The Yellow Room-Mary Roberts Rinehart 2013-08-13 In a nearly empty house, a young woman finds herself alone with a killer As far as Carol Spencer is concerned, the war has spoiled everything. She and Don had been engaged for years and were on the verge of marriage when he was shot down in the South Pacific, leaving Carol on the verge of spinsterhood at twenty-four. She wants to take some kind of job in the war effort, but her invalid mother demands that Carol accompany her to the family's summer home in Maine. But when they arrive at the faded mansion, they find it completely locked up. The servants are gone, the lights are dark—and there is a body in the closet. There is a killer on the grounds of the abandoned Spencer estate, and the police believe it is Carol. As war rages across the seas, Carol Spencer fights a private battle of her own—to prove her own innocence, and to save her mother's life.

Half of a Yellow Sun-Chimamanda Ngozi Adichie 2010-10-29 With her award-winning debut novel, Purple Hibiscus, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose

living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before. From the Hardcover edition.

Idaho Falls-William McKeown 2003-04-01 The little-known true story of a mysterious nuclear reactor disaster—years before Three Mile Island, Chernobyl, or Fukushima. Before the Three Mile Island incident or the Chernobyl disaster, the world's first nuclear reactor meltdown to claim lives happened on US soil. Chronicled here for the first time is the strange tale of SL-1, an experimental military reactor located in Idaho's Lost River Desert that exploded on the night of January 3, 1961, killing the three crewmembers on duty. Through exclusive interviews with the victims' families and friends, firsthand accounts from rescue workers and nuclear industry insiders, and extensive research into official documents, journalist William McKeown probes the many questions surrounding this devastating blast that have gone unanswered for decades. From reports of faulty design and mismanagement to incompetent personnel and even rumors of sabotage after a failed love affair, these plausible explanations raise startling new questions about whether the truth was deliberately suppressed to protect the nuclear energy industry.

The Chaneyville Incident-David Bradley 2013-08-06 "Rivals Toni Morrison's *Song of Solomon* as the best novel about the black experience in America since Ellison's *Invisible Man*" (The Christian Science Monitor). Winner of the PEN/Faulkner Award for Fiction and Finalist for the National Book Award Brilliant but troubled historian John Washington has left Philadelphia, where he is employed by a major university, to return to his hometown of Chaneyville, just north of the Mason-Dixon Line. He is there to care for Old Jack, one of the men who helped raise him when he was growing up on the Hill, an old black neighborhood in the little Pennsylvania town—but he also wants to learn more about the death of his father. What he discovers is that his father, Moses Washington, who was supposedly illiterate, left behind extensive notes on a mystery he was researching: why thirteen escaped slaves reached freedom in Chaneyville only to die there, for reasons forgotten or never known at all. A story of personal discovery and historical revelation, *The Chaneyville Incident* explores the power of our pasts. Based in part on actual events, this extraordinary novel was described by the Los Angeles Times as "perhaps the most significant work by a new black male author since James Baldwin dazzled in the early '60s with his fine fury," and placed David Bradley in the front ranks of contemporary American authors.
