This will result in a faster download, as opposed to left clicking and opening the link.

U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike.

U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and

major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).  
Prentice Hall World History-Elisabeth Gaynor Ellis 2003

The Significance of the Frontier in American History-Frederick Jackson Turner 2008-08-07 This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which - for better or worse - lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

World History: Connections to Today-Elisabeth Gaynor Ellis 2003-12

The Routledge Companion to Asian American and Pacific Islander Literature-Rachel Lee 2014-06-05 The Routledge Companion to Asian American and Pacific Islander Literature offers a general introduction as well as a range of critical approaches to this important and expanding field. Divided into three sections, the volume: Introduces "keywords" connecting the theories, themes and methodologies distinctive to Asian American Literature Addresses historical periods, geographies and literary identities Looks at different genre, form and interdisciplinarity With 41 essays from scholars in the field this collection is a comprehensive guide to a significant area of literary study for students and teachers of Ethnic American, Asian diasporic and Pacific Islander Literature.

Reading the Literatures of Asian America-Shirley Lim 1992-10 A unique collection of essays explores the diversity of Asian American literature from the 19th century to the present

The Jungle-Upton Sinclair 2020-04-17 The Jungle portrays the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. The book depicts working-class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. The primary purpose of the novel in describing the meat industry and its working conditions was to advance socialism in the United States. The main character in the book, Jurgis Rudkus, a Lithuanian immigrant, tries to make ends meet in Chicago. The book begins with his wife Ona and his wedding feast. He and his family live near the stockyards and meatpacking district where many immigrants, who do not know much English, work. He takes a job at Brown's slaughterhouse. Jurgis had thought the US would offer more freedom, but he finds working-conditions harsh. He and his young wife struggle to survive as they fall deeply into debt and become prey to con men. Hoping to buy a house, they exhaust their savings on the down payment for a substandard slum house, which they cannot afford. The family is eventually evicted after their money is taken.

America-Andrew Robert Lee Cayton 1998

The American Journey-Joyce Oldham Appleby 2003

A Square Deal-Theodore Roosevelt 1906

Imperialism and Expansionism in American History: A Social, Political, and Cultural Encyclopedia and Document Collection [4 volumes]-Chris J. Magoc 2015-12-14 This four-volume encyclopedia chronicles the historical roots of the United States' current military dominance, documenting its growth from continental expansionism to hemispheric hegemony to global empire. • Overviews the history

of American imperialism through chronologically arranged entries that are multidisciplinary, incisively written, and informed by the latest scholarship • Covers issues ranging from the fur trade of the frontier era to today's complex engagement in the Middle East and Africa • Shares key insights on the intersection of popular culture with the projection of U.S. military power • Includes background material and an extensive selection of primary documents that will help students practice critical reading, thinking, and writing skills • Features numerous photos, illustrations, and sidebars that enliven the text and engage students in participatory learning

Call to Freedom-Holt Rinehart & Winston 2002-02-01

Creating America: Modern America emerges- 2001 Each unit includes guided reading, vocabulary building, skillbuilder practice, geography applications, primary sources, literature selections, reteaching activities, enrichment activities for gifted and talented students, history workshop resources and answer key.

Rise of the American Nation-Lewis Paul Todd 1972 A textbook tracing the political, social, and economic history of the United States from 1865 to the present day.

World History Modern Era-Elisabeth Gaynor Ellis 1999

Reimagining the American Pacific-Rob Wilson 2000 In this compelling critique Rob Wilson explores the creation of the “Pacific Rim” in the American imagination and how the concept has been variously adapted and resisted in Hawai'i, the Pacific Islands, New Zealand, and Australia. Reimagining the American Pacific ranges from the nineteenth century to the present and draws on theories of postmodernism, transnationality, and post-Marxist geography to contribute to the ongoing discussion of what constitutes “global” and “local.” Wilson begins by tracing the arrival of American commerce and culture in the Pacific through missionary and imperial forces in the nineteenth century and the parallel development of Asia/Pacific as an idea. Using an impressive range of texts—from works by Herman Melville, James Michener, Maori and Western Samoan novelists, and Bamboo Ridge poets to Baywatch, films and musicals such as South Pacific and Blue Hawaii, and native Hawaiian shark god poetry—Wilson illustrates what it means for a space to be “regionalized.” Claiming that such places become more open to transnational flows of information,

18, 2021 by guest

labor, finance, media, and global commodities, he explains how they then become isolated, their borders simultaneously crossed and fixed. In the case of Hawai'i, Wilson argues that culturally innovative, risky forms of symbol making and a broader—more global—vision of local plight are needed to counterbalance the racism and increasing imbalance of cultural capital and goods in the emerging postplantation and tourist-centered economy.

Reimagining the American Pacific leaves the reader with a new understanding of the complex interactions of global and local economies and cultures in a region that, since the 1970s, has been a leading trading partner of the United States. It is an engaging and provocative contribution to the fields of Asian and American studies, as well as those of cultural studies and theory, literary criticism, and popular culture.

The Americans-Gerald A. Danzer 2003-12-04

American Odyssey-Gary B. Nash 2002 A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts.

Civil War-Andrew R. L. Cayton 1995-06

The Influence of Sea Power Upon History, 1660-1783-Alfred Thayer Mahan 1892

The North American Review- 1899

Empire for Liberty-Richard H. Immerman 2012-08-01 Tells the story of the men throughout American history who used the rhetoric of liberty to further imperial ambitions, and argues that the quest for empire has guided the nation's architects from the very beginning--and continues to do so today. By the author of The CIA in Guatemala.

The North American Review-Jared Sparks 1899 Vols. 277-230, no. 2 include Stuff and nonsense, v. 5-6, no. 8, Jan. 1929-Aug. 1930.

The Imperial Cruise-James Bradley 2009-11-24 In 1905 President Teddy Roosevelt dispatched Secretary of War William Howard Taft on the largest U.S. diplomatic mission in history to Hawaii, Japan, the Philippines, China, and Korea. Roosevelt's glamorous twenty-one year old daughter Alice served as mistress of the cruise, which included senators and congressmen. On this trip, Taft concluded secret agreements in Roosevelt's name. In 2005, a century later,

James Bradley traveled in the wake of Roosevelt's mission and discovered what had transpired in Honolulu, Tokyo, Manila, Beijing and Seoul. In 1905, Roosevelt was bully-confident and made secret agreements that he thought would secure America's westward push into the Pacific. Instead, he lit the long fuse on the Asian firecrackers that would singe America's hands for a century.

General Bulletin-St. Cloud State College 1969

American Empire and the Politics of Meaning-Julian Go 2008-02-22

When the United States took control of the Philippines and Puerto Rico in the wake of the Spanish-American War, it declared that it would transform its new colonies through lessons in self-government and the ways of American-style democracy. In both territories, U.S. colonial officials built extensive public school systems, and they set up American-style elections and governmental institutions. The officials aimed their lessons in democratic government at the political elite: the relatively small class of the wealthy, educated, and politically powerful within each colony.

While they retained ultimate control for themselves, the Americans let the elite vote, hold local office, and formulate legislation in national assemblies. American Empire and the Politics of Meaning is an examination of how these efforts to provide the elite of Puerto Rico and the Philippines a practical education in self-government played out on the ground in the early years of American colonial rule, from 1898 until 1912. It is the first systematic comparative analysis of these early exercises in American imperial power. The sociologist Julian Go unravels how American authorities used "culture" as both a tool and a target of rule, and how the Puerto Rican and Philippine elite received, creatively engaged, and sometimes silently subverted the Americans' ostensibly benign intentions. Rather than finding that the attempt to transplant American-style democracy led to incommensurable "culture clashes," Go assesses complex processes of cultural accommodation and transformation. By combining rich historical detail with broader theories of meaning, culture, and colonialism, he provides an innovative study of the hidden intersections of political power and cultural meaning-making in America's earliest overseas empire.

Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

Fabric of a Nation-Jason Stacy 2020-01-28 In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

Cultural History of Reading: American literature-Gabrielle Watling 2009 "Explores what people have read and why they have read it at different times and in different places in America and around the world ... Links key cultural changes and events to the reading material of the period ... Traces reading trends through an exploration of types of texts as well as specific examples of books, magazines, and political treatises that were influential and/or widely read ... Each chapter includes a timeline of events and an introduction to the region/time period that point out major events of the time or region that would have influenced what and how people read. An overview of reading trends and practices traces key trends in reading practices, including the development of lending libraries, the rise of the novel, and the impact of technology. The book also explores the relationship between popular reading materials and cultural change"--From Intro., p. [xi].

The Monroe Doctrine-James Monroe Association, inc 1940  
Empire's Workshop-Greg Grandin 2006-05-02 An eye-opening examination of Latin America's role as proving ground for U.S. imperial strategies and tactics In recent years, one book after

another has sought to take the measure of the Bush administration's aggressive foreign policy. In their search for precedents, they invoke the Roman and British empires as well as postwar reconstructions of Germany and Japan. Yet they consistently ignore the one place where the United States had its most formative imperial experience: Latin America. A brilliant excavation of a long-obscured history, *Empire's Workshop* is the first book to show how Latin America has functioned as a laboratory for American extraterritorial rule. Historian Greg Grandin follows the United States' imperial operations, from Thomas Jefferson's aspirations for an "empire of liberty" in Cuba and Spanish Florida, to Ronald Reagan's support for brutally oppressive but U.S.-friendly regimes in Central America. He traces the origins of Bush's policies to Latin America, where many of the administration's leading lights—John Negroponte, Elliott Abrams, Otto Reich—first embraced the deployment of military power to advance free-market economics and first enlisted the evangelical movement in support of their ventures. With much of Latin America now in open rebellion against U.S. domination, Grandin concludes with a vital question: If Washington has failed to bring prosperity and democracy to Latin America—its own backyard "workshop"—what are the chances it will do so for the world?

THE ANNALS OF AMERICA VOLUME 12 1895-1904 POPULISM, IMPERIALISM, AND REFORM- 1968

Silver, Sword, and Stone-Marie Arana 2020-08-18 Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). "Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous" (The Washington Post). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival

depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this “timely and excellent volume” (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. *Silver, Sword, and Stone* combines “learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience” (The New York Times Book Review). *America and Its Peoples*-James Kirby Martin 1996 Aftermath of the Civil War - America emerges as an economic power - Rise of an urban society and city people - Imperial America 1870-1900 - Struggle for change 1900-1917 - Roosevelt, Taft and Wilson - Involvement in World War I - The Great Crash - Ku Klux Klan - Emergence of modern American culture - Effects of the Great Depression - New Deal - Diplomacy between the wars - War in the Pacific - World War II and America's involvement - Vietnam - Struggle for racial justice - Women's liberation - The Reagan administration - President Bush - Immigrants and immigration - Progressives - T. Roosevelt - J.D.Rockefeller - Hester Street - Nativism or anti-immigration backlash - Unions; The Cold War

Marial Iglesias Utset 2011 Originally published in Spanish by Ediciones Union in Havana, Cuba, as Las metáforas del cambio en la vida cotidiana: Cuba, 1898-1902, 2003.

The 'Conspiracy' of Free Trade-Marc-William Palen 2016-02-09

Following the Second World War, the United States would become the leading 'neoliberal' proponent of international trade liberalization. Yet for nearly a century before, American foreign trade policy was dominated by extreme economic nationalism. What brought about this pronounced ideological, political, and economic about-face? How did it affect Anglo-American imperialism? What were the repercussions for the global capitalist order? In answering these questions, The 'Conspiracy' of Free Trade offers the first detailed account of the controversial Anglo-American struggle over empire and economic globalization in the mid- to late-nineteenth century. The book reinterprets Anglo-American imperialism through the global interplay between Victorian free-trade cosmopolitanism and economic nationalism, uncovering how imperial expansion and economic integration were mired in political and ideological conflict. Beginning in the 1840s, this conspiratorial struggle over political economy would rip apart the Republican Party, reshape the Democratic Party, and redirect Anglo-American imperial expansion for decades to come.

First Great Triumph-Warren Zimmermann 2004-01-15 Documents how the United States rose to a significant world power one century ago through the actions of five political figures, including Theodore Roosevelt, naval strategist Alfred T. Mahan, Senator Henry Cabot Lodge, Secretary of State John Hay, and colonial administrator Elihu Root. Reprint. 20,000 first printing.
