Consumer Reports Guide to Childproofing & Safety-Jamie Schaefer-Wilson 2008 Presents tips, advice, and illustrations of steps parents can take to keep their children safe at home and in the world, including how to manage injuries and a list of product recalls.

Khaki Shorts and Saffron Flags-Tapan Basu 1993 This Important Tract Is Essential Reading For Anyone Who Is Concerned With The Real Nature Of The Politics Of Hindutva, And With The Increasing Communalization Of Indian Society.

Product Safety & Liability Reporter- 1997

Customs Bulletin and Decisions- 2003

Texas Monthly- 1979-04 Since 1973, TEXAS MONTHLY has chronicled life in contemporary Texas, reporting on vital issues such as politics, the environment, industry, and education. As a leisure guide, TEXAS MONTHLY continues to be the indispensable authority on the Texas scene, covering music, the arts, travel, restaurants, museums, and cultural events with its insightful recommendations.

Beyond Design, 2nd Edition-Sandra J. Keiser 2007-08-06 This practical text takes students step-by-step through the preproduction processes of apparel product development: planning, forecasting, fabricating, developing silhouettes and specifications, pricing and sourcing. It demonstrates how these processes must be coordinated to get the right product to retail when customers want it and at a price they are willing to pay. Based on consultations with some of the most successful and innovative firms in the fashion business, the text covers the evolving partnerships among textile suppliers, product developers, manufacturers, and retailers as they work to develop apparel products in today's customer-driven environment.New to this edition:-- Increased number of case studies and sidebars-- International examples and case studies address the effects of globalization-- More information on menswear, children's wear, and special-size markets-- Updated tables and statistical information and new photo examples-- Discussion of Technological advancements related to product development-- Appx describing careers in product development and resources for additional research-- The context of a global agile manufacturing environment-- Best practices of major product developers-- Challenging hands-on product development activities-- Instructor's Guide includes course outlines, suggestions for teaching each chapter, and guidelines for overseeing and evaluating product development projects

Explorer's Guide The Hamptons-Suzi Forbes Chase 2010-06-14 "Consistently rated the best guides to the regions covered."—National Geographic Traveler History, nature, art, gourmet cuisine, and viticulture unite in the Hamptons and the North Fork of Long Island to create a wonderfully vibrant tapestry full of charm and inspiration. Well-known travel writer Suzi Forbes Chase provides thorough coverage of the area. With all the latest information on places to eat, stay, shop, and see, you'll find everything you need in this book.

Sonic Boom-John Alderman 2008-12-15 Sonic Boom is a fascinating narrative of the controversy that's sending shock waves through the music industry. It reveals how even as the star-maker machinery of record companies remains in the hands of the old guard, innovators are finding ways to route around it. Part industry exposé and part music history, Sonic Boom presents a candid and entertaining account of how digital compression technologies such as MP3 have brought out the best and worst in artists and consumers alike, and how the end result can be nothing less than a cultural and economic transformation. Peopled with a sensational cast of characters that includes rock stars, music moguls, teenagers, and Internet entrepreneurs, Sonic Boom exposes the recording industry's plight as a fascinating microcosm of the vast cultural, ethical, and legal issues that all industries face in the information age.

Visual Basic Graphics Programming-Rod Stephens 2010-11-17 This Wrox Blox shows you how to add graphics to Visual Basic 2008 applications by explaining fundamental graphics techniques such as: drawing shapes with different colors and line styles; filling areas with colors, gradients, and patterns; drawing text that is properly aligned, sized, and clipped exactly where you want it; manipulating images and saving results in bitmap, JPEG, and other types of files. Also covered are instructions for how to greatly increase your graphics capabilities using transformations, which allow you to move, stretch, or rotate graphics. They also let you work in coordinate systems that make sense for your application. The author also describes techniques for using the above in printouts, describing the sequence of events that produce a printout and show how to generate and preview printouts, with examples which show how to wrap long chunks of text across multiple pages, if necessary. In addition, you will learn about two powerful new graphic tools that were introduced with .NET Framework 3.0: WPF graphics and FlowDocuments. XAML graphic commands allow a WPF application to draw and fill the same kinds of shapes that a program can draw by using graphics objects. Finally, a discussion on the FlowDocument object shows you how to define items that should be flowed across multiple pages as space permits. This lets you display text, graphics, controls, and other items that automatically flow across page breaks. FlowDocument viewers make displaying these documents easy for you, and simplifies the user's reading of the documents. This Wrox Blox also contains 35 example programs written in Visual Basic 2008, although most of the code works in previous versions of Visual Basic .NET as well. The most notable exceptions are WPF graphics and FlowDocuments, both of which require WPF provided in .NET Framework 3.0 and later.

Sewing For Dummies-Jan Saunders Maresh 2010-08-30 The most complete guide to sewing basics People are always looking for ways to cut expenses and be creative and stylish at the same time. Learning to sew is a great way to arm yourself with the skills to repair and create clothing and furnishings for yourself and your family for little to no cost. But learning how to sew and how to choose the tools and supplies to begin sewing can be confusing. Now, you can turn to this hands-on, friendly guide for the most up-to-date information, the best techniques, and fun projects for learning (or brushing up on) the art of sewing. New Age- 1977-06

One More Skein-Leigh Radford 2011-09-13 The author of AlterKnits Felt shows knitters how to turn a little yarn into fun projects and gifts—including baby clothes, bags, and household items. “Two needles and one (or one more) skein of yarn—the possibilities never cease to amaze me,” writes Leigh Radford in the introduction to her new book. Radford’s fascination with the creative potential of these raw materials is evident throughout One More Skein, where she melds the alternative approach to knitting and felting she introduced in AlterKnits and AlterKnits Felt with the magic she worked with a single skein of yarn in the bestselling One Skein. One More Skein features 30 diverse projects that can be completed with one or two average-sized skeins of yarn or multiple bits of leftover yarn. Projects include an earflap hat sized for the whole family; fingerless mitts; sweaters, britches, and capelets for baby; hemp jewelry embellished with jump ring “beads”; a felted, pleated sleeve to dress up a vase; and a multicolored blanket worked from assorted stash yarn. All of them are quick and relatively easy to make, without sacrificing beauty or ingenuity.

Organic Gardening- 1982-07

New York- 1989

Fever 1793-Laurie Halse Anderson 2011-08-16 It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight-the fight to stay alive.

The Book Thief-Markus Zusak 2016-04-21 The 10th-anniversary edition of the No. 1 international bestseller and modern classic beloved by millions of readers HERE IS A SMALL FACT - YOU ARE GOING TO DIE 1939. Love, Dishonor, Marry, Die; Cherish, Perish-David Rakoff 2013-07-16 From the incomparable David Rakoff, a poignant, beautiful, witty and wise novel in verse whose scope spans the 20th Century. David Rakoff, who died in 2012 at the age of 47, built a deserved reputation as one of the finest and funniest essayists of our time. This intricately woven novel, written with humour, sympathy and tenderness, proves him the master of an altogether different art form. Love, Dishonor, Marry, Die; Cherish, Perish leaps cities and decades as Rakoff, a Canadian who became an American citizen, sings the song of his adoptive homeland—a country whose freedoms can be intoxicating, or brutal. Here the characters' lives are linked to each other by acts of generosity or cruelty. A critic once called Rakoff "magnificent," a word which perfectly describes this wonderful novel in verse.

An Echo of Things to Come-James Islington 2017-08-22 "Love The Wheel of Time? This is about to become your new favorite series." - B&N SF & Fantasy Blog Davian has won a victory for the Augurs, but treachery surrounds him and his allies on all sides in the second book of the acclaimed Licanus Trilogy, in which "fans of Robert Jordan and Brandon Sanderson will find much to admire." (The Guardian) Following a devastating attack, an amnesty has been declared for all Augurs—finally allowing them to emerge from hiding and openly oppose the dark forces massing against the land of Andarra. The Augur Davian and his new allies hurry north toward the ever-weakening Boundary, but fresh horrors along their path suggest that their reprieve may have come far too late. The new Northwarden, his ally in the Capital, contends with assassins and politicians and uncovers a dangerous secret. Meanwhile, their compatriot Asha begins a secret investigation into the disappearance of the Shadows. And Caeden races against time to fulfill a treacherous bargain, but as more and more of his memories return, he begins to realize that the two sides in this ancient war may not be as clear-cut as they first seemed... The Licanius TrilogyThe Shadow of What Was LostAn Echo of Things to ComeThe Light of All That Falls

Sew What! Skirts-Francesca DenHartog 2012-05-10 Blending expert advice with inspiring designs, Sew What! Skirts will delight both novice and veteran sewers alike. This spiral-bound book lays flat for easy reference and features full-color photographs of 16 sample skirts, with illustrated step-by-step instructions for completing each one. Encouraging you to experiment with bold patterns and unique fabrics, Francesca DenHartog and Carole Ann Camp provide simple guidelines for translating body measurements into panel dimensions. Create a custom-tailored wardrobe that fits perfectly and showcases your unique and personal style.

Introduction to Programming Using Java-David Eck 2009-09-01

Torrent-Lindsay Buroker 2013-06-28 When Delia chose to major in archaeology, she imagined herself as the female Indiana Jones of the Southwest. She didn't imagine herself crawling through abandoned mine shafts, scrounging for rusty pickaxes and gold pans to sell on auction sites, but Indiana Jones didn't have to make student loan payments. Scouring the mountains of Arizona with Simon, her best friend and computer geek extraordinaire, Delia dreams of turning their scavenging enterprise into a legitimate business. More, she longs to earn the respect of peers who shun her for turning into a treasure hunter. What she doesn't dream of is stumbling across a decapitated body in an old mine near Prescott. Something dangerous has come to the mountains, and a pair of Harley-riding strangers are the only ones who seem to have a clue. They speak a language Delia has never heard and carry mysterious artifacts she's never seen. Investigating these strangers might lead her to discoveries that change the face of archaeology forever... or it might lead her and her best friend into a deadly monster's lair.

Baby Otter-Ginjer L. Clarke 2009 From snuggling with their mother for warmth to venturing outside their den for the first time, the lives of baby otters are captured as they eat, rest, play and eventually learn how to swim in the icy waters. Original.

Sweater Workshop, sewn-Jacqueline Fee 2002-01-01 This book teaches creative knitting. Sweaters are knit in one piece — no seams! — to the knitter's own set of measurements, enabling knitters to use even hand-spun yarns that never seem to fit a predetermined gauge. The Sweater Workshop provides an alternative for those who wish to knit sweaters of their own designs. The rewards are well-fitting, perfectly constructed seamless sweaters knit from any yarn.

Contracts-Randy E. Barnett 2016-12-31 Contracts: Cases and Doctrine, Sixth Edition, features a mix of lightly-edited classic and contemporary cases that stresses current contract doctrine along with the essential lawyering skill of case analysis—how to sift through the facts of the case to discern the prevailing rules and theory. Randy Barnett and Nate Oman’s innovative text introduces each case and provides the historical background of the iconic cases that make the study of contract law engaging. Study Guide questions help students identify salient issues as they read each case. Judicial biographies of each judge provides additional context. Key Features of the New Edition: The 6th Edition has been edited to make it even more modular and therefore easier for professors to select which doctrines to cover. The introductory materials have been shortened to permit a speedier entry to whichever basic doctrine the professor chooses to begin with. A new section on public policy defenses has been added. Recent developments involving arbitration agreements in the wake of the Supreme Court’s AT&T Mobility case are also covered. In addition, roughly a dozen new cases have been substituted, chosen for their interesting facts or their proven pedagogical usefulness. As always, every effort is made to provide students with background materials on the litigation, such as new judicial biographies and excerpts from recently published scholarship dealing with the cases covered. New cases include: Jordan v. Knafel Arnold Porter v. Fuqua Industries Nguyen v. Barnes & Noble Inc. Also, in keeping with the book’s focus on the “classic” cases we have included some iconic cases missing from earlier editions, including: Masterson v. Sine Security Stove & Manufacturing Co. v. American Railway Express Lefkowitz v. Great Minneapolis Surplus Store Lawrence v. Fox Harris v. Watson The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.

When Clothes Become Fashion-Ingrid Loschek 2009-08-01 When, how and why do clothes become fashion? Fashion is more than mere clothing. It is a moment of invention, a distillation of desire, a reflection of a zeitgeist. It is also a business relying on an intricate network of manufacture, marketing and retail. Fashion is both medium and message but it does not explain itself. It requires language and images for its global mediation. It develops from the prescience of the designer and is dependent on acceptance by observers and wearers alike. When Clothes Become Fashion explores the structures and strategies which underlie fashion innovation, how fashion is perceived and the point at which clothing is accepted or rejected as fashion. The book provides a clear theoretical framework for understanding the world of fashion - its aesthetic premises, plurality of styles, performative impulses, social qualities and economic conditions.

She Wears the Pants-Yuko Takada 2015-05-12 Sew edgy, urban clothes with this stylish sewing book and add a touch of originality to your wardrobe. More and more women are opting to make their own clothes, but most of the books on the market emphasize girly, feminine designs. She Wears the Pants is the first Japanese sewing book (in

English) to focus on the increasingly popular "borrowed-from-the-boys" look. Already one of the best-known and reviewed sewing books in Japan, this sporty addition to the sew-it-yourself craze is poised to take the American DIY sewing market by storm. Sometimes women are in the mood for clothes with strong, clean lines and casual sophistication—polish and simplicity without the frills. She Wears the Pants is the book for those times. A graduate of the Bunka Fashion Institute, Yuko Takada provides patterns and instructions for making twenty spare and streamlined wardrobe items, including: Versatile tops that can be either casual or dressy Jackets that are timeless and unique Dresses and skirts that are straight-line or draped Three different pants lengths, from culottes to full-length trousers And much, much more! Patterns can be easily adjusted to suit any body size, and Takada shows readers how to select inexpensive, readily available fabrics and transform them into an elegant new wardrobe. Understated never looked so good!

Drape Drape 2-Hisako Sato 2012-09-19 Drape Drape 2 is the follow-up to the cult Japanese draping book Drape Drape and the latest in the new series from Bunka Fashion College. Includes 14 stylish contemporary designs for tops, dresses, skirts, vests, and jackets, with easy-to-follow step-by-step instructions and diagrams that skilfully guide the reader through the draping process. With two full-scale patterns at the back, this book provides exciting design ideas and highly practical techniques for readers looking to continue exploring the art of draping.

Programming Visual Basic .NET-Dave Grundgeiger 2002 This is a programmer's complete guide to Visual Basic .NET. Starting with a sample application and a high-level map, the book jumps right into showing how the parts of .NET fit with VB .NET. Topics include the common language runtime, Windows Forms, ASP.NET, Web Forms, Web Services, ADO.NET, transactional applications, internationalization, security, and debugging.

Fashion Design Essentials-Jay Calderin 2012-11-01 Provides guidelines and advice on starting points for fashion designers of all levels, including defining and rendering concepts, understanding textiles, developing sewing skills, and building an audience.

Fundamentals of Computer Programming with C#-Svetlin Nakov 2013-09-01 The free book "Fundamentals of Computer Programming with C#" is a comprehensive computer programming tutorial that teaches programming, logical thinking, data structures and algorithms, problem solving and high quality code with lots of examples in C#. It starts with the first steps in programming and software development like variables, data types, conditional statements, loops and arrays and continues with other basic topics like methods, numeral systems, strings and string processing, exceptions, classes and objects. After the basics this fundamental programming book enters into more advanced programming topics like recursion, data structures (lists, trees, hash-tables and graphs), high-quality code, unit testing and refactoring, object-oriented principles (inheritance, abstraction, encapsulation and polymorphism) and their implementation the C# language. It also covers fundamental topics that each good developer should know like algorithm design, complexity of algorithms and problem solving. The book uses C# language and Visual Studio to illustrate the programming concepts and explains some C# / .NET specific technologies like lambda expressions, extension methods and LINQ. The book is written by a team of developers lead by Svetlin Nakov who has 20+ years practical software development experience. It teaches the major programming concepts and way of thinking needed to become a good software engineer and the C# language in the meantime. It is a great start for anyone who wants to become a skillful software engineer. The books does not teach technologies like databases, mobile and web development, but shows the true way to master the basics of programming regardless of the languages, technologies and tools. It is good for beginners and intermediate developers who want to put a solid base for a successful career in the software engineering industry. The book is accompanied by free video lessons, presentation slides and mind maps, as well as hundreds of exercises and live examples. Download the free C# programming book, videos, presentations and other resources from <http://introprogramming.info>. The Alaska Journal- 1978

Microsoft Visual Basic 5 Step by Step-Michael Halvorson 1997 Includes approximately nine hours of instruction accompanied by screen shots and illustrations, offering readers a thorough grounding of the basic functions of Visual Basic. Original. (All Users).

Dungeons & Dragons Starter Set-Wizards Rpg 2014-07-15 A boxed set introducing the newest edition of the Dungeons & Dragons role-playing game includes a 64-page adventure book with everything the Dungeon Master needs to get started; a 32-page rulebook for playing characters from Level 1 to Level 5; five pregenerated characters, each with a character sheet and supporting reference material; and six polyhedral dice.

Funny in Farsi-Firoozeh Dumas 2007-12-18 NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader’s Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of The Kite Runner! “Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America.”—San Francisco Chronicle In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father’s glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. Funny in Farsi chronicles the American journey of Dumas’s wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh’s parents laugh uproariously at Bob Hope on television, although they don’t get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for Funny in Farsi “Heartfelt and hilarious—in any language.”—Glamour “A joyful success.”—Newsday “What’s charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It’s the brilliance of true sophistication at work.”—Los Angeles Times Book Review “Often hilarious, always interesting . . . Like the movie My Big Fat Greek Wedding, this book describes with humor the intersection and overlapping of two cultures.”—The Providence Journal “A humorous and introspective chronicle of a life filled with love—of family, country, and heritage.”—Jimmy Carter “Delightfully refreshing.”—Milwaukee Journal Sentinel “[Funny in Farsi] brings us closer to discovering what it means to be an American.”—San Jose Mercury News
