Yoga Bitch-Suzanne Morrison 2011-08-16 What happens when a coffee-drinking, cigarette-smoking, steak-eating twenty-five-year-old atheist decides it is time to get in touch with her spiritual side? Not what you'd expect... When Suzanne Morrison decides to travel to Bali for a two-month yoga retreat, she wants nothing more than to be transformed from a twenty-five-year-old with a crippling fear of death into her enchanting yoga teacher, Indra—a woman who seems to have found it all: love, self, and God. But things don't go quite as expected. Once in Bali, she finds that her beloved yoga teacher and all of her yogamates wake up every morning to drink a large, steaming mug...of their own urine. Sugar is a mortal sin. Spirits inhabit kitchen appliances. And the more she tries to find her higher self, the more she faces her cynical, egomaniacal, cigarette-, wine-, and chocolate-craving lower self. Yoga Bitch chronicles Suzanne's hilarious adventures and misadventures as an aspiring yogi who might be just a bit too skeptical to drink the Kool-Aid. But along the way she discovers that no spiritual effort is wasted; even if her yoga retreat doesn't turn her into the gorgeously calm, wise believer she hopes it will, it does plant seeds that continue to blossom in surprising ways over the next decade of her life. suzannemorrison.blogspot.com From the Trade Paperback edition.

"Lyrical and spellbinding" —Marieke Njikamp, #1 New York Times Bestselling Author Set in a richly detailed world inspired by ancient Arabia, Hafsah Faizal's *We Hunt the Flame*—first in the Sands of Arawiya duology—is a gripping debut of discovery, conquering fear, and taking identity into your own hands. People lived because she killed. People died because he lived. Zafira is the Hunter, disguising herself as a man when she braves the cursed forest of the Arz to feed her people. Nasir is the Prince of Death, assassinating those foolish enough to defy his autocratic father, the sultan. If Zafira was exposed as a girl, all of her achievements would be rejected; if Nasir displayed his compassion, his father would punish him in the most brutal of ways. Both Zafira and Nasir are legends in the kingdom of Arawiya—but neither wants to be. War is brewing, and the Arz sweeps closer with each passing day, engulfing the land in shadow. When Zafira embarks on a quest to uncover a lost artifact that can restore magic to her suffering world and stop the Arz, Nasir is sent by the sultan on a similar mission: retrieve the artifact and kill the Hunter. But an ancient evil stirs as their journey unfolds—and the prize they seek may pose a threat greater than either can imagine.

Mrs. Everything-Jennifer Weiner 2019-06-11 From Jennifer Weiner, the #1 New York Times bestselling author of *Who Do You Love* and *In Her Shoes* comes a smart, thoughtful, and timely exploration of two sisters' lives from the 1950s to the present as they struggle to find their places—and be true to themselves—in a rapidly evolving world. *Mrs. Everything* is an ambitious, richly textured journey through history—and herstory—as these two sisters navigate a changing America over the course of their lives. Do we change or does the world change us? Jo and Bethie Kaufman were born into a world full of promise. Growing up in 1950s Detroit, they live in a perfect "Dick and Jane" house, where their roles in the family are clearly defined. Jo is the tomboy, the bookish rebel with a passion to make the world more fair; Bethie is the pretty, feminine good girl, a would-be star who enjoys the power her beauty confers and dreams of a traditional life. But the truth ends up looking different from what the girls imagined. Jo and Bethie survive traumas and tragedies. As their lives unfold against the background

of free love and Vietnam, Woodstock and women's lib, Bethie becomes an adventure-loving wild child who dives headlong into the counterculture and is up for anything (except settling down). Meanwhile, Jo becomes a proper young mother in Connecticut, a witness to the changing world instead of a participant. Neither woman inhabits the world she dreams of, nor has a life that feels authentic or brings her joy. Is it too late for the women to finally stake a claim on happily ever after? In her most ambitious novel yet, Jennifer Weiner tells a story of two sisters who, with their different dreams and different paths, offer answers to the question: How should a woman be in the world?

Social Forms: A Short History of Political Art-Christian Viveros-Faune 2018-12-20 In an increasingly polarized world, with shifting and extreme politics, Social Forms illustrates artists at the forefront of political and social resistance. Highlighting different moments of crisis and how these are reflected and preserved through crucial artworks, it also asks how to make art in the age of Brexit, Trump, and the refugee and climate crises. In Social Forms: A Short History of Political Art, renowned critic, curator, and writer Christian Viveros-Fauné has picked fifty representative artworks—from Francisco de Goya's The Disasters of War (1810–1820) to David Hammons's In the Hood (1993)—that give voice to some of modern art's strongest calls to political action. In accessible and witty entries on each piece, Viveros-Fauné paints a picture of the context in which each work was created, the artist's background, and the historical impact of each contribution. At times artists create projects that subvert existing power structures; at other moments they make artwork so powerful it challenges the very fabric of society. Whether it is Picasso's Guernica and its place at the 1937 Worlds Fair, or Jenny Holzer's Truisms (1977–1979), which still stop us in our tracks, this book tells the story behind some of the most important and unexpected encounters between artworks and the real worlds they engage with. Never professing to be a definitive history of political art, Social Forms delivers a unique and compelling portrait of how artists during the last 150 years have dealt with changing political systems, the violence of modern warfare, the rise of consumer culture worldwide, the prevalence of inequality and racism, and the challenges of technology.

The advice you're about to read is based both on scientific research and my personal experience. I will share fundamental knowledge that will help you build more confidence in your abilities and reach your goals. Here are just a few things you will learn from the book: - Five characteristics of people with strong self-efficacy and five characteristics of people with weak self-efficacy. It's the single most important thing to achieve bigger and bigger goals. - A simple therapy to teach you how to handle failure the right way. It's uncomfortable, but you can be sure it will kill your fear of failure once and for all. - What a strange study about hitting dolls or treating them kindly can teach you about how others affect your beliefs about your competence. It's the second most effective way to increase the strength of your belief in your abilities. - What a phenomenon discovered by a German industrial psychologist can teach you about motivation. There's a simple way to inspire you to put more effort into your goals. - The #1 key to improving the confidence in your abilities. Win Bigly-Scott Adams 2017 Scott Adams -- a trained hypnotist and a lifelong student of persuasion -- was one of the earliest public figures to predict Trump's win, doing so a week after Nate Silver put Trump's odds at 2 percent in his FiveThirtyEight.com blog. The mainstream media regarded Trump as a novelty and a sideshow. But Adams recognized in Trump a level of persuasion you only see once in a generation. Trump triggered massive cognitive dissonance and confirmation bias on both the left and the right. We're hardwired to respond to emotion, not reason. We might listen to 10 percent of a speech -- a hand gesture here, a phrase there -- and if the right buttons are pushed, we irrationally agree with the speaker and invent reasons to justify that decision after the fact. The point isn't whether Trump was right or wrong, good or bad. Win Bigly goes beyond politics to look at persuasion tools that can work in any setting -- the same ones Adams saw in Steve Jobs when he invested in Apple decades ago.
