Ethics Theory and Business Practice-Mick Fryer 2014-10-27 In his ground-breaking new textbook, Mick Fryer offers students of Business Ethics clear explanations of a range of theoretical perspectives, along with examples of how these perspectives might be used to illuminate the ethical challenges presented by business practice. The book includes: Realistic scenarios which gently introduce a theory and demonstrate how it can be applied to a real-life ethical dilemma that everyone can relate to, such as borrowing money from a friend Real organisational case studies in each chapter which illustrate how each theory can be applied to real business situations. Cases include Nike, Coca Cola, BMW, Shell, Starbucks and GSK 'Pause for Reflection' boxes and 'Discussion Questions' which encourage you to challenge the established notions of right and wrong, and empower you to develop your own moral code Video Activities in each chapter with accompanying QR codes which link to documentaries, films, debates and news items to get you thinking about real-life ethical dilemmas Visit the book's companion website for self-test questions, additional web links and more at: study.sagepub.com/fryer

The Oxford Handbook of Business Ethics-George G. Brenkert 2012-04-19 The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

Ethical Theory and Business-Tom L. Beauchamp 1997 Revised and updated to meet the ethical challenges of today's business world, Ethical Theory and Business presents a collection of readings that includes historical as well as contemporary material. Chapters offer thoughtfully collected essays, legal perspectives, and court cases that give readers a basis for understanding the latest developments in business ethics scholarship, analysis, and decision making. In addition to presenting the fundamental concepts and problems of business ethics, normative ethical theory, and the analysis of cases, the Fifth Edition of Ethical Theory and Business examines issues such as corporate social responsibility; business self-regulation versus government regulation; consumer, occupational, and environmental risk; drug testing; whistleblowing; affirmative action; reverse discrimination; sexual harassment; deception in advertising; ethical issues in international business; and social and economic justice.

Ethical Theory and Business Decisions-James Owens 1982

Exam Prep for: Ethical Theory and Business-

Normative Theory and Business Ethics-Jeffery David Smith 2009 This volume provides an updated examination of the role that moral and political philosophy can play in addressing problems in business ethics. The essays contained within its pages represent the work of new scholars and address a wide array of foundational issues such as distributive justice within firms, human rights, ethical challenges of international business, the role of virtue in business management, entrepreneurship and the relationship of markets and market actors with democratic institutions.

Business Ethics and Ethical Business-Robert Audi 2009 Business Ethics and Ethical Business is a brief yet remarkably comprehensive introduction to the thought-provoking field of business ethics. The text is organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business. It introduces the standards essential in business ethics, explores a wide range of issues using concrete examples, and provides analytical tools for guiding ethical decisions in the real world.Business Ethics and Ethical Business is ideal for undergraduate or MBA courses, as either a standalone text or a companion to an anthology or selected case studies. Every chapter is self-contained, so the text can be used in whole or in part and in long or short courses.

This is Business Ethics-Tobey Scharding 2018-05-22 Take a seat in the boardroom. What will you decide? Corporations make difficult decisions about the right thing to do every day, but as an organization made up of people with different perspectives and values, how can a business behave ethically? This is Business Ethics offers a dynamic and engaging introduction to the study of corporate morality. Offers real-world practical advice for navigating ethical dilemmas in business, developed and explained through illustrative high-profile case studies like the Ford Pinto case, Enron, Walmart and British Petroleum. Explores how ethical theory informs business policy and practice. Presents unresolved contemporary case studies for consideration, inviting readers to participate in the decision-making and offer their own recommendations. The latest in the This is Philosophy series, This is Business Ethics features supplemental online resources for instructors and students at www.thisisphilosophy.com.

Case Studies in Business, Society, and Ethics-Tom L. Beauchamp 1998 Contains case studies for courses in Business Ethics in the Philosophy or Business curriculum. This book is a collection of 35 original and reprinted contemporary cases that focus on ethical and social issues surrounding business. It makes the students aware of situations that require moral reflection, judgment, and decision-making.

Business Ethics-Thomas M. Garrett 2004

Cases in Business Ethics-David J. Sharp 2006 Cases in Business Ethics provides the opportunity for students not only to discuss the application of ethical theories in managerial situations, but also to apply judgment and make decisions in a real-world context. This collection of cases focuses on business decision-making, and includes both short and long, more complex cases that highlight the practicalities of business practice and ethical theory. A beneficial feature of Cases in Business Ethics is the variety of ways in which the cases can be organized to fit the course curriculum.

An Introduction to Business Ethics-Joseph Desjardins 2008-04-03 Since its inception An Introduction to Business Ethics, by Joseph Desjardins has been a cutting-edge resource for the business ethics course. DesJardin's unique approach encompasses all that an introductory business ethics course is, from a multidisciplinary perspective. It offers critical analysis and integrates the perspective of philosophy with management, law, economics, and public policy.

Business Ethics and Corporate Governance-

Business Ethics in the 21st Century-Norman Bowie 2013-05-16 This work provides a critical look at business practice in the early 21st century and suggests changes that are both practical and normatively superior. Several chapters present a reflection on business ethics from a societal or macro-organizational point of view. It makes a case for the economic and moral superiority of the sustainability capitalism of the European Union over the finance-based model of the United States. Most major themes in business ethics are covered and some new ones are introduced, including the topic of the right way to teach business ethics. The general approach adopted in this volume is Kantian. Alternative approaches are critically evaluated.

Business Ethics-Stephen M. Byars 2018-09-24

Ethics and Business-Kevin Gibson 2007-07-19 In this lively undergraduate textbook, Kevin Gibson explores the relationship between ethics and the world of business, and how we can serve the interests of both. He builds a philosophical groundwork that can be applied to a wide range of issues in ethics and business, and shows readers how to assess dilemmas critically and work to resolve them on a principled basis. Using case studies drawn from around the world, he examines topics including stakeholder responsibilities, sustainability, corporate social responsibility, and women and business. Because business can no longer be isolated from its effects on communities and the environment, these concerns are brought to the forefront. The book also captures the dynamic nature of business ethics in the era of globalization where jobs can be outsourced, products are made of components from scores of countries and sweatshops often provide the cheap goods the public demands.

Business Ethics-A. C. Fernando 2009-05

Business Ethics For Dummies-Norman E. Bowie 2011-02-09 The tools you need to deal with ethical dilemmas in business in today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-to on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, Business Ethics For Dummies is a helpful resource for students, professors, business owners, managers, and CFOs who seek a clear understanding of the importance of ethics.

Moral Leadership-Deborah L. Rhode 2015-06-10 Moral Leadership brings together in one comprehensive volume essays from leading scholars in law, leadership, psychology, political science, and ethics to provide practical, theoretical policy guidance. The authors explore key questions about moral leadership such as: How do leaders form, sustain, and transmit moral commitments? Under what conditions are those processes most effective? What is the impact of ethics officers, codes, training programs, and similar initiatives? How do standards and practices vary across context and culture? What can we do at the individual, organizational, and societal level to foster moral leadership? Throughout the book, the contributors identify what people know, and only think they know, about the role of ethics in key decision-making positions. The essays focus on issues such as the definition and importance of moral leadership and the factors that influence its exercise, along with practical strategies for promoting ethical behavior. Moral Leadership addresses the dynamics of moral leadership, with particular emphasis on major obstacles that stand in its way: impaired judgment, self-interest, and power. Finally, the book explores moral leadership in a variety of contexts?business and the professions, nonprofit organizations, and the international arena.

Types of Ethical Theory-James Martineau 1866

Ethics for A-Level-Mark Dimmock 2017-07-31 What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

Business Ethics-Fritz Allhoff 2005-03-09 This three-volume anthology collects the most important of the classic articles in business ethics, as well as the best of the contemporary work in business ethics. It will serve as a sourcebook for academics and non-academics doing research in business ethics.

An Introduction to Ethical Theories-John Gerard Messerly 1995 In this general introduction to ethical theory, Chapter I introduces the reader to philosophical thinking, philosophy's domain, the value of philosophy, and the nature of philosophical ethics. The second chapter examines various impediments to ethical theory including nihilism, determinism, skepticism, relativism, emotivism, egoism, and divine command theory. With these impediments surmounted the subsequent chapters focus on major ethical theories including natural law, virtue, contract, deontological, utilitarianism, existentialism, evolutionary, and feminist. Each chapter systematically presents, critiques, and assesses both classical and contemporary formulations of theory in language accessible to the uninitiated. The author neither dismisses nor advocates particular theories but gives them a fair hearing in a rational forum. The final chapter presents the author's own moral theory in a straightforward but non-dogmatic manner.

The Essence of Business Ethics-Peter Pratley 1995 What is business ethics? How can we mediate between private interests and moral demands? What are the moral core responsibilities in quality management? What is enlightened egoism and why is it one of the best ethical theories for business? The Essence of Business Ethics is an invaluable reference source for MBA students and managers, whether on a short course or as a reference work for the bookshelf. It is intended to focus upon the core of the subject and is an ideal summary for undergraduates, postgraduates, other students and aspiring managers wishing to improve their knowledge and skills.

The Oxford Handbook of Ethical Theory-David Copp 2006-01-26 The Handbook is a comprehensive reference work in ethical theory consisting of commissioned articles by leading scholars. The first part treats meta-ethics and the second part normative ethical theory. As with all the Oxford Handbooks, the collection is designed to achieve three goals: exposition of central ideas, criticism of other approaches, and defenses of distinct points of view.

Business Ethics-Christian U Becker 2019-05-02 Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic management.

Business Ethics: Methods and Application provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, Business Ethics: Methods and Application develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

Business Ethics-Mark S. Schwartz 2017-02-21 Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

Perspectives in Business Ethics-Laura Hartman 2005 Laura Hartman's: Perspectives in Business Ethics offers a foundation in ethical thought, followed by a variety of perspectives on difficult ethical dilemmas in both the personal and professional context. This anthology encourages the reader to "critically evaluate each perspective using his or her own personal ethical theory base." Instructors who favor an interactive, discussion-oriented approach to the ethics course will appreciate the different perspectives offered by the Hartman text. This book incorporates the traditional text with definitions and explanations, and combines it with short and long cases, reprints of both traditional and innovative articles, and nontraditional materials such as song lyrics, excerpts from classical literature, and short stories. This text focuses on involving as many views as possible in ethical situations or decisions.

Ethical Theory: The question of objectivity-James Rachels 1998 This is the first of two new volumes in the successful Oxford Readings in Philosophy series which together provide a fascinating, accessible selection of the most important work in contemporary moral philosophy.Ethical Theory 1: The Question of Objectivity deals with the question of objectivity in ethics and the viability of 'moral realism', focusing on what moral judgements mean, whether morality can be objective, and whether there are any such things as 'moral facts'. Like Ethical Theory 2: Theories About How We Should Live, this volume gathers together classic and contemporary articles, many of which are not otherwise readily available, and includes a clearly written,substantial, critical introduction guiding the beginner through the intricacies of the subject.

Business Ethics: A Kantian Perspective-Norman E. Bowie 2017-02-16 It is more important than ever that a business must be both ethical and profitable. In this thoroughly revised and updated second edition, Norman E. Bowie shows that by applying Kant's three formulations of the categorical imperative, and by doing the right thing for the right reason, a business can achieve success in both of these fields. Bowie uses examples such as building trust, transparency through open book management and respecting employees by providing a living wage and meaningful work. This new edition, for graduates and academic researchers in the field of business ethics, has been heavily revised to include the newest scholarship on Kantian ethics, with a new emphasis on Kant's later moral and political theory, a workable account of Kantian capitalism, and additional accounts on corporate social responsibility, Kantianism and human rights, corporate moral agency, and the Kantian theory of meaningful work.

Business Ethics-Alan R. Malachowski 2001

John Dewey's Ethical Theory-Roberto Frega 2020-09-04 This book provides a wide-ranging, systematic, and comprehensive approach to the moral philosophy of John Dewey, one of the most important philosophers of the 20th century. It does so by focusing on his greatest achievement in this field: the Ethics he jointly published with James Hayden Tufts in 1908 and then republished in a heavily revised version in 1932. The essays in this volume are divided into two distinct parts. The first features essays that provide a running commentary on the chapters of the 1932 Ethics written by Dewey. Each chapter is introduced, situated within a historical perspective, and then its main achievements are highlighted and discussed. The second part of the book interprets the Ethics and demonstrates its contemporary relevance and vitality. The essays in this part situate the Ethics in the broader interpretive frameworks of Dewey's philosophy, American pragmatism, and 20th-century moral theory at large. Taken together, these essays show that, far from being a mere survey of moral theories, the 1932 Ethics presents the theoretical highpoint in Dewey's thinking about moral philosophy. This book features contributions by some of the most influential Dewey scholars from North America and Europe. It will be of keen interest to scholars and students of American pragmatism, ethics and moral philosophy, and the history of 20th-century philosophy.

Business Ethics And Corporate Governance-Fernando A.C. 2010-09

Ethical Theory: Access for Students Series-Mel Thompson 2019-02-25 This 4th edition of the best-selling introduction to Ethical Theory (originally published by Hodder Education) provides a solid grounding in the subject for those wanting to understand the various ethical theories and how they may be applied to moral issues. As well as introducing utilitarianism, Kantian ethics, Natural Law and other theories, it considers the relationship between ethics and religion and also gives advice on putting together sound and persuasive moral arguments. Written in an accessible style, the text is broken up by boxes introducing key thinkers, quotes and ideas, and each chapter ends with a revision checklist and questions for discussion.
