Motorräder fotografieren-Julian Eichhoff 2017-10-11 Ein Motorrad ist weitaus mehr als nur ein Vehikel, um von A nach B zu gelangen. Motorräder symbolisieren Freiheit, Individualität und Leidenschaft. Jeder Motorradfahrer ist stolz auf seine Maschine und möchte sie stets im besten Licht erscheinen lassen. Dieses Buch richtet sich an zwei Zielgruppen: zum einen an Fotografen, welche sich die Motorradfotografie erarbeiten möchten, zum anderen an Motorradfahrer, die bessere Bilder von ihren Maschinen aufnehmen wollen, aber nicht unbedingt über das nötige fotografische Vorwissen verfügen. In diesem Buch wird umfassend beschrieben, wie man Motorräder fotografiert und worauf dabei zu achten ist. Im Zentrum stehen drei Hauptszenarien: Motorräder fotografieren on Location (z.B. in der Stadt oder vor einer interessanten Landschaft oder Kulisse), im Studio und in Bewegung. Weitere Kapitel behandeln das Organisieren und Durchführen von Motorradshootings, das Fotografieren von Modellen und das Fotografieren auf Motorradtouren. Ein besonderer Schwerpunkt ist der gekonnte Einsatz von Blitzlicht, welcher oft den entscheidenden Unterschied ausmacht, wenn das Motorrad wirkungsvoll in Szene gesetzt werden soll. Der Leser lernt den Umgang mit natürlichem

The Erosion of the Thin Blue Line-Joseph Lee Massey Jr. 2015-09-24 Sgt. Joe Massey (Retired) shuns the idea of being politically correct with this insider's account of what it's like to be a Washington, D.C. police officer. He leads readers on a series of adventures that span thirty years in law enforcement, beginning as a police rookie in 1983, to his days with the force's elite SWAT team, to his days with the force's Harbor Patrol Branch, and right up to his retirement in 2012. He learned early on that being a police officer is like being an artist: It's open to interpretation. You must make nonbelievers believe and crush anyone who challenges your authority. Over time, his fellow officers became family, and they supported each other through good times and bad. They did their jobs no matter how dangerous the situation-and concerns about public perception rarely entered the equation. Develop a newfound respect for the dangers that police officers face on a daily basis, as well as changes that are leading to "The Erosion of the Thin Blue Line."

Riding in the Zone-Ken Condon 2019-10-15 Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.
