First Round Lottery Pick-Franklin White 2014-01-01 Langston Holiday lives with his no-nonsense mother in the gritty public housing projects of Poindexter Village, better known as "The Vil," after his father abandons them. Without any assistance, his mother is determined to make a man out of Langston—and she's doing a pretty good job. By the end of his senior year, Langston is one of the best high-school basketball players in the nation. That's when he makes the biggest decision of his life: to forgo college and enter the professional ranks. When word hits the streets about Langston's success, his newfound wealth stirs up plenty of envy in the projects, sparking a wave of unthinkable drama and crime. He's being relentlessly pursued by Toy Daniels, a has-been athlete who's determined to sign Langston to his newly formed sports agency. Langston's best friend, Jalen, becomes involved in shady dealings with people who are known for nothing but trouble, and his girlfriend, Tori, is quickly becoming fed up with Langston's wandering ways. Suddenly, Langston doesn't know who he can trust. This gripping novel from bestselling author Franklin White realistically depicts the pitfalls of basketball stardom, when large amounts of money fall into the hands of people who've never known anything but poverty and struggle.

50 Reasons People Give for Believing in a God-Guy P. Harrison 2009-09-18 Many books that challenge religious belief from a skeptical point of view take a combative tone that is almost guaranteed to alienate believers or they present complex philosophical or scientific arguments that fail to reach the average reader. This is undoubtedly an ineffective way of encouraging people to develop critical thinking about religion. This unique approach to skepticism presents fifty commonly heard reasons people often give for believing in a God and then raises legitimate questions regarding these reasons, showing in each case that there is much room for doubt. Whether you're a believer, a complete skeptic, or somewhere in between, you'll find this review of traditional and more recent arguments for the existence of God refreshing, approachable, and enlightening. From religion as the foundation of morality to the authority of sacred books, the compelling religious testimony of influential people, near-death experiences, arguments from Intelligent Design, and much more, Harrison respectfully describes each rationale for belief and then politely shows the deficiencies that any good skeptic would point out. As a journalist who has traveled widely and interviewed many highly accomplished people, quite a number of whom are believers, the author appreciates the variety of belief and the ways in which people seek to make religion compatible with scientific thought. Nonetheless, he shows that, despite the prevalence of belief in God or religious belief in intelligent people, in the end there are no unassailable reasons for believing in a God. For skeptics looking for appealing ways to approach their believing friends or believers who are not afraid to consider a skeptical challenge, this book makes for very stimulating reading.

Quartet for the End of Time: A Novel-Johanna Skibsrud 2014-10-06 A "cinematic . . . page-turner and a compassionate analysis of faith, memory, responsibility, and consequence."—Molly Antopol, Fiction Writers Review Inspired by and structured around the chamber piece of the same title by the French composer Olivier Messiaen, Quartet for the End of Time is a mesmerizing story of four lives irrevocably linked in a single act of betrayal. The novel takes us on an unforgettable journey beginning during the 1930s Bonus Army riots, when World War I veteran Arthur Sinclair is falsely accused of conspiracy and then disappears. His absence will haunt his son, Douglas, as well as Alden and Sutton Kelly, the children of a powerful U.S. congressman, as they experience—each in different ways—the dynamic political social changes that took place leading up to and during World War II. From the New Deal projects through which Douglas, newly fatherless, makes his living to Sutton's work as a journalist, to Alden's life as a code breaker and a spy, each character is haunted by the past and is searching for love, hope, and redemption in a world torn apart by chaos and war. Through the lives of these characters, as well as those of their lovers, friends, and enemies, the novel transports us from the Siberian Expedition of World War I to the underground world of a Soviet spy in the 1920s and 1930s, to the occultist circle of P. D. Ouspensky and London during the Blitz, to the German prison camp where Messiaen originally composed and performed his famous Quartet for the End of Time. At every turn, this rich and ambitious novel tells some of the less well-known stories of twentieth-century history with epic scope and astonishing power, revealing at every turn the ways in which history and memory tend to follow us, and in which absence has a palpable presence.

Lifers-Jane Harvey-Berrick 2016-08-22 Jordan Kane is newly released from prison, but it's not back into the loving arms of his family. Small town gossip can be harsh, and it's only when he meets the pastor's daughter, Torrey Delaney, that he encounters true compassion.

Chinaville-J.R.Roberts The Gunsmith has never been one to back away from a friendly wager. So when a friend challenges him to earn a living as a gambler. Clint figures it's a good chance to work on his poker game—and stay out of trouble. He sets out for Chinaville, Colorado, where a nearby gold strike has the miners pouring into town to lose their money at cards. Clint has no problem winning at the tables, but a miner accuses him of cheating. And when the sore loser turns up with a back full of lead, Clint finds three vengeful brothers and a hardcase cousin drawing a bead on him. Clint is no backshooter, but these boys don't want to listen to reason. The gambling life sure isn't turning out peaceful. But life never was peaceful for the Gunsmith...

The Curse of the Romanovs-Staton Rabin 2009-10-27 Alexei Romanov, heir to the Russian throne, is in deadly danger. It's 1916, the struggling Russian people are tired of war and are blaming their Romanov rulers for it, and some are secretly plotting to murder the young heir and his family. But nobody outside the palace knows that Alexei suffers from a terrible bleeding disease, hemophilia, which threatens to finish him off even before the family's enemies can. The only person able to help Alexei is the evil and powerful religious mystic Rasputin -- and now Rasputin is trying to kill him too! Desperate, Alexei flees through time to New York City in 2010, using a method taught to him by the mad monk himself. In New York, Alexei meets smart and sassy Varda Rosenberg, and discovers she is a distant cousin. Varda is working on a gene therapy cure for hemophilia, as the disease still runs in the family. When Alexei learns that history shows that his entire family will be assassinated in 1918, he and Varda travel back in time to the Russian Revolution, with Rasputin hot on their heels. Will they be able to rescue Alexei's family before it's too late? Staton Rabin lets Alexei tell his own riveting story in a rousing adventure with stunning surprises -- a movingly authentic look at royalty and revolution in the days of the tsars.

Journey To Enchantment-Patricia Veryan 2016-04-05 Beautiful, flame-haired, fiercely independent Prudence has two passions: Scotland and the heroics of Ligon Doone, scourge of the hated Redcoats. And she is shocked when her father takes one of those Redcoats—a wounded English soldier—into their home on the shores of Loch Ness. But soon Prudence begins to suspect this Englishman is more than he seems—she fears he is a spy, even as she begins to surrender her

heart. What's more, she is suddenly embroiled in a daring plot to rescue rebel Scots and smuggle a cypher containing the location of Bonnie Prince Charlie's lost treasure. This is her adventure of a lifetime, with even greater treasures to be found on her Journey to Enchantment.

The CIO Edge-Graham Waller 2010-11-11 Great CIOs consistently exceed key stakeholders' expectations and maximize the business value delivered through their company's technology. What's their secret? Sure, IT professionals need technological smarts, plus an understanding of their company's goals and the competitive landscape. But the best of them possess a far more potent ability: they forge good working relationships with everyone involved in an IT-enabled project, whether it's introducing new hardware or implementing a major business transformation. In The CIO Edge, the authors draw on Korn/Ferry International's extensive empirical data on leadership competencies as well as Gartner's research on IT trends and the CIO role. They prove that, for IT leaders, mastering seven essential skills yields big results. This new book lays out the people-to-people leadership competencies that the highest-performing CIOs have in common—including the ability to inspire others, connect with a diverse array of stakeholders, value others' ideas, and manifest caring in their relationships. The authors then explain how to cultivate each defining competency. Learn these skills, and you'll get more work done through others' enabling you to successfully execute more IT projects, generate better results for your company, and concentrate your efforts where they'll exert the most impact. The payoff? As the authors show, you'll work smarter, not harder—and get promoted far faster than your peers.

Schneider Trophy Aircraft 1913-1931-Derek N. James 2015-03-14 At the end of 1912 Jacques Schneider announced his intention of presenting an annual trophy for an international seaplane contest. There were only twelve Schneider contests but they were major international events with the major rivals being Britain and Italy, followed by France and the US. Biplane seaplanes and flying-boats predominated the early contests and some very advanced twin-float biplanes were among the winners as late as 1925. However, it was the monoplane which was to become the symbol of Schneider Trophy, with Supermarine and Macchi designs reaching the peak of racing seaplane performance. The final winning combination of Supermarine airframe and Rolls-Royce engine was to make a vital contribution to Britain's defence in 1940 in the form of the Rolls-Royce powered Hurricane and Spitfire. This book records the contests and, in considerable detail, the design, development and achievements of the participating aircraft; those which failed to take part; and the projects, some of which embodied very advanced ideas even if they were proved to be unrealistic.

Dear Abba-Brennan Manning 2017-03-07 A deeply personal and heartfelt devotional from the beloved author of The Ragamuffin Gospel. Raw vulnerability can be scary. It can also save our lives. In this book, Brennan Manning has laid out a month of honest prayers to God, whom he affectionately calls Abba, in an easy-to-use format that can guide your own prayers. Each day contains morning and evening prayers coupled with Scripture and excerpts from Manning's contemporary spiritual classics—in a modern-day collection of psalms, complete with cries for help, expressions of wonder, and invitations into the comforting mercy of God.

Chimneys in the Desert-Fernando Rocchi 2005-12-23 This book offers new topics and new perspectives on the economic history of Argentina before the 1930 Depression. It focuses on the evolution of early industrialization in a country primarily associated with cattle-ranching and agriculture, and single-mindedly characterized as a case of a successful export economy. Taking an original approach, the book cross-examines traditional economic issues such as production and finances, and new cultural patterns, such as consumption, the role of women, paternalism, and ideology. The first years of Argentina's industrialization, from the 1870s to the 1920s, coincided with a time of great innovation, a brisk turn from tradition, and quick modernization. This book shows that industry not only helped Argentina's economy along, but spearheaded its modernization. It challenges the long-lasting "canonical version" that industry was a victim of a capital market and a state extremely hostile to manufacturing. Access to financing for industrial endeavors was much easier than previously thought, while the state supported industry through tariffs.

Forsaken Oath-V. S. Kemanis 2020-01-28 Climbing the career ladder, prosecutor Dana Hargrove is the new chief of a major trial bureau in the Manhattan District Attorney's Office. Years in the courtroom have earned Dana the respect and admiration of her juniors and peers. A few tough wins have also sparked the envy--and contempt--of certain members of the defense bar. In the summer of 2001, Dana's plans for a well-deserved family vacation are interrupted by a few high profile cases that demand her attention. A renowned fashion designer is murdered in his posh Upper East Side townhome. An inmate, serving state time for felony murder, says the D.A. wrongly withheld evidence at his trial. A professional con man, the mastermind of a reverse mortgage scam, is blamed for leading a younger man into a life of crime. As the mysteries in these cases unfold, a common, unsavory design comes to light--Dana is the victim of a personal attack. A scurrilous media campaign can be endured, but when a criminal scheme touches Dana's family, she must strike back. Confronting the greatest

challenge yet to her professional integrity, Dana fights to protect her good name and the sanctity of her family life.

Good & Crazy-Sonya Ferrell 2015-04-01 My name is Antoinette McCarvey. I'm a good girl. Ask anyone at church, school, or work. They would all agree. Except things have been happening around me lately. Things that make me think maybe I've miscalculated my life completely. Something's wrong. All of my life I've been told how beautiful, smart, talented, and wonderful I am. I even go to church every time the doors are open for crying out loud! But the truth, well, I'm afraid the truth is a little harder to swallow, and a lot harder to stomach. My good has been looking a little rough around the edges. I'm starting to crack under the pressure of being the image of goodness Mama believes I am. Nobody is that good. That's why I'm here, in the police station, getting ready to confess to a couple of murders. This is what happens when good gives birth to crazy.

Unwelcome-Michael Griffo 2011-09-01 Lesson 2: The people we love most may be the ones we know least. . . Archangel Academy is more than a school to Michael Howard. Within its majestic buildings and serene English grounds, he's found friends, new love, and a place that feels more like home than Nebraska ever did. But the most important gift of Archangel Academy is immortality. . . Life as a just-made vampire is challenging for Michael, even with Ronan, an experienced vamp, to guide him. Michael's abilities are still raw and unpredictable. To add to the turmoil, the ancient feud between rival vampire species is sending ripples of discord through the school. And beneath the new headmaster's charismatic front lies a powerful and very personal agenda. Yet the mysteries lurking around the Academy pale in comparison to the secrets emerging from Michael's past. And choosing the wrong person to trust—or to love—could lead to an eternity of regret. . . Michael Griffo is an award-winning writer and one of six playwrights whose career will be tracked by WritersInsight.com until 2010. He is a graduate of New York University, has studied at Playwrights Horizons and Gotham Writers Workshop, and has written several screenplays.

Mastering the Complex Sale-Jeff Thull 2010-03-10 Praise for Mastering the Complex Sale "Jeff Thull's process plays a key role in helping companies and their customers cross the chasm with disruptive innovations and succeed with game-changing initiatives." —Geoffrey A. Moore, author of Crossing the Chasm and Dealing with Darwin "This is the first book that lays out a solid method for selling cross-company, cross-border, even cross-culturally where you have multiple decision makers with multiple agendas. This is far more than a 'selling process'—it is a survival guide—a truly outstanding approach to bringing all the pieces of the puzzle together." —Ed Daniels, EVP, Shell Global Solutions Downstream, President, CRI/Criterion, Inc. "Mastering the Complex Sale brilliantly sets up value from the customer's perspective. A must-read for all those who are managing multinational business teams in a complex and highly competitive environment." —Samik Mukherjee, Vice President, Onshore Business, Technip "Customers need to know the value they will receive and how they will receive it. Thull's insights into the complex sale and how to clarify and quantify this value are remarkable—Mastering the Complex Sale will be required reading for years to come!" —Lee Tschanz, Vice President, North American Sales, Rockwell Automation "Jeff Thull is winning the war against commoditization. In his world, value trumps price and commoditization isn't a given, it's a choice. This is a proven alternative to the price-driven sale. We've spoken to his clients. This stuff really works, folks." —Dave Stein, CEO and Founder, ES Research Group, Inc. "Our business depends on delivering breakthrough thinking to our executive clients. Jeff Thull has significantly redefined sales and marketing strategies that clearly connect to our global audience. Read it, act on it, and take your results to exceptional levels." —Sven Kroneberg, President, Seminario Internacional "Jeff's main thesis—that professional customer guidance is the key to success—rings true in every global market today. Mastering the Complex Sale is the essential read for any organization looking to transform their business for long-term, value-driven growth." —Jon T. Lindekugel, President, 3M Health Information Systems, Inc. "Jeff Thull has re-engineered the conventional sales process to create predictable and profitable growth in today's competitive marketplace. It's no longer about selling; it's about guiding quality decisions and creating collaborative value. This is one of those rare books that will make a difference." —Carol Pudnos, Executive director, Healthcare Industry, Dow Corning Corporation
