Equiano, the African-Vincent Carretta 2005 Tells the story of the former slave who was the English-speaking world's most renowned person of African descent in the 1700s and is considered the founding father of both the African and the African American literary traditions.

The Interesting Narrative of the Life of Olaudah Equiano Or Gustavus Vassa, The African: Written by Himself-Olaudah Equiano 2017-02-17 Olaudah Equiano was an influential African advocate of abolishing the slave trade in Britain during the late 18th century. This is his memoir.

An African's Life-James Walvin 1998 It is, at one and the same time, an original portrait of a remarkable African and a study of the world of eighteenth-century Atlantic slavery.

The Life and Letters of Philip Quaque, the First African Anglican Missionary-Vincent Carretta 2012-06-01 This is the first edition of the correspondence of Philip Quaque, a prolific writer of African descent whose letters provide a unique perspective on the effects of the slave trade and its abolition in Africa. Born around 1740 at Cape Coast, in what is now Ghana, Quaque was brought to England by the Society for the Propagation of the Gospel. In 1765 he became the first African ordained as an Anglican priest. He returned to Africa and served for fifty years as the society's missionary and also as chaplain to the Company of Merchants Trading to Africa (CMTA) at Cape Coast Castle, the principal slave-trading site of the CMTA. Quaque sent more than fifty letters to London and North America reporting on his successes and failures, his relationships with European and African authorities, and his observations on the effects of the American and French revolutions on Africa. The regular references to his African mission in popular magazines made Quaque well known in the English-speaking world. Initially writing when the transatlantic slave trade went largely unquestioned, Quaque in his later letters traces the period of abolitionist fervor leading up to the ban in 1808. Although his employers supported and facilitated slavery, Quaque's letters reveal his evolving opposition to both slavery and the slave trade, particularly in his correspondence with early abolitionists. Quaque's life offers a fascinating perspective on transatlantic identity, missionary activity, precolonial European involvement in Africa, the early abolition movement, and Cape Coast society.

The Kidnapped Prince-Ann Cameron 2010-12-08 Kidnapped at the age of 11 from his home in Benin, Africa, Olaudah Equiano spent the next 11 years as a slave in England, the U.S., and the West Indies, until he was able to buy his freedom. His autobiography, published in 1789, was a bestseller in its own time. Cameron has modernized and shortened it while remaining true to the spirit of the original. It's a gripping story of adventure, betrayal, cruelty, and courage. In searing scenes, Equiano describes the savagery of his capture, the appalling conditions on the slave ship, the auction, and the forced labor. . . . Kids will read this young man's story on their own; it will also enrich curriculum units on history and on writing.

Sold as a Slave-Olaudah Equiano 2007-02-01 In an adventurous and extraordinary life, Equiano (c.1745-c.1797) criss-crossed the Atlantic world, from West Africa to the Caribbean to the USA to Britain, either as a slave or fighting with the Royal Navy. His account of his life is not only one of the great documents of the abolition movement, but also a startling, moving story of danger and betrayal. Great Journeys allows readers to travel both around the planet and back through the centuries - but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things: Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered.

Phillis Wheatley-Vincent Carretta 2014-01-30 Carretta offers the first full-length biography of Phillis Wheatley (1753? 1784), who became the first English-speaking person of African descent to publish a book and only the second woman of any race or background to do so in America."

Letters of the Late Ignatius Sancho, an African-Ignatius Sancho 1784

George III and the Satirists from Hogarth to Byron-Vincent Carretta 2007-12-01 King George III inherited two legacies from the restoration of the monarchy in 1660: his crown and a tradition of regal satire. As the last British monarch who fully ruled as well as reigned and as the last king of America, George III was the target of constant satiric attacks even before he came to the throne in 1760 and for years after his death in 1820. An interdisciplinary and intercontinental study, this book examines the political satiric poetry and political graphic prints of Britain and Colonial America during the late Georgian period--a tumultuous era that witnessed the American and French revolutions, the Napoleonic wars, and the birth of the Romantic movement. Using George III as his focal point, Vincent Carretta draws on a wide range of verbal and visual sources to illuminate the development of satire from the work of Charles Churchill and William Hogarth to Lord Byron and George Cruikshank. Extending the argument from his earlier book, *The Snarling Muse*, which dealt with satire during the first half of the eighteenth century, Carretta demonstrates that the satiric line of descent from the early decades of the 1700s through the 1820s is much more direct than most scholars have recognized. Throughout the book, Carretta examines not only how the monarchy was reflected in satire but how satire in turn may have influenced the regal institution. In the 1790s, for example, British satirists discovered that their earlier attacks on the king for not being kingly enough had brought an unanticipated consequence: they had created the basis for the fictional commoner-king, Farmer George, which the king's supporters used with great rhetorical effectiveness against the threat of revolutionary French ideas. Enhanced by more than 160 illustrations, *George III and the Satirists* effectively demonstrates how a wide range of materials, verbal and visual, literary and nonliterary, can be marshaled in an interdisciplinary pursuit that crosses conventional fields and periods, repositioning artists and authors who are too often approached outside their original contexts.

Bury the Chains-Adam Hochschild 2006 Offers an account of the first great human rights crusade, which originated in England in the 1780s and resulted in the freeing of hundreds of thousands of slaves around the world.

Borderless Empire-Bram Hoonhout 2020-01-15 "BORDERLESS EMPIRE explores the volatile history of Dutch Guiana, in particular the forgotten colonies of Essequibo and Demerara, in order to provide new perspectives on European empire building in the Atlantic world. It argues that imperial expansion was a process of improvisation at the colonial level, rather than a project that was centrally orchestrated from the metropolis. Furthermore, it emphasizes that colonial expansion was far more transnational than the oft-used divisions into "national Atlantics" suggest. It therefore aims to transcend the framework of the "Dutch Atlantic" by looking at the connections across cultural and imperial boundaries. This book tells a story of empire building as an Atlantic-wide process. Essequibo and Demerara remained remarkably open colonies, even as late as the end of the eighteenth century. But that is not to say they were unique: improvisation, and the consequent contacts across imperial borders were a general feature of early modern colonial ventures. By looking outwards from the colonies, rather than following the top-down view from the metropolis, BORDERLESS EMPIRE aims to bring these entanglements to the fore. Highlighting the contribution of many non-Dutch actors--such as Amerindian soldiers, North American provisions traders, and British slave smugglers--it reveals the truly Atlantic nature of empire building. BORDERLESS EMPIRE makes an important contribution to the study of early modern imperialism, Atlantic history, and the historiography of "--

Teaching Olaudah Equiano's Narrative-Eric D. Lamore 2012-11-30 The Interesting Narrative of the Life of Olaudah Equiano, or Gustavus Vassa, the African. Written by Himself (1789) is one of the most frequently and heatedly discussed texts in the canon of eighteenth-century transatlantic literature written in English. Equiano's Narrative contains an engrossing account of the author's experiences in Africa, the Americas, and Europe as he sought freedom from bondage and became a leading figure in the abolitionist movement. While scholars have approached this sophisticated work from diverse critical and historical/biographical perspectives, there has been, until now, little written about the ways in which it can be successfully taught in the twenty-first-century classroom. In this collection of essays, most of them never before published, sixteen teacher-scholars focus explicitly on the various classroom contexts in which the Narrative can be assigned and various pedagogical strategies that can be used to help students understand the text and its complex cultural, intellectual, literary, and historical implications. The contributors explore topics ranging from the religious dimensions of Equiano's rhetoric and controversies about his origins, specifically whether he was actually born in Africa and endured the Middle Passage, to considerations of the Narrative's place in American Literature survey courses and how it can be productively compared to other texts, including captivity narratives and modern works of fiction. They not only suggest an array of innovative teaching models but also offer new readings of the work that have been overlooked in Equiano studies and Slavery studies. With these two dimensions, this volume will help ensure that conversations over Equiano's eighteenth-century autobiography remain relevant and engaging to today's students. ERIC D. LAMORE is an assistant professor of English at the University of Puerto Rico at Mayagüez. A contributor to The Greenwood Encyclopedia of American Poets and Poetry, he is also the coeditor, with John C. Shields, of New Essays on Phillis Wheatley.

Genius in Bondage-Vincent Carretta 2014-10-17 Until fairly recently, critical studies and anthologies of African American literature generally began with the 1830s and 1840s. Yet there was an active and lively transatlantic black literary tradition as early as the 1760s. Genius in Bondage situates this literature in its own historical terms, rather than treating it as a sort of prologue to later African American writings. The contributors address the shifting meanings of race and gender during this period, explore how black identity was cultivated within a capitalist economy, discuss the impact of Christian religion and the Enlightenment on definitions of freedom and liberty, and identify ways in which black literature both engaged with and rebelled against Anglo-American culture.

The Cambridge Companion to the African American Slave Narrative-Audrey Fisch 2007-05-31 The slave narrative has become a crucial genre within African American literary studies and an invaluable record of the experience and history of slavery in the United States. This Companion examines the slave narrative's relation to British and American abolitionism, Anglo-American literary traditions such as autobiography and sentimental literature, and the larger African American literary tradition. Special attention is paid to leading exponents of the genre such as Olaudah Equiano, Frederick Douglass and Harriet Jacobs, as well as many other, less well known examples. Further essays explore the rediscovery of the slave narrative and its subsequent critical reception, as well as the uses to which the genre is put by modern authors such as Toni Morrison. With its chronology and guide to further reading, the Companion provides both an easy entry point for students new to the subject and comprehensive coverage and original insights for scholars in the field.

The Life of Olaudah Equiano-Olaudah Equiano 2009-01-01 Published in 1789, Equiano's autobiography was the first of its kind to influence a wide audience. He told the story of his life and suffering as a slave. He describes scenes of outrageous torture and made it clear to his readers how the institution of slavery dehumanized both owner and slave. Equiano's work became an important part of the abolitionist cause, because he was able to portray Africans with a humanity that many slave traders tried to deny. Anyone with an interest in the slave trade or the abolitionist movement will find this book essential reading. Nigerian slave and abolitionist OLAUDAH EQUIANO (1745-1797) was sold to white slavers when he was eleven and renamed Gustavus Vassa. He worked on a naval ship and fought during the Seven Years' War, which he felt earned him a right to freedom. Eventually, he was able to purchase his freedom and move to England, where he was safe from being captured back into slavery. There, he was an outspoken advocate of the abolitionist movement.

The Story of My Teeth-Valeria Luiselli 2015-09-07 "Luiselli follows in the imaginative tradition of writers like Borges and Márquez, but her style and concerns are unmistakably her own. This deeply playful novel is about the passion and obsession of collecting, the nature of storytelling, the value of objects, and the complicated bonds of family. . . Luiselli has become a writer to watch, in part because it's truly hard to know (but exciting to wonder about) where she will go next."—The New York Times I was born in Pachuca, the Beautiful Windy City, with four premature teeth and my body completely covered in a very fine coat of fuzz. But I'm grateful for that inauspicious start because ugliness, as my other uncle, Eurípides López Sánchez, was given to saying, is character forming. Highway is a late-in-life world traveler, yarn spinner, collector, and legendary auctioneer. His most precious possessions are the teeth of the "notorious infamous" like Plato, Petrarch, and Virginia Woolf. Written in collaboration with the workers at a Jumex juice factory, Teeth is an elegant, witty, exhilarating romp through the industrial suburbs of Mexico City and Luiselli's own literary influences. Valeria Luiselli was born in Mexico City in 1983 and grew up in South Africa. Her work has been translated into many languages and has appeared in publications including the New York Times, Granta, and McSweeney's. Her novel, The Story of My Teeth, is the winner of the LA Times Book Prize in Fiction.

"Most Blessed of the Patriarchs": Thomas Jefferson and the Empire of the Imagination-Annette Gordon-Reed 2016-04-13 "An important book...[R]ichly rewarding. It is full of fascinating insights about Jefferson." —Gordon S. Wood, New York Review of Books Hailed by critics and embraced by readers, "Most Blessed of the Patriarchs" is one of the richest and most insightful accounts of Thomas Jefferson in a generation. Following her Pulitzer Prize-winning The Hemingses of Monticello, Annette Gordon-Reed has teamed with Peter S. Onuf to present a provocative and absorbing character study, "a fresh and layered analysis" (New York Times Book Review) that reveals our third president as "a dynamic, complex and oftentimes contradictory human being" (Chicago Tribune). Gordon-Reed and Onuf fundamentally challenge much of what we thought we knew, and through their painstaking research and vivid prose create a portrait of Jefferson, as he might have painted himself, one "comprised of equal parts sun and shadow" (Jane Kamensky).

In and Out of Africa-Joanna Boampong 2012-11-30 New areas of intellectual endeavours including postcolonial, transatlantic, global, and cultural studies have facilitated conversations that cut across traditional academic boundaries. Indeed, aside from precipitating more stimulating intellectual dialogues, the advent of multi-disciplinarity has also enabled literary and cultural theorists, critics, students, and teachers to connect and to integrate diverse academic disciplines and schools of thought in the pursuit of a common task. Of the many areas that have benefited from this trend, it is perhaps in the realm of Afro-Hispanic, Luso-Brazilian, and Latin American studies that one notices a vibrant conversation that deals with the deep historical, social, economic, and political bonds that have connected and still connect Africa to the Hispanic and Luso-Brazilian worlds. As these bonds acquire profound meanings in the late 20th and early 21st centuries, scholars from diverse academic backgrounds find new ways to explore these connections. It is in the spirit of this endeavour that the creative artists, scholars of cultural and literary theory and critics whose works are presented in this anthology, attempt to examine wide-ranging themes from colonization, slavery, imperialism, religion, music, and literature. Most of the essays in this collection address long-standing issues related to identity construction, linguistic legacies, religious and cultural beliefs and practices. Others confront questions of migration and immigration, configurations of female agency, and Hispanic pedagogy in Africa and elsewhere. What makes this volume unique and interesting is not only the idea of exploring, examining, and thinking the old in new ways and the new in old ways but also, advancing the conversation of the relationship between Africa and the Afro-Hispanic, Luso-Brazilian, and Latin American worlds through different intellectual and artistic prisms.

The Trickster Comes West-Babacar M'Baye 2010-02-11 In the past, scholars have looked at narratives of the African diaspora only to discover how these memoirs, poems, and fictions related to the West. The Trickster Comes West: Pan-African Influence in Early Black Diasporan Narratives explores relationships among African American, Afro-Caribbean, and Afro-British narratives of slavery and of New World and British oppression and what African influences brought to these diasporic expressions. Using an interdisciplinary method that combines history, literary theory, cultural studies, anthropology, folklore, and philosophy, the book examines the work of Pan-African trickster icons, such as Leuk (Rabbit), Golo (Monkey), Bouki (Hyena), Mbe (Tortoise), and Anancy (Spider), on the resistance strategies of early black writers who were exposing the evils of slavery, racism, sexism, economic exploitation, and other forms of oppression. Works discussed in this book include Phillis Wheatley's Poems on Various Subjects, Religious and Moral (1773), Quobna Ottobah Cugoana's Thoughts and Sentiments on the Evil of Slavery (1787), Olaudah Equiano's The Interesting Narrative of the Life of Olaudah Equiano (1795), Elizabeth Hart Thwaites's "History of Methodism" (1804), Anne Hart Gilbert's "History of Methodism" (1804), and Mary Prince's The History of Mary Prince: A West Indian Slave, Related By Herself (1831). Analyzing these writings in the context of the black Atlantic struggle for freedom, The Trickster Comes West relocates the beginnings of Pan-Africanism and suggests the strong influence of its theories of communal resistance, racial solidarity, and economic development on pioneering black narratives.

Equiano's autobiography helped in the creation of the Slave Trade Act 1807 which ended the African slave trade for Britain and its colonies. Running a Thousand Miles for Freedom-William Craft 2014-08-20 Compelling 1860 narrative of escape from slavery in which the wife disguised herself as a man and the husband posed as her servant. Fascinating insights into 19th-century issues of race, gender, and class.

Spectacular Suffering-Ramesh Mallipeddi 2016-04-29 Spectacular Suffering focuses on commodification and discipline, two key dimensions of Atlantic slavery through which black bodies were turned into things in the marketplace and persons into property on plantations. Mallipeddi approaches the problem of slavery as a problem of embodiment in this nuanced account of how melancholy sentiment mediated colonial relations between English citizens and Caribbean slaves. The book's first chapters consider how slave distress emerged as a topic of emotional concern and political intervention in the writings of Aphra Behn, Richard Steele, and Laurence Sterne. As Mallipeddi shows, sentimentalism allowed metropolitan authors to fashion themselves as melancholy witnesses to racial slavery by counterposing the singular body to the abstract commodity and by taking affective property in slaves against the legal proprietorship of slaveholders. Spectacular Suffering then turns to the practices of the enslaved, tracing how they contended with the effects of chattel slavery. The author attends not only to the work of African British writers and archival textual materials but also to economic and social activities, including slaves' petty production, recreational forms, and commemorative rituals. In examining the slaves' embodied agency, the book moves away from spectacular images of suffering to concentrate on slow, incremental acts of regeneration by the enslaved. One of the foremost contributions of this study is its exploration of the ways in which the ostensible objects of sentimental compassion—African slaves—negotiated the forces of capitalist abstraction and produced a melancholic counterdiscourse on slavery. Throughout, Mallipeddi's keen reading of primary texts alongside historical and critical work produce fresh and persuasive insights. Spectacular Suffering is an important book that will alter conceptions of slave agency and of sentimentalism across the long eighteenth century.

Black Salt-Ray Costello 2012-06-01 During the Age of Sail, black seamen could be found in many shipboard roles in the Royal Navy, such as gunners, deck-hands and 'top men', working at heights in the rigging. In the later Age of Steam, black seamen were more likely to be found on merchantmen below deck; as cooks, stewards and stokers. Nevertheless, the navy was possibly a unique institution in that black and white could work alongside each other more than in any other occupation. In this fascinating work, Dr. Ray Costello examines the work and experience of seamen of African descent in Britain's navy, from impressed slaves to free Africans, British West Indians, and British-born Black sailors. Seamen from the Caribbean and directly from Africa have contributed to both the British Royal Navy and Merchant Marine from at least the Tudor period and by the end of the period of the British Slave Trade at least three percent of all crewmen were black mariners. Black sailors signed off in British ports helped the steady growth of a black population. In spite of racial prejudice in port, relationships were forged between sailors of different races which frequently ignored expected norms when working and living together in the isolated world of the ship. Black seamen on British ships have served as by no means a peripheral force within the British Royal and Mercantile navies and were not only to be found working in both the foreground and background of naval engagements throughout their long history, but helping to ensure the supply of foodstuffs and the necessities of life to Britain. Their experiences span the gamut of sorrow and tragedy, heroism, victory and triumph.
