Final Fantasy V-Chris Kohler 2017-10-24 Revisits the classic 1992 RPG based on original interviews with the game's creator. When Final Fantasy V was released for the Japanese Super Famicom in 1992, the game was an instant hit, selling two million copies in the first two months. But the game was dubbed 'too hardcore' for a Western audience and was swapped with the more simplistic Final Fantasy Mystic Quest. That didn't stop teenager Chris Kohler from tracking down a Japanese copy, using it to teach himself Japanese, and, with the help of some internet companions, created the first-ever comprehensive English-language FAQ of the game.

Science Fiction Video Games-Neal Roger Tringham 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories Science Fiction Video Games focuses on games that are part of the science fiction genre, rather than set in magical milieux or exaggerated versions of our own world. Unlike many existing books and websites that cover some of the same material, this book emphasizes critical analysis, especially the analysis of narrative. The author analyzes narrative via an original categorization of story forms in games. He also discusses video games as works of science fiction, including their characteristic themes and the links between them and other forms of science fiction. Delve into a Collection of Science Fiction Games The beginning chapters explore game design and the history of science-fictional video games. The majority of the text deals with individual science-fictional games and the histories and natures of their various forms, such as the puzzle-based adventure and the more exploratory and immediate computer role-playing game (RPG).

Mystic Empire-Tracy Hickman 2009-05-30 Eighty Years have passed since the Mystics founded Calsandria, and now their nation is mired in politics and bloodlines. A woman with no magic, Theona Conlan leads the desperate search for the missing Prince of House Arvad. In the faery realm, Dwynwyn learns that slave creatures are mastering a magic that threatens the fragile peace between the faeries and their enemies. And while the goblin Lunid builds a device to reach across worlds, her masters plot to use it for their own dark ends. But unknown to them all, the gates between realities are about to burst open and plunge humans, faeries, and goblins into a war that can be won only with an undiscovered magic... One that will unite--or destroy--three worlds.

Mystic Quest-Tracy Hickman 2008-12-14 Thrice upon a time, three worlds were in peril... New York Times bestselling author Tracy Hickman and Dragonlance cocreator Laura Hickman present the continuing story of their monumental, enthralling epic fantasy Thrice upon a time, three champions will find one destiny... In the course of more than two decades, Galen Arvad's tiny band of outlaw Mystics has grown into a nation of secret clans, despite fierce persecution by the Pir theocracy and the dragons that have enslaved humanity. On another world, the faery Dwynwyn saved her people by raising an army of the dead, but now none of the corpses can rest...and the sheer number of their tormented legions threatens the faery kingdoms. While on the third world, the tyrannical King Mimic's domination is threatened by a warrior maiden whose thirst for conquest exceeds his own. Yet through the magic of the dreams that link their worlds, a new wind blows, beckoning each of them into unknown lands with the promise of salvation, sanctuary, and power. For Galen's war-weary son, Caelith, the slender hope takes the form of a stranger's vow to lead him and his people to the sanctuary of a lost empire-the legendary ancestral home of the Mystics. Dwynwyn seeks salvation of her people through a small fellowship of Fae who must journey to a distant land of unquenchable horror-where their truth can bring peace to the living and the dead. As for the wizard-goblin Thux, newly and unwillingly appointed Technomancer to King Mimic, his journey to the Ogre citadel may bring him to the height of power and danger-if his own allies do not kill him first. Now three bands of heroes embark on odseyses beset by outer tragedy and inner betrayal. For each to survive, all must succeed-for all three worlds face the same cunning evil...

Quexistence-Tom Stafford 2013-03-28 TIME DREAMS. They are dreams, like any other dream. They are dreams about space and Time. They seem real, but so does life.Dreams are thoughts. You've heard it before, "I think, therefore I am." (Rene' Descartes). But, the fact is - nobody even knows where thoughts come from.Most people believe they have free will. They believe they have a choice. They believe they act of their own volition. But, will is not an action. It is only a thought. You cannot will something to happen. You are only free to choose the thoughts in your head. And, no one knows where they come from.Life is a fantasy. No one knows what Life is or where it came from. No one knows what Time is. No one knows where Man came from or how long he's been on this planet. No one knows if their actions are truly theirs. No one knows where dreams come from. No one knows what reality is.Quexistence: The Quest for the Meaning of Existence: TIME DREAMS is a philosophical fantasy of dreams, space, Time, and love. It is the story of one man's search to find the meaning of his existence. But, how can he when nothing in this world is real? Have you ever wondered where Man came from? Did Man evolve from the apes? Was Man created by God? Perhaps Man was genetically created by the "Gods". Perhaps these "Gods" created other creatures in their attempt to make Man. "TIME DREAMS" is a story that reaches back to the Time of Creation. Man, the most arrogant of species, has no idea what Life is or where it came from. He doesn't even know how he originated or how long he's been on this planet. So, is that important in finding meaning for your existence?Gork thinks it is. In his quest to find clues to the origin of Man, Gork discovers there may be something even more meaningful.Gork tells Angie the story of how he met the girl in his dreams, her grandmother, Amani. His Time Dreams begin as he travels to an archaeological site near the Calico Hills in California. During the drive across the desert, Gork has his first dream, a dream that takes him to another time, another world. In his dream he sees a girl, the girl of his dreams, Amani. He falls in love. It is True Love. It is Eternal Love. It is a love that has been since the beginning of creation.Gork travels through space and time, compelled to follow his dream. Aaron Robertson's Sycamore-Louis Charles 2015-12-08 Almost nothing is known about Louis Charles, whose abandoned handwritten manuscripts were found discovered by Sidewalk Labs in an ornate jewelry box. None of the five manuscripts were dated, but they appear to be late 19th or early 20th century. In the first of these newly discovered classics, a little boy named Aaron travels through a tree in a nonsense fantasy in the style of The Wizard of Oz, Alice in Wonderland, and The Phantom Tollbooth. His dreams and wonders take him through a magical land of creatures - Feathers, Shells, Fins, and others - as he seeks out the dread Magistrate, who seems to be the keeper of the land.
