Girl Forward-Heather Wallace 2019-06-16 "She did what? Where?" When I tell people I traveled to Mongolia for a horse race my family and friends struggled to understand. Who can blame them? In early 2018 I was struggling to dissolve the business I shared with a friend and partner. Always striving to be positive, I focused on creating a new solo business and rebranding my blog into The Timid Rider. In starting over, I found the opportunity to travel to Mongolia with The Gobi Desert Cup, an endurance horse race over 480 kilometers in six days and on Mongolian horses. Here I was, a mother of three struggling to build a business for herself. Yet now I had an opportunity to travel across the world for several weeks away from everything and everyone who was important. I don't camp, I don't take normally take risks, and I don't speak Mongolian. Yet, I never doubted for a second that I needed to do this. I knew from the very start this would be a journey of self-discovery. I didn't know it would change my life.

The Skeptics' Guide to the Universe-Dr. Steven Novella 2018-10-02 The USA TODAY bestseller is now in paperback with a new chapter on Global Warming! This all-encompassing guide to skeptical thinking from podcast host and academic neurologist at Yale University School of Medicine Steven Novella and his SGU co-hosts, which Richard Wiseman calls "the perfect primer for anyone who wants to separate fact from fiction." It is intimidating to realize that we live in a world overflowing with misinformation, bias, myths, deception, and flawed knowledge. There really are no ultimate authority figures-no one has the secret, and there is no place to look up the definitive answers to our questions (not even Google). Luckily, THE SKEPTICS' GUIDE TO THE UNIVERSE is your map through this maze of modern life. Here Dr. Steven Novella-along with Bob Novella, Cara Santa Maria, Jay Novella, and Evan Bernstein-will explain the tenets of skeptical thinking and debunk some of the biggest scientific myths, fallacies, and conspiracy theories-from anti-vaccines to homeopathy, UFO sightings to N- rays. You'll learn the difference between science and pseudoscience, essential critical thinking skills, ways to discuss conspiracy theories with that crazy co- worker of yours, and how to combat sloppy reasoning, bad arguments, and superstitious thinking. So are you ready to join them on an epic scientific quest, one that has taken us from huddling in dark caves to setting foot on the moon? (Yes, we really did that.) DON'T PANIC! With THE SKEPTICS' GUIDE TO THE UNIVERSE, we can do this together. "Thorough, informative, and enlightening, The Skeptic's Guide to the Universe inoculates you against the frailties and shortcomings of human cognition. If this book does not become required reading for us all, we may well see modern civilization unravel before our eyes."--Neil deGrasse Tyson "In this age of real and fake information, your ability to reason, to think in scientifically skeptical fashion, is the most important skill you can have. Read The Skeptics' Guide Universe; get better at reasoning. And if this claim about the importance of reason is wrong, The Skeptics' Guide will help you figure that out, too." --Bill Nye

The Diesel Brothers-Heavy D 2020-09-15 Feel like somebody hit the brakes on your Diesel Brothers cravings? Discover how you can keep the gas going with this rip-roaring ride behind the scenes of Discovery Channel's popular series Diesel Brothers. In the world of monster trucks, no one builds bigger and more extreme rides—and has more fun in the process—than Heavy D, Diesel Dave, and their crew at DieselSellerz. Their larger-than-life creations and awesome truck giveaways are legendary, but for those less fortunate who haven't had the opportunity to experience a Bros' souped-up truck, this thrill-ride of a book is the next best thing. Learn the epic and inspirational stories behind Heavy D and Diesel Dave's business and personal lives, from the guys' first meeting, to their early adventures building DieselSellerz, to their successful business venture with Redbeard, Muscle, and the rest of the fearless staff. In addition to learning about the Bros' two-year Mormon missions, humble beginnings, and world travels, you'll also get the unforgettable details of their hilarious, most well-known pranks, and the remarkable stories behind the personalities that have made Diesel Brothers one of the fastest growing and most popular reality TV shows. But wait—there's more! The book is chock full of essential advice for anyone who'd like to get in on the action. Whether you're a die-hard monster truck fan or just looking for inspiration to upgrade that piece of junk in your garage, Heavy D and his crew are here to show you how it's done. You'll learn how to find the best bargain in the junkyard, how to play hardball with tough-talking dealers, and how to turn that sad sack heap of parts into a badass diesel vehicle. What are you waiting for? Get out there and let diesel freedom ring!

The Book of Ivy-Amy Engel 2014-11-11 Discover the New York Times bestseller that SLJ called "A fantastic plot that makes readers think about the blurred lines between right and wrong." After a brutal nuclear war, the United States was left decimated. A small group of survivors eventually banded together, but only after more conflict over which family would govern the new nation. The Westfalls lost. Fifty years later, peace and control are maintained by marrying the daughters of the losing side to the sons of the winning group in a yearly ritual. This year, it is my turn. My name is Ivy Westfall, and my mission is simple: to kill the president's son—my soon-to-be husband—and return the Westfall family to power. But Bishop Lattimer is either a very skilled actor or he's not the cruel, heartless boy my family warned me to expect. He might even be the one person in this world who truly understands me. But there is no escape from my fate. I am the only one who can restore the Westfall legacy. Because Bishop must die. And I must be the one to kill him... The Book of Ivy series is best enjoyed in order. Reading Order: Book #1 The Book of Ivy Book #2 The Revolution of Ivy

The Financial Diaries-Jonathan Morduch 2017-03-27 What the financial diaries of working-class families reveal about economic stresses, why they happen, and what policies might reduce them Deep within the American Dream lies the belief that hard work and steady saving will ensure a comfortable retirement and a better life for one's children. But in a nation experiencing unprecedented prosperity, even for many families who seem to be doing everything right, this ideal is still out of reach. In The Financial Diaries, Jonathan Morduch and Rachel Schneider draw on the groundbreaking U.S. Financial Diaries, which follow the lives of 235 low- and middle-income families as they navigate through a year. Through the Diaries, Morduch and Schneider challenge popular assumptions about how Americans earn, spend, borrow, and save—and they identify the true causes of distress and inequality for many working Americans. We meet real people, ranging from a casino dealer to a street vendor to a tax preparer, who open up their lives and illustrate a world of financial uncertainty in which even limited financial success requires imaginative—and often costly—coping strategies. Morduch and Schneider detail what families are doing to help themselves and describe new policies and technologies that will improve stability for those who need it most. Combining hard facts with personal stories, The Financial Diaries presents an unparalleled inside look at the economic stresses of today's families and offers powerful, fresh ideas for solving them.

Sharing-Philippe Aigrain 2012 "In the past fifteen years, file sharing of digital cultural works between individuals has been at the center of a number of debates on the future of culture itself. To some, sharing constitutes piracy, to be fought against and eradicated. Others see it as unavoidable, and table proposals to compensate for its harmful effects. Meanwhile, little progress has been made towards addressing the real challenges facing culture in a digital world. Sharing starts from a radically different viewpoint, namely that the non-market sharing of digital works is both legitimate and useful. It supports this premise with empirical research, demonstrating that non-market sharing leads to more diversity in the attention given to various works. Taking stock of what we have learned about the cultural economy in recent years, Sharing sets out the conditions necessary for valuable cultural functions to remain sustainable in this context."--[P] 4 of cover.

Business Model Generation-Alexander Osterwalder 2013-02-01 Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model—or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

Guide to Organisation Design-Naomi Stanford 2015-04-28 Business failure is not limited to start ups. Industry Watch (published by BDO Stoy Hayward, an accounting firm) 'predicts that 17,043 businesses will fail (in the UK) in 2006, a further 4 per cent increase from 2005'. In America between 1990 and 2000, there were over 6.3 million business start-ups and over 5.7 million business shut-downs. Risk of failure can be greatly reduced through effective organisational design that encourages high performance and adaptability to changing circumstances. Organisation design is a straightforward business process but curiously managers rarely talk about it and even more rarely take steps to consciously design or redesign their business for success. This new Economist guide explores the five principles of effective organisation design, which are that it must be: driven by the business strategy and the operating context (not by a new IT system, a new leader wanting to make an impact, or some other non-business reason). involve holistic thinking about the organisation be for the future rather than for now not to be undertaken lightly - it is resource intensive even when going well be seen as a fundamental process not a repair job. (Racing cars are designed and built. They are then kept in good repair.)

The Nemechek Protocol for Autism and Developmental Disorders-Dr Patrick M Nemechek D O 2017-09-04 The Nemechek Protocol for Autism and Developmental Delay is the most scientific and refined approach to reversing the devastating effects of autism, ADD, ADHD, SPD and the myriad of other developmental disorders. Dr. Nemechek's approach frequently triggers rapid and often breath-taking improvements in children within only a few weeks. And surprisingly, the protocol employs common and natural supplements, and avoids the countless homeopathic remedies and antibiotics frequently prescribed to children that are often both toxic and expensive. Within a few days of starting the protocol many children will experience a connectedness to their surrounds never previously experienced. Significant improvements in motor, sensory and speech delays are realized within the first few weeks. Attention and learning disabilities rapidly begin to resolve within the first few weeks to months as the child's brain restores neuronal pathways damaged by the physical, emotional and inflammatory traumas commonly experienced in childhood. Through a simple 2-step process of re-balancing intestinal bacteria and omega fatty acids, Dr. Nemechek has discovered how to re-activate the brain's neuronal pruning and repair processes thereby allowing a child's brain to begin repairing past injuries and developing correctly. Re-balancing intestinal bacteria also eliminates the excessive production of propionic acid that is responsible for the disconnected and often strange behaviors that are highly characteristic of autism. With the help of Jean Nemechek's writing and editing style, the complexities of omega fatty acids restoration, intestinal bacteriology, autonomic restoration and cumulative brain injury are translated into processes that are easily understandable to the non-scientist. This book is a complete how-to guide outlining the specific supplements and dosages employed by Dr. Nemechek in the treatment of his patients. Readers will learn Dr. Nemechek's step-by-step method of reversing autism and other developmental disorders. Included are specific chapters dealing with relapses, addressing the use of antibiotics, strategies for prevention as well as future vaccinations. The rapid rate of improvement seen with The Nemechek Protocol has caused it to become one of the fastest growing treatment options for children around the world. Thousands of families around the world are benefitting from this safe, inexpensive and highly effective treatment for the devastating problems commonly affecting children today. The phrase "Miracles do Happen" has never been as true when witnessing children regain speech within a few weeks to months after utilizing The Nemechek Protocol.

The Sissy Test-Mistress Dede 2014-12-01 A few years back the term "sissy" was used in a pejorative manner to describe a man who was a "little feminine", had a "girly taste" in colors and style, and was interested in things considered to be meant "only for women". If you are saying, "What's wrong with that"...well, there is nothing wrong with that...but it was considered to be wrong in the past. Things have changed now. Gender identities are no longer confined to "male" and "female". You could be a cross-dresser or a transgender or a transsexual and you are absolutely fine and have the same legal rights as those who confirm with the two main gender identities of male and female. Sissy is no longer a negative word. People are actually proud to be a sissy. But what about you? Are you a sissy? Are you confused? May be you are not sure whether you are a sissy or not? Well, don't you worry...take this quiz and find out whether you are a sissy or not? Once you are through answering the questions, check out the scoring chart at the end and tally up your scores to find out where you stand on the macho and sissy scale. Good luck!

Les réseaux sociaux sur Internet-Louis-Serge Real del Sarte 2010 La révolution est en marche. Facebook, Twitter, MySpace, Viadéo, Youtube, XING, Copains d'avant, Skyblogs, Linkedln et tant d'autres... L'incontournable déferlante des réseaux sociaux sur Internet s'est imposée en un temps record. Difficile de s'en passer pour organiser sa vie. Mais aussi, et " à portée de clic ", multiplier ses contacts d'un bout à l'autre de la planète, sortir de l'anonymat, améliorer son image, partager ses passions, valoriser ses compétences, dynamiser ses projets, se constituer un carnet d'adresses et en tirer parti... Créer. Et faire partager cette création. Ces nouveaux réseaux s'imposent également au sein de l'activité des entreprises, qui les utilisent de plus en plus, et génèrent de nouveaux enjeux dans la sphère professionnelle : quelles conséquences sur le lieu de travail ? Quels nouveaux métiers de l'Internet ? Louis-Serge Réal del Sarte, en nous révélant ses secrets d'utilisateur, nous propose une invitation au voyage sur la planète des réseaux sociaux, où chacun peut y puiser ce qui l'intéresse. Et, par ailleurs, il nous présente un guide détaillé des 500 principaux réseaux mondiaux en ligne, avec leur histoire. [source : 4e de couv.]
