Corporate Governance-Bob Tricker 2019 The most authoritative, complete, and critical guide to corporate governance.
Corporate Governance-A. C. Fernando 2009
Corporate Governance-R. I. (Bob) Tricker 2015 Written by the 'father of corporate governance', this text is an authoritative guide to the frameworks of power that govern organizations. The third edition covers key developments since the financial crisis, including aggressive tax avoidance, executive pay, and whistle-blowing. The book is divided into three clear parts that firstly outline the models and principles of governance, before analyzing corporate policy, codes, and practice. International case studies provide real-world examples and a chapter dedicated to global corporate governance illustrates regulation in such diverse regions as Brazil, Russia, the Middle East, and North Africa. This comparative perspective ensures students are able to evaluate the importance of culture in various attitudes to governance. In addition, self-test questions, with solutions provided at the end of the text, enable the reader to directly test their knowledge and assess their progress throughout. This complete approach ensures students have a fundamental understanding of all aspects of corporate governance and its essential role in real-world business practice. The textbook is accompanied by an Online Resource Centre, which includes: For students - Use the author blog to gain insight into current events in the world of business, economics and finance. The blog is updated by OUP authors and subject experts Bob Tricker and Christine Mallin. - Take your learning further with relevant web links to reliable online content related to each chapter. - Get the most from the case studies in the book by using our additional case study resources to support your online research. For registered lecturers - Additional case studies of varying lengths can be used in class to generate discussion and debate. - Teaching notes support both the case studies and the projects from the book. - PowerPoint slides can be used as a basis for lecture presentations or as hand-outs in class. - Suggested group exercises enable students to put their teamwork skills into practice.
Corporate Governance-Bob Tricker 2012-03-29 Corporate governance around the world continues to develop rapidly and this new edition has been extensively rewritten to reflect these changes. The global financial crisis has led to a whole host of changes in corporate governance requirements, which are analysed by Bob Tricker.
Corporate Governance: Principles, Policies and Practices: Principles, Polices and Practices-A. C. Fernando The second edition of A. C. Fernando's bestselling Corporate Governance: Principles, Policies and Practices sheds light on recent corporate problems using a flexible modular format, through a detailed explanation of the corporate governance mechanism and the various incentives within today's governance system, while offering potential solutions in context. With an emphasis on connecting corporate governance to practical management, the book provides cutting-edge material comprising new and unique study tools and fresh, thought-provoking content.
Corporate Governance-Robert Ian Tricker 2019
Exam Prep for: Corporate Governance; Principles, Policies ...-
Corporate Governance-Jenson Wells 2017-06-30 The book studies, analyses and upholds the pillars of corporate governance and its utmost significance in modern times. It explains in detail the concepts and procedures that have been established in this field. Corporate governance is the application of different processes, relations and mechanisms that are used to control and direct business firms. It includes monitoring and checking the various policies, decisions and practices of firms and corporations. This book is a valuable compilation of chapters, ranging from the basic to the most complex theories and principles in the field of corporate governance. Most of the topics introduced in this text cover new techniques and the applications of corporate governance. The textbook is appropriate for those seeking detailed information in this area.
Corporate Governance-Edmund Klein 2016-05-01 Corporate governance is the system that directs and controls the firms operations of its business model and strategy. Furthermore, corporate governance also includes the relationship among the stakeholders of a company, such as the board of directors, supervisory board, shareholders, financial providers, customers, suppliers, etc. It is evident that corporate governance requires professionalism of the companys applied systems, processes, policies, decisions and operational activities. This book discusses the principles, practices and challenges of corporate governance in several different settings.
G20/OECD Principles of Corporate Governance-OECD 2015-11-30 Since they were issued in 1999, the OECD Principles of Corporate Governance have gained worldwide recognition as an international benchmark for good corporate governance.
The Essential Book of Corporate Governance-G. N. Bajpai 2016-10-31 This book helps organizations to maximize wealth creation, build enduring relationships with stakeholders and be a net contributor to the economies of operated geographies. Based on extensive research, CXO interviews and case studies, the book assists companies to develop their own governance best practices.
Handbook on International Corporate Governance-Chris A. Mallin 2006-01-01 This major Handbook provides a comprehensive analysis of the development of corporate governance across a range of countries including Australia, Germany, India, Italy, Japan, Poland, Russia, South Africa, Spain, Turkey and the UK. Whilst the stage in the corporate governance life cycle may vary from country to country, there are certain core features which emerge such as the importance of transparency, disclosure, accountability of directors and protection of minority shareholders rights. With contributions by leading academics and practitioners in the field of corporate governance, the Handbook on International Corporate Governance provides an eloquent insight into the evolution of corporate governance in countries with diverse cultural, economic and legal systems.
Corporate Governance-Christine Mallin 2018-12-06 Written by leading subject expert Christine Mallin, Corporate Governance combines clear, accessible discussion of theory with a wealth of contemporary, global examples to introduce students to both the essential principles of the subject and how they apply in practice. In addition, broad coverage of international attitudes and approaches to governance allow students to develop a wider understanding of business issues in an increasingly globalized world. The complexities of socially responsible investment in Myanmar, L'Oreal's celebrated sustainability programme, and the leadership problems at South Korea's Samsung are just some of the new and updated case studies for the sixth edition, ensuring examples are not just relevant but topical too. In addition, Financial Times articles reporting on issues and events as diverse as the gender pay gap, shareholder rebellions, and legal action on climate change accompany chapters, providing further real-life examples of theory in practice. This book is accompanied by a range of online resources: For students: Fill-in-the-blank questions Flashcard glossary Corporate Governance Blog Web links For registered adopters: PowerPoint slides Additional case studies
Progressive Corporate Governance for the 21st Century-Lorraine Talbot 2013-06-03 Progressive Corporate Governance for the 21st Century is a wide ranging and ambitious study of why corporate governance is the shape that it is, and how it can be better. The book sets out the emergence of shareholder primacy orientated corporate governance using a study of historical developments in the United Kingdom and the United States. Talbot sees shareholder primacy as a political choice made by governments, not a 'natural' feature of the inevitable market. She describes the periods of progressive corporate governance which governments promoted in the middle of the 20th century using a close examination of the theories of the company which then prevailed. She critically examines the rise of neoliberal theories on the company and corporate governance and argues that they have had a negative and regressive impact on social and economic development. In examining contemporary corporate governance she shows how regulatory styles as informed and described by prevailing regulatory theories, enables neoliberal outcomes. She illustrates how United Kingdom-derived corporate governance codes have informed the corporate governance initiatives of European and global institutions. From this she argues that neoliberalism has re-entered ex command transition economies through those United Kingdom and OECD inspired corporate governance Codes over a decade after the earlier failed and destructive neoliberal prescriptions for transition had been rejected. Throughout, Talbot argues that shareholder primacy has socially regressive outcomes and firmly takes a stand against current initiatives to enhance shareholder voting in such issues as director remuneration. The book concludes with a series of proposals to recalibrate the power between those involved in company activity: shareholders, directors and employees so that the public company can begin to work for the public and not shareholders.
Principles of Contemporary Corporate Governance-Jean Jacques Du Plessis 2014-11-21 Principles of Contemporary Corporate Governance is an indispensable resource for academic researchers, practitioners and students studying corporate governance.
Corporate Governance-Robert Ian Tricker 1984

Corporate Governance Failures-James P. Hawley 2011-04-15 Corporate governance, the internal policies and leadership that guide the actions of corporations, played a major part in the recent global financial crisis. While much blame has been targeted at compensation arrangements that rewarded extreme risk-taking but did not punish failure, the performance of large, supposedly sophisticated institutional investors in this crisis has gone for the most part unexamined. Shareholding organizations, such as pension funds and mutual funds, hold considerable sway over the financial industry from Wall Street to the City of London. Corporate Governance Failures: The Role of Institutional Investors in the Global Financial Crisis exposes the misdeeds and lapses of these institutional investors leading up to the recent economic meltdown. In this collection of original essays, edited by pioneers in the field of fiduciary capitalism, top legal and financial practitioners and researchers discuss detrimental actions and inaction of institutional investors. Corporate Governance Failures reveals how these organizations exposed themselves and their clientele to extremely complex financial instruments, such as credit default swaps, through investments in hedge and private equity funds as well as more traditional equity investments in large financial institutions. The book's contributors critique fund executives for tolerating the "pursuit of alpha" culture that led managers to pursue risky financial strategies in hopes of outperforming the market. The volume also points out how and why institutional investors failed to effectively monitor such volatile investments, ignoring relatively well-established corporate governance principles and best practices. Along with detailed investigations of institutional investor missteps, Corporate Governance Failures offers nuanced and realistic proposals to mitigate future financial pitfalls. This volume provides fresh perspectives on ways institutional investors can best act as gatekeepers and promote responsible investment.
Corporate Governance Matters-David Larcker 2011-04-14 Corporate Governance Matters gives corporate board members, officers, directors, and other stakeholders the full spectrum of knowledge they need to implement and sustain superior governance. Authored by two leading experts, this comprehensive reference thoroughly addresses every component of governance. The authors carefully synthesize current academic and professional research, summarizing what is known, what is unknown, and where the evidence remains inconclusive. Along the way, they illuminate many key topics overlooked in previous books on the subject. Coverage includes: International corporate governance. Compensation, equity ownership, incentives, and the labor market for CEOs. Optimal board structure, tradeoffs, and consequences. Governance, organizational strategy, business models, and risk management. Succession planning. Financial reporting and external audit. The market for corporate control. Roles of institutional and activist shareholders. Governance ratings. The authors offer models and frameworks demonstrating how the components of governance fit together, with concrete examples illustrating key points. Throughout, their balanced approach is focused strictly on two goals: to "get the story straight, " and to provide useful tools for making better, more informed decisions.

Business Ethics And Corporate Governance-Fernando A.C. 2010-09
Principles of Contemporary Corporate Governance-Jean Jacques Du Plessis 2018-02-02 Offers comprehensive coverage of the key topics and emerging themes in private sector corporate governance.
Good Governance for Nonprofits-Fredric L. Laughlin 2007 Now even with limited resources, nonprofit leaders will learn how to: eliminate redundant or outdated policies; add new policies more effectively; clearly guide the CEO and evaluate his or her performance; ensure compliance with relevant legislation and regulations; understand why certain policies should be included; and adapt the authors' templates to their specific needs.
The Handbook of Board Governance-Richard Leblanc 2016-05-16 Build a more effective board with insight from the forefront of corporate governance The Handbook of Board Governance provides comprehensive, expert-led coverage of all aspects of corporate governance for public, nonprofit, and private boards. Written by collaboration among subject matter experts, this book combines academic rigor and practitioner experience to provide thorough guidance and deep insight. From diversity, effectiveness, and responsibilities, to compensation, succession planning, and financial literacy, the topics are at once broad-ranging and highly relevant to current and aspiring directors. The coverage applies to governance at public companies, private and small or medium companies, state-owned enterprises, family owned organizations, and more, to ensure complete and clear guidance on a diverse range of issues. An all-star contributor list including Ram Charan, Bob Monks, Nell Minow, and Mark Nadler, among others, gives you the insight of thought leaders in the areas relevant to your organization. A well-functioning board is essential to an organization's achievement. Whether the goal is furthering a mission or dominating a market, the board's composition, strategy, and practices are a determining factor in the organization's ultimate success. This guide provides the information essential to building a board that works. Delve into the board's strategic role in value creation Gain useful insight into compensation, risk, accountability, legal obligations Understand the many competencies required of an effective director Get up to speed on blind spots, trendspotting, and social media in the board room The board is responsible for a vast and varied collection of duties, but the singular mission is to push the organization forward. Poor organization, one-sided composition, inefficient practices, and ineffective oversight detract from that mission, but all can be avoided. The Handbook of Board Governance provides practical guidance and expert insight relevant to board members across the spectrum.
Principles of Contemporary Corporate Governance-Jean Jacques Du Plessis 2014-11-21 Principles of Contemporary Corporate Governance is an indispensable resource for academic researchers, practitioners and students studying corporate governance.
Corporate Governance-H. Kent Baker 2010-08-20 A detailed look at the importance of corporate governance in today's business world The importance of corporate governance became dramatically clear at the beginning of the twenty-first century as a series of corporate meltdowns from managerial fraud, misconduct, and negligence caused a massive loss of shareholder wealth. As part of the Robert W. Kolb Series in Finance, this book provides a comprehensive view of the shareholder-manager relationship and examines the current state of governance mechanisms in mitigating the principal-agent conflict. This book also offers informed suggestions and predictions about the future direction of corporate governance. Relies on recent research findings to provide guidance through the maze of theories and concepts Uses a structured approach to put corporate governance in perspective Addresses essential issues related to corporate governance including the idea of principal-agent conflict, role of the board of directors, executive compensation, corporate monitoring, proxy contests and corporate takeovers, and regulatory intervention Corporate Governance is an essential part of mainstream finance. If you need to gain a better understanding of this topic, look no further than this book.

Global Modern Corporate Governance Principles and Models After World Economic Crisis-Dinh Tran Ngoc Huy MBA 2019-12-09 Several financial crises passed, in 1997-1999 and 2007-2009, left lessons for worldwide management control, accounting practice and internal system problems for corporations both in Viet Nam and in the world. It is one of the reasons for this book's presence. The book cover the subject of corporate governance in theories and practices in regions: Asia Pacific, Europe, Africa and America, after recent time of crisis and corporate scandals over the world, including Viet Nam, which affect our economy, society, work and life balance. The recent trend is shown in its title for part one: Theories and Practices on Corporate Governance Issues and Standards after Financial Crisis. Our own comparative analysis and research is shown in part two and part three of this book. In this edition, the book has some updated information in: adding a new implementation form for corporate governance, as well as proposed new case questions for academic purpose. Welcome any ideas from readers.
A Primer on Corporate Governance-Cornelis A. de Kluyver 2009-01-01 This book is a primer on corporate governance for executives. It is designed to guide you to become an effective participant by discussing corporate governance from both a macro- and micro-perspective. Historical data and examples including the recent scandals that have torn the fabric of capitalism pave a pathway to the principal challenges facing today's boards, and how to successfully manage them. This book is your guide; using well-known examples throughout history to illustrate the key points you need to succeed. It is not a bashing of corporate Americas.
Cases in Corporate Governance-Robert Wearing 2005-05-24 With in-depth analysis of nine different cases, several of which have influenced the codes and regulations of corporate behaviour in the UK and America, this book explores the relationship between governance practice and theory.
Corporate Governance and Strategic Decision Making-Lawrence Emeagwali 2017-09-20 This edited volume aims to intimate and orient readers on the current state of corporate governance and strategic decision making a decade after the global financial crises. In particular, it sheds more light on the current state of affairs of corporate governance mechanisms, codes, and their enforcement as well as novel issues arising. The ten constituent chapters contained herein are authored by seasoned academics with research interests in the areas of corporate governance, strategic management, and sustainable management practices. It provides up-to-date theoretical and empirical evidence of such corporate governance issues as corporate governance codes, corporate fraud, quality of earnings, strategic decision making, corporate social responsibility, sustainable management, and sustainable growth strategies. Irrespective of the diverse nature and span of the topics included, this edited volume is divided into three sections and structured to read as a unit.

The Oxford Handbook of Corporate Law and Governance-Jeffrey N. Gordon 2018-04-26 Corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now, and are subject to increasing public attention following the Global Financial Crisis of 2008. The Oxford Handbook of Corporate Law and Governance provides the global framework necessary to understand the aims and methods of legal research in this field. Written by leading scholars from around the world, the Handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance. It opens with the central theoretical approaches and methodologies in corporate law scholarship in Part I, before examining core substantive topics in corporate law, including shareholder rights, takeovers and restructuring, and minority rights in Part II. Part III focuses on new challenges in the field, including conflicts between Western and Asian corporate governance environments, the rise of foreign ownership, and emerging markets. Enforcement issues are covered in Part IV, and Part V takes a broader approach, examining those areas of law and finance that are interwoven with corporate governance, including insolvency, taxation, and securities law as well as financial regulation. The Handbook is a comprehensive, interdisciplinary resource placing corporate law and governance in its wider context, and is essential reading for scholars, practitioners, and policymakers in the field.
Corporate Management, Governance, and Ethics Best Practices-S. Rao Vallabhaneni 2008-05-02 All the best practices a manager and an executive need-in a one-stop, comprehensive reference Praise for Corporate Management, Governance, and Ethics Best Practices "If you want a comprehensive compendium of best practices in corporate governance, risk management, ethical values, quality, process management, credible financial reporting, and related issues like the SOX Act all in one place spanning both breadth and depth, Vallabhaneni's book is the source of insightful thoughts as a reference manual. A must-read and a should-own for all institutions and libraries around the globe: I am pleased I read it and use it in my classes." -Professor Bala V. Balachandran, Kellogg School of Management, Northwestern University "Mr. Vallabhaneni has an excellent grasp of corporate governance principles. In particular, he shows how these principles can mitigate a broad range of corporate risks." -Steven M. Bragg, author of Accounting Best Practices and Inventory Best Practices "Professor Vallabhaneni provides an excellent analysis of the corporate governance landscape. His discussion and categorization of risks confronting an organization will be very helpful to boards of directors." -Frederick D. Lipman, President of the Association of Audit Committee Members, Inc. and Partner, Blank Rome LLP Representing a single and collective voice for the entire business management profession, Corporate Management, Governance, and Ethics Best Practices provides a cohesive framework for organization-wide implementation of the best practices used by today's leading companies and is an authoritative source on best practices covering all functions of a business corporation, including governance and ethics.
Corporate Governance in MENA Building a Framework for Competitiveness and Growth-OECD 2019-04-15 A strong corporate governance framework is essential for MENA economies as they strive to boost economic growth, strengthen competitiveness and build prosperous societies. The G20/OECD Principles of Corporate Governance and the OECD Guidelines on Corporate Governance of State-Owned Enterprises are a reference in order to build such a framework.

Corporate Governance in Tanzania-Peter C. Mhando 2019-04-30 Increasingly the importance of corporate governance for economic development in developing economies like Tanzania is indisputable. This book explores the effectiveness of corporate governance in Tanzania and asks how it can be further developed and improved so as to make a difference in the contribution of state-owned enterprises to the economy. The book tries as fairly as possible to probe further into effective corporate governance, using cases of public entities, highlighting shortfalls in their governance and the consequent multiplier effects on socio-economic life. On the other hand, the book also aims to present examples of good governance in multi-layered ways, to show that there is room for creativity and innovation in applying principles of good corporate governance. Recognising that context is crucial, the book starts by assessing Tanzania's socio-historical and economic context, and gauging various applicable metrics. Using historical and theoretical lenses, including the ethics-accountability relationship, the author aims to improve our understanding of corporate failures and consequent waste in Tanzania. Explaining failures in governance is far from straightforward, as by definition they operate beyond rules and regulations, systems and processes, yet the author draws from decades of local experience and expertise in order to assess the real situation on the ground. The Tanzania case will be of considerable interest to researchers looking at questions of corporate governance and economic development both within the country itself, and across Africa.
Intellectual Property, Finance and Corporate Governance-Janice Denocourt 2018-04-13 IP law has evolved from being a little pool to a big ocean. Corporate governance needs to respond to society's rising expectations of directors and boards as the impact of the global intellectual property ecosystem is felt. How can a responsible corporate culture of IP transparency be stimulated to create a rosy future to connect corporate communication with the desires of shareholders, investors and other stakeholders? The astonishing lack of material quantitative and qualitative information companies report about their IP assets makes it difficult for shareholders and other stakeholders to assess directors' stewardship of those assets - a pressing corporate governance issue in the 21st century. This book advances IP reporting in alignment with the key corporate governance principles of transparency and disclosure. It analyses the juncture between the IP ecosystem; corporate finance and accounting for intangibles; and corporate governance. Patents, mini-case studies and an original business triage style model for assessing IP disclosures are used to illustrate the gaps corporate governance theory needs to address. Focussing on the common law tradition of corporate governance in England and Wales, intangibles and IP reporting developments in other jurisdictions are also explored.

Corporate Governance-John Farrar 2005 Previous ed.: published as Corporate governance in Australia and New Zealand, 2001
Corporate Governance-Catherine Turner 2009-07-02 This book will provide a user-friendly guide to current and emerging issues in corporate governance, especially for accountants and directors. The book explains terminology used in a jargon free way, and sets out to give you a practical guide to establishing a robust, yet workable governance framework for your enterprise. The book also guides you through the process of dealing with the particular issues relating to listed companies, and to those with exposures in other countries which may bring other jurisdictions? governance requirements to bear. The book is intended to appeal to accountants who are not professionals in corporate governance matters. It therefore aims to give them a user-friendly manual/guide to the issues of which they need to be aware. A quick reference guide. In addition the book provides a valuable update on the evolution of the concept of governance, and where the international trends appear to be going. The author is a financial services and regulatory consultant. She is also Manager, Corporate Governance for an international life company, and also an examiner and moderator who lectures and writes extensively on a wide range of compliance and financial services matters. The book is organised into the following sections. Section 1: what is corporate governance? How has it evolved, and what are the emerging trends? Section 2: a practical guide to establishing and implementing a robust governance framework * covers the concept of Corporate Governance from the point of view of accountants and directors and what these groups need to be aware of * explains the sensible steps that should be taken to document and provide evidence of their compliance with the various legislation in place * provides accountants with a practical, user-friendly manual to the governance issues which they need to be aware of.
Corporate Governance in Lithuania-OECD 2018-07-26 This review assesses Lithuania's corporate governance arrangements for listed companies and state-owned enterprises against the standards of the G20/OECD Principles of Corporate Governance and the OECD Guidelines on Corporate Governance of State-Owned Enterprises.
Corporate Governance: Principles and Practices-Sandeep Goel 2019-11-18 This book on Corporate Governance attempts an in-depth coverage of all possible dimensions of corporate governance, particularly from the perspectives of the corporate board and stakeholders - the two pillars of corporate governance. It also covers the inter-related aspects of different functional areas of management from the financial perspective; along with allied areas of Business Ethics and Corporate Social Responsibility (CSR). Further, this book highlights the concepts and practices of corporate governance from an Indian business environment viewpoint; but with an international focus. Salient Features: Each chapter begins with a running case study to introduce the topic better. Updated coverage on important topics such as Corporate Governance of Board, Architecture and Diversity, Corporate Goal Maximization, Stewardship, Business Ethics and CSR. Includes latest and regulatory aspects of Corporate Governance
Handbook on International Corporate Governance-Chris A. Mallin 2011-01-01 Throughout the world there is conflict between the desire to reap wealth from strong corporate functioning and the imperative of preserving the integrity of the sovereign state. Christine Mallin has assembled a collection of delightful essays describing the current circumstances of corporate governance in a variety of different countries. The volume reads like a story, fascinating, accessible and informative. The book can be read for information in each article or as a totality giving insight into the critical balancing of interests required in particular countries. Anyone buying this book - and you should - will have a fine experience. - Robert Monks, Lens Governance Advisors, US The second edition of this major Handbook provides a thoroughly revised and extensive analysis of the development of corporate governance across a broad range of countries including Australia, China, Germany, India, Italy, Japan, Poland, Russia, South Africa, Spain, Turkey and the UK. Additional coverage in this second edition includes Brazil, Hungary, Malaysia, and Norway. The Handbook reveals that whilst the stage in the corporate governance life cycle may vary from country to country, there are certain core features that emerge such as the importance of transparency, disclosure, accountability of directors and protection of minority shareholders' rights. With contributions by leading academics and practitioners in the field of corporate governance, this important Handbook provides a comprehensive insight into the evolution of corporate governance in countries with diverse cultural, economic and legal systems.
Architecting for Scale-Lee Atchison 2016-07-11 Every day, companies struggle to scale critical applications. As traffic volume and data demands increase, these applications become more complicated and brittle, exposing risks and compromising availability. This practical guide shows IT, devops, and system reliability managers how to prevent an application from becoming slow, inconsistent, or downright unavailable as it grows. Scaling isn't just about handling more users; it's also about managing risk and ensuring availability. Author Lee Atchison provides basic techniques for building applications that can handle huge quantities of traffic, data, and demand without affecting the quality your customers expect. In five parts, this book explores: Availability: learn techniques for building highly available applications, and for tracking and improving availability going forward Risk management: identify, mitigate, and manage risks in your application, test your recovery/disaster plans, and build out systems that contain fewer risks Services and microservices: understand the value of services for building complicated applications that need to operate at higher scale Scaling applications: assign services to specific teams, label the criticalness of each service, and devise failure scenarios and recovery plans Cloud services: understand the structure of cloud-based services, resource allocation, and service distribution
CORPORATE GOVERNANCE-KESHO PRASAD 2014-01-01 Due to increased globalization of trade, the business environment in most countries has become very competitive. Businesses have to work hard to find new customers and retain old ones. This has made good corporate governance indispensable to those who want to survive and flourish. This revised text, now in its Third Edition, continues to discuss the contemporary issues of corporate governance in the wake of changing business ambience. It provides the students and professionals with an understanding of techniques and methods that can be used in practice for introducing effective governance in companies. The Third Edition incorporates the updated revised SEBI rules and the powers given to it by the Government Ordinance in Chapter 12 (Highlights of SEBI's Achievements) and Chapter 13 (Special Features of the Companies Amendment Bill, 2012). Besides, a new chapter on Corporate Social Responsibility (CSR) has been included as Chapter 10 which is an important aspect of corporate gover-nance. Case studies on CSR have been discussed which highlight the practice in organizations for treating CSR as a philosophy of the top management. Audience It is a valuable textbook for the students pursuing MBA, PGDM or MSW courses who are offered corporate governance as the select topic. Besides, practitioners will also find the book useful while reading the text along with the updated legal provisions and this will enable them to take a consolidated view on their decisions on corporate governance related issues. Key Features • Many relevant and interesting case studies have been included in the chapters. • All the chapters have been enriched with conclusion and summary to have a quick recap of the topic. • Review questions have been added at the end of the each chapter which are designed to test the grasping of the subject knowledge by the students. • Text and cases on CSR, which is a mandatory activity under the Companies Amendment Bill, 2012 has been incorporated. • The revised text includes highlights of SEBI's initiatives and the revision in its rules, and suggestions for changes in SEBI's functioning.
