Escape from Camp 14-Blaine Harden 2012-03-29 With a New Foreword The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped. North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In Escape From Camp 14, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence—he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late “Dear Leader” Kim Jong Il was recognized throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. Escape from Camp 14 offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

The Aquariums of Pyongyang-Chol-hwan Kang 2005-08-24 "Destined to become a classic" (Iris Chang, author of The Rape of Nanking), this harrowing memoir of life inside North Korea was the first account to emerge from the notoriously secretive country -- and it remains one of the most terrifying. Amid escalating nuclear tensions, Kim Jong-un and North Korea's other leaders have kept a tight grasp on their one-party state, quashing any nascent opposition movements and sending all suspected dissidents to its brutal concentration camps for "re-education." Kang Chol-Hwan is the first survivor of one of these camps to escape and tell his story to the world, documenting the extreme conditions in these gulags and providing a personal insight into life in North Korea. Sent to the notorious labor camp Yodok when he was nine years old, Kang observed frequent public executions and endured forced labor and near-starvation rations for ten years. In 1992, he escaped to South Korea, where he found God and now advocates for human rights in North Korea. Part horror story, part historical document, part memoir, part political tract, this book brings together unassailable firsthand experience, setting one young man's personal suffering in the wider context of modern history, giving eyewitness proof to the abuses perpetrated by the North Korean regime.

A River Lost-Blaine Harden 1997 The author of Africa: Dispatches from a Fragile Continent offers his observations on the exploitation of the Columbia River in the Pacific Northwest, assessing the effects of dams, irrigation, and flood control on the people and environment of the region. Tour.

King of Spies-Blaine Harden 2017 In 1946, master sergeant Donald Nichols was stationed on Guam when he caught the eye of recruiters from the Army's Counter Intelligence Corps. After three months' training he was sent to Korea, then a backwater largely beneath the radar of MacArthur's Pacific Command. Nichols quickly insinuated himself into the affections of South Korea's first president, Syngman Rhee, and became a key player in the American war effort. Harden traces Nichols's rise and ruin-- and in doing so explains the history of our foreign policy mess with North Korea.

The Great Desert Escape-Keith Warren Lloyd 2019-04-01 Dramatic, highly readable, and painstakingly researched, The Great Desert Escape brings to light a little-known escape by 25 determined German sailors from an American prisoner-of-war camp. The disciplined Germans tunneled unnoticed through rock-hard, sunbaked soil and crossed the unforgiving Arizona desert. They were heading for Mexico, where there were sympathizers who could help them return to the Fatherland. It was the only large-scale domestic escape by foreign prisoners in US history. Wrung from contemporary newspaper articles, interviews, and first-person accounts from escapees and the law enforcement officers who pursued them, The Great Desert Escape brings history to life. At the US Army's prisoner-of-war camp at Papago Park just outside of Phoenix, life was, at the best of times, uneasy for the German Kriegsmariners. On the outside of their prison fences were Americans who wanted nothing more than to see them die slow deaths for their perceived roles in killing fathers and brothers in Europe. Many of these German prisoners had heard rumors of execution for those who escaped. On the inside were rabid Nazis determined to get home and continue the fight. At Papago Park in March 1944, a newly arrived prisoner who was believed to have divulged classified information to the Americans was murdered—hung in one of the barracks by seven of his fellow prisoners. The prisoners of war dug a tunnel 6 feet deep and 178 feet long, finishing in December 1944. Once free of the camp, the 25 Germans scattered. The cold and rainy weather caused several of the escapees to turn themselves in. One attempted to hitchhike his way into Phoenix, his accent betraying him. Others lived like coyotes among the rocks and caves overlooking Papago Park. All the while, the escapees were pursued by soldiers, federal agents, police and Native American trackers determined to stop them from reaching Mexico and freedom.

Escape from North Korea-Melanie 2014-05-13 From the world's most repressive state comes rare good news: the escape to freedom of a small number of its people. It is a crime to leave North Korea. Yet increasing numbers of North Koreans dare to flee. They go first to neighboring China, which rejects them as criminals, then on to Southeast Asia or Mongolia, and finally to South Korea, the United States, and other free countries. They travel along a secret route known as the new underground railroad. With a journalist's grasp of events and a novelist's ear for narrative, Melanie Kirkpatrick tells the story of the North Koreans' quest for liberty. Travelers on the new underground railroad include

women bound to Chinese men who purchased them as brides, defectors carrying state secrets, and POWs from the Korean War held captive in the North for more than half a century. Their conductors are brokers who are in it for the money as well as Christians who are in it to serve God. The Christians see their mission as the liberation of North Korea one person at a time. Just as escaped slaves from the American South educated Americans about the evils of slavery, the North Korean fugitives are informing the world about the secretive country they fled. Escape from North Korea describes how they also are sowing the seeds for change within North Korea itself. Once they reach sanctuary, the escapees channel news back to those they left behind. In doing so, they are helping to open their information-starved homeland, exposing their countrymen to liberal ideas, and laying the intellectual groundwork for the transformation of the totalitarian regime that keeps their fellow citizens in chains.

A Kim Jong-Il Production-Paul Fischer 2015-02-03 Documents the North Korean dictator's 1978 kidnapping of a South Korean actress and her filmmaker ex-husband, describing how they were imprisoned, forced to remarry, and compelled to make films for their captor before their daring escape.

Farewell to Manzanar-Jeanne Wakatsuki Houston 2002-04-29 During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

By the time she was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Now, Eunsun is sharing her remarkable story to give voice to the tens of millions of North Koreans still suffering in silence. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and resilience of the human spirit.

As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. An astonishing expose; told through the heart-stopping story of Jang Jin-sung's escape to South Korea, Dear Leader is a rare and unprecedented insight into the world's most secretive and repressive regime"--

The Chronicles of Narnia (adult)-C. S. Lewis 2004-10-26 Journeys to the end of the world, fantastic creatures, and epic battles between good and evil -- what more could any reader ask for in one book? The book that has it all is the lion, the witch and the wardrobe, written in 1949 by C. S. Lewis. But Lewis did not stop there. Six more books followed, and together they became known as The Chronicles of Narnia. For the past fifty years, The Chronicles of Narnia have transcended the fantasy genre to become part of the canon of classic literature. Each of the seven books is a masterpiece, drawing the reader into a world where magic meets reality, and the result is a fictional world whose scope has fascinated generations. This edition presents all seven books -- unabridged -- in one impressive volume. The books are presented here according to Lewis's preferred order, each chapter graced with an illustration by the original artist, Pauline Baynes. This edition also contains C. S. Lewis's essay "On Three Ways of Writing for Children," in which he explains precisely how the magic of Narnia and the realm of fantasy appeal not only to children but to discerning readers of all ages. Deceptively simple and direct, The Chronicles of Narnia continue to captivate fans with adventures, characters, and truths that speak to all readers, even fifty years after the books were first published.

Escape from Camp Evil-Adrian Keller 2016-07-04 "Escape from Camp Evil is the heart-wrenching account of a thirteen-year-old boy who endured torture and privation at the hands of a cruel and pernicious thug-state. Indeed, the similar ages of the protagonists and the miseries they endured compel the consideration of parallels with Anne Frank's diary. The work tells the harrowing story of a boy whose life came apart at the same time that his family disintegrated under the unnatural pressures imposed by Romania's communist police state. Abandoned by his parents and caught up in the maw of that same police state, Adrian survived when others would have perished. To be sure, the story of his determination to overcome the manifold cruelties of his antagonists is one of tenacity and courage; his resolute spirit is a testament to man's ability to overcome apparently impossible hardships. The reader's reward for absorbing so much darkness and misery is the uplifting story of Adrian's escape to the West and the success he made for himself there. Escape from Camp Evil stands out as a very human tale of triumph in the face of seemingly insurmountable odds."

Night-Elie Wiesel 2012-05-03 Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

Lane Changes-Anna Adams 2016-06-23 I waited until the last two years of high school to take Spanish and am now one of only three seniors; Sam and Rob are the others. Every day we have to conjugate verbs and today, the teacher was in a rare mood. Amar: to love That's what I associated with Rob Holland, the newest student at Naylorville High who somehow has the power to make me blush, stammer and trip all at once. Molestar: to annoy That should be Sam Seeley's middle name. Since seventh grade he has annoyed me to the point where I should earn a gold medal for ignoring him. Matar: to kill This is what I want to do to the person putting black origami roses in my locker, writing hateful notes, rude emails and texts and throwing a rock at my bedroom window. Nadar: to swim My one talent. A college scholarship I desperately need. Something I never thought I wouldn't be able to do until an "accident" cuts my swim season short. Aprender: to learn I have a lot to learn. About Rob and how emotionally stunted a person can be. About Sam and how his life isn't better than anyone else's. About how one friend's mental illness can have lasting effects.

About love. About myself...Lane Meyers.

Switch Back-Steve K. S. Grey 2015-10-28 For Steve Grey growing up, abuse and uncertainty was all he ever knew. Pulled out of a difficult family upbringing when he was only a child, Steve jumped from children's home to children's home, rarely ever escaping the after-effects of the trauma that defined much of his early years. Unfortunately, the type of suffering Grey endured doesn't just get to be wiped away, as Switch Back examines how his childhood abuse also manifested itself in his adult life in ways he could have never imagined. In a personal collection of memoirs, Grey recites the most pivotal moments of his challenging upbringing, focusing on the developments that occurred from childhood, and the reverberations that are still felt to this very day. Through musings and reflections, the heart-breaking story of Switch Back delves into some of the darkest times of Grey's life, yet the optimism in which these traumatic episodes are discussed makes for a truly inspirational tale of personal drive and discovery. With Switch Back, author Steve Grey dives deep into harrowing personal experiences, offering insight for those who may have suffered through similar episodes. While difficult to overcome at the time, Grey has since moved past the memories that haunted him in much of his developing life, with a new-found goal to use those same experiences to make sure abuse like this never happens again. With this novel, Grey offers a hand to anyone who has found themselves in a similar situation, primed with one key message in particular: you are not alone.

Invisible Slaves-W. Kurt Hauser 2017-10-01 In Invisible Slaves, W. Kurt Hauser discusses slavery around the world, with research and firsthand stories that reframe slavery as a modern-day crisis, not a historical phenomenon or third-world issue. Identifying four types of slavery—chattel slavery, debt bondage, forced labor, and sex slavery—he examines the efforts and failures of governments to address them. He explores the political, economic, geographic, and cultural factors that shape slavery today, illustrating the tragic human toll with individual stories. Country by country, the author illuminates the harsh realities of modern-day slavery. He explores slavery's effects on victims, including violence, isolation, humiliation, and the master-slave relationship, and discusses the methods traffickers use to lure the vulnerable, especially children, into slavery. He assesses nations based on their levels of slavery and efforts to combat the problem, citing the rankings of the United States' Trafficking Victims Protection Act. He concludes with an appeal to governments and ordinary citizens alike to meet this humanitarian crisis with awareness and action.

Sundays at Eight-Brian Lamb 2014-04-29 For the last 25 years, Sunday nights at 8pm on C-SPAN has been appointment television for many Americans. During that time, host Brian Lamb has invited people to his Capitol Hill studio for hour-long conversations about contemporary society and history. In today's soundbite culture that hour remains one of television's last vestiges of in-depth, civil conversation. First came C-SPAN's Booknotes in 1989, which by the time it ended in December 2004, was the longest-running author-interview program in American broadcast history. Many of the most notable nonfiction authors of its era were featured over the course of 800 episodes, and the conversations became a defining hour for the network and for nonfiction writers. In January 2005, C-SPAN embarked on a new chapter with the launch of Q and A. Again one hour of uninterrupted conversation but the focus was expanded to include documentary film makers, entrepreneurs, social workers, political leaders and just about anyone with a story to tell. To mark this anniversary Lamb and his team at C-SPAN have assembled Sundays at Eight, a collection of the best unpublished interviews and stories from the last 25 years. Featured in this collection are historians like David McCullough, Ron Chernow and Robert Caro, reporters including April Witt, John Burns and Michael Weisskopf, and numerous others, including Christopher Hitchens, Brit Hume and Kenneth Feinberg. In a March 2001 Booknotes interview 60 Minutes creator Don Hewitt described the show's success this way: "All you have to do is tell me a story."

This collection attests to the success of that principle, which has guided Lamb for decades. And his guests have not disappointed, from the dramatic escape of a lifelong resident of a North Korean prison camp, to the heavy price paid by one successful West Virginia businessman when he won \$314 million in the lottery, or the heroic stories of recovery from the most horrific injuries in modern-day warfare. Told in the series' signature conversational manner, these stories come to life again on the page. Sundays at Eight is not merely a token for fans of C-SPAN's interview programs, but a collection of significant stories that have helped us understand the world for a quarter-century.

Building Bridges-David Alton 2013-05-24 How much do you know about North Korea? Depending on whom you ask, the Democratic People's Republic of Korea (DPRK) is an international laughing-stock, a terrifying nuclear-powered war machine, or a humanitarian crisis of nightmarish proportion. For David Alton, the DPRK is Asia's tragic and prodigal son, long overdue 'coming in from the cold' and returning to the embrace of the international community. The obstacles are gigantic and the record of human suffering is almost beyond description, yet there is still hope for a better future, if only the political and military powers have the courage to seize it. In this book, David Alton and Rob Chidley paint a practical and compassionate picture of North Korea, from the earliest history to the tragic division and right up to the present day. In doing so, they present a North Korea that we can understand, approach, and reach out to with a glimmer of hope.

The Patriot Threat-Steve Berry 2015-03-31 Steve Berry's New York Times bestseller, The Patriot Threat, finds Cotton Malone racing to stop a rogue ex-KGB agent plotting revenge against the United States. The 16th Amendment to the Constitution is why Americans pay income taxes. But what if there were problems associated with that amendment? Secrets that call into question decades of tax collecting? In fact, there is a surprising truth to this hidden possibility.

Cotton Malone, once a member of an elite intelligence division within the Justice Department known as the Magellan Billet, is now retired and owns an old bookshop in Denmark. But when his former-boss, Stephanie Nelle, asks him to track a rogue North Korean who may have acquired some top secret Treasury Department files—the kind that could bring the United States to its knees—Malone is vaulted into a harrowing twenty-four hour chase that begins on the

canals in Venice and ends in the remote highlands of Croatia. With appearances by Franklin Roosevelt, Andrew Mellon, a curious painting that still hangs in the National Gallery of Art, and some eye-opening revelations from the \$1 bill, this riveting, non-stop adventure is trademark Steve Berry—90% historical fact, 10% exciting speculation—a provocative thriller posing a dangerous question: What if the Federal income tax is illegal?

Talking Book Topics- 2014

The Siege-Cathy Scott-clark 2013-10-29 Winner of the CWA Nonfiction Dagger Award, the definitive account of the 2008 terrorist attacks in Mumbai Mumbai, 2008. On the night of November 26, Lashkar-e-Toiba terrorists attacked targets throughout the city, including the Taj Mahal Palace Hotel, one of the world's most exclusive luxury hotels. For sixty-eight hours, hundreds were held hostage as shots rang out and an enormous fire raged. When the smoke cleared, thirty-one people were dead and many more had been injured. Only the courageous actions of staff and guests—including Mallika Jagad, Bob Nichols, and Taj general manager Binny Kang—prevented a much higher death toll. With a deep understanding of the region and its politics and a narrative flair reminiscent of Midnight in Peking, journalists Cathy Scott-Clark and Adrian Levy vividly unfold the tragic events in a real-life thriller filled with suspense, tragedy, history, and heroism.

German Prisoners of War at Camp Cooke, California-Jeffrey E. Geiger 1996 About one-seventh of the 2.5 million German servicemen captured by U.S. forces in World War II were transferred to POW camps in the United States. There were over 600 camps located throughout the country, usually at existing military installations--such as Camp Cooke, California, the current site of Vandenberg Air Force Base. While the early prisoners at Camp Cooke included a number of men from the Waffen SS and other fanatical Nazi units, most of the POWs were ordinary soldiers from infantry, armor and airborne divisions. These men were used in the United States to fill labor positions left vacant by wartime demands, but they also were afforded many educational and recreational opportunities. These were the cornerstones of the Army's secret program to denazify the POWs. Through the eyes of 14 German prisoners, this is a firsthand account of life in the POW camp at Camp Cooke and the lasting impact it had on prisoners' lives.

Divided Loyalties-Lucio Sponza 2000 Historians have paid little attention to the fate of minorities at times of acute crises. This book addresses the case of two different types of Italians in Britain during the Second World War: the immigrants, who became 'enemy aliens' overnight, and the prisoners of war (POWs), who were brought to this country to compensate for the lack of manpower. The material life and the contrasting sentiments of both groups of Italians are studied against a background of changing government policies towards 'enemy aliens' and POWs. People with a weak sense of nationhood, the Italians' strongest loyalties are normally towards their own families and kin. A surrogate national sentiment was enhanced, in the case of immigrants by their condition of foreigners confined to the margin of society; in the case of the POWs, by their condition of men humiliated in defeat and captivity. Yet, in both instances ambiguity and dislocation of sentiments made the central issue of divided loyalties a complex and painful - albeit enriching - experience. The book is mainly based on archival - mostly unused - sources; direct private testimonies, both written and oral, are also taken into account.
