The Highland Series Bundle, Highland Blessings & Highland Sanctuary - eBook [ePub]-Jennifer Hudson Taylor 2014-02-04 This bundle contains Highland Blessings and Highland Sanctuary. Highland Blessings Bryce MacPhearson, a highland warrior, kidnaps Akira MacKenzie on her wedding day to honor a promise he made to his dying father. While Akira's strength in the Lord becomes a witness to Bryce, she struggles to overcome her anger and resentment when he forces her to wed him, hoping to end a half-century-old feud between their clans. While Akira begins to forgive, and Bryce learns to trust, a series of murders leaves a trail of unanswered questions, confusion, and a legacy of hate that once again rises between their families. Clearly, a traitor is in their midst. Now the one man Akira loves no longer trusts her, and her own life is in danger. Can Bryce look beyond his pain and seek the truth? Will Akira discover the threat against her before it's too late? How will God turn a simple promise into bountiful Highland blessings? Highland Sanctuary Gavin MacKenzie, a chieftain heir who is hired to restore the ancient Castle of Braigh, discovers a hidden village of outcasts who have created their own private sanctuary from the world. Among them is Serena Boyd, a mysterious and comely lass, who captures Gavin's heart in spite of harboring a deadly past that could destroy her future. The villagers happen to be keeping an intriguing secret as well, and when a fierce enemy launches an attack against them, greed leads to bitter betrayal. Then, as Gavin prepares a defense, the villagers unite in a bold act of faith, showing how God's love is more powerful than any human force on earth.

eBooks for the 21st-Century Author-Rick Novy Explains how to construct an EPUB file manually. Obsolete now that software is readily available, but still interesting for the techie.

DocBook for Writers-Peter Lavin 2015-02-02 This book is an introduction to DocBook aimed at technical writers rather than developers. Converting DocBook to and from other document formats is also covered, including conversion to Microsoft Word Open XML Document.

Accessible EPUB 3-Matt Garrish 2012-02-10 Although the digital revolution has made content available to more people than print books ever could, ebooks are still only as accessible as the foundation they're built on—and all too often the foundation is weak. But that's changing. With the introduction of EPUB 3, publishers now have the means to create a single rich data source for audiences of all reading abilities. Through practical tips and examples, Accessible EPUB 3 takes you inside the EPUB 3 format and explores how you can enrich and enhance content for all readers. Author Matt Garrish demystifies the process of making content easier to access, demonstrating how accessible practices are intertwined with standard content best practices. Among many techniques, this guide will teach you how to: Add structure and meaning to your publications to make them more usable by accessible technologies Tailor EPUB Navigation Documents for readers requiring either full or reduced navigation Create media overlays to synchronize human narration with text display Improve text-to-speech playback by adding SSML, PLS lexicons, and CSS3 Speech functionality

alpha.InspirationalAgony.epub-silent. 2015-01-20 Herein is documented the seven+year misfortune cycle of a truly unlucky guy. It begins with the downfall of his employment. (But in fact it started many years before.) Those details are unimportant. Only what happened, recently… An all too not-uncommon sequence of events leading to unemployment, financial ruin, going hungry, stress. The format is atypical, as is the author. The downward direction, predictable. The final purpose, unexpected. There is inspiration to be found in agony. It all comes down to what you do with it. Presented: via outlined dot org realms, with samples included. Best viewed: larger screen, should look/read like whole pages. Adapted: from alpha.InspirationalAgony.org [v0.99a] Preface: at silent.PonderHouse.com/alpha Concept: upon expounding Ideas. Be well. Enjoy. ~silent. EPUB From the Ground Up-Jarret Buse 2013-10-08 "A complete, DIY guide to creating flawless eBooks for personal, self-publishing, or professional use with EPUB, the free open-source standard from the International Digital Publishing Forum (IDPF). EPUB From the Ground Up: A Hands-On Guide to EPUB 2 and EPUB 3 shows how to create eBooks using one of the most widely used formats for eBook publishing. EPUB is used by Nook, Kobe, iPad, and Nexus, and can also be ported to formats used by Kindle. The book covers the current version, EPUB 3, which allows for specialized formatting such as advanced math equations and the inclusion of media such as audio and video, and interactivity. Since many eBook readers still support only EPUB 2, both versions are covered in this practical guide. Learn how to create and modify eBooks using a variety of tools, many of them free and open source. This practical guide covers the most popular free software for EPUB creation, including Sigil, Calibre, and others, and shows how to apply HTML, XHTML, XML, CSS, and JavaScript to eBook formatting. Clear explanations and step-by-step instructions build from the ground up so that no prior experience with markup languages or programming is needed. Covers EPUB 2 and EPUB 3 Explains the basics of HTML, XHTML, XML, and CSS as they relate to EPUB development Each chapter includes hands-on exercises and summaries of key points Introduces and explains how to use the best open-source software available, pointing you to valuable free tools and online resources Explains the .OPF file, which houses the EPUB book's metadata, file manifest, and linear reading order Discusses the .NCX file (Navigation Control for XML), which contains the hierarchical table of contents for the EPUB file All examples and source code in the book are available for download Includes instructions for creating comic books, creating enhanced eBooks with audio and video, and other new functions that were not available in earlier versions of EPUB." --Publisher's description.

EPUB Straight to the Point-Elizabeth Castro 2010-07-28 Almost overnight, EPUB has become the favored standard for displaying digital text on ereaders. The EPUB specification is a powerful method for creating gorgeous ebooks for EPUB-capable readers such as the iPad, Nook, and Kindle. Alas, it is far from perfect, with frustrating limitations, sketchy documentation, and incomplete creation tools. This extensively researched guide to creating EPUB files by best-selling author Elizabeth Castro shows you how to prepare EPUB files, make the files look great on the screen, work around EPUB weaknesses, and fix common errors. In this essential book, Liz shares her hard-earned experience for how to: Create EPUB files from existing Microsoft Word or Adobe InDesign files, or from scratch. Tweak EPUB files to take full advantage of the power of EPUB in each respective ereader. Control spacing, indents, and margins. Insert images and sidebars and wrap text around them. Create links to external sources and cross-references to internal ones. Add video to ebooks for the iPad.

Cryoburn-Lois McMaster Bujold 2010-11-01 Miles Vorkosigan is back! Kibou-daini is a planet obsessed with cheating death. Barrayaran Imperial Auditor Miles Vorkosigan can hardly disapprove¾he□s been cheating death his whole life, on the theory that turnabout is fair play. But when a Kibou-daini cryocorp¾an immortal company whose job it is to shepherd its all-too-mortal frozen patrons into an unknown future¾attempts to expand its franchise into the Barrayaran Empire, Emperor Gregor dispatches his top troubleshooter Miles to check it out. On Kibou-daini, Miles discovers generational conflict over money and resources is heating up, even as refugees displaced in time skew the meaning of generation past repair. Here he finds a young boy with a passion for pets and a dangerous secret, a Snow White trapped in an icy coffin who burns to re-write her own tale, and a mysterious crone who is the very embodiment of the warning Don□t mess with the secretary. Bribery, corruption, conspiracy, kidnapping¾something is rotten on Kibou-daini, and it isn□t due to power outages in the Cryocombs. And Miles is in the middle¾of trouble! At the publisher's request, this title is sold without DRM (Digital Rights Management). _Fresh, intriguing, and, as always with Lois McMaster Bujold, superb.Ó ¾Robert Jordan _It is such a delight to read something by such a good writer, who now seems to be writing at the height of her powers. . . . I really have seldom enjoyed a book so much . . . I couldn□t turn the pages fast enough.Ó ¾Diana Wynne Jones _Living breathing characters who inhabit unusual yet believable worlds.Ó ¾Jean Auel _Bujold successfully mixes quirky humor with just enough action, a dab of feminist social commentary and her usual superb character development . . . enormously satisfying.Ó ¾Publishers Weekly _One of sf□s outstanding talents . . . an outstanding series.Ó ¾Booklist _Excellently done . . . Bujold has always excelled at creating forceful characters and she does it here again.Ó ¾Denver Post _. . . an intelligent, well-crafted and thoroughly satisfying blend of adventure, sociopolitical commentary, scientific experiments, and occasional perils . . . with that extra spicing of romance. . . .Ó ¾Locus

Hey, Let's Make a Band!-5 Seconds of Summer 2014-10-14 Hi everyone, This book is pretty much our official story so far. It really does seem only like last week we played our first gig at the Annandale Hotel in Sydney. Since then we've been given the opportunity to turn into the people and musicians we wanted to be. The people who gave us the opportunity were the fans. So this book is like a thank-you. We want everyone to know the story of how four western Sydney teenagers picked up their instruments and dreamed of being one of the biggest bands in the world. There are also some embarrassing photos of us derping around and some facts that some of us didn't even know. So we hope you enjoy it! Love, cal, luke, ash, and mike x

bookdown-Yihui Xie 2016-12-12 bookdown: Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with bookdown. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but bookdown is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with bookdown and R Markdown, and its source is fully available on GitHub.

Is That Really Me?-Pat James 2016-09 This easy reader for beginning readers introduces you to a bird that has learned an important lesson. "It's all right to be yourself." Laced with sight words, phonemic awareness, vivid illustrations, and easy rhyme scheme that is so engaging you will want to read it over and over again.

The Name of this Book Is Secret-Pseudonymous Bosch 2008-09-01 Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

Trump: The Art of the Deal-Donald J. Trump 2009-12-23 President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled autobiography."—New York Post

Risuko-David Kudler 2016-06-15 Can One Girl Win A War? My name is Kano Murasaki, but everyone calls me Risuko. Squirrel. I am from Serenity Province, though I was not born there. My nation has been at war for a hundred years, Serenity is under attack and my family is in disgrace, but some people think that I can bring victory. That I can be a very special kind of woman. All I want to do is climb. My name is Kano Murasaki, but everyone calls me Squirrel. Risuko. ~*~ Though Japan has been devastated by a century of civil war, Risuko just wants to climb trees. Growing up far from the battlefields and court intrigues, the fatherless girl finds herself pulled into a plot that may reunite Japan — or may destroy it. She is torn from her home and what is left of her family, but finds new friends at a school that may not be what it seems. Magical but historical, Risuko follows her along the first dangerous steps to discovering who she truly is. Kano Murasaki, called Risuko (Squirrel) is a young, fatherless girl, more comfortable climbing trees than down on the ground. Yet she finds herself enmeshed in a game where the board is the whole nation of Japan, where the pieces are armies, moved by scheming lords, and a single girl couldn't possible have the power to change the outcome. Or could she? YOUNG ADULT HISTORICAL ADVENTURE COMING JUNE, 2016!

Storytelling with Data-Cole Nussbaumer Knaflic 2015-10-09 Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

Novel Strategies to Improve Shelf-Life and Quality of Foods-Santosh K. Mishra 2020-11-25 This volume focuses on food preservation prior to distribution and sale, which is a major challenge in the tropical climates of most developing nations. In order to assure that food products are safe for human consumption, due importance must be given to the quality and safety aspects of production, processing, and distribution. This volume provides an informative overview of recent research on the therapeutic potential of various new and natural compounds along with novel technologies for enhanced shelf-life longevity and food safety. It also looks at the antimicrobial constituents of different sources and

the history of their use as biopreservatives. It includes scientific evaluations of their use as alternative or potential biopreservatives. Focusing on real-life applications in consumer and food products, the book is divided into three parts, covering health and quality aspects of food preservation, applications of novel biomolecules for quality and safety of foods, and novel research techniques in food biopreservation.

The 48 Laws of Power-Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Gone to Green Series Bundle, Gone to Green, Goodness Gracious Green & Glory of Green - eBook [ePub]-Judy Christie 2014-02-04 This bundle contains Gone to Green, Goodness Gracious Green, and The Glory of Green. Gone to Green When Lois goes from being a corporate journalist at a large paper in the Midwest to the owner of The Green News-Item, a small twice-weekly newspaper in rural North Louisiana, her orderly life starts to unravel. The paper was an unexpected inheritance from a close colleague, and Lois must keep it for at least a year, bringing a host of challenges, lessons, and blessings into her life. Whether fighting a greedy, deceitful politician or rescuing a dog she fears, Lois notices the headlines in her life have definitely improved. She learns how to provide small-town news in a big-hearted way and realizes that life is full of newsworthy moments. When she encounters racial prejudice and financial corruption, Lois also discovers more about the goodness of real people and the importance of being part of a community. While secretly preparing the paper for a sale, Lois begins to realize that God might indeed have a plan for her life and that perhaps the allure of city life and career ambition are not what she wants after all. Goodness Gracious Green The charming and uncertain journalist is delighted with her decision to keep The Green News-Item and excited about the possibility of romance with her good-looking catfish farmer/coach neighbor--and the growth of her fresh faith and friendships. Her second year in Green has scarcely been rung in, though, before Lois is wrung out. The former owners of the paper want it back. The mayor's dog bites her on the face. A series of fires threaten Lois. And while her friends blossom, Lois feels wilted. Although Lois finds fresh hopes turning stale in her second year in Green, in the midst of challenges and lessons, Lois's journey still explodes with possibilities! The Glory of Green With wedding plans well underway, Lois Barker plots to gracefully get rid of her groom's catfish collection--stuffed, ceramic, woven. Her husband-to-be, Chris, on the other hand, has decided to get rid of something else: his homestead, which he gives to a needy Mexican family at church. Life is full of possibilities, and the community of Green is tickled pink that their newspaper owner is settling down with one of their own. However, the beloved small-town journalist is about to be blown away--by tragedy and by the grace that enfolds her in her third year in Green, Louisiana.

Number9Dream-David Mitchell 2007-12-18 By the New York Times bestselling author of The Bone Clocks and Cloud Atlas | Shortlisted for the Man Booker Prize "A novel as accomplished as anything being written."—Newsweek Number9Dream is the international literary sensation from a writer with astonishing range and imaginative energy—an intoxicating ride through Tokyo's dark underworlds and the even more mysterious landscapes of our collective dreams. David Mitchell follows his eerily precocious, globe-striding first novel, Ghostwritten, with a work that is in its way even more ambitious. In outward form, Number9Dream is a Dickensian coming-of-age journey: Young dreamer Eiji Miyake, from remote rural Japan, thrust out on his own by his sister's death and his mother's breakdown, comes to Tokyo in pursuit of the father who abandoned him. Stumbling around this strange, awesome city, he trips over and crosses—through a hidden destiny or just monstrously bad luck—a number of its secret power centers. Suddenly, the riddle of his father's identity becomes just one of the increasingly urgent questions Eiji must answer. Why is the line between the world of his experiences and the world of his dreams so blurry? Why do so many horrible things keep happening to him? What is it about the number 9? To answer these questions, and ultimately to come to terms with his inheritance, Eiji must somehow acquire an insight into the workings of history and fate that would be rare in anyone, much less in a boy from out of town with a price on his head and less than the cost of a Beatles disc to his name. Praise for Number9Dream "Delirious—a grand blur of overwhelming sensation."—Entertainment Weekly "To call Mitchell's book a simple quest novel . . is like calling Don DeLillo's Underworld the story of a missing baseball."—The New York Times Book Review "Number9Dream, with its propulsive energy, its Joycean eruption of language and playfulness, represents further confirmation that David Mitchell should be counted among the top young novelists working today."—San Francisco Chronicle "Mitchell's new novel has been described as a cross between Don DeLillo and William Gibson, and although that's a perfectly serviceable cocktail-party formula, it doesn't do justice to this odd, fitfully compelling work."—The New Yorker "Leaping with ease from surrealist fables to a teenage coming-of-age story and then spinning back to Yakuza gangster battles and World War II–era kamikaze diaries, Mitchell is an aerial freestyle ski-jumper of fiction. Somehow, after performing feats of literary gymnastics, he manages to stick the landing."—The Seattle Post-Intelligencer From the Hardcover edition.

Human + Machine-Paul R. Daugherty 2018-03-20 AI is radically transforming business. Are you ready? Look around you. Artificial intelligence is no longer just a futuristic notion. It's here right now--in software that senses what we need, supply chains that "think" in real time, and robots that respond to changes in their environment. Twenty-first-century pioneer companies are already using AI to innovate and grow fast. The bottom line is this: Businesses that understand how to harness AI can surge ahead. Those that neglect it will fall behind. Which side are you on? In Human + Machine, Accenture leaders Paul R. Daugherty and H. James (Jim) Wilson show that the essence of the AI paradigm shift is the transformation of all business processes within an organization--whether related to breakthrough innovation, everyday customer service, or personal productivity habits. As humans and smart machines collaborate ever more closely, work processes become more fluid and adaptive, enabling companies to change them on the fly--or to completely reimagine them. AI is changing all the rules of how companies operate. Based on the authors' experience and research with 1,500 organizations, the book reveals how companies are using the new rules of AI to leap ahead on innovation and profitability, as well as what you can do to achieve similar results. It describes six entirely new types of hybrid human + machine roles that every company must develop, and it includes a "leader's guide" with the five crucial principles required to become an AI-fueled business. Human + Machine provides the missing and much-needed management playbook for success in our new age of AI. BOOK PROCEEDS FOR THE AI GENERATION The authors' goal in publishing Human + Machine is to help executives, workers, students and others navigate the changes that AI is making to business and the economy. They believe AI will bring innovations that truly improve the way the world works and lives. However, AI will cause disruption, and many people will need education, training and support to prepare for the newly created jobs. To support this need, the authors are donating the royalties received from the sale of this book to fund education and retraining programs focused on developing fusion skills for the age of artificial intelligence.
