Operations and Supply Chain Management, 15e (SIE)-Richard B. Chase 2018-07-24 We are excited to present the fifteenth edition of Operations and Supply Chain Management. The revised 15th edition relates directly to business environment in terms of sustainability, lean supply chain, integration and collaboration with customers and suppliers and improving efficiency. These topics are discussed in the book with up-to date, high level managerial lessons, a library of videos, and highly integrated online resources. Local cases and examples, such as Make in India, Tata Swach, UIDAI (Aadhaar) Project, DMRC, Indian Railways, Tata Motors, Maruti-Suzuki, Dabur, Larsen & Toubro, LG India, Asian Paints, etc. have been included so that Indian students can relate better. Salient Features: - Extensive framework addressing operational and supply chain issues of business today - Key themes of operation strategy, product design, and strategic capacity lay good foundation - Increased focus on Supply Chain Analytics to solve business problems better - New Analytics Exercises for assembly line design and queuing introduce the ways manufacturing and services systems are organized - OSCM at Work boxes provide brief overviews of applications in businesses toda

Operations and Supply Management-F. Robert Jacobs 2009 Operations and Supply Management, as the title indicates, provides increased emphasis on supply chain management in the 12e. The 12e continues its market leading up-to-date coverage of service operations as well. The text includes solved examples and problems, enough cases for MBA courses to use without supplementing, and the industry leading technology support suite.

Strengthening Forensic Science in the United States-National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies,

criminal prosecutors and attorneys, and forensic science educators.

Lessons from Rocky and His Friends-Bradford P. Miller 2012-12-01 Your dog may not speak human, but he or she has much to share about the most important things about being human. Just ask anyone who has been blessed with the companionship of a loyal, loving pet. "Lessons from Rocky & His Friends:" "Pawprints on the Heart" by author Bradford P. Miller celebrates these furry friendships everywhere, while also illuminating the uplifting life lessons we can learn from our beloved dogs. The first in a series of pet-friendly books, this collection of heart-warming, humorous stories reflects on four-legged friends who enriched many lives, teaching us all we need to know about love, joy, caring, compassion, healing, and unconditional friendship. With wit, warmth, and rich insight, "Lessons from Rocky & His Friends": "Pawprints on the Heart" gathers seventy-seven first-person stories from a wide range of people who have benefited tremendously from letting dogs into their lives—and into their hearts. The stories are organized into twelve chapters that each highlights an aspect of these extraordinary friendships, which result in significant emotional benefits. Each story details an enriching, life-embracing canine trait that offers solace, strength, companionship, and more. In addition, each contribution contains an inspiring quote that further spotlights the value of this special bond. For example, Chapter 1, "They Call It Destiny," reveals how our dogs frequently pick us instead of the reverse, starting with a woman who reluctantly agrees to get a new dog years after her last passed away, to find instant kinship in a little rescue puppy, Rudy. In Chapter 5, "Way Smarter," a couple endeavor to train a howling Neapolitan Mastiff named Dino, until they learned from a two-year-old how to communicate effectively with him. Chapter 9, "Just Plain Funny," looks at the lighter side of beastly behavior, while Chapter 12, "Love is All You Need," reveals the boundless love our dogs can express. Certain to capture your heart and lift your spirits, this frequently funny, always entertaining collection is perfect for any dog lover in your life—or, if you cherish everything your dog has given you, as a little gift to yourself. Radiating with goodness and faith, "Lessons from Rocky & His Friends:" "Pawprints on the Heart" will have you laughing, crying, and reaching over to give an affirming pat to your own canine companion. It's a feel-good book certain to be a beloved part of your library that is likely to be dog-eared from repeat readings!"If you have ever loved a pet—and who hasn't—you will love this book. You'll laugh, you'll weep, and you'll relate to the passion that pet owners have for their furry friends. This is the gift that you will want to give your friends." Alicia BlodgettAuthor of "Just the Two of Us" The Traffic World- 1989
