Economics of Child Marriage in India-Banoth Suresh Lal 2017

Child Marriage in India-A. K. Kakkar 2009

Child Marriage in India-K. P. Yadav 2006-01-01 Child Marriage Is Another 'Blessing' Of The Medieval Age And It Was Born From The Same Compulsions That Perpetuated Sati. Child-Marriage Was Not Prevalent In Ancient India. Svayam-Vara Can Be Translated As Self Selection Of One'S Husband, Svayam-Self, Var India Child Rights Index-Enakshi Ganguly Thukral 2011

Progress for Children- 2007 The sixth issue of Progress for Children reports on the status of child-specific targets set by world leaders at the May 2002 UN General Assembly Special Session on Children. This special edition examines more than 35 key indicators in the four broad areas identified at the Special Session as requisite to building 'A World Fit for Children'. It also analyses the Millennium Development Goals and provides information on the state of child protection.

The State of the World's Children 2006-United Nations Children's Fund (UNICEF) 2006-12-31 This year's report highlights the needs of the millions of children who have not been the beneficiaries of past gains, the ones who are excluded or 'invisible'. As the world presses ahead with the strategies, initiatives and financing needed to realize the vision of the Millennium Declaration, it must not allow these children to be forgotten.

Child Marriage in India-Jaya Sagade 2011-11-29 "Updated with an epilogue ..."--P. [4] of cover.

Ending Child Marriage-Rachel B. Vogelstein 2013-05-01 Ending child marriage is not only a moral imperative—it is a strategic imperative that will further critical U.S. foreign policy interests in development, prosperity, stability, and the rule of law.

Victim, Perpetrator, or What Else?-Doris Bühler-Niederberger 2019-11-08 This volume maps the ways that children and young people are considered victims or perpetrators by their societies and consequently the ways that their societies react. The chapters analyse a variety of phenomena in different countries of the Global North and South.

Love, Labour and Law-Samita Sen 2020-12-14 This book studies socio-economic characteristics of child/early marriage, explaining its prevalence and persistence.

Women and Social Reform in Modern India-Sumit Sarkar 2008 Contributed articles on social reforms and status of women in 19th and 20th century India.

Child Brides, Global Consequences-Gayle Tzemach Lemmon 2014-07-01 One-third of the world's girls are married before the age of eighteen, limiting both their educational and economic potential. Child marriage is damaging to global prosperity and stability, yet despite the urgency of the issue, there remains a significant lack of data on the subject. Senior Fellow Gayle Tzemach Lemmon discusses both the factors that contribute to and strategies that have proved effective against child marriage.

Child Marriages and the Law in India-Aparna Bhat 2005 This Book, Based On The 2004 National Consultation Organized By Human Rights Law Network, Haq, Establishes That The Incidences And Causes Of Child Marriages Haven`T Been Documented Adequately, And That The Position Of Law Itself Is Dubious.

American Child Bride-Nicholas L. Syrett 2016-09-02 Most in the United States likely associate the concept of the child bride with the mores and practices of the distant past. But Nicholas L. Syrett challenges this assumption in his sweeping and sometimes shocking history of youthful marriage in America. Focusing on young women and girls--the most common underage spouses--Syrett tracks the marital history of American minors from the colonial period to the present, chronicling the debates and moral panics related to these unions. Although the frequency of child marriages has declined since the early twentieth century, Syrett reveals that the practice was historically far more widespread in the United States than is commonly thought. It also continues to this day: current estimates indicate that 9 percent of living American women were married before turning eighteen. By examining the legal and social forces that have worked to curtail early marriage in America--including the efforts of women's rights activists, advocates for children's rights, and social workers--Syrett sheds new light on the American public's perceptions of young people marrying and the ways that individuals and communities challenged the complex legalities and cultural norms brought to the fore when underage citizens, by choice or coercion, became husband and wife.

The State of the World's Children, 2003-Carol Bellamy 2002-12 The focus of the 2003 UNICEF report, The State of the World's Children, is child participation, which is intended to remind adults of their obligation to elicit & consider the views of children & young people when decisions are being made that affect their lives. Chapters: Children Must Be Heard; Why Participation, Why Now?; Engaging Life; Active Learning; The Sharpest Edge; Listening to Children; Spaces for Participation; At the U.N. Special Session on Children; & Moving Forward. Panels: What children see, they show; Child participation: myth & reality; A child's 'Right' to participate; Girls win big!; Building nations; We asked them to speak; Children & the Media; & We are the world's children. Maps, photos, charts, tables & graphs.

Into a New World-Alan Gutmacher Institute 1998

Homeless Bird-Gloria Whelan 2009-10-06 The National Book Award-winning novel about one remarkable young woman who dares to defy fate, perfect for readers who enjoyed A Long Walk to Water by Linda Sue Park or Inside Out and Back Again by Thanhha Lai. This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. Like many girls her age in India, thirteen-year-old Koly faces her arranged marriage with hope and courage. But Koly's story takes a terrible turn when in the wake of the ceremony, she discovers she's been horribly misled—her life has been sold for a dowry. Can she forge her own future, even in the face of time-worn tradition? Perfect for schools and classrooms, this universally acclaimed, bestselling, and award-winning novel by master of historical fiction Gloria Whelan is a gripping tale of hope that will transport readers of all ages.

Reforming Urban Transport in India-M Ramachandran 2017-07-07 Reforming Urban Transport in India is an attempt to take stock of the various issues our cities and towns are facing in the area of urban transport, efforts made and being made both at the policy level as well as the field level to address the problems, the ever increasing complexities of challenges in the area of urban mobility and some of the laudable initiatives on the ground to handle the problems. This book would be a valuable addition to the limited literature available on the subject of urban transport in India. The topic has not attained much prominence even in the broader discussions on the transport sector issues in the country. The fact that we address our urban transport issues in a casual manner but there is need to take them up in a focused and purposeful manner and this can no longer be delayed is probably the one loud message which is emerging out of this volume. The wealth of knowledge of the contributors, each one of them having huge experience behind them in this sector, makes the book a valuable addition to the literature and a helpful guide in policy discussions.

Infant and Child Mortality-George T. Bicego 1996

I Am Nujood, Age 10 and Divorced-Nujood Ali 2010 The true story of a Yemeni child bride describes her forced marriage to an abusive husband three times her age, her pursuit of the marriage's dissolution, and the cultural factors that place girls at risk in Yemeni society.

Half the Sky-Nicholas D. Kristof 2009 A Pulitzer Prize-winning husband-and-wife team speaks out against the oppression of women in the developing world, sharing example stories about victims and survivors who are working to raise awareness, counter abuse, and campaign for women's rights.

Trafficking in Women and Children in India-P. M. Nair 2005 Includes case studies.

Voice and Agency-Jeni Klugman 2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast

Downloaded from apexghana.org on January 24, 2021 by guest

data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

Global Perspectives on Social Issues-Rita James Simon 2003 This volume is a broad-ranging and useful reference tool for anyone interested in these social institutions."--BOOK JACKET.

Health and the Millennium Development Goals-World Health Organization 2005 This WHO's report provides a global overview of progress towards each of the health MDGs to date and identifies the challenges to be addressed if we are to meet the goals. It presents the essential elements - the strategies and inputs - that will help the international community working collectively, to tackle the health crisis facing many poor countries, and in doing so, contribute to poverty reduction.

Child Marriage in India-B. S. Nagi 1993-01-01 Study conducted in the districts of Bhilwara, Udaipur, and Chittaurgarh.

My Little Epiphanies-Aisha Chaudhary 2017-01-06 This is a movie tie-in edition and any reviews posted before October 10, 2019 are from the previous edition of the same title published in 2015. Aisha Chaudhary was born with SCID (severe combined immune deficiency) and underwent a bone-marrow transplant when she was six months old. She lived in New Delhi, where she was born. The year 2014 was brutal for Aisha as her disease progressed, and her lungs started giving up on her. The last few months of the year felt like a roller-coaster ride, one that seemed to be mostly going down. Spending almost all her time lying in bed, Aisha wrote down her thoughts to get some relief, to get them out of her head. Aisha's life was not anything like the average life of an urban teenager, but she had experienced a lifetime of emotions; life and death, fear and anger, love and hate, the depths of utter sorrow and the happiest one can be. In My Little Epiphanies she took a hard look at her own feelings and what it was that gave her a sense of hope and control. This book gave her life purpose and meaning, something to hold on to. Sometimes, Aisha's little epiphanies had morphed into doodles that capture what was going on in her mind as her destiny played itself out. Through the book she wanted the world to understand her unusual life and she hoped that it will inspire others, going through similar hardships, to find peace.

Voices from Within-Malavika Karlekar 1993 These "voices" belong to some remarkable and courageous women who questioned and commented on their own lives and times in nineteenth and twentieth-century Bengal. Excerpts from biographies, memoirs, and letters have been used to bring them to life. What also comes alive in this study is a rich pattern of the lives of upper middle class women in large and oftentimes joint families, and their relationships with the men of the family as well as with other women.

Wonder Girls-Paola Gianturco 2017-10-10 Wonder Girls: Changing Our World is the first photographic book to document groups of activist girls (age 10 to 18) globally. It's award winning and inspiring! Paola Gianturco and her eleven-year-old granddaughter documented the work of fifteen girl-led nonprofit groups in thirteen countries in Asia and Central Asia, North and Latin America, the Middle East, Africa and Oceania. They interviewed and photographed 102 girls. If you think "girls are the future," prepare to be dazzled. These girls are changing our world right now. Groups of activist girls age 10-18 are transforming our world: improving education, health, equality and the environment; stopping child marriage, domestic violence, trafficking and war. Their imagination and courage radiate through their stories, all told in their own words. In this book, you will watch girls lobby U.S. senators; see Mexican girls invent mobile phone apps to solve social problems; meet Malawian girls who convinced Parliament to outlaw child marriage. You will eavesdrop on Ugandan girls as they advocate for girls' rights at a UN meeting. And you will meet other girls as they write blogs, petitions, poetry, create radio shows, videos, invent dances, songs and works of art to promote their causes. Wonder Girls: Changing Our World is a call to action to help these girls accomplish their important work. Alex Sangster's sections, the finale of each chapter, tell you how. The book's Foreword was written by Musimbi Kanyoro, President and CEO of the Global Fund for Women, the world's largest grant-making organization that benefits women and girls internationally. The Global Fund for Women will receive 100% of the authors' royalties from this book.

International technical guidance on sexuality education-UNESCO 2018-01-15

Child Rights in India-Asha Bajpai 2018-02-15 Legislation is one of the most important tools for empowering children. It reflects the commitment of the state to promote an ideal and progressive value system. Recent years have seen several key developments in the law, policy, and practice related to child rights. Significantly, with the adoption of the United Nations Convention on the Rights of the Child in 1989, a rights-based approach has acquired prominence in the child rights discourse across the world. The book analyses the laws in the light of court judgments and policy initiatives taken in India. It also examines the interventions and strategies employed by non-governmental organizations in recommending legislative reforms in support of children. This fully revised third edition focuses on the new legal developments in India—such as the Juvenile Justice (Care and Protection of Children) Act, 2015; the new Central Adoption Resource Agency guidelines; the Right of Children to Free and Compulsory Education Act, 2009; and the National Food Security Act, 2013—thus attempting to integrate the law in theory and field practice.

World Development Report 2018-World Bank Group 2017-10-16 Every year, the World Bank's World Development Report (WDR) features a topic of central importance to global development. The 2018 WDR—LEARNING to Realize Education's Promise—is the first ever devoted entirely to education. And the time is right: education has long been critical to human welfare, but it is even more so in a time of rapid economic and social change. The best way to equip children and youth for the future is to make their learning the center of all efforts to promote education. The 2018 WDR explores four main themes: First, education's promise: education is a powerful instrument for eradicating poverty and promoting shared prosperity, but fulfilling its potential requires better policies—both within and outside the education system. Second, the need to shine a light on learning: despite gains in access to education, recent learning assessments reveal that many young people around the world, especially those who are poor or marginalized, are leaving school unequipped with even the foundational skills they need for life. At the same time, internationally comparable learning assessments show that skills in many middle-income countries lag far behind what those countries aspire to. And too often these shortcomings are hidden—so as a first step to tackling this learning crisis, it is essential to shine a light on it by assessing student learning better. Third, how to make schools work for all learners: research on areas such as brain science, pedagogical innovations, and school management has identified interventions that promote learning by ensuring that learners are prepared, teachers are both skilled and motivated, and other inputs support the teacher-learner relationship. Fourth, how to make systems work for learning: achieving learning throughout an education system requires more than just scaling up effective interventions. Countries must also overcome technical and political barriers by deploying salient metrics for mobilizing actors and tracking progress, building coalitions for learning, and taking an adaptive approach to reform.

Developmental Science and Sustainable Development Goals for Children and Youth-Suman Verma 2018-10-24 This book presents new scientific knowledge on using developmental science to improving lives of children and youth across the globe. It highlights emerging pathways to sustainability as well as the interconnectedness and interdependence of developmental science and sustainable children and youth development globally. Presenting cross-cultural views and current perspectives on the role of developmental science in the realization of the Sustainable Development Goals for children and youth development, contributors from different disciplines from low-and-middle-income countries or scholars working in these countries capture ground realities of the situation of children and youth in these regions. This book addresses developmental issues related to inequity, gender, health, education, social protection, and needs of vulnerable populations of children and youth. Other areas of focus are improving mechanisms and monitoring frameworks of development and well-being indicators.

Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse-Shonali Choudhury 2017-09-19 This expansive survey spotlights pervasive issues affecting girls' and women's sexual and reproductive health across the lifecourse. Research from diverse countries around the world analyzes the complex relationships among biological, psychological, sociocultural, and economic issues—particularly in terms of inequities—as they shape women's lives. Major challenges and possibilities for intervention are examined in their national context and with their global implications, including child marriage/motherhood, reproductive care and access, fertility, childbearing, contraception, abortion, HIV/STIs, gender-based violence, sexual pleasure, and menopause. In these forceful dispatches, a consistent human rights perspective emphasizes women's control, autonomy, and agency in all stages of their lives. A sampling of topics covered: Girl child marriage: a persistent global women's health and human rights violation Investigating challenges and resilience among women living with obstetric fistula in Kenya A qualitative exploration of mainstream and social media reflections on abortion A continuum of severity of sexual intimate partner violence among black women in the United States Economic empowerment to improve sexual and reproductive health among women and girls Summarizing an interdisciplinary field on research and practical levels, Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse will be an invaluable text for undergraduate and graduate courses in a wide range of fields, including public health, global health, women's studies, sociology, anthropology, gender studies, and human rights.

Les sources du droit dans le système traditionnel de l'Inde-Robert Lingat 1973-01-01 This book discusses pertinent and contentious issues such as the relationship of religious communities and state, minority rights, secularism and reservations in the context of democratic politics.

The Developing World-E. Ike Udogu 2012-10-04 In this book, contributors explore the challenges presented by political, cultural, religious, social, and economic practices to the future development of the nation-states in the developing world. The essays gathered here—authored by seasoned scholars with deep social, political, and academic roots in Africa, Asia, and Latin America—offer holistic examinations of how improvements in politics, social arrangements, and information communication technologies contribute to the effectiveness of these emerging nations' internal politics and influence on world affairs. This work will interest scholars focused on the developing world, social and public policy, international politics, and social and political theory.

Male Roles, Masculinities and Violence-Expert Group Meeting on Male Roles and M 2000 This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

Bridewealth and Dowry-Jack Goody 1973-12-20 In these insightful 1973 papers two leading authorities make a wide-ranging review of ideas and materials on bridewealth and dowry.

Status of Children in India Inc-Enakshi Ganguly Thukral 2005-01-01

The Great Repression-Chitranshul Sinha 2019-08-19 The Indian Penal Code was formulated in 1860, three years after the first Indian revolt for independence. It was the country's first-ever codification of offences and penalties. But it was only in 1870 that Section 124A was slipped into Chapter VI ('Of Offences against the State'), defining the offence of 'Sedition' in a statute for the first time in the history of common law. When India became independent in 1947, the Constituent Assembly expressed strong reservations against sedition as a restriction on free speech as it had been used as a weapon against freedom fighters, many of whom were a part of the Assembly. Nehru vocally opposed it. And yet, not only has Section 124A survived, it has been widely used against popular movements and individuals speaking up against the establishment. Where did this law come from? How did it evolve? And what place does it have in a mature democracy? Concise, incisive and thoughtful, The Great Repression by Chitranshul Sinha, an advocate on record of the Supreme Court of India, tells the story of this outdated colonial-era law.

Getting the books **child marriage in india issues and challenges 1st edition** now is not type of challenging means.
