

A Dictionary of the Anglo-Saxon Language ...-Joseph Bosworth 1838

March's Thesaurus Dictionary-Francis Andrew March 1925

"A" Dictionary of the English Language-Robert Gordon Latham 1876

The New American Webster Handy College Dictionary-Albert Morehead 2006 Contains an abundance of new words, precise definitions inclusive of slang, current phrases, and scientific terms, foreign words and phrases, etymologies, pronunciation keys, tips on proper grammar and usage, a world gazetteer, abbreviations, weights and measures, and other features. Original.

A Dictionary of Modern English Usage-Henry Watson Fowler 1994 guide to precise phrases, grammar, and pronunciation can be key; it can even be admired. But beloved? Yet from its first appearance in 1926, Fowler's was just that. Henry Watson Fowler initially aimed his Dictionary of Modern English Usage, as he wrote to his publishers in 1911, at "the half-educated Englishman of literary proclivities who wants to know Can I say so-&-so?" He was of course obsessed with, in Swift's phrase, "proper words in their proper places." But having been a schoolmaster, Fowler knew that liberal doses of style, wit, and caprice would keep his manual off the shelf and in writers' hands. He also felt that description must accompany prescription, and that advocating pedantic "superstitions" and "fetishes" would be to no one's advantage. Adepts will have their favorite inconsequential entries--from burgle to brood, truffle to turgid. Would that we could quote them all, but we can't resist a couple.

Bryson's Dictionary of Troublesome Words-William Bryson 2013-05-07 One of the English language's most skilled and beloved writers guides us all towards precise, mistake-free usage. In the middle 1980s Bill Bryson was a copy editor for the London Times with the brash idea that he could fill a hole in the British book market for a concise, accessible, handy guide to proper usage. A complete unknown, he nonetheless sold Penguin Books on the idea, and the result was The Penguin Dictionary of Troublesome Words, which sold decently enough on both sides of the Atlantic. Now, fifteen years later, Bill Bryson has become, well, Bill Bryson -- and his terrifically useful little book has been revised, updated and Americanized to become Bryson's Dictionary of Troublesome Words. Precise, prescriptive, sometimes (like its author) amusingly prickly, this book belongs on the desk of every person who cares enough about our language not to maul or misuse or distort it. Move over, Strunk and White.

The Oxford Dictionary of English Grammar-Sylvia Chalker 1994-02-03 English grammar has changed a great deal since the beginning of the Twentieth Century, and it is a subject that can provide a complex minefield of uncertainties within the language. This accessible and comprehensive dictionary comes to the aid of both the general reader and the student or teacher, offering straightforward and immediate A-Z access to 1,000 grammatical terms and their meanings. All the currently accepted terms of grammar are included, as well as older, traditional names, controversial new coinages, and items from the study of other languages. Concise definitions of the wider subject of linguistics, including phonetics and transformational grammar, are accompanied by examples of language in use, and frequent quotations from existing works on grammar.

Webster's Third New International Dictionary of the English Language, Unabridged-Noah Webster 2002 Contains over 472,000 entries defining the English language as it is written and spoken today.

A Dictionary of Varieties of English-Raymond Hickey 2013-12-12 A Dictionary of Varieties of English presents a comprehensive listing of the distinctive dialects and forms of English spoken throughout the contemporary world. Provides an invaluable introduction and guide to current research trends in the field Includes definitions both for the varieties of English and regions they feature, and for terms and concepts derived from a linguistic analysis of these varieties Explores important research issues including the transportation of dialects of English, the rise of 'New Englishes', sociolinguistic investigations of various English-speaking locales, and the study of language contact and change. Reflects our increased awareness of global forms of English, and the advances made in the study of varieties of the language in recent decades Creates an invaluable, informative resource for students and scholars alike, spanning the rich and diverse linguistic varieties of the most widely accepted language of international communication

Colour Oxford English Dictionary-Oxford Dictionaries, 2011-03-10 "First published as the Little Oxford dictionary"--T.p. verso.

Other-Wordly-Yee-Lum Mak 2016-10-11 Discover words to surprise, delight, and enamor. Learn terms for the sunlight that filters through the leaves of trees, for dancing awkwardly but with relish, and for the look shared by two people who each wish the other would speak first. Other-Wordly is an irresistible ebook for lovers of words and those lost for words alike.

The Synonymous, Etymological, and Pronouncing English Dictionary-William Perry 1805

A new short-hand Grammar, etc. (A dictionary, etc. Observations and explications.) [With a portrait of the author.]-James Weston (Stenographer) 1746

A Dictionary, Burmese and English-Adoniram Judson 1852

A Dictionary of the Central Nicobarese Language (English-Nicobarese and Nicobarese-English), with Appendices Containing a Comparison of Synonymous Words in the Remaining Nicobarese Forms and Other Matters, Preceded by Notes on the Grammar of the Central Form-Edward Horace Man 1889

Chambers School Dictionary-

Sensory Adjectives in the Discourse of Food-Catherine Diederich 2015-04-15 Sensory Adjectives in the Discourse of Food presents a frame-based analysis of sensory descriptors. This book investigates the identification and usefulness of conceptual frames in three respects: First, an analysis of scientific language use shows that a semantic interpretation of the adjectives is dependent on the operationalizations performed in the field of sensory science. Second, a systematic frame semantic analysis of the descriptors sheds light on how meaning is constructed with regard to the lexemes' wider context, from the utterance to the text type. Third, a comparison with German descriptors tests the applicability of a frame from one language to another (English - German). Framing presents itself as a means to capture the knowledge representation that underlies a particular discourse. With its detailed linguistic analyses and its interdisciplinary treatment of framing across discourse (specialized vs. public discourse), this book is interesting for researchers working within cognitive linguistics, terminology, and sensory science.

A New Malagasy-English Dictionary-James Richardson 1885

A Frequency Dictionary of Portuguese-Mark Davies 2007-11-29 An invaluable tool for learners of Portuguese, this Frequency Dictionary provides a list of the 5000 most commonly used words in the language. Based on a twenty-million-word collection of Portuguese (taken from both Portuguese and Brazilian sources), which includes both written and spoken material, this dictionary provides detailed information for each of the 5000 entries, including the English equivalent, a sample sentence, and an indication of register and dialect variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are also thrity thematically-organized 'boxed' lists of the top words from a variety of key topics such as sports, weather, clothing and relations. An engaging and highly useful resource, A Frequency Dictionary of Portuguese will enable students of all levels to get the most out of their study of Portuguese vocabulary.

A Student's Dictionary of Language and Linguistics-Larry Trask 2014-05-01 The terminology used in linguistics can be confusing for those encountering the subject for the first time. This dictionary provides accessible and authoritative explanations of the terms and concepts currently in use in all the major areas of language and linguistics, (pronunciation, word structure, sentence structure, meaning) as well as in the study of the social, anthropological, psychological and neurological aspects of language. Entries are clear and unambiguous, and helpful examples are used to clarify where appropriate. Particular attention is given to the terminology of traditional grammar. There are entries for the names of major language families, and there are also brief biographical entries for the major figures in the field, past and present. An extensive cross-referencing system makes the book easy to use: an invaluable annotated bibliography of texts on linguistics makes it an ideal guide for everyone beginning the study of language and linguistics.

A Dictionary of the English Language: an Anthology-Samuel Johnson 2006-11-30 Samuel Johnson's Dictionary, published in 1755, marked a milestone in a language in desperate need of standards. No English dictionary before it had devoted so much space to everyday words, been so thorough in its definitions, or illustrated usage by quoting from Shakespeare and other great writers. Johnson's was the dictionary used by Jane Austen and Charles Dickens, Wordsworth and Coleridge, the Brontës and the Brownings, Thomas Hardy and Oscar Wilde. This new edition, edited by David Crystal, will contain a selection from the original, offering memorable passages on subjects ranging from books and critics to dreams and ethics.

Thank you utterly much for downloading a **dictionary of adjectives with their various meanings an usages 1st edition**.Maybe you have knowledge that, people have see numerous period for their favorite books considering this a dictionary of adjectives with their various meanings an usages 1st edition, but end up in harmful downloads.
