Death in Black Holsters-Van Holt 2013-07-05 They said Lorn Chambers packed death in his black holsters. But Chambers was a relic from the past, the last of the great gunfighters. All the others were dead or had hung up their guns, trying to change with the times. Chambers turned his back on the future and rode off into the western wasteland, looking for what was left of the past. What he found was some vicious killers from his own past. They had robbed and murdered his parents years before and planned to kill Chambers before he could kill them. One Day Closer To Death-Bradley Denton 2015-07-28 Highlighting this collection is an ingenious new episode in the saga of Jimmy Blackburn, the eponymous serial killer of Denton's third novel. "Blackburn Bakes Cookies" might best be called the icing on the cake that is Blackburn's story, and it is appropriately delectable. Other highlights of this collection include: "The Territory," a "what if?" story revisiting Kansas in the days of the Civil War and imagining, in one small way, how things might have gone a bit differently; "We Love Lydia Love," a science-fictional examination of the ways in which modern obsessions with celebrity and stardom can change us...and the ways in which we'll never change; and "The Calvin Coolidge Home for Dead Comedians," a moving and funny trip to the afterlife, where all great comics go when they die. In assembling these stories, Bradley Denton discovered that all of them are concerned with some aspect of death. It's true. And yet (as they say), in death there is life: these eight tales brim with such vitality and joie de vivre that readers will find themselves enjoying the work of this fantastic storyteller again and again.

Dead Man Riding-Van Holt 2013-11-07 In this Eastwoodish western, no one in that troubled part of Texas had ever heard of anyone named Fanton, but that was the name prodigal brother Hawk Spradlin whispered just before he pulled his gun on a quiet, grim stranger and got himself killed. It happened one evening just before dark in Hoot Spradlin's dugout store and saloon. The skinflint rancher was saving his coal oil until full darkness forced him to light a lamp, and he could not see the stranger clearly. But he got the drop on the tall man from behind with his shotgun, disarmed him and with the help of his lawless riders he hung Fanton to a cottonwood tree and left him hanging there that dark stormy night. The next morning the noose hung empty from the cottonwood limb. The man they had hung was gone. Hoot Spradlin ordered his men to hunt Fanton down and kill him. They didn't know whether they were hunting a real man or a ghost. But one thing was certain - he could ride and shoot like the devil. Rubeck's Raiders-Van Holt 2012-08-21 Rubeck's Raiders The Civil war divided the country and tore families apart. After the war, two half brothers became legendary gunfighters and cowboys in the old West--and deadly enemies. Rubeck's Raiders, a confederate army unit, were so brutal, even their own army disowned them. When the leaders' son and paramour were killed one night, he knew it was one of his own men. A man hunt that spanned 10 years ensued. The murdered girls' younger sister saw a face in the window that horrible night, and swore to track her sister's killer down. She hires trained killers to hunt him so she can get her revenge. That's how both half brothers became two of the most wanted men in the old West. Changing names and identities, moving from frontier town to frontier town, hiding out - all became a way of life, along with having to fight for their lives at almost every turn. One half brother knew he did

it. The other was blamed for it. One didn't want anything to do with the other. The other was protecting him. They are all in one deadly pursuit to get him first. Curly Bill and Ringo-Van Holt 2012-11-01 Curly Bill and RingoWhy did the legendary gunfighter, Ringo, come to Boot Hill? Rumors and innuendo ignite the small frontier town. Did the wealthy rancher, Willy Gibson, hire him to combat the cattle rustlers? Was he here to even up some old grudges? Or to hunt down the men who tried to kill him? Miss Sarah, the most beautiful woman in town, seemed in a much different mood after he checked in at the hotel where she worked. Curly Bill knew who he was, or thought he should, since they rode together for a time. Curly also remembered that around Ringo, you always watched for signs of trouble, if you were smart. "Would you mind telling me why you're in Boot Hill, when you're supposed to be in hell?" Curly asks. Ringo glanced at him out of those cold clear blue eyes. "I came back," he said quietly. "I got lonesome down there. Kept thinking about some fellows I should have taken with me."

A Few Dead Men-MR Van Holt 2013-10 Wearing a badge and a Colt .45, Ben Cobbett had tamed some of the wildest towns in the West. When he stopped in the isolated desert town of Rockville to give himself and his tired horse a little rest, he wasn't looking for another wild town to tame. But an old rancher wanted him to clean out a gang of vicious outlaws and rustlers who had ruined the old man's daughter and run off most of his stock. What were a few dead men to a gunslinging town tamer like Ben Cobbett? The bad ones weren't afraid of Cobbett. They thought it would be fun to have him around, so they killed his horse to keep him from leaving. They soon learned that it was no fun at all to have Ben Cobbett around. And it turned out to be more than a few dead men. When you got a man like Ben Cobbett started killing men who laughed at the law and everything that was right and decent, it was hard to get him stopped before he sent them all to hell where they belonged. Rebel with a Gun-Van Holt 2013-12-04 He was fifteen when the Civil War started, nineteen when it ended. His parents were dead by then, their farm sold for the taxes. The girl he loved had married a boy he hated. Nothing seemed right. So he headed for Texas with a disreputable old snake oil peddler and a beautiful blonde with a jealous husband and a dangerous secret that could get them all killed. Even though he had ridden with Quantrill and Bloody Bill, he was not like the others. Many of them were not the only bushwhackers who flourished during the war. Men just like them had waved the Union flag and used it to cloak their crimes, and now that the fighting was over not all of them would be content to lay down their arms and return to their former pursuits. Some, like their southern counterparts, would become outlaws. Many on both sides had never been anything else, and for them the war had just been a continuation of a life of lawlessness and violence. Now they would use the unsettled conditions in the wake of the war to camouflage their activities. Of course, many would go west, especially to Texas. For years men had been going to Texas who were wanted or not wanted in other states. There was a well-known saying- "Gone to Texas." It usually applied to men who had gone there a jump ahead of the law. Warning: Reading a Van Holt western may make you want to get on a horse and hunt some bad guys down in the Old West. The Man Called Bowdry-Van Holt 2013-04-02 The Man Called Bowdry Not much is known for certain about the man called Bowdry. The bare facts are as follows. Sometime around 1880 he rode into Gray Buttes, Nevada-a long forgotten town-stayed for a time at the Pollard shack out in the hills and, after the old man was killed, made relentless war on the neighboring 3-Bar outfit which was run by the Wadley clan, known thieves and rustlers. Then he disappeared, to be seen no more, nor was he ever heard of again. He was the only one who knew how so many men ended up dead in the boulder-strewn hills around the old Pollard shack, and he never told anyone, unless it was the wild and beautiful redheaded woman named Lucy Reardon. There were those who doubted if his real name was Bowdry. Some even suspected that he was really old man Pollard's long-lost son and that his name was Will Pollard, a mysterious gunfighter who roamed the early West. But before the stranger appeared it had never occurred to anyone that old man Pollard might have a son, and most would have laughed at the notion that he was related in any way to the legendary gunfighter who happened to have the same last name. No one knew very much about the old man. No one even knew what his first name was. The people of Gray Buttes just called him old man Pollard or old Pollard, and smiled in a certain condescending way when they mentioned him. The Antrim Guns-Van Holt 2013-07-30 There weren't many guns like them in the Old West. The pair that belonged to Hank Antrim had been made in France. After he was killed and his guns disappeared with the killer, the difficult French name of the guns was seldom used and they became better known as the Antrim guns. Mark Antrim spent years looking for his father's guns and the man who had killed him. When he finally found out who the killer was, he wished he had never set out on the long bullet-riddled search for revenge. The Bushwhackers-Van Holt 2013-02-04 The Bushwhackers Heck Martin's motto was simple. If they left him alone, he would leave them alone. Heck Martin was not pro-Union, like his father and brother. He had joined up with Quantrill to harass the bluebellies and other Union feds that thought they could tell others what they should be doing. But after the massacre at Lawrence, Kansas, he wanted nothing to do with Quantrill and his gang. Thirteen other hard-bitten veterans had followed him, had joined with him, but soon grew to hate him even more than they hated Quantrill. Then suddenly, the war is over, and Heck knows that most of his "men" would be out to kill him. But they all feared him. He was the fastest with a gun they had ever seen. Also, Heck had warned them, when he left for home, that if anyone followed him or tried to cause him or his family harm, he would kill them on sight. Cotton Petty and the other bushwhackers had not left him alone. They had tried to kill him, and failing that, had killed two members of his family. For that he would hound them to the ends of the earth, if need be. From now on, until he was dead or they were all dead, there would be war between them. Follow Heck Martin as he tracks the deadly bushwhackers, across the 1865 wild west landscape of Missouri, Texas, New Mexico and Arizona. Heck's tracking skills are put to the test in a deadly game of cat and mouse, sprinkled with Comanches, wild west women, mountain men and plenty of gunfights, horses and cold blooded killers. He also has to avoid the bluebellies who are hunting him, as well as a bounty put on his head by Quantrill, for what Heck had done during the war. They're all dead now, killed by Lonesome Red or each other. Some say they were last seen riding the Hellbound Express to its next stop on the route to hell. Others say the Hellbound Express was just a story Jinx Jenkins made up to amuse himself and scare others. Maybe it doesn't matter. Grubline Gip said it didn't make much difference how a sinner got to hell, whether he arrived on the Hellbound Express or some other way. It didn't make much difference to Lonesome Red how they got to hell, as long as they got there. Want to ride the Hellbound Express? The Hellbound Man-Van Holt 2013-10-05 Jim Benton had come to think of himself as the hellbound man because he seemed to be headed in that direction. But there were some interesting stops along the way. One such stop was a lawless little town called Rustler's Roost in honor of some charming young men who seemed to think other men's cattle, horses and women were theirs for the taking. But Benton had them worried. He didn't seem afraid of them and when somebody shot at him he shot back - with alarming accuracy. They were afraid somebody had sent for him to put a stop to the rustling. One of the local ranchers or perhaps old Charlie Fry who had the biggest store in town and two beautiful stepdaughters, but also had his eye on the ranch of a man who owed him money and the man's wild daughter, who galloped about the country on a palomino almost the same color as her windblown hair. One of the rustlers had already put his outlaw brand on her and two others were plotting to kill Benton to make sure he didn't get too friendly with Fry's girls. When the shooting was over some more dead men littered the trail behind Benton and it was time for the hellbound man to ride on toward his final destination. He meant for the better. It got a lot worse when he blundered into Knox Farraday and his gang of cutthroats and robbers. They were human vultures who didn't wait for others to kill their victims. But it was said that real vultures followed them around, knowing there would soon be more dead men for them to feed on. But much to their surprise, Bart was made of much tougher stuff than what could be seen on the outside. When Farraday's gang tried to kill him the first time, he figured since his death was only moments away, he would make Knox remember him forever, by jumping off a cliff and taking his executioner, Knox's son, with him. If Bart survived the fall, he knew they would be hunting him down until they found him, and leaving him to the vultures.
