Escaping the Giant Wave-Peg Kehret 2015-03-17 The Worst Vacation Ever! Thirteen-year-old Kyle thought spending a vacation on the Oregon coast with his family would be great. He'd never flown before, and he'd never seen the Pacific Ocean. One evening Kyle is left in charge of his younger sister, BeeBee, while his parents attend an adults-only Salesman of the Year dinner on an elegant yacht. Then the earthquake comes -- starting a fire in their hotel! As Kyle and BeeBee fight their way out through smoke and flame, Kyle remembers the sign at the beach that said after an earthquake everyone should go uphill and inland, as far from the ocean as possible. Giant tsunami waves -- three or four stories high can ride in from the sea and engulf anyone who doesn't escape fast enough. Kyle and BeeBee flee uphill as a tsunami crashes over the beach, the hotel, and the town. The giant wave charges straight up the hillside and through the woods where the children are running for their lives. The perfect vacation has become a nightmare! Somehow Kyle and BeeBee have to outwit nature's fury and save themselves from tsunami terror.

The Big Questions-Lou Marinoff 2009-09-07 Professor Lou Marinoff's first book drew on the wisdom of the great philosophers to solve our everyday problems, launching a movement that restored philosophy to what it once was: useful in all walks of life. Now, in The Big Questions, he takes the concept to the next level, applying centuries of philosophy and great literature to answer central questions of modern existence. Urging us not to accept victimhood as the by-product of modern life, Professor Marinoff uses specific case studies from his counseling practice to show how wisdom from the great thinkers can help us define our own philosophy, and thereby reclaim our sense of well-being. He asks and answers questions that go to the heart of the human condition: How do we know what is right? How can we cope with change? Why can't we all get along? And, most centrally, how can we use the centuries of wisdom that have come before us to help us answer these questions and feel at ease in the world? Accessible, entertaining, and profoundly useful, The Big Questions mixes wisdom from the great thinkers with specific case studies to illuminate how a shift in perspective can truly be life changing. Lou Marinoff is the author of the international hit Plato, Not Prozac!, which has been published in twenty languages. A professor of philosophy at the City College of New York, Marinoff is also the founding president of the American Philosophical Practitioners Association. Praise for Plato, Not Prozac: 'What exactly is philosophical practice? Marinoff calls it 'therapy for the sane.' In a nutshell, it's using the 2,500-year-old tradition of philosophy to solve everyday problems, like work, relationship and family issues. It's a return to what philosophy was meant to be - a guideline for a way of life.'-Salon.Com 'Plato, Not Prozac! looks to become

the bible of the "philosophical counseling" movement.' -Philadelphia Inquirer Magazine 'The ancient think ICT for Education, Development, and Social Justice-Charalambos Vrasidas 2009-03-01 This volume provides examples of current developments on the role of ICT for education, development, and social justice within an international context. Chapters draw on advanced contemporary thinking from scholars and practitioners in the field to present case studies of how ICT can be used to promote sustainable development and social justice. Social justice is understood in a wide sense as the pursuit of democracy, justice and development in the struggle against any form of oppression; it is within this context that ICT is explored as a tool for social change. The objectives of this book are: To analyze the philosophical, historical, political, and cultural backgrounds and contexts that are constitutive of contemporary challenges and tensions in the role of ICT for education, development, and social justice around the world; To appreciate the contextual and international dimensions of the tensions and challenges faced by educators around the world and contribute to ongoing efforts to sketch a vision for addressing their needs; To explore ways in which ICT in education can promote social justice and contribute toward sustaining communities around the world

Code of the Samurai-Thomas Cleary 2011-06-07 Learn the ways of the Japanese Bushido Code with this very readable, modern translation of the Bushido Shoshinshu. Code of the Samurai is a four-hundred-year-old explication of the rules and expectations embodied in Bushido, the Japanese Way of the Warrior.

Bushido has played a major role in shaping the behavior of modern Japanese government, corporations, society, and individuals, as well as in shaping modern Japanese martial arts within Japan and internationally. The Japanese original of this book, Bushido Shoshinshu, (Bushido for Beginners), has been one of the primary sources on the tenets of Bushido, a way of thought that remains fascinating and relevant to the modern world, East and West. This handbook, written after five hundred years of military rule in Japan, was composed to provide practical and moral instruction for warriors, correcting wayward tendencies and outlining the personal, social, and professional standards of conduct characteristic of Bushido, the Japanese chivalric tradition. With a clear, conversational narrative by Thomas Cleary, one of the foremost translators of the wisdom of Asia, and powerfully evocative line drawings by master illustrator Oscar Ratti, this book is indispensable to the corporate executive, student of the Asian Culture, martial artist, those interested in Eastern philosophy or military strategy, as well as for those simply interested in Japan and its people.

The Paths We Choose-Sully Erna 2012-11-01 Godsmack's founder and front man Sully Erna has been immersed in the world of rock ever since he got his first drum set. Given his achievements, that early start might suggest that his career was a straight shot to the top. The truth is, Erna took so many detours during the years between his first instrument and Godsmack's first contract that, more than once, he nearly forgot his destination. In *The Paths We Choose*, he relates the turbulent story of his life before the platinum albums and packed arenas. Sully's story shows us that whatever hardship we may face, ultimately, our choices determine our destiny. He's made the most of every advantage and obstacle he has faced, and reminds us that we can, too. For Sully, success is not an ultimate destination. Every day brings a new fork in the road, another path to choose

IraqiGirl: Diary of a Teenage Girl in Iraq-IraqiGirl 2017-01-15 I feel that I have been sleeping all my life and I have woken up and opened my eyes to the world. A beautiful world! But impossible to live in. These are the words of fifteen-year-old Hadiya, blogging from the city of Mosul, Iraq, to let the world know what life is really like as the military occupation of her country unfolds. In many ways, her life is familiar. She worries about exams and enjoys watching Friends during the rare hours that the electricity in her neighborhood is running. But the horrors of war surround her everywhere—weeklong curfews, relatives killed, and friends whose families are forced to flee their homes. With black humor and unflinching honesty, Hadiya shares the painful stories of lives changed forever. "Let's go back," she writes, "to my un-normal life." With her intimate reflections on family, friendship, and community, IraqiGirl also allows us to witness the determination of one girl not only to survive, but to create, amidst the devastation of war, a future worth living for. "Hadiya's authentically teenage voice, emotional struggles and concerns make her story all the more resonant." —Publishers Weekly "Despite all the news coverage about the war in Iraq, very little is reported about how it affects the daily lives of ordinary citizens. A highschooler in the city of Mosul fills in the gap with this compilation of her blog posts about living under U.S. occupation. She writes in English because she wants to reach Americans, and in stark specifics, she records the terrifying dangers of car bombs on her street and American warplanes overhead, as well as her everyday struggles to concentrate on homework when there is no water and electricity at home. Her tone is balanced: she does not hate Americans, and although she never supported Saddam Hussein, she wonders why he was executed... Readers will appreciate the details about family, friends, school, and reading Harry Potter, as well as the ever-present big issues for which there are no simple answers." —Hazel Rochman, Booklist "IraqiGirl has poured reflections of her daily life into her blog, reaching all over the cyber-world from her home in northern Iraq. She writes about the universals of teen life—school, family, TV, food, Harry Potter—but always against the background of sudden explosions, outbursts of gunfire, car bombs, death.... [A]n important addition to multicultural literature." —Elsa Marston, author of Santa Claus in Baghdad and Other Stories About Teens in the Arab World "A book as relevant to adults as teenagers and children.

Hadiya's clear, simple language conveys the feelings of a teenager, offering a glimpse into the daily life of a professional middle-class Iraqi family in an ancient-modern city subjected to a brutal occupation." —Haifa Zangana, author of City of Widows: An Iraqi Woman's Account of War and Resistance

Mobility and Travel in the Mediterranean from Antiquity to the Middle Ages-Renate Schlesier 2004 The Mediterranean world is a model that serves the analysis of the dynamic process of cultural identity through approximation and differentiation, through openness and self-assertion, through a constant contact - by way of travel - to foreign regions, cultures and societies. For ancient Greek culture, mobility seems to be a specific characteristic. The same can be said for the Christian, Judaic and Islamic Middle Ages, however, under different or changed circumstances. This publication presents the contributions to an international workshop in cultural analysis, which focused on mobility as a proof of the historical flexibility of Mediterranean cultural systems.

Figures of Ill Repute-Charles Bernheimer 1997 Ubiquitous in the streets and brothels of nineteenth-century Paris, the prostitute was even more so in the novels and paintings of the time. Charles Bernheimer discusses how these representations of the sexually available woman express male ambivalence about desire, money, class, and the body. Interweaving close textual analysis with historical anecdote and theoretical speculation, Bernheimer demonstrates how the formal properties of art can serve strategically to control anxious fantasies about female sexual power. Drawing on methods derived from cultural studies, psychoanalysis, social history, feminist theory, and narrative analysis, this interdisciplinary classic (available now for the first time in paperback) was awarded Honorable Mention in 1990 for the James Russell Lowell prize awarded by the Modern Language Association for the best book of criticism.

U.S. Election Campaigns-Thomas J. Baldino 2011-09-13 This book provides an analytical guide to the modern political campaign, chronologically covering key federal, state, and local campaign laws, election

Work and Aging-Jan Snel 2020-11-26 In the past few years the topic of work and ageing has received much public and professional interest. The progressive "greying" of the population and its impact on work is a problem of widespread and growing concern, with major consequences for the economy in terms of productivity, performance, health care, work design and entry opportunities; and for the individual older worker. A European Symposium on Work and Ageing was held in Amsterdam in 1993. It was intended not only for a forum of scientists but also for practitioners and policy-makers who are actually involved in this growing field of social interest.; "Work and Aging", a multi-disciplinary book derives, in part, from this symposium, but also includes especially invited contributions from experts in occupational health and safety, organizational psychology, cognitive science, and ergonomics.; Throughout the diverse chapters, incentives are suggested on how and why an organization could benefit from the asset of an ageing worker. Training programmes for human resource management, with respect to the elderly and disabled worker in particular, are offered in order to deal effectively with vocational rehabilitation.

Flash Out of the Box-Robert Hoekman, Jr. 2004-11-18 If you believe the sky really is the limit when it comes to creating unparalleled user experiences and applications for the Web--then Macromedia Flash MX is sure to be your tool of choice. With Flash, you can integrate video, text, audio, and graphics into distinctive and compelling web content, stunningly interactive and expressive user interfaces, and rich applications for the Internet.Flash is all about helping you dramatically enhance the user experience. And Flash Out of the Box is all about helping you think outside of the box to get there--first, by diving into the Flash box and then becoming intimately acquainted with every nook and cranny of it.In Flash Out of the Box, you'll follow and work with a simple box through a "day in the life" style journey. You'll study, use, abuse, and transform the box as you move through exercises that teach you the basics of Flash, and much more, in an entertaining, unforgettable, task-oriented fashion. You'll learn to animate, work with video, load external assets, draw, mask, modularize, and many other things that will be essential as you move into more advanced techniques with other books. It's just you, Flash, and the box, mastering each technique along the way and adding others in a fashion that will let you practice and learn simultaneously.Most Flash tutorials you've looked at are tool-centric, focusing on Flash's individual features and how to use them (an approach that can quickly become tedious), whereas this innovative, engaging, and motivating book is uniquely user-centric. That means it concentrates on you and what you want and need to learn. Each successive lesson anticipates and builds upon your needs, capabilities, and questions as you evolve from Flash beginner to Flash master.Written in a fun and conversational tone, the highly accessible Flash Out of the Box makes learning Flash MX 2004 intuitive, logical, and, most of all, fun.

In Search of Health and Wealth-Hermen Kroesbergen 2014-01-07 The prosperity gospel is very influential in Africa, in Pentecostal churches, and in Reformed churches. But what is the prosperity gospel? Where did it originate? Is it biblically sound? How should we evaluate the prosperity gospel? Does it represent a wrong way of looking for health and wealth, or can we learn something from it? In this book the authors provide an analysis from different perspectives on the highly debated topic of the prosperity gospel. It is

intended to be accessible and helpful both to academic colleagues and to ordinary ministers. Most of the authors are lecturers at Justo Mwale Theological University College in Lusaka (Zambia). Together with Prof. L. Togarasei from the University of Botswana, they use their theological skills to examine and assess this important topic from an African and Reformed perspective. The articles in this book will help anyone who wants to deeply explore and evaluate the intriguing phenomenon of the prosperity gospel in Africa. Book jacket.

Pauline Frommer's Hawaii-David Thompson 2006-07-14 Spend Less and See More in Hawaii Are You Ready to Travel Smart? If you'd like to get the most out of your dollar and your trip, this is the guide for you. I put a fresh spin on budget travel, showing you how to see the best for less and how to see it in a more authentic way-the way the locals do. Instead of spending \$300 a night for a chain hotel, why not stay at the Wabi-Sabi House on Maui where you can sleep in an enclosed, tranquil treehouse for just \$70 a night, or bed down in an oceanfront condo on Kauai for \$105 a night? On Oahu, eat a Hawaiian plate lunch at the Rainbow Drive-In for under \$4, so you can splurge on dinner. Try Iron Chef champion Seiya Masahara's specialty-Japanese comfort food known as oden, a hotpot of dashi (broth) with long-simmered vegetables-at Hakkei. Let me show you the "other" Hawaii-the one only insiders know about. Listen to slack-key guitar jam sessions on Oahu or volunteer to work with the Hawaii Wildlife Fund on Maui to help endangered sea turtles get a healthy start on life. These are only a few of the great ways to get closer to the culture of Hawaii. Read on for more! Happy Travels, Pauline Frommer [www.frommers.com/pauline](http://www.frommers.com/pauline) Winner of Best Guidebook for 2006 from the North American Travel Journalists Association (Pauline Frommer's New York City)
