Corporate Finance-Stephen Ross 2009-10-09 Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been fully updated to reflect the recent financial crisis and is now accompanied by Connect, an exciting new homework management system.

Loose Leaf for Corporate Finance-Stephen M. Ross 2018-10-30 Corporate Finance, by Ross, Westerfield, Jaffe, and Jordan emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The Twelfth Edition includes many exciting new research findings as well as the incorporation of the Tax Cuts and Jobs Act (TCJA) throughout the text. Fundamentals of Corporate Finance-Stephen A. Ross 2013-07-09 The sixth edition of Fundamentals of Corporate Finance continues its tradition of excellence ensuring the focus remains on key principles. To accommodate courses which include coverage across a wider range of topics, the authors provide additional chapters about Leasing, Mergers and Acquisitions online. Fundamentals of Corporate Finance strives to present the material in a way that makes it coherent and easy to understand. Finance Prep Courses allow students to view a video to refresh topics, and then answer questions to test their understanding. This product gives lecturers more time in class to cover finance topics, and ensures that students do not get left behind. In addition to providing students with relevant, realistic problem-solving tools, Fundamentals of Corporate Finance has the benefit of the most current and relevant research in finance.

Solutions Manual to Accompany Corporate Finance-Ninian Smart 2003-06 Prepared by Susan White, University of Maryland Available to instructors and students alike, this comprehensive solutions manual provides step-by-step analysis of how to perform chapter exercises

Modern Financial Management-Stephen A. Ross 2007 Corporate Finance, by Ross, Westerfield, and Jaffe is a popular textbook that emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. Brad Jordan, known for his successful work on the RWJ Fundamentals and Essentials books, contributed to this edition. His influence will be seen particularly in the writing style with smoother coverage of topics, and the increased quality in the problem material.

Loose Leaf for Fundamentals of Corporate Finance-Richard A Brealey 2017-02-02 Fundamentals of Corporate Finance, by Brealey, Myers and Marcus, provides students with a solid framework of theory and application to use well after they complete the course. This author team is known for their outstanding research, teaching efforts, and world-renowned finance textbooks, so it's no surprise that they provide clear exposition of difficult material without sacrificing up-to-date, technically correct treatments. And with the Ninth Edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective.

Corporate Finance-Stephen A. Ross 2018-10-12 Corporate Finance, by Ross, Westerfield, Jaffe, and Jordan emphasises the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The twelfth edition includes many exciting new research findings, as well as the incorporation of the Tax Cuts and Jobs Act (TCJA) throughout the text.

Corporate Finance-Stephen A. Ross 2018 Fundamentals of Corporate Finance-Stephen A. Ross 2010 The best-selling Fundamentals of Corporate Finance (FCF) is written with one strongly held principle - that corporate finance should be developed and taught in terms of a few integrated, powerful ideas. As such, there are three basic themes that are the central focus of the book: an emphasis on intuition - underlying ideas are discussed in general terms and then by way of examples that illustrate in more concrete terms how a financial manager might proceed in a given situation; a unified valuation approach - net present value (NPV) is treated as the basic concept underlying corporate finance. Every subject covered is firmly rooted in valuation, and care is taken to explain how particular decisions have valuation effects; and, a managerial focus - the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The ninth edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. Every chapter has been updated to provide the most current examples that reflect corporate finance in today's world. The supplements package has been updated and improved, and with the new Excel Master online tool, student and instructor support has never been stronger. The Alternate Edition includes 6 more chapters than the Standard Edition.

Loose Leaf for Fundamentals of Corporate Finance-Stephen M. Ross 2018-03-15 The best-selling Fundamentals of Corporate Finance (FCF) has three basic themes that are the central focus of the book: 1) An emphasis on intuition—the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach—net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus—the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The Twelfth Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. McGraw-Hill's adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect help students solve financial problems and apply what they've learned. Ross Fundamentals' intuitive approach, managerial focus, and strong end-of-chapter content combine with a complete digital solution to help your students achieve higher outcomes in the course.

Essentials of Investments-Zvi Bodie 2010 The market leading undergraduate investments textbook, Essentials of Investments, 8e by Bodie, Kane and Marcus, emphasizes asset allocation while presenting the practical applications of investment theory. The authors have eliminated unnecessary mathematical detail and concentrate on the intuition and insights that will be useful to practitioners throughout their careers as new ideas and challenges emerge from the financial marketplace. The eighth edition has been fully updated to reflect the recent financial crisis and includes a new chapter on Hedge Funds.

Solutions Manual-Richard A. Brealey 2003-04 Prepared by Bruce Swensen of Adelphi University, this resource contains solutions to the end-of-chapter problems for easy reference.

M-CORNETT 2018-01-03 M: Finance incorporates the newest technology to facilitate the learning process, saving valuable time for you and your students. Cornett M's unmatched pedagogy and additional resources within Connect help students solve financial problems, understand the relevance, and apply what they've learned. The text's succinct coverage, magazine-like design, and personal examples combine with a complete digital solution to help your students achieve higher outcomes in the course.

Principles of Corporate Finance + S&P Market Insight-Richard Brealey 2010-02-05 Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers. The Tenth Edition has been rewritten, refreshed, and fully updated to reflect the recent financial crisis and is now accompanied by Connect Finance, an exciting new homework management system.

GEN CMB LL ESS CORP FINC; CNCT-Stephen A. Ross 2015-05-13 Essentials of Corporate Finance by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the “why” is just as important, if not more so, than understanding the “how,” especially in an introductory course.

The Guide to Understanding Financial Statements-S. Costales 1993-10 There's no mystery to understanding company financial statements Even if you have no financial or accounting background, you can read those intimidating-looking financial statements as easily as A-B-C. The second edition of The Guide to Understanding Financial Statements, by S.B. Costales and Geza Szurovy, makes all the numbers and jargon absolutely clear. In seconds you'll spot a company's strengths and weaknesses, see how its performance measures up, and have a solid basis for judging future prospects. The material is so easy to grasp, you'll know it all on first reading, Discover: what a balance sheet really reveals; the true significance of a profit and loss statement; what the six most important financial ratios are, and what each can tell you; how to tell when the numbers are favorable or not; how to spot fraud; how to discover whether the stated value of certain asests is true; much more.

Ready Notes for Use with Fundamentals of Corporate Finance-Stephen A. Ross 2002-05-01

Human Resources Management for Public and Nonprofit Organizations-Joan E. Pynes 2004-07-29

Principles of Corporate Finance, Concise-Bank Management and Financial Services-Peter S. Rose 2008 The banking industry affects the welfare of every other industry and the economy. Banks are the leaders of the financial-services industry as a whole, however, financial-service competitors are now challenging them more than ever before. Bank Management and Financial Services is designed to help students master established management principles and to confront the perplexing issues of risk, regulation, technology, and competition that bankers and other financial-service managers see as their greatest challenges for the future.

Fundamentals of Corporate Finance Alternate edition-Stephen Ross 2012-10-02

Loose Leaf Fundamentals of Corporate Finance-Richard A. Brealey 2019-03-11 Brealey, Fundamentals of Corporate Finance, 10e, is an introduction to corporate finance and focuses on how companies invest in real assets, how they raise the money to pay for the investments, and how those assets ultimately affect the value of the firm. It also provides a broad overview of the financial landscape. The book offers a framework for systematically thinking about most of the important financial problems that both firms and individuals are likely to confront. Fundamentals is organized around the key concepts of modern finance. These concepts, properly explained, simplify the subject. They are also practical. The tools of financial management are easier to grasp and use effectively when presented in a consistent conceptual framework. This text provides that framework.

Case Problems in Finance-W. Carl Kester 2005 Case Problems in Finance is a Harvard case course presenting real business situations that pose debatable alternative courses of action. The cases contain problems that can be narrowed but not always settled by the usual techniques of financial analysis. It will teach students to discover ways of thinking that are productive in handling different types of managerial problems intelligently. The cases are grouped by major topics: financial analysis and forecasting, cost of capital, working capital management, capital budgeting, dividend policy, debt policy, financial execution, and mergers and restructuring.

Investments-Mark Hirschey 2008 This book provides students with knowledge of investment analytical tools and an understanding of the forces that drive the industry. Including Market efficiency and investor behavior, market anomalies and financial statement analysis.

Financial Markets and Corporate Strategy-David Hillier 2011-10 The second European edition of Financial Markets and Corporate Strategy provides comprehensive coverage of financial markets and corporate finance, brought to life by real world examples, cases and insights. Placed in a truly international context, this new and updated edition takes an academic and practical view-point to guide students through the challenges of studying and practicing finance. Aimed specifically at an international audience, this edition boasts hundreds of references to new and relevant non-US research papers from top finance journals. Whilst retaining the well respected structure of the successful US text, Professor David Hillier has also made a number of additions which include: Fully updated research, data and examples in every chapter. Coverage of the global financial crisis, the impact it made on the financial markets and the lessons being learnt by the finance industry. A stronger emphasis on corporate governance and agency theory. Updates on accounting standards, bankruptcy laws, tax rules and tax systems.

Principles of Risk Management and Insurance-George E. Rejda 2011 For undergraduate courses in Risk Management and Insurance. This title is a Pearson Global Edition. The Editorial team at Pearson has worked closely with educators around the world to include content which is especially relevant to students outside the United States Complete and current coverage of major risk management and insurance topics. Principles of Risk Management and Insurance is the market-leading text for this course, ideal for undergraduate courses and students from a mix of academic majors. Focusing primarily on the consumers of insurance, this text blends basic risk management and insurance principles with consumer considerations. This edition addresses the unprecedented events that have occurred in today's economy, highlighting the destructive presence of risk to students.
