International Women's Rights Cases-Robyn Emerton 2005-09-16 The last two decades have seen major advances in the legal protection of the human rights of women around the world. A series of international and national court cases has developed an important body of jurisprudence that has been relied on by courts and advocates in many countries to support women's claims for equality and the full enjoyment of human rights and fundamental freedoms. Growing out of a series of judicial colloquia organized by the Commonwealth Secretariat, this compilation brings together a selection of over fifty significant cases from international and national courts. The cases are grouped by theme and presented in full text or edited format. Together they highlight the way in which courts have used international human rights norms and national constitutional standards to contribute to women's equality. A detailed introduction provides a summary of the significance of the cases and references further material available on women's human rights. Cases decided under United Nations human rights treaties, the European and American Conventions on Human Rights and other international instruments, as well as cases decided by national courts in Asia, Africa, Europe, Australasia, and North America are all included. Bail or Jail: A Balance of Absolute and Limited Judicial Discretion-Adv. Naveen Rao 2019-09-16 This book on BAIL OR JAIL setting forth a flash-light of critical thinking for every Magistrate, Judge and Lawyer who should be fully equipped with knowledge of Bail Proceedings and its relevant Stages since, Ignorance of above circumstances can cause Miscarriage of Justice. It is not the purpose of the Criminal Law to confine a person accused of an alleged offence before his conviction instead off it is intended to combine the administration of justice with the liberty and convenience of the person accused. To free on conditions of Bail rather to confine in Jail is a jurisprudential jurisdiction which has been evolved in view of the fact that Administration of Justice on the spot or immediately just after the commission of the alleged offence in accordance with the rudimentary principles of an advanced Legal System in not feasible. The question, whether the alleged accused should be kept in prison or should be kept free till pending of trial, therefore, through such Application of Bail before the Court calls for assistance of Magistrates and Judges for consideration on merit in view of impending and prevailing circumstances protecting the Fundamental and Constitutional Rights of the individual accused of and uphold belief and peace in the Society where Courts also act as ultimate Guardian of their Fundamental and Constitutional Rights. It is an inability of existing judicial machinery to try accused expeditiously. "Therefore, accused cannot be detained in Judicial Custody for a long time by refusal to grant Bail" Bail is Rule of Law not the Jail. Bail is allowed to prevent the punishment of innocent persons, and to enable an accused person to prepare his defence to the charge against him. "The principle underlying release on Bail is that an accused person is presumed in law to be innocent till his guilt is proved and such presumably innocent person, he is entitled to freedom and every opportunity to look after his case, provided his attendance is secured by proper security."
