From interviews with family-practice specialists from the Carle Clinic Association, Dr. DePaul discovered certain training techniques to be more effective at building specialty-interest area expertise while responsibly protecting patient safety and care. When the Mighty Fall-Simon Chilembo 2015-12-07 Follow in this book the odyssey of a man in search of an own global domain of personal identity, strength, and reason for living. This undertaken in a hard and hostile world of

segregation, discrimination based on tribalism, racism, gender relations, status, as well as religious fundamentalism, among other things. He is along the way misunderstood everywhere, and he misunderstand things everywhere himself, making many mistakes and serious errors of judgement, especially with regard to the company he would keep sometimes. The latter would subject him to varying manifestations and degrees of jealousy and awe, often non-justifiable bouts of unfairness and unjustness, dishonesty, betrayals, including subtle but potentially executable threats on his well-being and life. For his own mistakes, intentional or otherwise, our mighty hero takes responsibility, and pays the price as he should. Against extreme, unprovoked, non-justifiable destructive behavioural tendencies from others, he will protect himself in a special hard line way. Being non-vindictive by disposition and inclination, if and when he has to fight back and exercise equally, if not more destructive powers of revenge and vengeance, our hero has another special modus operandi which often leaves him stronger by far relative to previous conditions, once the enemies have been dealt with. If there is anything to learn from the mighty hero, it will be resiliency and non-indifferent detachment from joy and grief, success and failure; if it will not be the one, it will be the other. The secret is in knowing how to manage it all from the point of view of how much of external material, and or innate personal resources to apply in which direction, such that we come out, indeed, stronger, and even more resourceful, guaranteeing ourselves each our own personal optimal longevity on earth. Love is another powerful weapon on self-preservation for our main man, both in practice and conceptually. Much as evil forces shall prevail in given bad and hard times frames, love does also have its day. No panic, no stress, love will always find the way to raise and lift up deserving fallen once upon a time mighty heroes. Buy, read, and learn from the book about the joys and miracles of love in a man's hands, love in his fantasies, love inaccessible to but there within reach, forbidden love, love unknown, love of the future born yesterday. Thank you, and enjoy the read!
