Handbook of United States Coins 2021-Jeff Garrett 2020-04-10 Whitman Publishing debuted the Handbook of United States Coins in 1942 as an authoritative resource showing how much coin dealers were paying on average to buy U.S. coins by type, date, and mintmark. The groundbreaking new book was an immediate hit, popular with dealers and collectors alike. For more than 77 years coin dealers have used the OFFICIAL BLUE BOOK , (as it came to be known) to make buying offers. As a collector, you can use it to find out how much your coins are worth! The Blue Book's price listings offer a real-world look at the coin market, gathered from dealers around the country. The new 78th edition includes updated prices, special features, and many new photographs. Coverage includes colonial and early American Coins, federal coins (half-cents through gold double eagles), commemoratives, Proof sets, die varieties, private and territorial gold, tokens, the newest Presidential dollars, National Park quarters, bullion coins, and other United States Mint products. More than 24,000 prices in multiple grades. Easy-to-follow coin-grading instructions. Coins and tokens from the 1600s to today. Historical information, hundreds of detailed, actual-size photos. How to start a coin collection. Detailed mintage records, and much more.

Perfect for maintaining accurate records and valuations. Size: 8.5 x 11 in. 120 Pages Premium matte finish soft cover Printed on white paper Diablo III: Book of Cain-Blizzard Entertainment 2017-07-18 An exceptionally illustrated fiction for millions of Blizzard fans, Diablo III: Book of Cain is the source book for Blizzard Entertainment's Diablo franchise and the best-selling Diablo III game, as told by the games' core narrator, Deckard Cain. In Blizzard Entertainment's Diablo® and Diablo II, the recurring character of Deckard Cain delivered quests, accompanied the brave adventurer, and, as the last of the Horadrim, provided a link to the greater history of the world of Sanctuary. Ever mysterious during these appearances, Cain hinted at a larger story, providing snippets of it in his notebook. Diablo III: Book of Cain is Cain's formal record of this greater tale—a dissertation on the lore of the Diablo universe, told by one who has witnessed and participated in some of the epic events that make up the eternal conflict between the High Heavens and the Burning Hells. Designed as an “in-world” artifact from the Diablo universe, Diablo III: Book of Cain includes Cain's revealing meditations, as well as dozens of sketches and color artworks depicting the angelic and demonic beings who wage constant war with one another.

Lorenzo De' Medici at Home-Richard Stapleford 2013 "An inventory of the private possessions of Lorenzo il Magnifico de' Medici, head of the ruling Medici family during the apogee of the Florentine Renaissance"--Provided by publisher.

Philately Stamp Collectors Log Book-Stamp Swan 2019-08-06 Philately Stamp Collectors Log Book This collectors journal is the perfect gift for the young philatelist all the way to mature collector. Keep track of all the essential information used to record and value your stamp collection, and have all this information in one handy place. With over 2000 entry spots no collection will be to big to begin with. Many collectors have chosen to digitalise their collection, however we believe there is nothing more personal than a handwritten collection. Eventually, your collection will have to be passed on, and there is nothing more sentimental than a hand written log of your collection. It is also excellent for when you're passing it on to your kids, or ready to sell, as far as value conditions & hidden rarities or intricate information regarding the collection. You wouldn't want all of years of collecting thrown away on a 7 day auction starting at .99 cents This logbook saves hours of studying & classifying & makes the collecting hobby much more enjoyable. Weather you are a serious collector; or just beginning, this book will make the process a much smoother one. Book Details: Inputs for 2000 individual stamps 8.5 x 11 inch - Adequate space for inputs High Quality, white paper perfect for all ink types Professional quality perfect bound cover Soft cover, matte finish Beautiful, unique cover design

The Black Ledger-D. G. Allen 2017-02-02 Chicago has been a war zone for the last 50 years. Gangs shoot up the streets, while corrupt politicians and predatory businesses get rich by stealing from the poor. In a place fraught with danger and fueled by poverty, a young white man named Ron Pickles discovers a resilient people with an indestructible spirit. But, there are sinister forces looking to create misfortune and reap profits at the expense of people that society cares little about. Ron soon learns that it isn't the ghetto he needs to fear, but the corrupt insurance agency that recruited him in the first place. Inspired by a true story, "The Black Ledger" is a multi-cultural/mystery crime thriller that will take you into the heart of Chicago's most dangerous neighborhoods and experience a life you couldn't imagine existed in the United States. "Highly recommended! This story takes us into a world most of us will never see and into a business that most of us never dreamed existed. He writes with such skill that you will laugh one minute, cry the next, and never even realize your jaw has dropped. His characters are believable and fascinating! I became engrossed in this book from start to finish. A unique and mesmerizing novel...don't miss it!" - Elizabeth Benney MA. DT. CIMI, Director LTP Center "This novel breaks the barriers of the thriller genre. I have never read something so unique as this world that D.G. Allen has created." - John Franklin, screenwriter: "Children of the Corn 666: Isaac's Return" Author: Prime Cuts (graphic novel)

The Founder's Dilemmas-Noam Wasserman 2013-04-01 Often downplayed in the excitement of starting up a new business venture is one of the most important decisions entrepreneurs will face: should they go it alone, or bring in cofounders, hires, and investors to help build the business? More than just financial rewards are at stake. Friendships and relationships can suffer. Bad decisions at the inception of a promising venture lay the foundations for its eventual ruin. The Founder's Dilemmas is the first book to examine the early decisions by entrepreneurs that can make or break a startup and its team. Drawing on a decade of research, Noam Wasserman reveals the common pitfalls founders face and how to avoid them. He looks at whether it is a good idea to cofound with friends or relatives, how and when to split the equity within the founding team, and how to recognize when a successful founder-CEO should exit or be fired. Wasserman explains how to anticipate, avoid, or recover from disastrous mistakes that can splinter a founding team, strip founders of control, and leave founders without a financial payoff for their hard work and innovative ideas. He highlights the need at each step to strike a careful balance between controlling the startup and attracting the best resources to grow it, and demonstrates why the easy short-term choice is often the most perilous in the long term. The Founder's Dilemmas draws on the inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, while mining quantitative data on almost ten thousand founders. People problems are the leading cause of failure in startups. This book offers solutions.

Coin Inventory Ledger-Manage Pub 2020-04-26 COIN INVENTORY LEDGER is created to keep track of your inventory and record coin purchases . About this log: Size 8.5 x 11 inches. 110 Black & white interior pages. High quality matte finish soft cover. Best gift for coin collectors.

Passages from the French Italian Note-Books of Nathaniel Hawthorne-Nathaniel Hawthorne 2015-11-27 This volume contains a collection of passages taken from Nathaniel Hawthorne's French and Italian note-books. These interesting and entertaining notes chronicle the authors various journeys through these countries and other parts of Europe, and will be of special interest to lovers of masterful travel writing. The chapters of this book include: "France", "Marseilles", "Hotel de Provence et des Ambassadeurs", "The Mediterranean Sea", "Rome", "To Florence", "Incisa", "Villa Montanto. Monte Beni", "France", "Avignon", "Geneva", etcetera. Nathaniel Hawthorne (1804 - 1864) was an American novelist and writer of short stories. Many vintage texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this book now, in an affordable, high-quality, modern edition. It comes complete with a specially commissioned biography of the author.

How To Win Friends And Influence People-Dale Carnegie 2014-01-28 With an enduring grasp of human nature, Dale Carnegie's How to Win Friends and Influence People teaches his readers how to handle people without letting them feel manipulated, how to make people feel important without inspiring resentment, how win people over to your point of view without causing offence, and how to make a friend out of just about anyone. Published in 1937, Carnegie's How to Win Friends and Influence People, was originally written as a companion book to his lectures on how to be a good salesperson. However, what began as a basic sales primer, quickly exploded into an overnight success, eventually selling more than 15 million copies worldwide, and pioneering an entire genre of self-help and personal success books. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library.

Mastering Bitcoin-Andreas M. Antonopoulos 2014-12-03 Want to join the technological revolution that's taking the world of finance by storm? Mastering Bitcoin is your guide through the seemingly complex world of bitcoin, providing the requisite knowledge to help you participate in the internet of money. Whether you're building the next killer app, investing in a startup, or simply curious about the technology, this practical book is essential reading. Bitcoin, the first successful decentralized digital currency, is still in its infancy and it's already spawned a multi-billion dollar global economy. This economy is open to anyone with the knowledge and passion to participate.

Mastering Bitcoin provides you with the knowledge you need (passion not included). This book includes: A broad introduction to bitcoin—ideal for non-technical users, investors, and business executives An explanation of the technical foundations of bitcoin and cryptographic currencies for developers, engineers, and software and systems architects Details of the bitcoin decentralized network, peer-to-peer architecture, transaction lifecycle, and security principles Offshoots of the bitcoin and blockchain inventions, including alternative chains, currencies, and applications User stories, analogies, examples, and code snippets illustrating key technical concepts Importing Into the United States-United States Customs Service 2002-06 This publication provides an overview of the importing process and contains general information about import requirements. This edition contains much new and revised material brought about because of changes in the law, particularly the Customs Modernization Act. The Customs modernization provisions has fundamentally altered the process by shifting to the importer the legal responsibility for declaring the value, classification, and rate of duty applicable to entered merchandise.Chapters cover entry of goods, informed compliance, invoices, assessment of duty, classification and value, marking, special requirements for alcoholic beverages, motor vehicles and boats, import quotas, fraud, and foreign trade zones.In addition to the material provided by the U. S. Customs Service, the private commercial publisher of this book has provided a bonus chapter on how to build a tax-free import-export business.

Whitman Guide to Coin Collecting-Whitman Publishing 2017-06-13 Explains how to get started in coin collecting, how to grade and price coins and how to care for your collection.

A Guide Book of the Official Red Book of United States Coins-Frank J. Colletti 2009-01 The most popular coin reference-- indeed, one of the best-selling nonfiction titles in American history-- is The guide book of United States coins. Collette has written a guide to the red book, providing behind-the-scenes stories, legends, and lore of more than 60 years of American numismatics.

The Hoarders-Scott Herring 2014-11-09 The verb “declutter” has not yet made it into the Oxford English Dictionary, but its ever-increasing usage suggests that it’s only a matter of time. Articles containing tips and tricks on how to get organized cover magazine pages and pop up in TV programs and commercials, while clutter professionals and specialists referred to as “clutterologists” are just a phone call away. Everywhere the sentiment is the same: clutter is bad. In The Hoarders, Scott Herring provides an in-depth examination of how modern hoarders came into being, from their onset in the late 1930s to the present day. He finds that both the idea of organization and the role of the clutterologist are deeply ingrained in our culture, and that there is a fine line between clutter and deviance in America. Herring introduces us to Jill, whose countertops are piled high with decaying food and whose cabinets are overrun with purchases, while the fly strips hanging from her ceiling are arguably more fly than strip. When Jill spots a decomposing pumpkin about to be jettisoned, she stops, seeing in the rotting, squalid vegetable a special treasure. “I’ve never seen one quite like this before,” she says, and looks to see if any seeds remain. It is from moments like these that Herring builds his questions: What counts as an acceptable material life—and who decides? Is hoarding some sort of inherent deviation of the mind, or a recent historical phenomenon grounded in changing material cultures? Herring opts for the latter, explaining that hoarders attract attention not because they are mentally ill but because they challenge normal modes of material relations. Piled high with detailed and, at times, disturbing descriptions of uncleanness, The Hoarders delivers a sweeping and fascinating history of hoarding that will cause us all to reconsider how we view these accumulators of clutter.

Assessing Genetic Risks-Institute of Medicine 1994-01-01 Raising hopes for disease treatment and prevention, but also the specter of discrimination and "designer genes," genetic testing is potentially one of the most socially explosive developments of our time. This book presents a current assessment of this rapidly evolving field, offering principles for actions and research and recommendations on key issues in genetic testing and screening. Advantages of early genetic knowledge are balanced with issues associated with such knowledge: availability of treatment, privacy and discrimination, personal decisionmaking, public health objectives, cost, and more. Among the important issues covered: Quality control in genetic testing. Appropriate roles for public agencies, private health practitioners, and laboratories. Value-neutral education and counseling for persons considering testing. Use of test results in insurance, employment, and other settings.

The Joy of Junk-Mary Randolph Carter 2018-04-16 "The Joy of Junk shows us how to live stylishly and creatively with the personally meaningful objects we love to collect for our homes"--Provided by publisher.

The Amazing Adventures of 4cents Ned-Benjamin Laskin 2017-01-11 Big worlds come in coin-sized packages. In a world ruled by money, a lone 1938 Jefferson nickel stands a penny short. Minus a cent, but having discovered within him a million bucks of fantastic, Ned Nickel sallies forth to save Coinworld from a worthless future. Shunned by his fellow coins, but sought after by dogged collectors, 4cents Ned learns that he has a most daunting destiny. With the help of a sagacious Indian nickel and a shabby and luckless Lincoln wheat penny, Ned becomes "The Four," champion of small change everywhere. Ned must navigate the ever-changing currents of commerce as he battles for justice and searches for the love of his life, a 1922 Peace Dollar named Franny. Beginning in 1949, Ned and his team of Raider Special Forces roll frolicking forward through the years in their attempt to save Coinworld-and perhaps the entire universe-from a valueless future. 4cents Ned is e pluribus awesome. The Amazing Adventures of 4cents Ned is Book One in the Coinworld

Accounting Principles-Roger H. Hermanson 2018-02-16 Accounting Principles: A Business Perspective uses annual reports of real companies to illustrate many of the accounting concepts in use in business today. Gaining an understanding of accounting terminology and concepts, however, is not enough to ensure your success. You also need to be able to find information on the Internet, analyze various business situations, work effectively as a member of a team, and communicate your ideas clearly. Accounting Principles: A Business Perspective will give you an understanding of how to use accounting information to analyze business performance and make business decisions. The text takes a business perspective. We use the annual reports of real companies to illustrate many of the accounting concepts. You are familiar with many of the companies we use, such as The Limited, The Home Depot, and Coca-Cola Company. Gaining an understanding of accounting terminology and concepts, however, is not enough to ensure your success. You also need to be able to find information on the Internet, analyze various business situations, work effectively as a member of a team, and communicate your ideas clearly. This text was developed to help you develop these skills.
