Cloud Chamber Photographs of the Cosmic Radiation-G. D. Rochester 2013-10-02 Cloud Chamber Photographs of the Cosmic Radiation focuses on cloud chamber and photographic emulsion wherein the tracks of individual subatomic particles of high energy are studied. Charlie Chan Carries On-Earl Derr Biggers 2015-07-03 This early work by Earl Derr Biggers was originally published in 1930 and we are now republishing it with a brand new introductory biography. “Charlie Chan Carries On” is the fifth novel in the Charlie Chan series. Inspector Duff, a Scotland Yard detective and friend of Chan’s, first introduced in Behind That Curtain, is pursuing a murderer on an around-the-world voyage; so far, there have been murders in London, France, Italy and Japan. While his ship is docked in Honolulu, the detective is shot and wounded by his quarry; though he survives, he is unable to continue with the cruise, and Chan takes his place instead. Earl Derr Biggers was born on 26th August 1884 in Warren, Ohio, USA. Biggers received his further education at Harvard University, where he developed a reputation as a literary rebel, preferring the popular modern authors, such as Rudyard Kipling and Richard Harding Davis to the established figures of classical literature. Following in their footsteps upon graduation, he himself began a career as a popular writer, penning humorous articles and reviews for the Boston Traveler. While on holiday in Hawaii, Biggers heard tales of a real-life Chinese detective operating in Honolulu, named Chang Apana. This inspired him to create his most enduring legacy in the character of super-sleuth Charlie Chan. The first Chan story “The House Without a Key” (1925) was published as a serialised story in the Saturday Evening Post and then released as a novel in the same year. Biggers went on to write five more Chan novels and all were licensed for movie adaptations by Fox Films. These films were hugely popular with several different actors taking the lead role of Chan. Eventually, over 40 films were produced featuring the character. Biggers only saw the early on-screen successes of Charlie Chan due to his death at the age of only 48 from a heart attack in April 1933.
