Encuentros. Ed. definitiva-Gabriel Rolón 2016-11-15 “Hoy, siete libros después de nuestro primer contacto con los lectores, elijo darle a Encuentros su versión definitiva”. G. R. “No es cierto que el amor todo lo puede. No es cierto que el que ama no puede engañar. No es cierto que a la relación amorosa no haya que ponerle condiciones. No es cierto que el amor y el deseo vayan siempre de la mano. Pero decir que todo esto no es cierto no implica que sea imposible”, escribía Gabriel Rolón en el epílogo de la versión original de este libro en 2012. El amor. Sí, Encuentros se metió de lleno en los pliegues de un tema tan antiguo como la humanidad y salió airoso de la tormenta: en el año de su lanzamiento, más de ciento cincuenta mil lectores eligieron apostar por la aventura e hicieron de este libro el más vendido del año en la Argentina. Por sus páginas desfilan los celos y el deseo, la infidelidad, la pareja y la sexualidad, las relaciones entre padres e hijos, el enamoramiento y la ilusión de lo “eterno”. Este “lado B del amor” cuestionó sin miramientos los lugares comunes y decires cotidianos que, más de una vez, nos precipitan con su vértigo hacia la angustia, el dolor y la desilusión. Hoy, cuatro años más tarde, quienes lo hayan leído no sólo encontrarán en esta versión definitiva y aumentada un desarrollo mucho más acabado de la teoría vertida en la obra inicial, sino también un caso clínico inédito y un nuevo capítulo dedicado a los conceptos de necesidad, demanda y deseo. Pero, más que nunca, descubrirán intacta y sostenida la lúcida y aguda mirada de Gabriel Rolón, alguien que hizo y hace de Encuentros un libro fundamental, y un material indispensable para entender que –a pesar de sus asperezas- el amor sigue siendo el motor más importante de nuestra vida.

Art Museums of Latin America-Michele Greet 2018-03-08 Since the late nineteenth century, art museums have played crucial social, political, and economic roles throughout Latin America because of the ways that they structure representation. By means of their architecture, collections, exhibitions, and curatorial practices, Latin American art museums have crafted representations of communities, including nation states, and promoted particular group ideologies. This collection of essays, arranged in thematic sections, will examine the varying and complex functions of art museums in Latin America: as nation-building institutions and instruments of state cultural politics; as foci for the promotion of Latin American modernities and modernisms; as sites of mediation between local and international, private and public interests; as organizations that negotiate cultural construction within the Latin American diaspora and shape constructs of Latin America and its nations; and as venues for the contestation of elitist and Eurocentric notions of culture and the realization of cultural diversity rooted in multiethnic environments.

The Gay Talese Reader-Gay Talese 2009-05-26 As a young reporter for The New York Times, in 1961 Gay Talese published his first book, New York-A Serendipiter's Journey, a series of vignettes and essays that began, "New York is a city of things unnoticed. It is a city with cats sleeping under parked cars, two stone armadillos crawling up St. Patrick's Cathedral, and thousands of ants creeping on top of the Empire State Building." Attention to detail and observation of the unnoticed is the hallmark of Gay Talese's writing, and The Gay Talese Reader brings together the best of his essays and classic profiles. This collection opens with "New York Is a City of Things Unnoticed," and includes "Silent Season of a Hero" (about Joe DiMaggio), "Ali in Havana," and "Looking for Hemingway" as well as several other favorite pieces. It also features a previously unpublished article on the infamous case of Lorena and John Wayne Bobbitt, and concludes with the autobiographical pieces that are among Talese's finest writings. These works give insight into the progression of a writer at the pinnacle of his craft. Whether he is detailing the unseen and sometimes quirky world of New York City or profiling Ol' Blue Eyes in "Frank Sinatra Has a Cold," Talese captures his subjects-be they famous, infamous, or merely unusual-in his own inimitable, elegant fashion. The essays and profiles collected in The Gay Talese Reader are works of art, each carefully crafted to create a portrait of an unforgettable individual, place or moment.

El duelo-Gabriel Rolón 2020-10-02 “El Duelo es un territorio oscuro, misterioso, casi inaccesible. Una conmoción que nos sorprende, nos toma desprevenidos y cambia nuestro entorno en un instante. No importa lo preparados que creamos estar para enfrentar una pérdida, esa preparación jamás será suficiente. Cuando ocurre, todo se desmorona y por un tiempo nada tiene sentido. Algo se quiebra en nosotros, el mundo se derrumba y nos muestra su aspecto más cruel.” Con estas palabras describe Gabriel Rolón cuál será el camino a transitar en su nuevo ensayo: la pérdida. Sí, la muerte, sin rodeos (la propia, y la de los que amamos), pero también la falta imprevista (o no tanto) de todo aquello que nos sostiene anclados a la vida. La pérdida de un trabajo, una pareja, un hogar, el reconocimiento de un otro y hasta la juventud nos empujan al duelo. Y es ahí, en ese soplo en el que el dolor se hace carne y la pena se devora las palabras, que Gabriel Rolón comparte su reflexión aguda, certera, siempre lúcida. Por eso, su nuevo libro se nutre de mitología y de música, de cine y literatura, de casos clínicos y teoría analítica. Porque es una mirada que indaga en el padecimiento y a la vez en los mecanismos que el Psicoanálisis como disciplina, y que el arte como forma de entender el mundo, nos tienden a modo de puentes para superar lo ausente. Y es que el Duelo –y en esto Rolón es tan claro como firme- es una “guerra” íntima. Una prueba, tal vez la más dura, que nos pone cara a cara con lo que perdimos y con lo que podemos crear a partir de lo perdido. Una batalla salvaje que nos transforma de una vez y para siempre. Y como en su impiadosa deriva nos lleva hacia un renacer que nos hace más humanos.

Des/encuentros de la música popular chilena 1970-1990-Juan Pablo González 2017-09-20 El libro que nos entrega Juan Pablo González prolonga hacia un pasado más reciente sus anteriores estudios sobre historia de la música popular chilena. Si bien persiste un “modo de hacer” común, se enfatizan aquí los enfoques más específicamente musicológicos del material, con oportunas inflexiones hacia el análisis intrínseco de los lenguajes. La proximidad temporal le permite interactuar con los protagonistas de esos procesos e incluir su propia experiencia con ellos, en la certeza de que lo social atraviesa la memoria privada.

El Lado B de la Vie-Miguel Oscos 2017-04-25 El fracaso era su éxito; ella, quien con la misma intensidad amaba y olvidaba. Para ella, que habita en mí, que vive en ti; en lo hondo de tu pecho, en mis dedos, de ellos. Eres todos y nadie a la vez; mundoentero; realidad-ficción; Dios-demonio, hombre-mujer, niña-anciano, animal-insecto: mantis religiosa y faisán. Impresa en 3D, 21, papiro antiguo, siglo V a. C. amada-odiada, olvidada; tocada en otros sueños, manos húmedas. Guerrera-Pacifista: concilia con misericordia, de mujer. Asesinas con sin piedad, de hombre. Modelo a seguir de aquellos que te lean; te llamarán igual, te vestirán, serásamante o esposa, madre, tal vez hija. Ellos hablarán de ti, como te lo prometí, como te lo prometí.

Experimentalisms in Practice-Ana R. Alonso-Minutti 2018-01-02 Experimentalisms in Practice explores the multiple sites in which experimentalism emerges and becomes meaningful beyond Eurocentric interpretative frameworks. Challenging the notion of experimentalism as defined in conventional narratives, contributors take a broad approach to a wide variety of Latin@ and Latin American music traditions conceived or perceived as experimental. The conversation takes as starting point the 1960s, a decade that marks a crucial political and epistemological moment for Latin America; militant and committed aesthetic practices resonated with this moment, resulting in a multiplicity of artistic and musical experimental expressions. Experimentalisms in Practice responds to recent efforts to reframe and reconceptualize the study of experimental music in terms of epistemological perspective and geographic scope, while also engaging traditional scholarship. This book contributes to the current conversations about music experimentalism while providing new points of entry to further reevaluate the field.

Pulcinellopaedia Seraphiniana Deluxe Edition-Luigi Serafini 2016-10-01 From the intriguing mind behind Codex Seraphinianus comes this beautifully illustrated tribute to the famed Neapolitan character Pulcinella (or "Punch" as he is referred to in English). Pulcinellopaedia Seraphiniana contains over one hundred extraordinary graphite illustrations with scarlet accents, some of which are depicted in comic-strip style. Conceived as a musical Suite, it is divided into nine scenes with an intermission. It features the oddly surreal and globally recognized character, whose origins have been lost in the mists of the time. An ancestor of Pulcinella was certainly Maccus, the protagonist of the Atellanae Fabulae, very popular farces in ancient Rome, but it was in the early seventeenth-century that the character assumed the name and costume that we all know. Distinguished by a long nose and typically dressed in white with a black mask, Pulcinella is often depicted in various kinds of misadventures and singing about love, hunger, and money. As he famously did in the Codex, Luigi Serafini, has created Pulcinellopaedia Seraphiniana in a unique language all its own, and has filled it with fascinating and mysterious illustrations that will no doubt prompt devotees to obsessively try to decipher the artist's intention. Written by Serafini's imaginative coauthor and alter ego "P. Cetrulo," who represents Pulcinella himself, the book artfully presents the struggles of a rebellious antihero who must come to grips with the challenges of everyday life. Originally, a book about Pulcinella and his world appeared in 1984, after Serafini's involvement with the 1982 Carnival of Venice, the first revival of the famous festivity after two centuries of silence. Now more than three decades later, this new edition has been extensively revised and includes a new afterword by the author. Like its predecessor, the original edition became immensely sought after and highly valuable, fetching more than one thousand dollars if book collectors were lucky enough to get their hands on a copy. All fans of Serafini's work will treasure this volume. Rizzoli will also publish a deluxe limited edition with a signed and numbered print.

Learn to Grow Old-Paul Tournier 2012-09-01 In this warm, sensitive, fact-filled book, Paul Tournier deals specifically with many aspects of aging: society's attitude towards the elderly; second careers; the quality of life; financial difficulties; boredom; health; loneliness; and facing death. He believes we must all learn to grow old, and that the process is most successfully accomplished when we prepare and plan for it throughout life. Tournier offers a variety of suggestions to help make growing old not an end but a new beginning, filled with purpose and hope. He suggests ways to remain active and to use leisure to its best advantage without letting it become a tyrant. He also provides insights on taking up new interests, such as becoming involved with young people and new ideas, and learning to pray, to meditate, to acquire wisdom, and to draw increasing strength and inspiration from the reality of divine presence and power.

Citizens in Charge-Isabel Licha 2004-01-01 "Takes a close look at people's involvement in the new framework of state decentralization. By focusing on the potential as well as the limitations of citizens managing local budgets, the goal is to improve the process of democratization of the state and society. The contributors explore the achievements of the process of decentralization, which is the backdrop for the emerging process of citizen participation in public decisionmaking at the local government level. The volume approaches this issue from a general perspective and up close through case studies. The broad perspective generates a framework for analytical understanding of fiscal decentralization and participation. The case studies highlight local experiences in East Asia - Indonesia, Malaysia, and the Philippines - and Latin America - Bolivia, Brazil, Colombia, and Peru. Each case illustrates a particular leadership style and type of participation. Important similarities emerge in the areas of trust, political will, unity among actors, intergovernmental coordination, capacity of government and citizen organizations to generate participatory public policies, and redistribution of power and responsibility between the state and civil society."--Publisher's web site.

Teaching Translation from Spanish to English-Allison Beeby Lonsdale 1996 While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionatliy and to the specific strategies of translatng are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

Shipwrecked Identities-Baron L. Pineda 2006 Global identity politics rest heavily on notions of ethnicity and authenticity, especially in contexts where indigenous identity becomes a basis for claims of social and economic justice. In contemporary Latin America there is a resurgence of indigenous claims for cultural and political autonomy and for the benefits of economic development. Yet these identities have often been taken for granted. In this historical ethnography, Baron Pineda traces the history of the port town of Bilwi, now known officially as Puerto Cabezas, on the Atlantic coast of Nicaragua to explore the development, transformation, and function of racial categories in this region. From the English colonial period, through the Sandinista conflict of the 1980s, to the aftermath of the Contra War, Pineda shows how powerful outsiders, as well as Nicaraguans, have made efforts to influence notions about African and Black identity among the Miskito Indians, Afro-Nicaraguan Creoles, and Mestizos in the region. In the process, he provides insight into the causes and meaning of social movements and political turmoil. Shipwrecked Identities also includes important critical analysis of the role of anthropologists and other North American scholars in the Contra-Sandinista conflict, as well as the ways these scholars have defined ethnic identities in Latin America. As the indigenous people of the Mosquito Coast continue to negotiate the effects of a long history of contested ethnic and racial identity, this book takes an important step in questioning the origins, legitimacy, and consequences of such claims.
