Alice's Adventures in Wonderland (Collins Classics)-Lewis Carroll 2010-06-03 HarperCollins is proud to

present a range of best-loved, essential classics.

Alice's Adventures in Wonderland-Lewis Carroll 2015-09-29 Commemorating the 150th anniversary of one of the most beloved classics of children's literature, this illustrated edition presents Alice like you've never seen her before. In 1865, Charles Lutwidge Dodgson, an Oxford mathematician and Anglican deacon, published a story about a little girl who tumbles down a rabbit hole. Thus was the world first introduced to Alice and her pseudonymous creator, Lewis Carroll. This beautiful new edition of Alice's Adventures in Wonderland features rarely seen illustrations by Salvador Dalí that illuminate the surreal yet curiously logical and mathematical realm into which Alice famously falls. In an informative and wide-ranging introduction, Carroll expert Mark Burstein discusses Dalí's connections with Carroll, his treatment of the symbolic figure of Alice, and the mathematical nature of Wonderland. In addition, mathematician Thomas Banchoff reflects on the friendship he shared with Dalí and explores the mathematical undercurrents in Dalí's work.

Starman-Sara Douglass 2003-01-20 Starman is the third title in Sara Douglass's epic fantasy Wayfarer Redemption series. A sprawling tale of love and magic, enormous battles and true monsters Axis is the StarMan of prophecy and legend, destined to lead the three races of his world to unite as one people. The people of his world all know the Prophecy of the Destroyer, despite the failed attempts of the Seneschal to suppress it in the name of the god Artor the Ploughman, and it predicts and dictates Axis's path through war and destruction to the creation of Tencendor. The Prophecy foretold that Axis would defeat his half-brother and lay claim to the land that Tencendor will be created upon. The Prophecy told of the traitor in Axis's camp-Faraday's champion, Timozel. And the Prophecy foretold many a choice that Axis must make in order to fulfill his destiny . . . but neglected to mention the choice between the beautiful and courageous Faraday, his late half-brother's wife, and the feisty and hauntingly enchanting Azhure. To Faraday, he had pledged his love and a place by his side as ruler of Tencendor; to Azhure, he had given his children, his time, and his devotion. His love for both women is what the last twist of the Prophecy relies

on. While Azure explores her newfound powers as an Icarian Enchantress, and Faraday replants the ancient forests of the Mother, the evil Gorgrael is plotting Axis's downfall, invading the sky with ice and terror and the flesh-hungry Gryphons. His most daring move is to follow prophecy, to taunt Axis with the pain of his beloved. But which beloved woman will Gorgrael choose . . . and will she be the one whose death will distract Axis from saving the world? The Outstretched Shadow-Mercedes Lackey 2007-04-01 The Outstretched Shadow, the first book in The Obsidian Trilogy from Mercedes Lackey and James Mallory Kellen Tavaddon, son of the Arch-Mage Lycaelon, thought he knew the way the world worked. His father, leading the wise and benevolent Council of Mages, protected and guided the citizens of the Golden City of the Bells. Young Mages in training--all men, for women were unfit to practice magic--memorized the intricate details of High Magic and aspired to seats on the council. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Their Magic was not dead, strangled by rules and regulations. It felt like a living thing, guided by the hearts and minds of those who practiced it and benefited from it. Questioning everything he has known, Kellen discovers too many of the City's dark secrets. Banished, with the Outlaw Hunt on his heels, Kellen invokes Wild Magic--and finds himself running for his life with a unicorn at his side. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures--Kellen both revels in and fears his new freedom. Especially once he learns about Demons. He'd always thought they were another abstract concept--a stand-in for ultimate evil. But if centaurs and dryads are real, then Demons surely are as well. And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting. Since their defeat in the last great War, they've been biding their time, sowing the seeds of distrust and discontent between their human and Elven enemies. Very soon now,

when the Demons rise to make war, there will be no alliance between High and Wild Magic to stand against them. And all the world will belong to the Endarkened. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
