The Rock-Pranav Joshi 2019-01-31 This fantastic story has Indian canvas. A mega city called Mumbai, it's socio-economic fabric is painted here. The main characters are so beautifully depicted that their psycho-sexual behavior comes out in a gorgeous way. This story deals with womanhood. Misuse of social media

and its effect on life, is shown here. This novel is mentioned as "infotainment" story, means it has entertainment with strong philosophy. You will learn many things about life, as the author is Psychology expert he has included his thesis and findings while owing the psychology of characters. The depiction of a married couple, day to day sexual health of husband and wife is discussed here. But this discussion is not obscene, it is gorgeous. In Indian culture, it is a brave task to keep the routine personal life of a husband and wife in front of society. The author has succeeded in it. An integral part of society and the problem is 'prostitution' has also a poignant description. This shows the profoundness of the author. Not limiting in descriptive style, the writer gives a philosophical touch here. It is a popular picture painted by media about men, that they are always in mood to seduce woman, which is wrong. It is pictorial of a woman that she is always gullible not aware while dealing with her sexuality, without any mental distortions. It is necessary to see psycho-sexual behavior of humans at from different perspectives. The psycho-sexual mentality of a woman and its effect on her marriage life. These topics have been presented here with an entertaining story. The story time is from the late eighties to the whole of nineties till September 2018. During this, the context of technological changes comes in the story allows readers to enjoy ,particular era of nineties. Not only this, the government and administration's view on farmers' suicide has been depicted in a very horrific manner. There are some discussions regarding solutions also. Generally there is a perception that, Mumbai, the city is engaged in a 'cut throat' competition, not caring about others. But in reality this is not the truth. 'The common man' help each other in Mumbai, so people here are promoted in small businesses. Mumbai has different 'work culture'. Perhaps this is the reason, that once a person comes to Mumbai, he settles down here. In this story to get help from other person and to help others, shows this zeal. A very short description of, husband's personal 'sex life' while in the process of, wife carrying a child, is much appreciated. Indian society has strong foundation of 'idealism'. But after 1980s it transformed to individualism, this change is illustrated by an author at social, global and political background. This is really amazing! This authors 'narrative style' is so fast that readers do not get a chance

to stop and linger behind. Due to the language style being extremely communal, the reader feels that this event is taking place in front of him. The use of highly ornate words is avoided deliberately here. The characters and events of this story have been shown in such a way, that in future, it can be transformed into film, drama or TV. serial. Therefore, the psychological development is expressed through dialogues. This is the source of inspiration for all those people who want to start business with zero, and want to get huge success. This writer claims that this will bring immense change in your marriage life and enrich you ; which is the Truth. There is some secret behind this. The author himself is a psychologist. He has changed life of thousands of people through a positive approach. This story will motivate you positively. Please wait for some more beautiful informative stories, coming within next couple of months.

It instructs on how to improve the Self through Love and willpower, which can then help one control the forces within the universe. The poem includes stories that illustrate its points and promotes the spread of Islamic ideals. MUHAMMAD IQBAL (1877-1938) was a poet, prophet, and politician in British India. Born in Sialkot, Punjab, Iqbal converted to Islam with his family as a child. He studied literature and law at Cambridge, Munich, and Heidelberg before starting his own law practice and concentrating on his scholarly writing, which he authored primarily in Persian. Selected Poems-Gulzar 2012-01-01 Gulzar, one of India's finest film-makers and lyricists and has always been a poet at heart. His oeuvre is steeped in a poetic sensibility, marked by a lyricism rare in the world of Hindi cinema. Today, Gulzar is regarded as one of India's foremost Urdu poets, unparalleled in his

exploration of human relationships and the insight and sensitivity with which he addresses the many facets of daily life. The sophistication and cadences of Gulzar's work come alive in this bilingual edition of some of his best poetry, sensitively translated by Pavan K. Varma.

Because He Is...-Meghna Gulzar 2018-09-01 'Papi says it is wrong of parents to presume that they know better, or know more than their child does. They may be biologically older than their child, but in their experience as parents, they're of the same age. So if I was his two-year-old daughter, he was my two-year-old father. And we were both learning and evolving together - he as my father and me as his daughter.' All of us know Gulzar as a film-maker, screenplay and dialogue writer, lyricist par excellence, author and poet. Because He Is... presents a facet of the icon that none of us are aware of - as a father. In iridescent prose, his daughter, Meghna, documents his life, revealing the man behind the legend: in every way a hands-on father, who prepared her for school without fail every day, braiding her hair and tying her shoelaces, and who despite his busy career in cinema, always made it a point to end his workday at 4 p.m. because her school ended at that time, and who wrote a book for her birthday every year till she was thirteen. From her earliest memories of waking up in the morning to the strains of him playing the sitar to him writing the songs for her films now, Meghna presents an intimate portrait of a father who indulged her in every way and yet raised her to be independent and confident of the choices she made. She also records his phenomenal creative oeuvre, the many trials and tribulations of his personal and professional life, through all of which she remained a priority. Beautifully designed and illustrated with never-before-seen photographs, Because He Is... offers an incredible insight into the bond between a father and a daughter.

Shifting Your Paradigm for Optimum Health and Longevity-U-Shaka Craig 2014-03-10 African Americans find themselves leading the national health index when it comes to heart disease, cancer, strokes, obesity,

diabetes, kidney and liver disorder, respiratory, and autoimmune diseases. Why? Dr. U-Shaka Craig, in "Shifting Your Paradigm for Optimum Health and Longevity" provides a telling account of diet and health as it relates to the African American community/culture. He is convinced that people in general and African Americans specifically can revolutionize their health and well-being by being more intelligent in the lifestyle they choose and foods they eat. In today's environment of denatured, processed, chemical additives, and genetically engineered products...the author provides clear and practical alternatives from a life of illness and disease to one of optimum health and longevity. If you want to live free of cancer, heart disease, diabetes, and other such illnesses, the power is in your hands. To be healthy, it is essential to make a shift away from our old thinking patterns and eating habits. This book provides you with an excellent model in making a paradigm shift in both your thinking and behavior by: (1) Tracing the historical development of food as it relates to Black people, especially African Americans; (2) Outlining African Americans' current physical, social, and psychological realities; (3) Identifying the psychological trap that undermines our potential for health and happiness; (4) Demonstrate the connection between the various types of foods we eat and our current state of health; and (5) Providing a scientifically proven program for African Americans that will help them transform their eating habits which will then result in feeling better, gaining health, living longer, and moving closer to the goals of physical and spiritual liberation. Our ancestors left us with a Kemetite principle called Ma'at that speaks to the need of adding (truth, justice, peace, and right order) harmony to our lives which bring us in balance with the world and universe. My hope is that this book will inspire you to choose wisely -for your health and wellbeing. Best of Ed Sheeran-Ed Sheeran 2015-01-31 For voice and piano with guitar chord symbols.
