Jesus Christ for Contemporary Life-Don Schweitzer 2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God, grounded in what can be known historically of Jesus and informed by subsequent reflection upon him, which hopes to help shape a Christian identity characterized by "bounded openness." In Jesus Christ for Contemporary Life, Don Schweitzer explores the significance of the person, work, and relationships of Jesus Christ for contemporary life. He moves from the historical Jesus to the present in three parts. In the first part Schweitzer develops an understanding of Jesus as the Word of God, who became incarnate to give the goodness and beauty of God further expression in time and space. Second, he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives. And finally, Schweitzer explores how Jesus relates to people in the church, to the events and movements in history, to other religions, and to Christians in their dialogue with God in prayer.

Rethinking Trinitarian Theology-Giulio Maspero 2012-03-01 The book aims at showing the most important topics and paradigms in modern Trinitarian theology. It is supposed to be a comprehensive guide to the many traces of development of Trinitarian faith. As such it is thought to systematize the variety of contemporary approaches to the field of Trinitarian theology in the present philosophical-cultural context. The main goal of the publication is not only a description of what happened to Trinitarian theology in the modern age. It is rather to indicate the typically modern specificity of the Trinitarian debate and - first of all - to encourage development in the main areas and issues of this subject.

Thoroughly revised and updated by Roy McCCloughry and fully endorsed by John Stott, this fourth edition continues a two-decades-plus legacy of bringing important current issues under the lens of biblically informed thinking. Combining a keen global awareness with a gift for penetrating analysis, the authors examine such vital topics as Pluralism and Christian witness Cohabitation Environmentalism and ecological stewardship War and peace Abortion and euthanasia ... and much more An entirely new chapter on bio-engineering has been contributed by Professor John Wyatt of University College London. *Christianity and the New Spirit of Capitalism*-Kathryn Tanner 2019-01-08 One of the world's most celebrated theologians argues for a Protestant anti-work ethic In his classic *The Protestant Ethic and the Spirit of Capitalism*, Max Weber famously showed how Christian beliefs and practices could shape persons in line with capitalism. In this significant reimagining of Weber's work, Kathryn Tanner provocatively reverses this thesis, arguing that Christianity can offer a direct challenge to the largely uncontested growth of capitalism. Exploring the cultural forms typical of the current finance-dominated system of capitalism, Tanner shows how they can be countered by Christian beliefs and practices with a comparable person-shaping capacity. Addressing head-on the issues of economic inequality, structural under- and unemployment, and capitalism's unstable boom/bust cycles, she draws deeply on the theological resources within Christianity to imagine anew a world of human flourishing. This book promises to be one of the most important theological books in recent years.

*The Christ and the Spirit*-James D. G. Dunn 1998 This volume contains twenty-four of James D. G. Dunn's best shorter essays--written over a span of nearly 28 years and grouped here according to theme--on different aspects of New Testament Christology.

A learned, brilliant and enjoyable study."—Géza Vermès, *Times Literary Supplement* In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. Fuller, *Journal of the American Academy of Religion* "This is a first-rate work of a first-rate historian."—James D. Tabor, *Journal of Religion* "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D'Evelyn, *Christian Science Monitor*

*God's Presence*-Frances Young 2013-10-10 In 2011, Frances Young delivered the Bampton Lectures in Oxford to great acclaim. She offered a systematic theology with contemporary coherence, by engaging in conversation with the fathers of the church - those who laid down the parameters of Christian theology and enshrined key concepts in the creeds - and exploring how their teachings can be applied today, despite the differences in our intellectual and ecclesial environments. This book results from a thorough rewriting of those lectures in which Young explores the key topics of Christian doctrine in a way that is neither simply dogmatic nor simply historical. She addresses the congruence of head and heart, through academic and spiritual engagement with God's gracious accommodation to human limitations. Christianity and biblical interpretation are discussed in depth, and the book covers key topics including Creation, anthropology, Christology, soteriology, spirituality, ecclesiology and Mariology, making it invaluable to those studying historical and constructive theology.

*Jesus, Humanity and the Trinity*-Kathryn Tanner Tanner offers not a repetition of doctrines but a creative synthesis of key Christian principles - especially the transcendence and gift-giving of God - and contemporary experience. What emerges is a profound yet precise vision of creation, God's life, and our participation in it. While consonant with traditional teachings, Tanner's dynamic speculative theology is

universal in its range, mystical in its outlines, and deeply ethical in its relations with all God's gifted creatures. Jesus, Humanity, and the Trinity not only takes stock of Christian belief in a time of tumultuous intellectual and cultural change. It also finds in that ferment a life-giving meaning and mission for Christian life.

The Gospel and Israel-Paul F. Morris 2014-04-07 The mission of the church to the Jews is a unique one. The biblical, theological and practical issues differ from those with other groups because Israel was, and is, the people to whom God gave his promises. However, the unbelief of many Jewish people and the persecution of Jewish people in the name of Jesus makes mission to the Jews uniquely difficult, requiring considerable sensitivity. But it is also full of hope, for there is promise of both a remnant and a fullness coming to faith in Jesus the Messiah. The lectures in this book were part of a series organized by Christian Witness to Israel in Australia to explore this unique challenge and to encourage an intelligent, heartfelt, and persevering interest in mission to the Jewish people. The studies focus on Biblical, theological, historical, and current issues. They were named the Edersheim Lectures after Alfred Edersheim, the well-known nineteenth-century Jewish Christian scholar and author who served in Romania as a missionary and in the United Kingdom as a pastor. Following in his example, The Gospel and Israel engages in an in-depth examination of themes relating to the Jewish people and the Christian faith.

Emerging Leadership in the Pauline Mission-Jack Barentsen 2011-08-04 Where did Paul find leaders for his new churches? How did he instruct and develop them? What processes took place to stabilize the churches and institute their new leadership? This book carves a fresh trail in leadership studies by looking at leadership development from a group-dynamic, social identity perspective. Paul engages the cultural leadership patterns of his key local leaders, publicly affirming, correcting, and improving those patterns to conform to a Christlike pattern of sacrificial service. Paul's own life and ministry offer a motivational and authoritative model for his followers, because he embodies the leadership style he teaches. As a practical theologian *avant la lettre*, Paul contextualizes key theological themes to strengthen community and leadership formation, and equips his church leaders as entrepreneurs of Christian identity. A careful comparison of the Corinthian and Ephesian churches demonstrates a similar overall pattern of development. This study engages Pauline scholarship on church office in depth and offers alternative readings of five Pauline epistles, generating new insights to enrich dogmatic and practical theological reflection. In a society where many churches reflect on their missional calling, such input from the NT for contemporary Christian leadership formation is direly needed.

The Acts of the Apostles-P.D. James 1999-01-01 Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

Key Events in the Life of the Historical Jesus-Darrell L. Bock 2009 Using a carefully defined approach to historical Jesus studies and historical method, this collection of essays examines twelve key events in the life of Jesus that were part of a decade-long collaborative research project. Each essay examines the case for the event's authenticity and then explores the social and cultural background to the event to provide an understanding of the event's historical significance. The first six events are related to the public ministry context of Jesus, mostly associated with his Galilean ministry, while latter six events involve his final days in Jerusalem. The final essay closes with suggestions about how these events cohere and what they can tell us about what Jesus did.

The Gospel According to John- 1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

In Quest of a Vital Protestant Center-George Demettrion 2014-10-06 In Quest of a Vital Protestant Center probes the relationship between Scripture and culture in twentieth-century US theology and biblical studies. It points to the necessity of turning to what Karl Barth has referred to as "the strange new world within the Bible" for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology. The study includes a historical overview underlying what Demettrion refers to as the "fundamentalist/modernist great divide," which continues to

resonate powerfully in contemporary US Protestant thought and culture. *Demetrios* offers an in-depth exploration of four representative twentieth-century Protestant theologians and biblical scholars, spanning from the conservative evangelical theology of J. I. Packer to the postliberal dialectical theology of Walter Brueggemann. The book includes a chapter on the neo-orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology, biblical hermeneutics, and religious culture. *Demetrios* concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J. Hall and the evangelical narrative theology of Richard Lints. In linking evangelical, postliberal, and neo-orthodox theology to a common search for a vital Protestant center, this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture.

*The Bible and Its Traditions*-Michael Patrick O'Connor 1983

*The Scandal of the Evangelical Mind*-Mark A. Noll 1994 Mark Noll has written a major indictment of American evangelicalism. Reading this book, one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only its mind but its soul as well. For evangelical pastors and parishioners alike, this is a must read! --Robert Wuthnow.

*Confessing Christ for Church and World*-Kimlyn J. Bender 2014-12-03 With one foot in the world of Scripture and another in the contemporary world, Karl Barth was both a modern and a confessional theologian. The intersection of these two worlds makes him a fruitful dialogue partner for thinking creatively about what it means to be faithful to Jesus Christ today. In this collection of essays both old and new, Kimlyn Bender explores Barth's understanding of Christ, church and world in conversation with American evangelicalism, Roman Catholicism, Reinhard Hütter, Adolf von Harnack, Bart Ehrman and Baptists, among others. Along the way he also engages the theology of Friedrich Schleiermacher. Bender's penetrating analysis of modern theology sheds light on both the task of theology and the witness of the church.

*The Historical Christ and the Theological Jesus*-Dale C. Allison 2009-03-09 In this book, Dale Allison addresses ongoing historical-theological questions concerning Jesus Christ. What should one think of the modern quest for the historical Jesus when there is such enduring discord among the experts, and when personal agendas play such a large role in the reconstructions? How much history is in the Gospels, and how much history does Christian theology require that there be? How does the quest impinge on conventional Christian beliefs, and what might it contribute to contemporary theological reflection? -- From publisher's description.

*Paul and Union with Christ*-Constantine R. Campbell 2015-05-05 *Paul and Union with Christ* fills the gap for biblical scholars, theologians, and pastors pondering and debating the meaning of union with Christ. Following a selective survey of the scholarly work on union with Christ through the twentieth century to the present day, Greek scholar Constantine Campbell carefully examines every occurrence of the phrases 'in Christ', 'with Christ', 'through Christ', 'into Christ,' and other related expressions, exegeting each passage in context and taking into account the unique lexical contribution of each Greek preposition. Campbell then builds a holistic portrayal of Paul's thinking and engages contemporary theological discussions about union with Christ by employing his evidence-based understanding of the theme. This volume combines high-level scholarship and a concern for practical application of a topic currently debated in the academy and the church. More than a monograph, this book is a helpful reference tool for students, scholars, and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to union with Christ in the Pauline corpus.
