How To Be Famous-Caitlin Moran 2018-07-03 Johanna Morrigan (aka Dolly Wilde) has it all: she is nineteen, lives in her own flat in London, and writes for the coolest music magazine in Britain. Her star is rising, just not quickly enough for her liking. Then John Kite, Johanna's unrequited love, has an album go to number one. Suddenly John exists on another plane of reality: that of the Famoses, a world of rabid fans and VIP access. Johanna lacks the traditional trappings of fame (famous parents, mind-scorching hotness, exotic sandals, etc.), so she does the only thing a self-respecting Lady Sex Adventurer can do. She starts a magazine column critiquing the lives and follies of the Famoses around her. But as Johanna skyrockets to fame herself, she begins to realize that with celebrity comes sacrifice, and hers may mean giving up the one person she was determined to keep. For anyone who has been a girl or known one, who has admired fame or judged it, How to Be Famous is a big-hearted, hilarious tale of fame and fortune--and all that they entail.

New Money for a New World-Bernard Lietaer 2011-12 Real Change is Truly Possible, Right Now... We can end the threats to our environment, and aid dramatically in its restoration. We can help provide meaningful work for all, with opportunities that enhance and replenish the world around us. We can effectively address fundamental urban and rural concerns and the many diverse and often divergent needs of developing and developed nations alike. We can create a better world where life and all living systems flourish. This is not an idealistic dream, but is rather a pragmatic attainment, achievable within our very own lifetime. So write Bernard Lietaer and Stephen Belgin, authors of the much anticipated book New Money for a New World. Mr. Lietaer is a principal architect of the euro and author of the acclaimed international best seller The Future of Money, which has been translated into sixteen languages. Mr. Belgin is the founder and president of Qiterra Press and author of the upcoming City of Light Chronicles. New Money for a New World examines a previously unexamined culprit for the many issues we face today-the monopoly of our centuries old monetary system. This book also provides many ways and means that are now readily available to stop the current juggernaut towards global self destruction. Many of the solutions offered within this book are more than theory. Communities from around the world have successfully addressed a myriad of issues without the need to raise taxes, redistribute wealth, or depend upon enlightened self interest from corporate entities. Rather the improvements were realized simply and effectively by rethinking money. With such a shift everything is possible.
