Ash-James Herbert 2012-08-30 Ash is James Herbert's most controversial novel, and will make you wonder what is fact and what is fiction. Fear will let you in. Terror will keep you there. They were miscreants with black souls, roaming the corridors and passageways. Infamous people thought long-deceased. Hiding and nurturing their evil in a basement full of secrets so shocking they would shake the world if they were ever revealed. David Ash, ghost hunter and parapsychologist, arrives at Comraich Castle - a desolate, ancient place with a dark heart - to investigate a series of disturbing events. An incorporeal power has been ignited by a long-ago curse, fed and now unleashed by the evil of those who once inhabited this supposed sanctuary - and by some who still do. Yet their hour of retribution is at hand . . .

An Ecofeminist Perspective on Ash Wednesday and Lent-Sylvia A. Sweeney 2010 An Ecofeminist Perspective on Ash Wednesday and Lent develops a conversation between classical historical Lenten practices and contemporary Christian ecofeminism. Building on David Tracy's definition of a religious classic, it includes a historical examination of the development of Lent and the Ash Wednesday rites beginning from wellsprings in the early church traditions of penance, catechumenal preparation, and asceticism through medieval and reformation expressions of the rite to their twentieth-century Episcopal iteration in the 1979 Book of Common Prayer. In the discussion of ecofeminism, women's death experiences and current ecofeminist writings are used to develop an ecofeminist hermeneutic of mortality.

Firewoman-Daniel N. Shields 2004-03-23 Firewoman picks up where Raising the Seams left off. The author has seamlessly drawn upon the success of his first book to bring the reader back into a world where everything is not what it seems. Whether telling us the story of a mysterious woman on a small Caribbean island or a family picnicking in a graveyard, the author brings us into stories not soon to be forgotten. The author relies on classic storytelling techniques to both frighten the reader as well as make the reader laugh. This book also includes two scripts from short films. These scripts show the author's versatility in drawing upon less conventional subjects, including a metalhead's take on the future of music. Firewoman will scare you and make you laugh. The author hooks you from the first story to the last. Anyone who has ever read a Stephen King story, watched a Quentin Tarantino movie, or listened to a heavy metal tape will be able to relate to the stories in this book.
