Free Refill-Mark Atteberry 2007 If you feel empty and your faith has run dry, don't panic ... you're not alone. Some of the greatest heroes of the Bible had the same experience. They saw their faith dwindle to almost nothing. They found themselves questionaing beliefs that once seemed unshakable. The great news is that God gives free refills. The same Jesus who spoke with the sinful woman at the well, restored by walking on the water, calmed his disciples' fears during a storm, demonstrated love by washing dirty feet, and forgave one caught in adultery is ready to meet you today. And when you bring your cup nack to him, he's more than able to tip it off.

Getting the message through: A Branch History of the U.S. Army Signal Corps-Rebecca Robbins Raines 1996 Getting the Message Through, the companion volume to Rebecca Robbins Raines' Signal Corps, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM. Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps--once considered by some Army officers to be of little or no military value--and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of the branch.

American Sniper-Chris Kyle 2012-01-03 The #1 New York Times bestselling memoir of U.S. Navy SEAL Chris Kyle, and the source for Clint Eastwood's blockbuster movie which was nominated for six academy awards, including best picture. From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

School of the Prophets-Kris Vallotton 2014-12-30 The Essential Guide for Prophets Mining from years on the frontlines of prophetic ministry, and overseeing the internationally renowned Bethel School of Supernatural Ministry, bestselling author Kris Vallotton takes you deep into the heart of one of the most crucial, compelling and controversial topics today: the office of prophet. In this definitive guide, Kris offers often-neglected foundational teaching and provides critical advanced training, including how to · discern your calling and grow in your gift · define your divinely appointed sphere of influence and depth of authority · recognize the six different types of prophets--and how to deal with false ones · navigate potential relational difficulties as you step into your gifting · understand the complex ways God communicates · prepare for the common, but dangerous, spiritual attacks prophets face Vallotton offers a balanced view of not only what modern-day prophets are, but also what they are not. You will come away empowered and equipped with the knowledge and skills needed for this beautiful, vital, supernatural

ministry. "The New Testament of Jesus Christ is a message of faith, hope and love. It is called the Good News. My friend and colleague Kris Vallotton is one of the best in the prophetic community to help shape, teach and model these 'Good News Prophets.' Thanks for honoring my generation's pioneering work and picking up the baton and carrying it forth!"--Dr. James Goll, founder, Encounters Network, Prayer Storm and GET eSchool "My friend Kris Vallotton has masterfully crafted this treatise, School of the Prophets, on the dynamics and framework of building a prophetic community in the 21st century. His life experience and seasoning in Christ have afforded the Spirit the opportunity to make him an influencer of influencers and a prophetic voice to the nations with a global footprint."--Mark J. Chironna, M.A., Ph.D.; Mark Chironna Ministries; Church on the Living Edge, Orlando, Florida "I love this book! As a person passionate to see the most desired gift in the New Testament (1 Corinthians 14:1) flourish all over the world, I would recommend this book wholesale. It clearly and biblically describes how to function in the New Testament gift of prophecy and articulates various kinds of biblical prophets. If one heeds its principles, it will give greater understanding and produce higher levels of maturity in prophetic ministry."--Stacey Campbell, founder, Canadian Prophetic Council; author, Ecstatic Prophecy "This is a must-read for all ministries. As an apostolic ministry, we recognize the gifts and callings that God has placed on the lives of those we pastor. Reading School of the Prophets has given us greater insight and understanding of how to help develop and prepare others to walk in their divine assignment. Kris Vallotton brings much clarity in what it means to be called in the office of a prophet and eliminates the fear of giving and receiving the prophetic."--Tony and Cynthia Brazelton, founders and pastors, Victory Christian Ministries International "Kris Vallotton's book reminds us that the heart of prophecy should be God's heart to build up, encourage and speak life. Kris goes through strategic and important teaching about prophecy versus the office of prophet, specifically in the context of the Church. I highly recommend this book and pray that it helps you to understand the prophetic and to 'call the gold' out of those around you."--Heidi Baker, Ph.D.; co-founder and director, Iris Global "As I read this book, I could hear the sound of an entire generation of voices emerge that will transform culture. Kris Vallotton is a father to these voices. School of the Prophets presents a practical methodology for prophetic community and a powerful manifesto for prophetic transformation in this generation."--Bob Hazlett, author, The Roar: God's Sound in a Raging World; Future Perspectives, New Haven, Connecticut

Universal Empire-Peter Fibiger Bang 2012-08-16 The claim by certain rulers to universal empire has a long history stretching as far back as the Assyrian and Achaemenid Empires. This book traces its various manifestations in classical antiquity, the Islamic world, Asia and Central America as well as considering seventeenth- and eighteenth-century European discussions of international order. As such it is an exercise in comparative world history combining a multiplicity of approaches, from ancient history, to literary and philosophical studies, to the history of art and international relations and historical sociology. The notion of universal, imperial rule is presented as an elusive and much coveted prize among monarchs in history, around which developed forms of kingship and political culture. Different facets of the phenomenon are explored under three, broadly conceived, headings: symbolism, ceremony and diplomatic relations; universal or cosmopolitan literary high-cultures; and, finally, the inclination to present universal imperial rule as an expression of cosmic order.

Fixing Higher Education-Christian Schierenbeck 2012-11-06 Christian Schierenbeck makes a provocative

case that higher education across the globe suffers from a profound productivity crisis which prevents broad access to affordable and high-quality educational services. He shows how the vast productivity gap in higher education could be closed if academic managers borrowed some of the managerial practices applied by the world's leading business enterprises. In order for this to happen in practice, the author argues for radical changes in the policy framework for higher education.
