The Rise of the Prophetic Voice-Alpha Lukau 2019-10-24 The Rise of the Prophetic Voice is an educational and revolutionary book that deals with biblical truths about the prophetic and its practical operation in our time. This book is a rare tool of the Holy Spirit, dedicated to shedding light about the prophetic to the body of Christ and to raising an end-time army of prophets for the Lord. The prophetic is the oldest and most documented ministry in the Bible, yet it is the least known in today's generation. No other ministry is known to be more effective in the Kingdom of God than the prophetic. The Bible, the most sacred book we have in the Kingdom of God, is a prophetic book; the birth of our Lord and Saviour Jesus Christ was a fulfillment of a prophetic word. God is restoring the prophetic in the church and calling all his sons and daughters to be prophetic. The world today glorifies individualism and independence from God as a pathway to freedom, rendering the very essence of God irrelevant. However, the well-informed, Spirit-led and powerful revelations * Rise of the Prophetic Voice * demonstrate God's unfailing power and establishes his supremacy amongst men once again. This book will give you the biblical foundation of the prophetic, help you to discover your calling or gift in it and ignite in you its fire. Beyond all doubts, I believe this book will revolutionise the lives of its readers and restore the glory of the mighty God in the world.

The Books of Nahum, Habakkuk, and Zephaniah-O. Palmer Robertson 1990-05-11 The close-knit bond between prophcy and history, according to O. Palmer Robertson, becomes particularly clear through the study of Nahum, Habakkuk, and Zephaniah. As the historical context of their messages is explored, it becomes ever more apparent that biblical history -- in addition to providing the context for prophcy -- actually embodies and functions as prophcy. The events that occurred to Judah and its neighbors spoke in anticipation of world-shaking circumstances that were yet to come. In this commentary Robertson combines the insights of biblical theology with a keen awareness of the age in which we live. After first dealing with the relevant background issues of Nahum, Habakkuk, and Zephaniah -- redemptive-historical setting, theological perspective, date and authorship, and so on -- Robertson applies the care and precision of an exegete and the concern of a pastor to his verse-by-verse exposition of each book. The result is a relevant confrontation with the ancient call to repentance and faith -- a confrontation greatly needed in today's world.

The Trump Prophecies-Mark Taylor 2019-04-29 In November of 2016, the world witnessed the impossible. Nearly every household in America was tuned in to the election feeds, and every update pointed to a loss for the Republican Party. But when the map of the states flipped red in the final hour, there were a select few who weren't surprised. They had always known Trump was going to win. He was chosen for such a time as this. The prophcy had said so.This prophet, this reserved man of God, was retired firefighter Mark Taylor. The word given by the Holy Spirit was delivered on April 28, 2011, years before Trump's victory. The election, however, was only the beginning. In this UPDATED AND EXPANDED release of The Trump Prophecies, Defender Publishing revisits what the Lord revealed to Mark Taylor in both the celebrated "Commander-In-Chief Prophecy" that played such a key role in bolstering Trump's 2016 win, as well as many other messages the Holy Spirit inspired Taylor to write about what would transpire next for the most powerful nation on earth today. Fast forward! Halfway into Trump's first term, have Taylor's prophecies come true? Is Trump who he said he was, and is he delivering on the promises he made during his campaign? And what of the other prophecies God gave Mark regarding economics, criminal justice, leadership turnover in the Supreme Court, and several other specific details? Have all of these inspired writings carried equal reliability as "Commander-In-Chief"?So far, Mark Taylor is batting a thousand.

The International Criminal Court and Positive complementarity. Legal and institutional framework-Milton Owuor 2018-06-19 Academic Paper from the year 2017 in the subject Law - Comparative Legal Systems, Comparative Law, grade: 1.0, University of Pretoria, language: English, abstract: This study seeks to establish how the legal and institutional framework for positive complementarity may be effectively implemented. It is argued that the existing legal and institutional framework in respect of the effective combatting of impunity is largely unsatisfactory. The evolution of the principle of complementarity, in the context of the Rome Statute, is explored with emphasis on the theoretical constraints on the principle which, in turn, raise practical challenges. The analysis provides a theoretical background to the conceptualisation of positive complementarity. The study traces the evolution and development of the concept of positive complementarity, examining its characteristic features and attributes, and the possibilities and opportunities the concept presents for the effective combatting of impunity. It examines the various scholarly arguments and propositions advanced to explain the concept of positive complementarity, and analyses the attendant challenges and limitations. It is noted that there is no fixed and universally acceptable definition of positive complementarity. It is therefore argued that there is a need for the establishment of a coherent legal and institutional framework for positive complementarity. In this light, appropriate policy alternatives and considerations both domestically and internationally, are considered. On the international level limitations characterising the current institutional framework of the Secretariat of the Assembly of States Parties (ASP Secretariat) are identified. It is argued that a fundamental restructuring of the ASP Secretariat is essential and measures to restructure the ASP Secretariat in order to reinforce its effectiveness in fulfilling its mandate on positive complementarity are identified. At the domestic level, the various aspects of implementing legislation are discussed. In conclusion, the establishment of an independent office to address positive complementarity and revitalise the institutional framework within the legal structures of the ASP Secretariat, is examined. The study envisages that the proposed institutional framework for the ASP Secretariat, if implemented, would effectively support the national jurisdictions of state parties in their implementation of the concept of positive complementarity. This study represents an unequivocally original contribution to knowledge and research.
