BSA 500 & 650 Twins-Peter Henshaw 2018-11-23 Sometimes living under the shadow of the flashier, high-profile Triumph Twins, the equivalent BSAs were just as numerous and were exported all over the world. BSA was often seen as a less glamorous marque than Triumph or Norton, associated more with commuting and sidecars than coffee bar cowboys, but that doesn't detract from the collectibility of its models today, as the bikes have become highly usable, enjoyable classics. Unlike the many marque histories available, this book is a practical guide to buying one of these bikes. It covers the complete range, from the very first 1946 500cc A7 to the final 1973 650cc A65s. Chapters include what to look for (10min and 30min evaluations); spares prices; guides to auctions and paperwork; lists of useful contacts in the BSA community; and just as important, consideration of whether it's the right bike for you. One hundred colour photos, useful appendices and expert advice mean this book could save you thousands. Marks' Standard Handbook for Mechanical Engineers-Eugene A. To further encourage research in this area, the EUROBOT Conferences have been set up. They aim to gather researchers and developers from academic fields and industries worldwide to explore the state of the art. This conference is - accompanied by the EUROBOT Contest Finals, an international amateur robotics contest open to teams of young people. During the finals in 2009, teams from 25 countries came together not only to compete, but also to exchange knowledge and ideas and to learn from each other. In addition to the paper and poster presentations, there were two invited talks: - Raja Chatila, Director of the LAAS - CNRS, Toulouse, France whose talk was about "Cognitive Robots" - Veronique Raoul, EUROBOT Association, France whose talk was about "EUROBOT" Organizing a conference is a task that requires the collaboration of many people. We personally would like to warmly thank all members of the EUROBOT Conference 2009 program committee; without their help and dedication it would not have been possible to produce these proceedings.
