This clarity for lawyers, as one of the most operating sellers here will unquestionably be among the best options to review.

Clarity for Lawyers-Mark Adler 2017-10

Clarity for Lawyers-Mark Adler 2007 Guiding the reader through the pitfalls of legal writing, Adler explains how to prevent ambiguity and mistakes, therefore saving time and getting the message across effectively.

Natural Law for Lawyers-J. Budziszewski 2006 The cultural chatter about “rights” is often muddled. Are there really “rights”? What is their source? Can we really know where to draw lines, even legal lines? The law’s moral basis is something that citizens “can’t not know.” Clarity does exist. And this truth is something that all people, especially attorneys must understand. In a cogent, but accessible way, Dr. Budzeszewski sets forth the reality of the natural law—the higher law--and in doing so provides clarity and direction for those laboring in law and policy.

Divorce Reality Check-Jacqueline Harounian 2016-01-01 Your marriage is irretrievably broken, and life as you know it is unraveling fast. You feel overwhelmed and confused by the well-intentioned (but let's face it, often clueless) advice of your friends and family. Does your lawyer's strategy alarm you instead of calm you down? Does the light at the end of the tunnel seem farther and farther away? You are not alone. In fact, you sound like a lot of the men and women who walk into my law office every day. But don't despair. You have come to the right place to find some straight talk about the legal process and the steps you should take to regain your equilibrium and be smarter about your split. Like most people facing the demise of their marriage, you might feel like your world has turned completely upside down. Uncertainty and unease about the future, and your children's future, may cause you to lose sleep. You may fear being taken for every dime by your vengeful and hell-bent spouse. You may fear losing rights to your most precious assets: your children. You might be intimidated by your spouse, or his lawyer, and maybe even your own lawyer. Still, at a time when your family and financial life are falling apart, it is critical that you take control, and make sound decisions that will affect the rest of your future. But how? Let's break it down. After you get over the emotional hurdles -- a process that is unique to every individual and every relationship -- there are three main legal categories to address, namely: I. Custody; II. Support; and III. Asset Distribution. Each of these areas must be fully resolved in writing -- by settlement agreement or court order -- before you can move on with your life. Easier said than done to be sure, but take heart. In your hands, you have a GPS to navigate the rocky terrain in the months ahead. You will learn how and why the high road is the best road. The organizing tools, lists and 'reality checks' in these pages will help you obtain tangible results and a clearer path. I will coach you with strategies to help you deal with your ex, and provide you with talking points for your meetings with your lawyer. I know that you are at an important crossroads in your life. I encourage you to read this entire book, and be open minded about the possibility of a civilized and uncomplicated break up. Just as I do with my clients, I am rooting for you to move on with your life, and to avoid self-destructive and sabotaging behaviors. I urge you to avoid a victim mentality, especially because all that it will get you is an invite to an everlasting 'pity party'. (Author's Note: This book is not going to change your life. You have to do that on your own.) My first objective for you? To calm you and encourage you to think rationally, not emotionally, about your divorce. To begin and strengthen habits of successful financial

planning and smooth co-parenting (even when your ex does not necessarily cooperate). Your new mantra starting today? Repeat The Three C's after me: Civility, Clarity, Common sense. If, on the other hand, you are feeling angry and vindictive, go find a "shark" lawyer to lead you into Armageddon (and empty your pockets), because this book is not for you. Are you willing to accept some tough love from an expert that has helped thousands of clients move forward with their lives? If so, keep reading!

The Lawyer's Guide to Writing Well-Tom Goldstein 2016-01-08 This best-selling book outlines the causes and consequences of bad legal writing and prescribes straightforward, easy-to-apply remedies that will make your writing readable. Usage notes address lawyers' most common errors, and editing exercises allow readers to test their skills, making this an invaluable tool for practicing lawyers as well as a sensible grounding for law students. New sections in this edition: - Getting to the point - Communicating digitally - Writing persuasively - Twenty-five common mistakes"--Provided by publisher.

A Certain Clarity-Lawrence Joseph 2021-03-23 A selection of poems from the celebrated poet and lawyer Drawing from his first book, Shouting at No One, from 1983, and continuing through to his most recent, So Where Are We?, from 2017, A Certain Clarity provides a generous selection of Lawrence Joseph's "poetry of great dignity, grace, and unrelenting persuasiveness" (John Ashbery), each poem "an inspired, made thing by a poet-advocate who has honed a timely song within an urgent testimony that embraces the complex density of truth" (Yusef Komunyakaa). Joseph's poems constitute one of the most essential and visionary bodies of work in contemporary American poetry. No other American poet covers the territory Joseph does. His ever-new interactions of thoughts, voices, and languages—influenced by his Lebanese and Syrian Catholic heritage, his professional life as a lawyer and legal scholar, and the economies of the world of working-class labor from which he comes—bear witness, on multilayered spatial and temporal planes, to the velocities of global and historical change, and to power structures embodied in endless wars, unleashed capital, racism, and ecological destruction, presenting an ongoing chronicle of what it means to write poetry in the turbulent times in which we live. But also integral to Joseph's poetry is a sensual intimacy, passionately driven by an acute awareness of a deeper order in which beauty, love, and justice are indistinguishable. Meticulously formed, emotionally fierce, intellectually challenging, Joseph's poems press back against the high-stakes pressures of our time with a moral and aesthetic intensity not easily forgotten.

Plain English for Lawyers-Richard C. Wydick 2019

Obscurity and Clarity in the Law-Sophie Cacciaguidi-Fahy 2016-12-05 This book explores the intricate and multi-dimensional conception of clarity and obscurity in the law. It presents and examines the most recent research and theories, giving practical guidance on how to avoid obscurity in legal drafting and its impact on legal interpretation. The book is aimed at a multidisciplinary audience and seeks to promote an interdisciplinary debate on clarity, law and language, calling for the moving of clarity beyond the study of plain language. The aims of the book are thus two fold. The first is to critically reach a nexus between the disciplines of law and language with respect to the debates on clarity in legal discourse. The second is to achieve an international perspective on the issue, drawing from a wide range of legal and political contexts.

Statistics for Lawyers-Michael O. Finkelstein 2006-04-18 Designed to introduce law students, law teachers, practitioners, and judges to the basic ideas of mathematical probability and statistics as they have been applied in the law, the book consists of sections of exposition followed by real-world cases and case studies in which statistical data have played a role. Readers are asked to apply the theory to the facts, to calculate results (a pocket calculator is sufficient), and to explore legal issues raised by quantitative findings, while the author's own calculations and comments are given in the back of the book. The cases and case studies reflect a broad variety of legal subjects, including antidiscrimination, mass torts, taxation, school finance, identification evidence, preventive detention, handwriting disputes, voting, environmental protection, antitrust, and the death penalty. The first edition has been used in law, statistics, and social science courses, and in 1991 was selected by the University of Michigan Law Review as one of the important law books of the year. This second edition includes many new problems reflecting current developments in the law, including a new chapter on epidemiology.

Legal Writing-Robert Edwin Bacharach 2020 "Effective legal writing calls not only for artistry but also for scientific understanding. Legal wordsmiths turned words and phrases into finely tuned aphorisms, just as van Gogh and Matisse turned blank canvases into brilliant combinations of color and light. Unlike most forms of art, however, effective legal writing serves primarily to explain and persuade. You cannot easily explain or persuade without considering how your intended audience will process your words. Thinking about the intended reader is natural. Is your brief going to a court overwhelmed by filings? Is the assigned

judge likely to read the brief once or to reread it many times? Are opinions by the assigned judge long or short?"--

Thinking Like a Writer-Stephen V. Armstrong 2009 Thinking Like a Writer: A Lawyer's Guide to Effective Writing and Editing gives you the specialized knowledge and techniques to draft clear and compelling legal documents, no matter how complicated the issues involved.

Lawyers, Swamps, and Money-Royal C Gardner 2012-06-22 Lawyers, Swamps, and Money is an accessible, engaging guide to the complex set of laws governing America's wetlands. After explaining the importance of these critical natural areas, the book examines the evolution of federal law, principally the Clean Water Act, designed to protect them. Readers will first learn the basics of administrative law: how agencies receive and exercise their authority, how they actually make laws, and how stakeholders can influence their behavior through the Executive Branch, Congress, the courts, and the media. These core concepts provide a base of knowledge for successive discussions of: the geographic scope and activities covered by the Clean Water Act the curious relationship between the U.S. Army Corps of Engineers and the Environmental Protection Agency the goal of no net loss of wetlands the role of entrepreneurial wetland mitigation banking the tension between wetland mitigation bankers and in-lieu fee mitigation programs wetland regulation and private property rights. The book concludes with insightful policy recommendations to make wetlands law less ambiguous and more effective. A prominent legal scholar and wetlands expert, professor Royal C. Gardner has a rare knack for describing landmark cases and key statutes with uncommon clarity and even humor. Students of environmental law and policy and natural resource professionals will gain the thorough understanding of administrative law needed to navigate wetlands policy-and they may even enjoy it.

The Anxious Lawyer-Jeena Cho 2016-06-07 The Anxious Lawyer is a practical "how-to" on the basics of meditation and a guide on how to live with greater intention and purpose. The book provides worksheets, exercises and concrete techniques that will allow any lawyer or other professional easily make meditation a part of their life. Written by two lawyers who are also meditation teachers and experts, you won't find a better guide to integrating meditation into your life than this.

Legal Writing-John Hollander 2013 What should a lawyer think about before putting pen to paper? How should lawyers organize their documents? What makes them persuasive? This handbook provides examples and exercises to guide the reader through the process of learning how to communicate persuasively. The chapters deal with such overarching topics as legal writing as a case of project management, general principles of legal writing, and specific good and bad habits.

The Lawyer's Lawyer-James Sheehan 2013-01-08 Jack Tobin, the main character of The Mayor of Lexington Avenue returns in this non-stop novel that combines enthralling plot twists with some of the best courtroom fiction being written today. Tobin, known as the lawyer's lawyer--the guy the best lawyer's say they'd want to represent them in a courtroom battle--undertakes the representation of a serial killer who he believes to be innocent. The Chief of Police is outraged, the citizens of Oakville where the murders occurred, erupt, and the State Attorney is out for blood as Jack challenges the criminal justice system once again. Sheehan masterfully weaves stories of love and friendship into one man's uncompromising search for truth within the four corners of a courtroom where it is often spoken about but seldom seen. Jack is in a fight for his life and the outcome is in doubt right up to the turn of the final page. A trial lawyer himself, James Sheehan is also a top-notch thriller writer. Once again he succeeds in translating the depth of his courtroom knowledge into an entertaining and truly fascinating read.

Legal Language-Peter M. Tiersma 2000-05-15 This history of legal language slices through the polysyllabic thicket of legalese. The text shows to what extent legalese is simply a product of its past and demonstrates that arcane vocabulary is not an inevitable feature of our legal system.

The Six-Minute Solution-Scott L. Rogers 2009 A mindfulness primer for attorneys featuring Jurisight, the mindfulness teaching method developed for legal professionals.

Tomorrow's Lawyers-Richard Susskind 2013-01-10 From the bestselling author of The End of Lawyers?, this book predicts fundamental and irreversible changes in the legal world and offers essential practical advice for those who intend to build careers and businesses in law. A definitive guide to the future for aspiring lawyers, and for all who want to modernize today's legal and justice systems.

Point Made-Ross Guberman 2014-04 In Point Made, Ross Guberman uses the work of great advocates as the basis of a valuable, step-by-step brief-writing and motion-writing strategy for practitioners. The author takes an empirical approach, drawing heavily on the writings of the nation's 50 most influential lawyers.

Typography for Lawyers- 2015

Expanded explanations of endgame provisions, along with examples and new exercises

The New Deal Lawyers-Peter H. Irons 2020-10-06 From the perspective of young lawyers in three key New Deal agencies, this book traces the path of crucial constitutional test cases during the years from 1933 to 1937.

Seeing Through Legalese-Joseph Kimble 2017 This is Joseph Kimble's second book of essays. The first, published in 2006, was acclaimed as "superb," invaluable," and "a treasure." Seeing Through Legalese collects his more recent writings and promises to be equally good. Kimble, now a distinguished professor emeritus, is a leading figure in the international effort to bring a clearer, plainer style to legal writing and drafting. Every lawyer, law student, legislative drafter, and legal scholar will benefit from these essays. They are brimming with sound advice, helpful guidelines, and real-world examples (drawn in large part from his work in redrafting federal court rules). And several of them respond to the continuing false criticisms of plain legal language. Readers will find variety, inspiration, and instruction in these pages, all delivered in the author's spirited, incisive style.

The Elements of Legal Style-Bryan A. Garner 2002 A new edition of the classic in legal writing covers the basics of the field with new examples that illuminate mechanics, word choice, structure, and rhetoric.

Art Law and the Business of Art-Martin Wilson 2019-11-15 Art Law and the Business of Art is a comprehensive and practical guide to the application of UK law to transactions and disputes in the art world. Written by Martin Wilson, an art lawyer with over 20 years' experience in the field, it outlines and explains the relevant law and how the art business operates in practice, as well as offering a discussion of the most pressing ethical questions involving artworks.

Lifting the Fog of Legalese-Joseph Kimble 2006 "Professor Joseph Kimble, a leading expert on plain language, has collected in this one book many of his published essays. They will interest and inform judges, lawyers, law students, legal scholars, and anyone else who engages in legal writing."--BOOK JACKET.

Clarity For Solos-Dudley Adam 2016-11-15 This book will appeal to one person small business owners who are struggling to get started, stuck, or unsure about what to do next. Most solo small business owners face overwhelming demands and chronic uncertainties every single day. There are so many possibilities. So many decisions have to be made. Clarity for Solos clears up the confusion.

Moral Clarity-Susan Neiman 2009-09-06 For years, moral language has been the province of the Right, as the Left has consoled itself with rudderless pragmatism. In this profound and powerful book, Susan Neiman reclaims the vocabulary of morality--good and evil, heroism and nobility--as a lingua franca for the twenty-first century. In constructing a framework for taking responsible action on today's urgent questions, Neiman reaches back to the eighteenth century, retrieving a series of values--happiness, reason, reverence, and hope--held high by Enlightenment thinkers. In this thoroughly updated edition, Neiman reflects on how the moral language of the 2008 presidential campaign has opened up new political and cultural possibilities in America and beyond. --

The Good Lawyer-Douglas O. Linder 2014-05-01 Every lawyer wants to be a good lawyer. They want to do right by their clients, contribute to the professional community, become good colleagues, interact effectively with people of all persuasions, and choose the right cases. All of these skills and behaviors are important, but they spring from hard-to-identify foundational qualities necessary for good lawyering. After focusing for three years on getting high grades and sharpening analytical skills, far too many lawyers leave law school without a real sense of what it takes to be a good lawyer. In The Good Lawyer, Douglas O. Linder and Nancy Levit combine evidence from the latest social science research with numerous engaging accounts of top-notch attorneys at work to explain just what makes a good lawyer. They outline and analyze several crucial qualities: courage, empathy, integrity, diligence, realism, a strong sense of justice, clarity of purpose, and an ability to transcend emotionalism. Many qualities require apportionment in the right measure, and achieving the right balance is

Downloaded from [apexghana.org](http://apexghana.org) on January 15, 2021 by

difficult. Lawyers need to know when to empathize and also when to detach; courage without an appreciation of consequences becomes recklessness; working too hard leads to exhaustion and mistakes. And what do you do in tricky situations, where the urge to deceive is high? How can you maintain focus through a mind-taxing (or mind-numbing) project? Every lawyer faces these problems at some point, but if properly recognized and approached, they can be overcome. It's not easy being good, but this engaging guide will serve as a handbook for any lawyer trying not only to figure out how to become a better--and, almost always, more fulfilled--lawyer.

*The Trouble with Lawyers*-Deborah L. Rhode 2015 By any measure, the law as a profession is in serious trouble. Americans' trust in lawyers is at a low, and many members of the profession wish they had chosen a different path. Law schools, with their endlessly rising tuitions, are churning out too many graduates for the jobs available. Yet despite the glut of lawyers, the United States ranks 67th (tied with Uganda) of 97 countries in access to justice and affordability of legal services. The upper echelons of the legal establishment remain heavily white and male. Most problematic of all, the professional organizations that could help remedy these concerns instead jealously protect their prerogatives, stifling necessary innovation and failing to hold practitioners accountable. Deborah Rhode's *The Trouble with Lawyers* is a comprehensive account of the challenges facing the American bar. She examines how the problems have affected (and originated within) law schools, firms, and governance institutions like bar associations; the impact on the justice system and access to lawyers for the poor; and the profession's underlying difficulties with diversity. She uncovers the structural problems, from the tyranny of law school rankings and billable hours to the lack of accountability and innovation built into legal governance--all of which do a disservice to lawyers, their clients, and the public. *The Trouble with Lawyers* is a clear call to fix a profession that has gone badly off the rails, and a source of innovative responses.

*The Tools of Argument*-Joel P Trachtman 2013 Joel Trachtman's book presents in plain and lucid terms the powerful tools of argument that have been honed through the ages in the discipline of law. If you are a law student or new lawyer, a business professional or a government official, this book will boost your analytical thinking, your foundational legal knowledge, and your confidence as you win arguments for your clients, your organizations or yourself.

*Pleading Your Case*-Janet S. Kole 2011 *Pleading Your Case* offers an insightful, humorous and practical approach to pleadings. Veteran litigator Janet S. Kole walks you through the steps of drafting a complaint or response and provides helpful tips and strategies to make your pleadings more effective. This book is your first step to crafting a complaint or response that effectively tells your client's story.

*Studies in African Law*-Julius Lewin 1971 This book offers a firsthand examination of legal practice in colonial Africa during the first half of the twentieth century. The author evaluates the place of tribal law in the legal system of South Africa and the complex problems that arise from the conflicting laws of merging cultures. Some of the questions he asks are: What is the relation of tribal law to the common law of the country, especially on the same subject? Can tribal law be developed to keep pace with the changing conditions of tribal society? What is the future of tribal law in South Africa? These questions have sociological implications that reach far beyond the African continent and the waning colonial period during which they were posed.

*The Simple Guide to Legal Innovation*-Lucy Endel Bassli 2020 "Educational needs of practicing lawyers are explored with a practical guide provided. Details the legal ecosystem and how its complex, varied and often overlapping parts can and should be handled by practicing attorneys, alternative legal service providers and "non-legal" professionals"--

*The Wall Street Lawyer, Professional Organization Man?*-Erwin Orson Smigel 1969

*Remaking Law Firms*-George Beaton 2016-06-07 This book provides examples of innovative and successful business models from remade law firms to inspire change that goes beyond thinking and planning, and leads straight to implementing change and better client service.

*The Lawyer's Light*-Kevin Chandler 2015-05-16 This book, filled with 365 quotes and meditations—from judges, lawyers, and elder statesmen, aims to address the feelings and issues confronted by lawyers that are recovering.

*Obscurity and Clarity in the Law*-Sophie Cacciaguidi-Fahy 2016-12-05 This book explores the intricate and multi-dimensional conception of clarity and obscurity in the law. It presents and examines the most recent research and theories, giving practical guidance on how to avoid obscurity in legal drafting and its impact on legal interpretation. The book is aimed at a multidisciplinary audience and seeks to promote an interdisciplinary debate on clarity, law and language, calling for the moving of clarity beyond the study of plain language. The aims of the book are thus two fold. The first is to critically reach a nexus between the

disciplines of law and language with respect to the debates on clarity in legal discourse. The second is to achieve an international perspective on the issue, drawing from a wide range of legal and political contexts.

Being Heard-Faith Pincus 2018 Being Heard: Presentation Skills for Attorneys consolidates the most helpful and effective tips of the trade in order for you and your staff to become better public speakers.

What Can You Do with a Law Degree?-Deborah L. Arron 1997 Tells how to decide when and if to pursue a different career, and suggests how to take advantage of one's legal skills in other professions.
