Bast and Sekhmet-Storm Constantine 2006-01-01 A unique work on the history and magic of the Egyptian feline goddesses, Bast and Sekhmet, from the ancient land of majestic splendour and long-held secrets. Practising pagans Storm Constantine and Eloise Coquio discuss the important role cats - who have been both worshipped as gods and reviled as demons - play in many people's lives, not just as pets but as spiritual totems. A manual for magic incorporates all the rituals the authors' circle have used, with suggestions for creating one's own, whether working solo or in groups. Also discussed are such aspects as temple creation, attuning with your own cat familiar, and ritual techniques. Finally, the authors suggest ways in which you can work in Bast's name in this world, such as by 'adopting' a lion or helping animal charities. Bast and Sekhmet: Eyes of Ra was written in response to the ever-increasing popularity of and demand for information about these powerful and mysterious deities - ancient goddesses for a new age.

CJ-Ruth Masters 2020-02 "This book engages students in a meaningful exposure to the ideals of the American criminal justice system. CJ: Realities and Challenges, Fourth Edition, translates the passion that we feel in the classroom into a learning program that nourishes students' enthusiasm for the field while dispelling widely held myths. CJ: Realities and Challenges, Fourth Edition, encourages students to think critically about how the American criminal justice system operates in practice. Recognizing the myths and interpreting the facts underlying the system lead to an appreciation of its complexities. Students who succeed in this course will emerge with a realistic understanding of the system and of the opportunities that await them if they should choose to pursue a career in criminal justice"--

Cleveland-William Dennis Keating 1995 An analysis of the political economy, social development and history of Cleveland from 1796 to the present. As one of the oldest communities in the United States, the author looks at it as a model of transformation for other industrial cities.
