The Lines-Anthony Varallo 2019-08-15 Set in the summer of 1979, when America was running out of gas, The Lines tells the story of a family of four—the mother, the father, the girl, and the boy—in the first months of a marital separation. Through alternating perspectives, we follow the family as they explore new territory, new living arrangements, and new complications. The mother returns to school. The father moves into an apartment. The girl squares off with her mother, while the boy struggles to make sense of the world. The Lines explores the way we are all tied to one another, and how all experience offers the possibility of love and connection as much as loss and change.

Cinderella, Rapunzel, Snow-White, Hänsel and Gretel, Little Red-Cap (Little Red Riding Hood), and Briar-Rose (Sleeping Beauty) are only a few of the more than two hundred enchanting characters included in this volume. The tales are presented just as Jacob and Wilhelm Grimm originally set them down: bold, primal, just frightening enough, and endlessly engaging. Understanding and Treating the Aggression of Children-David A. Crenshaw 2007-09 Understanding and Treating the Aggression of Children: Fawns in Gorilla Suits provides a thorough review of the theoretical and research basis of the techniques and interventions in the treatment of aggressive and sometimes violent children. This is not a dry and sterile academic review but rather one that comes from work directly in the therapy room with thousands of hurting and in many cases traumatized children. One cannot read this book without being deeply moved and touched by the pain of these children and yet also be buoyed by their courage and willingness to persevere against formidable barriers. The metaphor of the fawn in a gorilla suit is introduced, followed by chapters covering developmental failures and invisible wounds, profound and unacknowledged losses, the implication of new findings from neuroscience, psychodynamics of aggressive children, risk factors when treating the traumatized child, special considerations when treating children in foster care, strengthening relationships with parents and helping them be more effective, enhancing relationships with direct care and instructional staff, developing mature defenses, and coping skills, creating a therapeutic milieu for traumatized children, and fostering hope and resilience.

Memoirs of the Court of Augustus-Thomas Blackwell 1795

Beauty of the Broken-Tawni Waters 2014-09-30 In this lyrical, heartwrenching story about a forbidden first love, a teen seeks the courage to care for another girl despite her small town's bigotry and her father's violent threats. Growing up in conservative small-town New Mexico, fifteen-year-old Mara was never given the choice to be different. Her parents—an abusive, close-minded father and a detached alcoholic mother—raised Mara to be like all the other girls in Barnaby: God-fearing, churchgoing, and straight. Mara wants nothing to do with any of it. She feels most at home with her best friend and older brother, Iggy, but Iggy hasn't been the same since their father beat him and put him in the hospital with a concussion. As Mara's mother feeds her denial with bourbon and Iggy struggles with his own demons, Mara finds an escape with her classmate Xylia. A San Francisco transplant, Xylia is everything Mara dreams of being: free-spirited, open, wild. The closer Mara and Xylia become, the more Mara feels for her—even though their growing relationship is very much forbidden in Barnaby. Just as Mara begins to live a life she's only imagined, the girls' secret is threatened with exposure and Mara's world is thrown into chaos. Mara knows she can't live without Xylia, but can she live with an entire town who believes she is an abomination worse than the gravest sin?
