Sacred Contracts-Caroline Myss 2013-09-04 Caroline Myss, author of the New York Times bestsellers Anatomy of the Spirit and Why People Don't Heal and How They Can, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, Sacred Contracts is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories,

Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, Sacred Contracts is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

The Creation of Health-Caroline Myss 2009-09-23 A collaboration between a traditionally trained physician and a medical intuitive, The Creation of Health illuminates the deep connection between emotional dysfunction and physical illness. It describes the role that emotional disturbances play in the most common diseases and ailments from the common cold to arthritis, diabetes, heart disease, and cancer. After providing an introduction to intuitive medicine and its history, method of diagnosis, and relationship to traditional medicine, Myss and Shealy detail the deeper emotional and psychic reasons why illness develops in the body. Dr. Shealy offers a traditional account of a particular disease or ailment, while Dr. Myss sheds light on the deeper causes through her corresponding energy analysis. Confirming the link between illness and emotion, The Creation of Health puts forth a groundbreaking vision of holistic healing.

Archetypal Dimensions of the Psyche-Marie-Louise von Franz 1999-02-16 The chief disciple of C. G. Jung,

analyst Marie-Louise von Franz uses her vast knowledge of the world of myths, fairy tales, visions, and dreams to examine expressions of the universal symbol of the Anthropos, or Cosmic Man—a universal archetype that embodies humanity's personal as well as collective identity. She shows that the meaning of life—the realization of our fullest human potential, which Jung called individuation—can only be found through a greater differentiation of consciousness by virtue of archetypes, and that ultimately our future depends on relationships, whether between the sexes or among nations, races, religions, and political factions.

Transforming Fate Into Destiny-Robert Ohotto 2008-03-01 In this penetrating book, renowned intuitive,

speaker, and teacher Robert Ootto guides us on an investigation of the Heroic Journey of the Soul. Exploring three modern-day manifestations of Fate, he shows how psychic energy from family patterns, cultural influences, generational legacy, and global evolution inform our self-concept every day, and how they often block our highest potential and "Fate" us to challenging circumstances and relationships. But, he reveals, these Fated encounters are actually the keys to our unlived life. Each chapter maps our psyche and unravels the mysterious connections of Fate, Free Will, and Destiny, transforming our Fate into Destiny and our limitations into gifts. Through this seminal work based on years of experience, discover how we've made two fundamental agreements with the Universe as part of our Heroic Journey—one with Fate and the other with Destiny. As we learn to dance with these two forces, they become two voices challenging and beckoning us to discover our ultimate purpose—the primary task of the modern-day Hero and Heroine; and in the process, serve to unleash the power of our Soul in delivering grace to the world.

On top of it all, she has done this not in an arid fashion, but as an act of knowing derived from her own experience of Tarot and its strangely translucent lights. Defy Gravity-Caroline Myss 2010-07-21 New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments - from rheumatoid arthritis to cancer - Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.
