Fierce Marriage-Ryan Frederick 2018-04-17 Ryan and Selena Frederick were newlyweds when they landed in Switzerland to pursue Selena's dream of training horses. Neither of them knew at the time that Ryan was living out a death sentence brought on by a worsening genetic heart defect. Soon it became clear he needed major surgery that could either save his life--or result in his death on the operating table. The young couple prepared for the worst. When Ryan survived, they both realized that they still had a future together. But the near loss changed the way they saw all that would lie ahead. They would live and love fiercely, fighting for each other and for a Christ-centered marriage, every step of the way. Fierce Marriage is their story, but more than that, it is a call for married couples to put God first in their relationship, to measure everything they do and say to each other against what Christ did for them, and to see marriage not just as a relationship they should try to keep healthy but also as one worth fighting for in every situation. With the gospel as their foundation, Ryan and Selena offer hope and practical help for common struggles in marriage, including communication problems, sexual frustration, financial stress, family tension, screen-time disconnection, and unrealistic expectations.

The Sacred Romance-Brent Curtis 2001-04-01 If you long for something more, even if you don't know what that something is, then open this profound book. The Sacred Romance is the story of our lives; it is God's story. It is His invitation to experience His unfathomable love for us. Before long, you will find yourself eagerly turning the pages to find out what happens next. The Sacred Romance strikes a chord in us because more than in any other age, we have lost touch with our hearts. We have left that essential part of ourselves behind in the pursuit of efficiency, success, and even Christian service. From childhood on, something or Someone has called us on a journey of the heart. It is a journey full of intimacy, adventure, and beauty, but like any fairy tale it is also fraught with more than a little danger. To ignore this whispered call is to become one of the living dead who carry on their lives divorced from their most intimate selves, their heart. The Sacred Romance calls to us in our fondest memories, our greatest loves, our noblest achievements, even our deepest hurts. The reward is worth the risk.
