Even in the Odds-Ralph Humphrey 1980

Even the Odds-Karen Firestone 2016-10-14 In Even the Odds, Karen Firestone explains how risk assessment plays a prominent role in all aspects of life. We may all define risk, and our tolerance for it, somewhat differently, but we might all agree it plays a pivotal role in guiding us toward an optimal outcome. As a long-time investment advisor, Firestone has grown accustomed to interpreting risk on a daily basis. She has developed four core tenets of risk-taking we can all apply to anticipating, evaluating, and responding to the risks we face in our business, investing, and personal lives. These tenets are right-sizing; right-timing; relying on skill, knowledge, and experience; and staying skeptical about numbers, promises, and forecasts. Firestone’s approach is both practical and accessible to individuals who are making important decisions, such as embarking on new career or life changes, starting or running an enterprise, making a sizable investment, or deciding how to balance across a full portfolio of assets. The book is rich with anecdotes and examples of how many prominent leaders in their fields encountered and dealt with risk along the way. Firestone also shares her own successes and failures, in particular when she decided to risk it all—a fabulous career managing billions of dollars at a premium investment company, her reputation, and the security at home that comes with a strong and stable job—to go out on her own. Even the Odds helps us understand the broader implications of risk—and how it guides our decision-making—so that we can improve outcomes across multiple facets of our lives, from our businesses and investments, to the personal choices we make.

The Odds of Getting Even-Sheila Turnage 2015 Mo and her best friend Dale - cofounders of the (probably) world-famous Desperado Detective Agency - know trouble as sure as they know the streets of Tupelo Landing, NC. But when they head to court as star witnesses against Dale’s no-good daddy - confessed kidnapper Macon Johnson - they face a new brand of trouble. The Colonel and Miss Lana, Mo’s family-of-choice, have predicted a slam-dunk conviction - if everything goes as expected. Mo, who wants to get even with Mr. Macon for hurting the people she loves, can’t wait to testify. But the thought of a courtroom appearance rattles Dale’s already jangled nerves. Of course nothing goes as expected, and life in Tupelo Landing starts spinning sideways - fast. In no time flat the town’s in lockdown and Macon Johnson’s on the run. And Desperado Detectives, with intern Harm Crenshaw in tow, take on their toughest case yet. One they’d never want in a million years. Good thing Mo’s always been lucky. ‘Humor and action abound.’ School Library Journal, starred review‘Deft, lyrical language and engaging characters.’ Kirkus Reviews, starred review’ Mo LoBeau is destined to become a standout character in children’s fiction.’ Kirkus Reviews, starred review‘A literary descendant of Scout Finch of To Kill a Mockingbird.’ Newsday

The Odds of Getting Even-Sheila Turnage 2017-04 Companion to: Three times lucky and The ghosts of Tupelo Landing.

Rudimental Patterns-Joe Cusatis Developed to increase the speed and ease of getting around the drumset using rudiments as the foundation. The cross sticking and drum-to-drum patterns used in this book will increase the student's coordination skills, familiarity of the drumset, and soloing vocabulary. An exceptional way to incorporate rudiments into the drumset performer's practice routine.

Even Odds-Elia Winters 2016-07-04 Geeky meets kinky in this first deliciously sexy novel in the Slices of Pi series by RITA-nominated author Elia Winters, which follows the romantic rendezvous of the employees at PI Games, a gaming company based out of sultry Florida. As a design manager at PI Games, Isabel Suarez is no stranger to the struggles of being a woman in a male-dominated industry. But when her team attends a gaming convention on the other side of the country, she figures there’s no harm in putting aside her professional demeanor for one weekend to participate in a risqué scavenger hunt. Why shouldn’t she let loose and have a little fun? A careles romp soon turns into more, however, when Isabel ends up having a fling with Caleb Portland, an artist and animator, without knowing he has just been hired to partner with her at her company—and Caleb can’t bring himself to tell her. When they end up coworkers a few weeks later, they need to find a way to work together and keep things strictly professional. Caleb doesn’t want to take on a relationship and risk failure. Isabel doesn’t want to risk ruining the professional reputation she’s worked so hard to develop. But when faced with the undeniable sizzling chemistry between them, will either of them be able to resist temptation? A sexy and witty tale of romance and modern workplace politics, Even Odds is the latest winning entry in Elia Winters’ unique and well-loved erotic novels

Among the Odds & Evens-Priscilla Turner 1999 When X and Y crash in the land of Wontoo, they cannot understand how the Numbers live the way they do, until they not only get used to it, but decide they want to stay in Wontoo.

The Odds Get Even!-Pamela Hall 2003 Chaos reigns at the Food Mart when the even numbers decide they do not need the odd numbers, provoking the odd numbers to strike, in this book with pull-tabs, pop-ups, and flaps.

When the Odds Were Even-Keith Bonn 2007-12-18 In three months of savage fighting, the U.S. Seventh Army did what no army in the history of modern warfare had ever done before-conquer an enemy defending the Vosges Mountains. With the toughest terrain on the Western Front, the Vosges mountain range was seemingly an impregnable fortress, manned by German troops determined to hold the last barrier between the Allies and the Rhine. Yet despite nearly constant rain, snow, ice, and mud, soldiers of the U.S. Seventh Army tore through thousands of pillboxes, acres of barbed wire, hundreds of roadblocks, and miles of other enemy obstacles, ripping the tenacious German defenders out of their fortifications in fierce fighting-and then held on to their gains by crushing Operation Nordwind, the German offensive launched in a hail of steel at an hour before midnight on the last New Year’s Eve of the war. Keith Bonn’s fascinating study of this little-known World War II campaign offers a rare opportunity to compare German and American fighting formations in a situation where both sides were fairly evenly matched in numbers of troops, weapons, supplies, and support. This gripping battle-by-battle account shatters the myth that German formations were, division for division, superior to their American counterparts. From the Paperback edition.

How Odds Even-Henry Hearn 2015-08-15 How Odds Even Through Grace is a powerful, awe-inspiring, true-to-life story of Henry Hearn. Having grown up on a plantation, his grandfather a slave - Henry overcame great barriers to become the pastor of a suburban community.His story doesn’t end there. In this passionate biography, Henry shares his secret of how the grace of God worked in him and through him - Bringing him from a humble beginning in the cotton fields to serving on the city council, as Mayor.Within the pages of this book, the you will discover not only the unmerited favor that was at work in Henry’s life, but practical ways to find God’s favor and achieve your own personal best.

Against the Odds (The Odds Series #2)-Amy Ignatow 2017-09-19 In the second title in the slam-dunk new series from bestselling author Amy Ignatow, the Odds are back and trying to figure out just who inflicted these lame abilities on them in the first place. Nick can still teleport four inches to the left, and Farshad’s thumbs are still super strong. Cookie can still read minds, if they’re thinking of directions, and Martina can still change the color of her eyes. But now, Martina can see the invisible, and when Nick is super stressed, he can move a lot farther than four inches. As their powers evolve in possibly dangerous ways, the Odds are even more determined to solve the mystery of their origin, but it means interacting at school—a serious social risk to popular girl Cookie. Soon, it becomes clear that Auxano, the chemical company that employs half the town, is involved. With the help of some renegade Amish teenagers and Ed, the invisible bus driver, this unlikely group of companions will uncover a nefarious experiment in which they’ve become unwitting test subjects. They’ll also begin to become something even more incredible—friends.

I Beat The Odds-Michael Oher 2012-02-07 The football star made famous in the hit film (and book) The Blind Side reflects on how far he has come from being a homeless child in Memphis to playing in the NFL. Michael talks about the goals he had to break out of the cycle of poverty, addiction, and hopelessness that trapped his family. Eventually he grasped onto football as his ticket out and worked hard to make his dream into a reality. With his adoptive family, the Touhys, and other influential people in mind, he describes the absolute necessity of seeking out positive role models and good friends who share the same values to achieve one’s dreams. Sharing untold stories of heartache, determination, courage, and love, I Beat the Odds is an incredibly rousing tale of one young man’s quest to achieve the American dream.

The Ghosts of Tupelo Landing-Sheila Turnage 2014 “When Miss Lana accidentally buys a haunted inn at the Tupelo Landing town auction, Desperado Detectives—aka Mo LoBeau and her best friend Dale—opens up a paranormal division to solve the ghost’s identity before the town’s big 250th anniversary bash”--

Even the Odds-Milton Chapman 2005-02 To all her friends and acquaintances Leah Falcon is a handsome intelligent woman making a brilliant career as a lawyer. She is on the fast track to success. Her love life with Mike Breton is deeply satisfying. But even her intimate friends are unaware of a hidden side, a second personality. Whenever she encounters someone using his or her position or power to abuse another person, she is compelled to help the underdog. To achieve this she will use any means available, even murder. When an assignment from George Athens, one of America’s richest men, takes her on a perilous journey from Maine to the Caribbean, she enters a picturesque world of dark and dangerous secrets. Her search for one of these mysteries endangers her life and she must use all her strength and guile to survive.

Against the Odds-John L. Pendergrass 2013-03-26 Completing a triathlon at any age is a major achievement; finishing an IRONMAN® Triathlon in your sixties is nothing short of inspirational. A true account of John Pendergrass’ impossible goal of completing six IRONMAN Triathlons on six continents, all while in his sixties. Against the Odds will shatter your preconceptions of what a man in his golden years can accomplish. For most people, their sixties are a time to slow down, take things easy, and reflect on a life well lived. Not for Pendergrass. As his sixtieth birthday loomed, he longed for a challenge that would push him to his limits and drive him to achieve something that few others had ever done before. Pendergrass found his answer in the IRONMAN Triathlon, the world’s most difficult endurance event: an intimidating 2.4 mile swim in open water, a grueling 112 mile bike ride, and an exhausting 26.2 mile run—all in the same day. A total of 140.6 miles, nonstop... a monumental task for men half his age. Against the Odds follows Pendergrass through each arduous step as he struggles against time, doubt, and his own physical limitations to arrive tired, but victorious at the finish line. From the deserts of Arizona to the bush of South Africa, to the beaches of Brazil to the coasts of New Zealand, this journey chronicles not only the races themselves, but also the breathtaking countries that host them. Told with modesty and humor, Against the Odds is a story of impressive drive and incredible courage that will inspire you to new heights many could only dream of reaching.

Three Times Lucky-Sheila Turnage 2012-05-10 Newbery honor winner, New York Times bestseller, Edgar Award Finalist, and E.B. White Read-Aloud Honor book. A hilarious Southern debut with the kind of characters you meet once in a lifetime Rising sixth grader Miss Moses LoBeau lives in the small town of Tupelo Landing, NC, where everyone’s business is fair game and no secret is sacred. She washed ashore in a hurricane eleven years ago, and she’s been making waves ever since. Although Mo hopes someday to find her "upstream mother," she’s found a home with the Colonel—a café owner with a forgotten past of his own—and Miss Lana, the fabulous café hostess. She will protect those she loves with every bit of her strong will and tough attitude. So when a lawman comes to town asking about a murder, Mo and her best friend, Dale Earnhardt Johnson III, set out to uncover the truth in hopes of saving the only family Mo has ever known. Full of wisdom, humor, and grit, this timeless yarn will melt the heart of even the sternest Yankee.

The Odds Get Even-Natale Ghent 2010-06-22 Boney, Itchy and Squeak are the Odd Fellows, just a bit different from everybody else, and the best of friends. They hang out in their tree house in Boney’s backyard, where five lookout posts and three escape hatches allow them to keep an eye on (and get away from) their mortal enemy: bully Larry Harry. But after getting pelted with eggs, pummeled in gym class and sabotaged every year at their school’s Invention Convention, the Odds had enough. They’re going to put an end to Larry’s reign of terror, and they’re going to use your knowledge of science and the local legend of a haunted mill to do so—if, that is, they don’t get tangled up in their own schemes first. Natale Ghent, award-winning and critically acclaimed author of No Small Thing and All the Way Home, returns with a hilarious story of friendship and comeuppance. The Odds Get Even perfectly captures the childhood spirit of secret plans and adventures while showing that being different isn’t such a bad thing.

Strategy Beyond the Hockey Stick-Chris Bradley 2018-01-10 Beat the odds with a bold strategy from McKinsey & Company “Every once in a while, a genuinely fresh approach to business strategy appears” - legendary business professor Richard Rumelt, UCLA McKinsey & Company’s newest, most definitive, and most irreverent book on strategy—which thousands of executives are already using—is a must-read for all C-suite executives looking to create winning corporate strategies. Strategy Beyond the Hockey Stick is spearheading an empirical revolution in the field of strategy. Based on an extensive analysis of the key factors that drove the long-term performance of thousands of global companies, the book offers a ground-breaking formula that enables you to objectively assess your strategy’s real odds of future success. “This book is fundamental. The principles laid out here, with compelling data, are a great way around the social pitfalls in strategy development.” — Frans Van Houten, CEO, Royal Philips N.V. The authors have discovered that over a 10-year period, just 1 in 12 companies manage to jump from the middle tier of corporate performance—where 60% of companies reside, making very little economic profit—to the top quintile where 90% of global economic profit is made. This movement does not happen by magic—it depends on your company’s current position, the trends it faces, and the big moves you make to give it the strongest chance of vaulting over the competition. This is not another strategy framework. Rather, Strategy Beyond the Hockey Stick shows, through empirical analysis and the experiences of dozens of companies that have successfully made multiple big moves, that to dramatically improve performance, you have to overcome incrementalism and corporate inertia. “A different kind of book—I couldn’t put it down. Inspiring new insights on the facts of what it takes to move a company’s performance, combined with practical advice on how to deal with real-life dynamics in management teams.” —Jane Fraser, CEO, Citigroup Latin America

The Odds of Lightning-Jocelyn Davies 2016-09-20 A bolt of lightning inspires an incredible journey in this charming, magical realism adventure that takes four teens on an all-night journey through the streets of New York City. Extraordinary things happen when we least expect them. Tiny, Lu, Will and Nathaniel used to be best friends. Then life-defining events the summer before high school tore them apart. Now, three years later, they hardly talk anymore. Nathaniel has become obsessed with winning the prestigious science scholarship that his genius older brother once won. Will has risen from anonymity to popular soccer star. Lu grew into a brash, impetuous actress. And shy, poetic Tiny has slowly been fading away. But fate weaves their lives together again the night before the SATs, during a wild thunderstorm that threatens to shut down New York City. And lightning strikes. Before they know what’s hit them, the four teens embark on an epic all-night adventure to follow their dreams, fall in and out of love, reconcile the past, and overcome the fears that have been driving them since that one lost summer. And by the time the sun rises, odds are they’ll discover that there’s a fine line between science and magic, and that the mysteries of love and friendship can’t be explained.

The Odds-Stewart O’Nan 2012-01-19 In the new novel from the author of Last Night at the Lobster, a middle-age couple goes all in for love at a Niagara Falls casino Look out for City of Secrets coming from Viking on April 26, 2016 Stewart O’Nan’s thirteenth novel is another wildly original, bittersweet gem like his celebrated Last Night at the Lobster. Valentine’s weekend, Art and Marion Fowler flee their Cleveland suburb for Niagara Falls, desperate to recoup their losses. Jobless, with their home approaching foreclosure and their marriage on the brink of collapse, Art and Marion liquidate their savings account and book a bridal suite at the Falls’ ritziest hotel tourists during the day, at night they risk it all at the roulette wheel to fix their finances-and save their marriage. A tender yet honest exploration of faith, forgiveness and last chances, The Odds is a reminder that love, like life, is always a gamble. From the Hardcover edition.

The Odds of Loving Grover Cleveland-Rebekah Crane 2016-12-01 According to sixteen-year-old Zander Osborne, nowhere is an actual place—and she’s just fine there. But her parents insist that she get out of her head—and her home state—and attend Camp Padua, a summer camp for at-risk teens. Zander does not fit in—or so she thinks. She has only one word for her fellow campers: crazy. In fact, the whole camp population exists somewhere between disaster and diagnosis. There’s her cabinmate Cassie, a self-described manic-depressive-bipolar-anorexic. Grover Cleveland (yes, like the president), a cute but confrontational boy who expects to be schizophrenic someday, odds being what they are. And Bek, a charmingly confounding pathological liar. But amid group "share-apy" sessions and forbidden late-night outings, unlikely friendships form, and as the Michigan summer heats up, the four teens begin to reveal their tragic secrets. Zander finds herself inextricably drawn to Grover’s earnest charms, and she begins to wonder if she could be happy. But first she must come completely unraveled to have any hope of putting herself back together again.

Beating the Odds in Small Business-Tom Culley 1998-04-08 Read this book if you: want reality instead of ego trips and pipe dreams...truth instead of buzzwords and hype...facts instead of bum steers and rip-offs Go for it if you have: self-discipline dedication persistence the will to survive and the drive to succeed

Ends and Odds-Samuel Beckett 2007-12-01 Ends and Odds brings together nine short dramatic works by the Nobel Prize-winning author of Waiting for Godot.

Against the Odds-L. M. Montgomery 1994-05-01 The common thread among the 18 stories in Against the Odds is the way people can resourcefully overcome obstacles to realize their ambitions and dreams. The “odds” are varied in these skillfully written tales. An obstacle to one’s success or happiness may lie in one’s own character or the prejudice of someone else. A potential employer may cast a suspicious eye on an individual’s background. A guardian seems reluctant to sponsor any further education for his charge. Other characters here are looking as much for increased self-respect as financial reward or better training. Set in locales as varied as Ontario, Saskatchewan, and Prince Edward Island, the stories of Against the Odds are peopled with orphans, teachers, actors, struggling single-parent families, intransigent relatives. It’s a world, though distant from our own, where Montgomery’s characters have problems similar to ours, and their methods of solving them are not very different from what we would try.

Splitting the Herd-Trudy Harris 2017-08-01 Miss Emma’s cows just can’t stay put! Each time they wander into Cowboy Kirby’s yard, he uses odd and even numbers to count the herd. Then he sends all the evens back to Emma and keeps the odds for himself. It’s only fair, he thinks. And, besides, Emma sure is cute. Kirby doesn’t notice that his herd keeps getting smaller while Emma’s grows larger. Emma is the kind of gal that is good at math (as well as running a ranch and baking a cake). Yet she’s tenderhearted and doesn’t want to hurt her friend’s feelings by explaining his math mistake. How will she solve their problem with odds and evens? Count on Emma for coming up with a surprise ending!

Book of Odds-Anram Shapiro 2014-01-21 From the popular Book of Odds website, this stylish and accessible reference book offers a fascinating peek at the probabilities that govern every aspect of human life Did you know that your odds of dying from drowning are higher than the odds of meeting your mate on a blind date? That the odds a child has seen Internet porn are the same as the odds a person is right-handed? That nearly one in three adults believes in UFOs and nearly one in six has reported seeing one? Drawing from a rigorously researched trove of more than 400,000 statements of probability, based on the most accurate and current data available, The Book of Odds is a graphic reference source for stats on the everyday, the odd, and the outrageous—from sex and marriage, health and disease, beliefs and fears, to wealth, addiction, entertainment, and civic life. What emerges from this colorful and captivating volume is a rich portrait of who we are and how we live today.

Head First Statistics-Dawn Griffiths 2008-08-26 A comprehensive introduction to statistics that teaches the fundamentals with real-life scenarios, and covers histograms, quartiles, probability, Bayes’ theorem, predictions, approximations, random samples, and related topics.

Even Custer Had Better Odds-Dean T. Pappas 2006-07 A collection of letters to the editor, Even Custer Had Better Odds: Being Blue in a Red (Hendricks) County reflects Dean Pappas’ divergent political opinions on contemporary issues. Topics range from the attacks of “911” to Hurricane Katrina. Pappas makes his opinions known even to those who strongly disagree. Pappas spends a lot of time showing the fallacy of the Bush Administration’s tax cuts and the reckless government spending of “borrow and spend.” He points out that Bush wants to do away with the Estate Tax and the billions of dollars that it provides—just at a time when we desperately need revenue, especially to finance the war in Iraq. Also, he points out that there is not enough money to adequately fund programs for veterans, education, and health care. Furthermore, he describes Bush’s philosophy as “No Millionaire Left Behind.” Pappas also discusses other issues such as gay marriage, abortion, high gas prices, and Supreme Court nominees. He shows his own religious beliefs when he opposes gay marriage and abortion. Also, he is critical of Bush’s Supreme Court nominees and has a strategy for what the Democrats need to do to win the next presidential election. Overall, Even Custer Had Better Odds: Being Blue in a Red (Hendricks) County reflects one man’s divergent political views and is available from authorhouse.com.

Against The Odds-Elizabeth Moon 2000-12-01 In the sequel to Once a Hero and Rules of Engagement, as Fleet is threatened by mutiny, class conflict, and power struggles, Esmay Suiza-Serrano finds herself unceremoniously dismissed from Fleet and hurtled into the midst of warfare that threatens all galactic civilization.

The Mighty Odds (The Odds Series #1)-Amy Ignatow 2016-09-13 From the renowned author/illustrator of the Popularity Papers series, Amy Ignatow, comes the first installment in a new series about a diverse crew of middle school kids who develop very limited superhero powers after a strange accident and manage to become unlikely friends on the adventure of a lifetime. When a sweet nerd, an artsy cartoonist, a social outcast, and the most popular girl in school are involved in a mysterious bus accident, this seemingly random group of kids starts to notice some very strange abilities they did not have before. Artsy Martina can change her eye color. Nerdy Nick can teleport. . . . four inches to the left. Outcast Farshad develops super strength, but only in his thumbs. And Cookie, the It Girl of school’s most popular clique, has suddenly developed the ability to read minds. . . . when those minds are thinking about directions. They are oddly mighty—especially together. This group—who would never hang out under normal circumstances—must now combine all of their strengths to figure out what happened during the bus accident. With alternating narratives from each of the heroes, including illustrated pieces from Martina, and featuring bold female superheroes and a multicultural cast, The Mighty Odds is The Breakfast Club for a new generation. For more books by Amy Ignatow, check out her critically acclaimed Popularity Papers series: Book One: Research for the Social Improvement and General Betterment of Lydia Goldblatt and Julie Graham Chang; Book Two: The Long-Distance Dispatch; Book Three: Words of (Questionable) Wisdom; Book Four: The Rocky Road Trip; Book Five: The Awesomely Awful Melodies; Book Six: Love and Other Fiascos; and Book Seven: The Less-Than-Hidden Secrets and Final Revelations.

The Odds of You and Me-Cecilia Galante 2017-01-31 In the vein of Meg Donohue and Sarah Jio, Cecilia Galante’s second novel delivers the powerful story of one young woman who’s faced with an impossible choice—one that could have her making the biggest mistake of her life. Thirteen days. That’s all Bernadette, “Bird.” Sincavage has left to go until she’s done with her probation and can be free again. Free from making payments to the supermarket she wrote bad checks to. Free from living at home with her overzealous mother who’s constantly nagging her about attending church again. Free to give her four-year-old son, Angus, the normal life he deserves. Her impending freedom and move to Moon Lake, where she’s plunked down a deposit on a brand new apartment, is so close she can almost taste it. What trouble could she possibly get into in just thirteen days? But trouble does follow in the form of James Rittenhouse—someone she worked with a few years ago. At first, Bird is stunned to see James make the evening news when he’s arrested for assaulting someone in a local bar. But that’s nothing compared to the shock she gets when she discovers James hiding out in an abandoned church choir loft. Somehow he escaped police custody, broke her leg, and got his hand on a gun, which he’s now pointing at her. Although Bird doesn’t tell anyone she saw James, there’s no way she’s helping him. She can’t screw up her probation or her second chance for a new future. And she has her son’s welfare to think about. Still, if only she could stop thinking about the terrified look in James’ eyes and the fact that he’s hurt. If only she could forget that once, long ago, James helped her out, and she owes him a debt like no other. Will Bird jeopardize her future for someone who helped her out in the past? A past that holds secrets she’s not quite sure she’s ready to face? Or will she turn a blind eye and learn to live with the consequences?

What Are the Odds?-Lindell Publishing 2020-04-30

Against All Odds-Danielle Steel 2017-05-02 NEW YORK TIMES BESTSELLER • The wise, moving new novel from Danielle Steel, whose many bestselling tales have made her one of America’s favorite authors Taking chances is part of life, but when you bet your future against the odds, it’s a high-risk game. Kate Madison’s stylish resale shop has been a big SoHo success, supporting her and her four kids since her husband’s untimely death. Now her children are grown and ready to forge lives of their own. And they all choose to play against the odds, to their mother’s dismay. Isabelle, a dedicated attorney, is in line to make partner at her Wall Street firm when she falls for a client she represents in a criminal case. She tells herself she can make a life with him—but can she? Julie, a young designer, meets a man who seems too good to be true and falls under his spell. She marries him quickly, gives up her job, and moves to Los Angeles to be at his side—but is all what it seems? Justin is a struggling writer who pushes for children with his partner before they’re financially or emotionally ready. Will the strain on the relationship take too high a toll? And Willie, the youngest, a tech expert, makes a choice that shocks them all, with a woman twelve years older. Kate—loving, supportive, and outspoken—can’t keep her children from playing against the odds. Can the odds be beaten? Not often—as her children have to learn for themselves. For Kate, the hardest lesson will be that she can’t protect the children she loves from the choices they make—but can only love them as they make them.

We Were the Lucky Ones-Georgia Hunter 2019-07-30 NEW YORK TIMES BESTSELLER Inspired by the incredible true story of one Jewish family separated at the start of World War II, determined to survive—and to reunite—We Were the Lucky Ones is a tribute to the triumph of hope and love against all odds. “Love in the face of global adversity? It couldn’t be more timely.” --Glamour It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, We Were the Lucky Ones demonstrates how in the face of the twentieth century’s darkest moment, the human spirit can endure and even thrive. Against the Odds-Kat Martin 2013-01-01 This case may prove to be too hot to handle. There’s silver out there: Sabrina Eckhart is sure of it. And when she finds the hidden mine on that big piece of West Texas desert, all of her financial problems are solved. That is, if she can find it. The man with the skills she needs is private investigator Alex Justice—a former navy fighter pilot and a current pain in the neck. When mysterious “accidents” start to plague their search, it seems Rina’s multi-acre inheritance might be more a curse than a blessing. And yet, there’s still something sensual about the heat...his arrogance...her stubbornness...being thrust into each other’s arms by danger... But the vultures are circling, and if they don’t watch their backs, the relentless desert sun could be the last thing Rina and Alex ever see. “Kat Martin is a fast gun when it comes to storytelling, and I love her books.” —#1 New York Times bestselling author Linda Lael Miller

A Foot in Both Camps: Defying the Odds-Dr John Davis

If Something Is Important Enough, Even If the Odds Are Against You, You Should Still Do It-Score Your Goal 2019-04-25 "If something is important enough, even if the odds are against you, you should still do it." Elon Musk

More Common Sense Online Texas Holdem-Jack D. Mormon 2012-04-10 This is the second poker book by Mormon. Following a year of playing after publishing his first, he feels that he has gained enough information and experience to warrant a second. He is a self-proclaimed lover of the game of Texas Holdem. In his own words, Im only sorry that I didnt begin playing Holdem until I was almost 60. I somewhat pessimistically calculate that this leaves me only 50 years or so to play and improve my game. Now it may be that Holdem is played in the hereafter. If it is played only in Hell, Im probably in good shape. If, on the other hand, its only played in Heaven I need to get my act together.

Yeah, reviewing a books **even in the odds by ralph humphrey** could be credited with your near friends listings. This is just one of the solutions for you to be successful. As understood, exploit does not recommend that you have extraordinary points.

Comprehending as with ease as union even more than additional will allow each success. adjacent to, the statement as well as sharpness of this even in the odds by ralph humphrey can be taken as skillfully as picked to act.
