Clip In-Jim Ozier 2014-09-16 When a cyclist clips into the pedals, a huge risk is involved because he or she must learn a new way to achieve balance and momentum. Creating a culture of hospitality within your church involves the same intricate process. Not only do balance and momentum go hand-in-hand, one can't exist without the other. Growing a church requires the same kind of delicate interplay: balancing attention toward existing members and generating momentum through reaching new people. Without both, the church won't grow. Creating a culture of hospitality involves risk and relearning old habits, but facilitating both will yield fruitful results.

Growing an Engaged Church-Albert L. Winseman 2007-03-28 Growing an Engaged Church offers unique, research-based, often counterintuitive solutions to the challenges facing churches today, including declining congregant participation, decreasing contributions, and slumping membership. Ministers, priests, and church boards will find the evidence and answers in this book provocative, eye-opening, and, most importantly, actionable. What if members of your congregation . . . • were 13 times more likely to have invited someone to participate in your church in the past month? • were three times as satisfied with their lives? • spent more than two hours per week serving and helping others in their community? • tripled their giving to your church? What would your church — your parish — look like? And how would you go about creating this kind of change? One thing is certain: Church leaders are never going to inspire more people to be actively and passionately involved in their congregations by doing the same things over and over again. Pastors and lay leaders need something fresh. Something new. The last thing they need is “just another program” or to set up a laundry list of new activities for members. Based on solid research by The Gallup Organization, Growing an Engaged Church will appeal to both Protestant and Catholic clergy and lay leaders who are looking for a way to be the Church instead of just “doing church.”

Becoming a Welcoming Church-Thom S. Rainer 2018-03-01 Most church members don't see their churches clearly. In almost all of Thom S. Rainer's consultations, church members perceive their church to be friendly. But as he surveyed

guests, he found that the guests typically saw church members as unfriendly. The perception chasm existed because the members were indeed friendly . . . to one another. The guests felt like they crashed a private party. Bestselling author Thom Rainer (I Am a Church Member, Autopsy of a Deceased Church) has a game plan for churches to become more hospitable. In a format that is suitable for church members to read individually or study together, Rainer guides readers toward a practical framework for making a difference for those who visit their church. Churches may use *Becoming a Welcoming Church* to assess and audit where they are on a spectrum between welcoming and wanting. Additionally, churches can use the companion book *We Want You Here* to send guests home with a compelling vision for what pastors want every guest to know when they visit.

School of Love-Roger Joslin 2015-09-01 Roger Joslin arrived in Bentonville, Arkansas, in 2006 as a newly ordained deacon to become the vicar of All Saints Episcopal Church, a mission of the Episcopal Diocese of Arkansas. All Saints has grown to be the fifth-largest congregation in the Diocese of Arkansas, with an average Sunday attendance of over 230, and is well on its way to parish status. All Saints' location in Bentonville, the home of Walmart, adds another layer to the story. Joslin makes a powerful case for the role of a progressive Episcopal church in a conservative culture and for the appeal of preaching and practicing a gospel of inclusion that reaches out to groups or individuals who have been marginalized by churches. * Model for reaching out to the community with a gospel of love and welcome * Hope for those who think a progressive church can't succeed in a conservative culture. Helps identify those who feel like outsiders in those cultures

People Are the Mission-Danny Franks 2018-03-06 If you're a leader in a church or business, and you want to improve your culture of hospitality, then you'll love Danny's new book. It's a must-read! -Dan T. Cathy, CEO, Chick-fil-A When it comes to interacting with guests, churches typically gravitate towards one of two camps: over-the-top, shock-and-awe, let-us-entertain-you or oh-man,-some-people-just-showed-up, underwhelming experience. Each extreme has drawbacks: on one end, people become the center of the universe. On the other, hospitality is effectively ignored in deference to the "serious business" of worship. *People Are the Mission* proposes a healthy middle, one where guests are esteemed but the gospel is the goal. Danny Franks, Connections Pastor at Summit Church, shows churches how to take a more balanced approach - a "third way" that is both guest-friendly and gospel-centric. He shows why honoring the stranger doesn't stand in opposition to honoring the Savior. People are the mission that Christ has called us to, and if we focus on people we can better assist people to focus on the gospel.

4D Impact-Olu Brown 2019-04-16 The 4D Church takes a critical and inspirational look at four aspects of 21st century church ministry: Technology, Hospitality, Worship, and Systems. Each of these aspects is key for developing vital churches and healthy church leaders. The author uses real life lessons from the 11-year journey of Impact Church, which is currently #5 out of the 100 fastest growing United Methodist congregations in the United States, and examples from churches and the market place, to inform, equip, and inspire the reader. The 4D Church offers: a diagnostic tool in each chapter to determine the current health and status of the reader's church, real time inspiration from practitioners who are experiencing health and growth, guidance for readers to discern their level of fitness for their church assignment—is the leader/reader well-matched, or mismatched?, and guidance for readers to determine if their church has reached a point of irreversible decline. From the 4D Impact Introduction: "I have been blessed to serve as the founding and lead pastor of what one of [the] original twenty-five leaders called a 'movement.' Twelve years ago we didn't set out to plant another United Methodist church—we envisioned a movement...I have learned a few things about church health and growth from my own experience as a church planner and from the many churches across the country that our team has supported and consulted with over the years. I have learned that the capital-C Church is full of grace, and I've learned that hard work and sacrifice are necessary for a local church to be vital and growing... This book is for all churches and church leaders seeking to become vital and growing, or to remain vital and growing. This book may challenge you—I hope in a healthy way. It centers on four key principles for developing healthy and growing churches that smash barriers: Technology, Hospitality, Worship, and Systems. I am a living witness to these principles. As we say at Impact Church, you aren't called to lead an ordinary church; you are called to lead a movement."

Hospitality-Life in a Time of Fear-Steve Clapp 2002

Ordinary-Tony Merida 2015-01-01 What if the path toward an extraordinary life is becoming more ordinary? Ordinary is not a call to be more radical. If anything, it is a call to the contrary. The kingdom of God isn't coming with light shows, and shock and awe, but with lowly acts of service. Tony Merida wants to push back against sensationalism and "rock star Christianity," and help people understand that they can make a powerful impact by practicing ordinary Christianity. Through things such as humble acts of service, neighbor love, and hospitality, Christians can shake the foundations of the culture. In order to see things happen that have never happened before, Christians must do what Christians have always done. Christians need to become more ordinary. Let's think together about how we, ordinary people, doing ordinary things, might turn the world upside down.

The Power of Hospitality-Chuck Crismier 2005-04-01 Hospitality is God's divine design to open the hearts of people, yet something dramatic has happened in our hearts, closing the doors of our homes, causing Christianity Today to ask, *Whatever Happened to Hospitality?* The POWER of Hospitality will change your life... even your family, church and world, if you will let it."

Good News in Growing Churches-Robert L. Burt 1990

Slow Church-C. Christopher Smith 2014-06-02 Suggests that modern religion is too fast paced and that a slower approach should be used so that parishioners get a more fulfilling experience.

Five Practices of Fruitful Congregations-Robert Schnase 2018-05-15 Over the past ten years, thousands of church leaders have successfully transformed congregations with the principles from the original *Five Practices: Radical Hospitality, Passionate Worship, Intentional Faith Development, Risk-Taking Mission and Service, and Extravagant Generosity*. However, much has changed in the world and the Church. Leaders have discovered new ways to implement the Five Practices in settings that were not imagined when the original book was released. This revised and updated edition of the ministry leadership classic includes a significant amount of new material. How are the Practices being used now, in new types of congregations? How has each Practice changed in the last decade? What new issues or concerns do leaders need to consider in relation to each Practice? This revision provides leaders with a 'next step' look at the original practices. Schnase gathered ideas and other content from ministry leaders who have been using the Five Practices, and explains how those ideas work, how leaders adapted the principles to their own settings, and how they expanded them. A new preface redefines 'Congregations' given their evolving nature. When the original book was written, the new forms of Christian community either did not exist or were barely known. The Five Practices are, however, just as essential to the new types of congregations as they were to the traditional church. Since the original book, there is more variety, diversity, and experimentation in worship. The revised Five Practices includes material based on these new forms. Small group study has always been important for intentional faith development. But since the original book, the nature of those groups has transformed to include secular settings and a wide variety of affinities profoundly affecting how faith leaders approach issues of faith development, and in many cases radically changes what they offer in their communities. Imagine the topic of Risk-Taking Mission and Service before Black Lives Matter, the Syrian refugee crisis, and the Trump administration. This new version gives instruction and specific ideas for how we might best serve today's world.

The Hospitable Leader-Terry A. Smith 2018-10-02 Successful leaders today don't dictate; they invite. They don't dismiss; they welcome. They don't neglect; they care. Now more than ever we must pay attention to the soft side of leadership if we want hard results. As leaders--from parents to CEOs--we must learn gracious leadership to truly, positively, change our spheres of influence. In this passionate, powerful book, pastor and leadership mentor Terry Smith fleshes out five vital principles you need to become a hospitable leader. He shows that this type of leadership is not superficial niceness or allowing people to do whatever they want. Hospitable leadership is result-oriented because it's motivated by genuine love. It's how you create environments where people and dreams can thrive, where vision turns to action, and where great things happen regularly. Here is everything you need to become the type of leader people want to follow.

The Gospel Comes with a House Key-Rosaria Butterfield 2018-04-16 What did God use to draw a radical, committed unbeliever to himself? Did God take her to an evangelistic rally? Or, since she had her doctorate in literature, did he use something in print? No, God used an invitation to dinner in a modest home, from a humble couple who lived out the gospel daily, simply, and authentically. With this story of her conversion as a backdrop, Rosaria Butterfield invites us into her home to show us how God can use this same "radical, ordinary hospitality" to bring the gospel to our lost friends and neighbors. Such hospitality sees our homes as not our own, but as God's tools for the furtherance of his kingdom as we welcome those who look, think, believe, and act differently from us into our everyday, sometimes messy lives—helping them see what true Christian faith really looks like.

New-Church Messenger- 1917

Divergent Church-Tim Shapiro 2017-10-17 New faith communities are appearing across the U.S.. Many of them bear little resemblance—on the surface—to 'church' in its conventional form. But when we look a little deeper we see striking continuity with the most deeply rooted practices of the Christian faith in community. What are those practices? What do these unconventional, alternative faith communities look like? How are they, perhaps, indicators of a hopeful new future for the church? And what can we learn from them? Authors Kara Brinkerhoff and Tim Shapiro spent more than a year researching and exploring these questions, closely examining the life of a dozen alternative faith communities across the country. They include new monastic communities, food-oriented communities, affinity group communities, house churches, hybrid churches and others. They are creative, ingenious, innovative, clever, dynamic and transformative. But they represent human expressions of activities that have always been part of human religious congregations: hospitality, learning, storytelling, care, leadership, worship and honoring place. This fascinating book goes beyond simply analyzing current trends. It reveals how innovative Christians are engaging in time-honored practices, creating new types of communities, which will shape the church to come. Further, it shows us how we too might innovate while holding true to the essential practices of our gathered faith. This is an instructive picture of Christian community, past, present and future.

Saved by Faith and Hospitality-Joshua W. Jipp 2017 Too few Christians today, says Joshua Jipp, understand hospitality to strangers and the marginalized as an essential part of the church's identity. In this book Jipp argues that God's relationship to his people is fundamentally an act of hospitality to strangers, and that divine and human hospitality together are thus at the very heart of Christian faith. Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers, considering especially how these texts portray Christ as the divine host who extends God's welcome to all people. Jipp then invites readers to consider how God's hospitality sets the pattern for human hospitality, offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges--immigration, incarceration, racism, and more.

Christian Hospitality and Muslim Immigration in an Age of Fear-Matthew Kaemingk 2018-01-25 An alternative, uniquely Christian response to the growing global challenges of deep religious difference In the last fifty years, millions of Muslims have migrated to Europe and North America. Their arrival has ignited a series of fierce public debates on both sides of the Atlantic about religious freedom and tolerance, terrorism and security, gender and race, and much more. How can Christians best respond to this situation? In this book theologian and ethicist Matthew Kaemingk offers a thought-provoking Christian perspective on the growing debates over Muslim presence in the West. Rejecting both fearful nationalism and romantic multiculturalism, Kaemingk makes the case for a third way—a Christian pluralism that is committed to both the historic Christian faith and the public rights, dignity, and freedom of Islam.

Living into Community-Christine D. Pohl 2011-12-20 Every church, every organization, has experienced them: betrayal, deception, grumbling, envy, exclusion. They make life together difficult and prevent congregations from developing the skills, virtues, and practices they need to nurture sturdy, life-giving communities. In Living into Community Christine Pohl explores four specific Christian practices -- gratitude, promise-keeping, truth-telling, and hospitality -- that can counteract those destructive forces and help churches and individuals build and sustain vibrant communities. Drawing on a wealth of personal and professional experience and interacting with the biblical, historical, and moral traditions, Pohl thoughtfully discusses each practice, including its possible complications and deformations, and points to how these essential practices can be better cultivated within communities and families.
