Business Ethics-Manuel G. Velasquez 2013-07-31 Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses.

Business Ethics-Manuel G. Velasquez 2006 Accompanying CD-ROM has 8 videorecordings from ABC News, in Quicktime format.

Business Ethics: Pearson New International Edition-Manuel G. Velasquez 2013-08-28 Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Business Ethics: Concepts and Cases provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think about the material they are learning. Engage Students - Study questions at the beginning of each chapter, definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all ensure students' complete understanding of the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. NEW! Pearson's Reading Hour Program for Instructors Interested in reviewing new and updated texts in Philosophy? Click on the below link to choose an electronic chapter to preview... Settle back, read, and receive a Penguin paperback for your time! <http://www.pearsonhighered.com/readinghour/philosophy> The Methods of Ethics-Henry Sidgwick 1981 This Hackett edition, first published in 1981, is an unabridged and unaltered republication of the seventh (1907) edition as published by Macmillan and Company, Limited. From the forward by John Rawls: In the utilitarian tradition Henry Sidgwick (1838-1900) has an

important place. His fundamental work, *The Methods of Ethics* (first edition 1874, seventh and last edition 1907, here reprinted), is the clearest and most accessible formulation of what we may call 'the classical utilitarian doctrine.' This classical doctrine holds that the ultimate moral end of social and individual action is the greatest net sum of the happiness of all sentient beings. Happiness is specified (as positive or negative) by the net balance of pleasure over pain, or, as Sidgwick preferred to say, as the net balance of agreeable over disagreeable consciousness. . . .

Philosophy, a Text with Readings-Manuel Velasquez 2014

Business & Professional Ethics for Directors, Executives & Accountants-Leonard J. Brooks 2017-02-21 Using real examples of ethical issues in today's workplace, *BUSINESS & PROFESSIONAL ETHICS, 8E* provides readers with the strategies needed to make the most ethical decisions possible -- no matter what the situation. By integrating the latest information on ethics, governance scandals, legal liability, and professional accounting and audit issues, this edition highlights the most recent ethical issues in today's business environment. The book examines the background and nature of the new stakeholder-support era of corporate and professional accountability and governance with valuable insights into the effective behavior patterns of directors, executives, and accountants. More than 120 current cases and key readings provide an interesting, challenging, and practical learning experience. Intriguing real-world situations equip readers with an understanding of appropriate values, ethical pitfalls, applicable codes of conduct, and sound ethical reasons. Seducing the Subconscious-Robert Heath 2012-04-09 Our relationship with ads: it's complicated A must-read for anyone intrigued by the role and influence of the ad world, *Seducing the Subconscious* explores the complexities of our relationship to advertising. Robert Heath uses approaches from experimental psychology and cognitive neuroscience to outline his theory of the subconscious influence of advertising in its audience's lives. In addition to looking at ads' influence on consumers, Heath also addresses how advertising is evolving, noting especially the ethical implications of its development. Supported by current research, *Seducing the Subconscious* shows us just how strange and complicated our relationship is with the ads we see every day.

Ethics and Business-Kevin Gibson 2007-07-19 This undergraduate textbook captures the dynamic nature of business ethics in the era of globalization.

Business Ethics-Stephen M. Byars 2018-09-24

Virtuous Leadership-Alexandre Havard 2017-03-31 Drawing on the lives of some of the greatest political, intellectual and religious leaders of modern times, and the author's personal experience, *Virtuous Leadership* demonstrates that leadership and virtue are not only compatible, they are actually synonymous. *Virtuous Leadership* defines each of the classical human virtues most essential to leadership – magnanimity, humility, prudence, courage, self-control and justice. It demonstrates how these virtues promote personal transformation and the attainment of self-fulfillment. It also considers the Christian supernatural virtues of faith, hope and charity without which no study of leadership can be complete. The book's final section, *Towards Victory*, offers a methodology for the achievement of interior growth tailored to the needs of busy, professional people intent on imbuing their lives with a transcendent purpose. Thus, the aim of *Virtuous Leadership* is ultimately practical. It is meant to be your guidebook in the quest for excellence.

Business & Society-Archie B. Carroll 2006 *BUSINESS AND SOCIETY* employs a stakeholder management framework. This framework emphasizes a business's social, legal, political, and ethical responsibilities to both external and internal groups that have a stake, or interest, in that business. It is a fundamental goal of the course that students really get that responsible business decision makers strive to balance and protect the interests of various stakeholders-investors, employees, community, environment, etc. An emphasis is also placed on the fact that one needs to understand that business situations will continually arise that will truly test one's values and ethics. *BUSINESS AND SOCIETY* not only exposes students to diverse and important stakeholder and ethical frameworks for considering and protecting stakeholder interests, through its use of cases and other real-world applications, this text enhances the precision with which students think about and practice ethical decision making. Opportunities to apply stakeholder and ethical systems to specific business problems abound, and questions are provided with all cases and applications to focus student reasoning, ensuring excellent preparation for class discussions.

Internet Marketing: Integrating Online and Offline Strategies-Mary Lou Roberts 2012-03-28 *INTERNET MARKETING, 3RD EDITION* provides comprehensive coverage of the rapidly changing field of Internet marketing that is timely and relevant. It relies on extant marketing theory where appropriate and introduces many conceptual frameworks to structure student understanding of Internet marketing issues. Above all, it works on the premise that the Internet--whether

used as a medium of communication or as a channel of distribution--is only one component of the contemporary marketer's arsenal. The key issue facing marketers today is how to best integrate this powerful new component, continuing developments in Internet marketing into their strategies and media plans. That ongoing challenge represents the essential theme of this text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics and the Conduct of Business-John Raymond Boatright 2012 Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course. Business Ethics-Joseph W. Weiss 2014-07-04 Ethics for Today This is a pragmatic, hands - on, up - to - date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente, Walmart, Ford, and Facebook. Updated Throughout! The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. New Feature! Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

Encyclopedia of Business Ethics and Society-Robert W. Kolb 2008 The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Business Ethics: A Textbook with Cases-William H. Shaw 2013-06-25 BUSINESS ETHICS, Eighth Edition guides you through the process of thinking deeply about important moral issues that frequently arise in business situations, and also helps you develop the reasoning and analytical skills to resolve those issues if and when you might face them. Combining insightful and accessible textbook chapters by the author with cases that highlight the real-world importance of key ethical concepts, this book provides a comprehensive, flexible, and pedagogically proven course of study that explores the intersections of commerce and ethics. Shaw's uniquely thorough and practical guide brings clarity to such critical topics as the nature of morality, individual integrity and responsibility, economic justice, concepts of capitalism, and the role of corporations in our society (including their responsibilities to consumers and to the environment), and real-life moral issues that arise in the workplace. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content

Dictionary of Business and Economic Terms-Jack P. Friedman 2012-04-10 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Ethics: Theory and Contemporary Issues-Barbara MacKinnon 2016-12-05 Explore the major perspectives in ethical theory and a broad range of contemporary moral debates with MacKinnon/Fiala's ETHICS: THEORY AND CONTEMPORARY ISSUES, 9th Edition. Illuminating overviews and a selection of readings from traditional and contemporary sources make even complex philosophical concepts reader-friendly. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Business Ethics Workshop-James Brusseu 2014 The Business Ethics Workshop by James Brusseu focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Management-Ranjay Gulati 2013-07-16 How are leaders successfully managing competitive companies in the 21st Century? Gulati/Mayo/Nohria's MANAGEMENT, 1E, by award-winning instructors and prominent Harvard business experts, addresses the many integrated facets in answering this key question to help you effectively prepare for successful leadership now and in the future. As a manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. As a leader in any business role, you need to understand how to harness technological advances, manage and lead a dispersed and diverse workforce, anticipate and react to constant competitive and geopolitical change and uncertainty, compete on a global scale, and operate in a socially responsible and accountable manner. Gulati/Mayo/Nohria's MANAGEMENT, 1E demonstrates the mutual interconnectivity between three key facets of management: strategic positioning, organizational design, and individual leadership. The book presents management from a tangible, integrated, and current perspective, teaching you to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business and Its Environment-David P. Baron 2013 Businesses compete in many ways, including nonmarket areas like corporate responsibility. Learn how to sharpen your firm's competitive edge. Baron's integrated approach combines the disciplines of economics, political science, law, and ethics to provide a deeper understanding of the managerial issues that arise in the business landscape. The seventh edition includes four new chapters on financial markets and their regulation, the investor's perspective and renewable power, the political economy of India, and behavioral ethics. The book also includes 26 new cases on timely topics.

Digital Habitats-Etienne Wenger 2009 Technology has changed what it means for communities to "be together." Digital tools are now part of most communities' habitats. This book develops a new literacy and language to describe the practice of stewarding technology for communities. Whether you want to ground your technology stewardship in theory and deepen your practice, whether you are a community leader or sponsor who wants to understand how communities and technology intersect, or whether you just want practical advice, this is the book for you.

Work and Quality of Life-Nora P. Reilly 2012-05-31 Employees have personal responsibilities as well as responsibilities to their employers. They also have rights. In order to maintain their well-being, employees need opportunities to resolve conflicting obligations. Employees are often torn between the ethical obligations to fulfill both their work and non-work roles, to respect and be respected by their employers and coworkers, to be responsible to the organization while the organization is reciprocally responsible to them, to be afforded some degree of autonomy at work while attending to collaborative goals, to work within a climate of mutual employee-management trust, and to voice opinions about work policies, processes and conditions without fear of retribution.

Humanistic organizations can recognize conflicts created by the work environment and provide opportunities to resolve or minimize them. This handbook empirically documents the dilemmas that result from responsibility-based conflicts. The book is organized by sources of dilemmas that fall into three major categories: individual, organizational (internal policies and procedures), and cultural (social forces external to the organization), including an introduction and a final integration of the many ways in which organizations can contribute to positive employee health and well-being. This book is aimed at both academicians and practitioners who are interested in how interventions that stem from industrial and organizational psychology may address ethical dilemmas commonly

faced by employees.

The Legal Environment of Business: A Critical Thinking Approach-Nancy K. Kubasek 2014-01-27 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in business law and the legal environment of business This comprehensive textbook not only helps students develop a thorough understanding of the legal environment of business, but also enhances their ability to engage in critical thinking and ethical analysis, and ultimately survive in an increasingly competitive global environment. The following features of this text are designed to ensure that the authors' goal-to develop critically thinking students who understand the important concepts of business law and the legal environment of business-is attained. **Teaching and Learning Experience** This text will provide a better teaching and learning experience-for you and your students. It provides: Critical thinking skills that are developed through a superior, comprehensive, one-of-a-kind approach. An emphasis on the global environment that helps prepare students for working in countries outside of the United States, or for U.S. companies with dealings in foreign companies or countries. Additional features that distinguish this text's teaching and learning advantages, including links connecting the law to other disciplines, a balanced mix of classic and current cases, For Future Reading lists, Applying the Law to the Facts features and more.

Business Ethics: An Ethical Decision-Making Approach-Mark S. Schwartz 2017-02-21 Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior-how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

Ethical Obligations and Decision Making in Accounting-Steven M. Mintz 2008 Ethical Obligations and Decision-Making in Accounting gives students a robust ethical framework that is crucial for accountants in the post-Enron era. Incorporating the principles of the AICPA code and other systems of ethics, Mintz and Morris show accounting students how a commitment to ethics can enable accounting professionals to meet their ethical obligations both to investors and creditors. No other book so comprehensively examines the elements of the financial reporting system - including the ethics of the internal control environment and the effectiveness of board of director and audit committee oversight - that determine the ethical standard of the accounting process.

Engineering Ethics: Concepts and Cases-Charles E. Harris, Jr. 2013-01-11 Bridging the gap between theory and practice, ENGINEERING ETHICS, Fifth Edition, will help you quickly understand the importance of your conduct as a professional and how your actions can affect the health, safety, and welfare of the public. ENGINEERING ETHICS, Fifth Edition, provides dozens of diverse engineering cases and a proven and structured method for analyzing them; practical application of the Engineering Code of Ethics; focus on critical moral reasoning as well as effective organizational communication; and in-depth treatment of issues such as sustainability, acceptable risk, whistle-blowing, and globalized standards for engineering. Additionally, a new companion website offers study questions, self-tests, and additional case studies. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics-A. C. Fernando 2009-05

Corporate Ethics and Corporate Governance-Walther C. Zimmerli 2007-06-12 This book represents an introduction to and overview of the diverse facets of the ethical challenges confronting companies today. It introduces executives, students and interested observers to the complex trends and developments in business ethics. Coverage presents industry-specific topics in ethics. The book also provides a general, interdisciplinary survey of the ethical dimensions of management and business.

Organizational Theory, Design, and Change-Gareth R. Jones 2004 For undergraduate and graduate courses in Organization Theory, Organizational Change, Macro-Organizational Behavior, Organizational Analysis, and Strategy Implementation. This text provides the most current, thorough, and contemporary account of the factors affecting the organizational design process.

Business, Government, and Society-John F. Steiner 2011 The thirteenth edition of Business, Government and Society by John F. Steiner and George A. Steiner continues a long effort to tell the story of how forces in business, government, and society shape our world. In addition, an emphasis on management issues and

processes allows students to apply the principles they learn to real-world situations.

What Every Student Should Know about Avoiding Plagiarism-Linda Stern 2007 Students will take plagiarism seriously and understand its consequences with this timely and effective supplement. Here, source usage methods -- summary, paraphrase and quotation -- are explained, with examples. The most common types of plagiarism are discussed, from simple mistakes such as forgetting to use quotation marks when using someone else's exact words, or failing to acknowledge another's thoughts and ideas, to wholesale fraudulence, such as purchasing student papers from online sites and claiming them as one's own work. A brief essential guide to citing sources using both MLA and APA documentation styles is also included. Students learn to recognize the common acts of plagiarism and how to correct their errors. KEY TOPICS: Distinction between intentional and unintentional plagiarism Gives tips on what is considered to be common knowledge Avoiding online plagiarism Sample MLA and APA in-text citations, Works Cited lists, and bibliographies MARKET: Anyone who writes source-based papers and needs to know how to avoid plagiarism.

Moral Issues in Business-William H. Shaw 2015-01-01 MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Intermediate Financial Management-Eugene F. Brigham 1993-01

The Ethics Primer for Public Administrators in Government and Nonprofit Organizations-Associate Professor Department of Political Science James H Svara 2014-02-14 This concise text is a reader friendly primer to the fundamentals of administrative responsibility and ethics. Your students will come away with a clear understanding of why ethics are important to administrators in governmental and non-profit organizations, and how these administrators can relate their own personal values to the norms of the public sector. Since the publication of the first edition of The Ethics Primer, there has been significant change in the climate of public affairs that impacts the discussion of ethics for those who serve the public in governmental and nonprofit organizations. The new edition reflects those changes in three major areas: Ethics in an era of increasing tension between political leaders and administrators over the role and size of government. Ethical choices in making fiscal cuts or imposing new taxes in the face of the greatest economic crisis since the Depression. Ethical challenges to established practices in public organizations. The Second Edition also offers thoroughly updated data and sources throughout, as well as examples that incorporate new research and new developments in government and politics. The Second Edition of The Ethics Primer for Public Administrators in Government and Nonprofit Organizations: Introduces readers to the fundamentals of administrative responsibility and provides comprehensive coverage of the important elements of ethics. Features an accessible and interactive approach to maximize understanding of the subject. Includes information on the nature of public service and the ethical expectations of public administrators, as well factors that may lead to unethical behavior. Written from a political perspective, the book addresses questions that are highly salient to persons working in government and nonprofits. Offers helpful ways to link ethics and management in order to strengthen the ethical climate in a public organization."

Business Ethics Now-Andrew Ghillyer 2013-08-06 Business Ethics Now 4e by Andrew W. Ghillyer provides assistance to employees by taking a journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level. By examining issues and scenarios that relate directly to their work environment (and their degree of autonomy in that environment), employees can develop a clearer sense of how their corporate code of ethics relates to operational decisions made on a daily basis.

Applying Ethics-Julie C. Van Camp 2010-01-01 Help your students discover the ethical implications and issues surrounding today's most compelling social dilemmas--from genetic engineering and cloning to terrorism and the use of torture--with APPLYING ETHICS: A TEXT WITH READINGS. Framed by the authors' helpful introductions and supported by a variety of readings and cases that reflect both sides of the topics being explored, this best-selling book offers a balanced introduction to ethics today.

Management: An Integrated Approach-Ranjay Gulati 2016-01-14 As tomorrow's manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. MANAGEMENT: AN INTEGRATED APPROACH, by award-winning instructors and prominent Harvard business experts, teaches you how to think like a successful manager and effective leader. This second edition clearly demonstrates the interconnectivity between three facets of management: strategic positioning, organizational design, and individual leadership. You learn the importance of harnessing technological advances, managing and leading a dispersed and diverse workforce, anticipating and reacting to constant competitive and geopolitical change and uncertainty, competing on a global scale, and operating in a socially responsible and accountable manner. Clear concepts directly relate to how today's organizations operate, while self-reflection opportunities help you evaluate personal leadership abilities and skill-building practice equips you for leadership success. You master management principles from a tangible, integrated, and current perspective as you learn to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Let MANAGEMENT: AN INTEGRATED APPROACH, 2E prepare you for leadership success as this unique book answers the key question: How are leaders successfully managing competitive companies in the 21st Century? Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A Framework for Human Resource Management: Pearson New International Edition-Gary Dessler 2013-10-03 For undergraduate and graduate courses in human resource management. A concise yet thorough review of essential HR management concepts. A Framework for Human Resource Management provides students and practicing managers with a concise yet thorough review of essential HR management concepts—including fundamental practices, methods, topics, and relevant legal findings—in a highly readable and accessible format.

Entrepreneurial Small Business-Jerome A. Katz 2020 "This book got its start with a simple question from my mother, "What is the difference between what you teach and what your father did for a living?" We were sitting shiva (which is the ancient Jewish tradition of mourning), in this case after the death of my father, a Polish immigrant to the United States who had been a small business owner for almost 50 years at the time of his death in 2003"--
