Kentucky, Land of Tomorrow-Thomas H. Appleton 1998-01-01 Published by the Kentucky Historical Society and distributed by the University Press of Kentucky The history and beauty of the Bluegrass State come alive in words and pictures, as this volume chronicles the Kentucky experience in all its variety. Rare black-and white historic images combine with more than two hundred modern color photographs to complement a narrative written by some of the commonwealth's most celebrated wordsmiths: Thomas D. Clark, George Ella Lyon, John Ed Pearce, Gerald L. Smith, Michal Smith-Mello, and Michael T. Childress. Photographs by Dan Dry of Louisville, Kentucky. excerpt:

Where are you from? ""Kentucky,"" I say. I'm from a place where people still stop for funerals, where they know who your grandmother was, where they tell stories at Corn Island at the state park at the dinner table where they pass on their youngest's outgrown clothes and bring a casserole as soon as someone dies. --George Ella Lyon

Managing Sustainable Business-Gilbert G. Lenssen 2018-03-07 This book offers 32 texts and case studies from across a wide range of business sectors around a managerial framework for Sustainable Business. The case studies are developed for and tested in executive education programmes at leading business schools. The book is based on the premise that the key for managing the sustainable business is finding the right balance over time between managing competitiveness and profitability AND managing the context of the business with its political, social and ecological risks and opportunities. In that way, a sustainable business is highly responsive to the demands and challenges from both markets and societies and managers embrace the complexity, ambivalence and uncertainty that goes along with this approach. The book presents a framework that facilitates the adoption of best business practice. This framework leads executives through a systematic approach of strategic analysis and business planning in risk management, issues management, stakeholder management, sustainable business development and strategic differentiation, business model innovation and developing dynamic capabilities. The approach helps broaden the understanding of what sustainable performance means, by protecting business value against sustainability risks and creating business value from sustainability opportunities.
