In the Way of Our Grandmothers-Debra Anne Susie 2009-02-01 Based on the accounts of midwives, their descendants, and the women they served, In the Way of Our Grandmothers tells of the midwife's trade--her principles, traditions, and skills--and of the competing medical profession's successful program to systematically destroy the practice. The rural South was one of the last strongholds of the traditional "granny" midwife. Whether she came by her trade through individual choice or inherited a practice from an older relative, a woman who accepted the "call" of midwife launched a lifelong vocation of public service. While the profession was arduous, it had numerous rewards. Midwives assumed positions of leadership within their communities, were able to define themselves and their actions on their own terms, and derived a great sense of pride and satisfaction from performing a much-loved job. Despite national statistics that placed midwives above all other attendants in low childbirth mortality, Florida's state health experts began in the early twentieth century to view the craft as a menace to public health. Efforts to regulate midwives through education and licensing were part of a long-term plan to replace them with modern medical and hospital services. Eager to demonstrate their good will and common interest, most midwives complied with the increasingly restrictive rules imposed by the state, unknowingly contributing to the demise of their own profession. The recent interest of the youthful middle class in home birth methods has been accompanied by a rediscovery of the midwife's craft. Yet the new midwifery represents the state's successful attainment of a long-awaited goal: the replacement of the traditional lay midwife with the modern nurse-midwife. In the Way of Our Grandmothers provides a voice for the few women in the South who still remember the earlier trade--one that evolved organically from the needs of women and existed outside the realms of men.

The Ways of Our God-Charles H. H. Scobie 2003 At a time when Old Testament and New Testament studies are considered to be two very different tasks, this major new work by Charles Scobie offers an approach to biblical theology meant to take in the entire sweep of divine revelation. Comprehensive in scope, this book covers every aspect of biblical theology. Chapters are devoted first to the nature and task of biblical theology and then to major themes within the biblical message -- God's order, God's servant, God's people, and God's way. Each section of the book also features an extensive system of helpful cross-references. Not only is Scobie's attempt to bridge the biblical testaments admirable, but he also takes great care to present scholarship that is at the same time informed by, and relevant to, the daily life and work of the church. The result is a book that is relevant to readers everywhere. Accessible to teachers, clergy, students, and general readers alike, this book will reinvigorate the study of the Bible as the unified word of God.

The Way We Bared Our Souls-Willa Strayhorn 2015-01-22 If you could trade your biggest burden for someone else's, would you do it? Five teenagers sit around a bonfire in the middle of the New Mexico desert. They don't know it yet, but they are about to make the biggest sacrifice of their lives. Lo has a family history

of MS, and is starting to come down with all the symptoms. Thomas, a former child soldier from Liberia, is plagued by traumatic memories of his war-torn past. Kaya would do anything to feel physical pain, but a rare condition called CIP keeps her numb. Ellen can't remember who she was before she started doing drugs. Kit lost his girlfriend in a car accident and now he just can't shake his newfound fear of death. When they trade totems as a symbol of shedding and adopting one another's sorrows, they think it's only an exercise. But in the morning, they wake to find their burdens gone...and replaced with someone else's. As the reality of the ritual unfolds, this unlikely group of five embarks on a week of beautiful, terrifying experiences that all culminate in one perfect truth: In the end, your soul is stronger than your burdens. "Utterly original, haunting, and honest, Strayhorn's literally infectious story of fear and hope will change the way you view your flaws forever." --Una LaMarche, critically acclaimed author of *Like No Other* and *Five Summers*

*The Sensational Past: How the Enlightenment Changed the Way We Use Our Senses*-Carolyn Purnell 2017-02-07 Sight, smell, hearing, taste, and touch—as they were celebrated during the Enlightenment and as they are perceived today. Blindfolding children from birth? Playing a piano made of live cats? Using tobacco to cure drowning? Wearing “flea”-colored clothes? These actions may seem odd to us, but in the eighteenth century, they made perfect sense. As often as we use our senses, we rarely stop to think about their place in history. But perception is not dependent on the body alone. Carolyn Purnell persuasively shows that, while our bodies may not change dramatically, the way we think about the senses and put them to use has been rather different over the ages. Journeying through the past three hundred years, Purnell explores how people used their senses in ways that might shock us now. And perhaps more surprisingly, she shows how many of our own ways of life are a legacy of this earlier time. *The Sensational Past* focuses on the ways in which small, peculiar, and seemingly unimportant facts open up new ways of thinking about the past. You will explore the sensory worlds of the Enlightenment, learning how people in the past used their senses, understood their bodies, and experienced the rapidly shifting world around them. In this smart and witty work, Purnell reminds us of the value of daily life and the power of the smallest aspects of existence using culinary history, fashion, medicine, music, and many other aspects of Enlightenment life.

*Spiritual Exercises for Married Couples: Finding Our Way Together: a Retreat for Companions*-Krisztina Stangle 2010-07-27 A spiritual and psychological method of decision-making and discernment about life-styles based upon the centuries-old Christian Spiritual Exercises of St. Ignatius of Loyola; updated and made more relevant for married couples and companions.

*LIGHTING OUR WAY*-MERRILL PHILLIPS 2014-03 *LIGHTING OUR WAY* is a book of devotionals that can be used in ones every day spiritual walk. They are intended to help and encourage those who are seeking help with the problems of life. It is with this in mind that the author added scripture to each article and hopefully encourage people to turn to God in all circumstances.

*Finding Our Way*-Neil M. Alexander 2014-05-06 Questions and conflict about homosexual practice and the church abound. We encounter media reports of same-gender unions and clergy trials. This leads to talk in congregations and district preacher's meetings, in the hallways at district, conference and general church gatherings, and in the deliberations of the Council of Bishops where we hear prayers, questions, and an outpouring of conviction or anguish. We observe The United Methodist Church grappling with issues of importance that divide and confound us. We hunger for our church to engage hard questions and decisions in a spirit of generosity, gracefulness, and mutual respect. This book could change the nature of the conversation. It encourages frank and constructive dialogue that will help us conference together and open ourselves to God's guidance. We seek faithful, fair, just, and loving resolution to issues that challenge our faith community. *Finding Our Way: Love and Law in The United Methodist Church* is authored by several United Methodist bishops. These writers enunciate and clarify pathways that represent faithful, responsible, and constructive ways forward through the current controversies. Each bishop articulates a prescription for moving through current conflict about homosexual practice, same-gender unions, qualifications for ordination, and maintaining the "good standing" of elders. Alexander, who is publisher for The United Methodist Church. Part One: Options Enforce (follow the Book of Discipline): The Discipline interprets scripture and contains the rule of law for UM congregations and elders. When sacred promises are violated, leaders must uphold the spirit and letter of the law and follow the process defined by the Discipline. By Gregory V. Palmer, who serves the Ohio West Area. Emend (work to change the Book of Discipline): The General Conference legislative process must be engaged to emend the Book of Discipline -- or not. This is the responsible and thoroughly United Methodist way of moving through disputes and reaching consensus. By Hope Morgan Ward, who serves the Raleigh Area. Disobey (biblical obedience): Scripture and the sanctity of love are a higher authority than the Book of Discipline. Therefore, the current impasse must be broken by loving acts of conscientious fidelity to higher principles. By Melvin G. Talbert, retired, from the San Francisco Area. Disarm (suspending conflict between personal and social holiness): In many kinds of conflicts, in marriage and in war, the conflicted parties drop their weapons or grievances, agree to a cease fire, and search for a peaceful way to resolve their disagreement. By Kenneth H. Carter Jr., who serves the Florida Area. Part Two: Responses Order (supporting our covenant): Our sacred trust depends on keeping our promises. By J. Michael Lowry, who serves the Forth Worth Area Unity (dwelling in God's church as a family of Christ followers): When two elephants fight, the grass suffers. By John K. Yambasu, who serves the Sierra Leone Area. Diversity (coexisting with differences). By Rosemarie Wenner, who serves the Germany Area and is current president of the Council of Bishops. Part Three: Steps Trust God (discernment): Immerse ourselves in an intense process of prayerful discernment. This approach pleads for the guidance of the Holy Spirit and asks all to open themselves without condition or pre-judgment to the insight and inspiration that comes through deep prayer and listening. Our Way to Certitude-

The Best Way to Fix Our Economy-Richard G. Lazar 2011-07-01 The Best Way to Fix Our Economy describes the basic problem of the USA economy in the early-21st century. It is how to restore, re-surge and re-build America. How? The solution is building great new innovative product industries that produce excellent products at good prices that sell in the USA and markets around the globe. They generate sustainable small businesses. That then produces steady jobs that provide income that keeps taxes down and enables sizable profit, incent investment, ROI, continuous R&D and superior products built at competitive prices and helps ensure sustainable industry growth. The book affords an accurate historical analysis of how America has driven its economy from being the primary product-producer in the world to a service-based economy. The authors describe the simple--not easy--roadmap back to the future to being a product-driven world force by using the Lazars' proven behavioral economic model that they call The Central Productive Processa [ to create a renewed productive society. The Lazars name 17 innovative product industries that will turn the economy around and restore the practice of true Capitalism in America instead of the personal interest (greed) and financial services system now in place masking as Capitalism. The Central Productive Processa [ is punctuated with realistic, logical and common sense notions crisply formulated over thirty-five years of "on-the-ground" experience. It is not a theoretical exercise for the reader. It works. Presidents Franklin D. Roosevelt and Dwight David Eisenhower are cited as two excellent examples of "AND THINKING" leaders who understood that a strong nation combines defense and human needs along with economic growth and human well-being. Their vision of a compassionate and strong American economy has been in decline in America for the last 30 years. While the clarion calls of Roosevelt and Eisenhower have been muffled in the USA, China heeded the call, exceeded all expectations and has grown into an economic power with product-driven national policies. Enhanced by thirty years of peace and neutrality, they have also improved the quality of life and expectations of its citizens. In this book the Lazars light the way to breathing new life into a new economy that is product-based, profitable, productive and progressive. This work is a renewed clarion call for warring ideological leaders and elected officials to work together to overcome their own weak performance and unwillingness to sacrifice their personal interests for the best interests of all Americans. The nation cries out for them to cease battling each other to the death. The country needs a "new response" to the lagging and weak economy. This book provides the right response for a new economy inherent in the American character. It is time for each and all of us to help our nation rediscover its greatness and ability to resolve internal conflicts with victorious actions. "Hope and optimism can only be founded on right thought and right action that people can see and feel."-- Richard G. Lazar, PhD

Interaction Our Way-The Goodens 2012-04-17 Interaction Our Way is a portrait of shared and human action resulting in successful careers and lives for the five Gooden siblings Vince, Mike, Steve, Linda, and Duane. Their unique Plans illustrate how they interact with education, religion, military, health care, government

and the workplace. Their careers range from CEO to Technical Specialist and their educational levels include Doctorate, Masters, and Certificates. They attribute their success to having a solid foundation, perseverance, and knowledge. They reveal that there have been bumps in the road, challenges, and even adversity; however they overcame them by strategic interaction in the organization they participated. For them failure has not been an option and they provide recommendations for success to inspire and encourage others to follow.

**Finding Our Way-Barry W. Holtz 2011-01-01** The ancient rabbis believed that the world rests on three pillars: study, worship, and good deeds. It is said that the greatest of these is study, for it leads to the other two. But exactly how does the modern Jewish reader go about studying the Mishnah, Talmud, and Midrash --- the great ancient and often hard-to-comprehend texts of our tradition? And how do we glean the great insights and wisdom from these sacred texts, which inspired our ancestors, and apply them to our modern lives? With guidance from renowned author and educator Barry Holtz, these ancient texts take on new meaning for us. He provides a framework for exploring our thinking about God, prayer, and ritual, as well as social issues, such as charity, friendship, and justice. His new study guide helps readers and study groups launch their exploration of the ancient texts, posing probing questions to help them stay engaged as they pursue their quest for a deeper understanding of their faith. This spiritual and spirited book, a sequel to Holtz's classic *Back to the Sources*, is a must-read for adult Jewish learners and educators alike.

**On Our Way to Beautiful-Yolanda Young 2003** The nationally syndicated columnist describes growing up in Shreveport, Louisiana, her coming of age in a lively African-American family, and the hard-won values and religious faith that she discovered along the way, in an inspirational memoir. **God's Plan for Our Success Nehemiah's Way-Connie Hunter-Urban 2012-03-20** Open wide the gates! This teaching on the gates started an awakening in my heart and caused me to hunger for a deeper walk with the Lord. ...it began a new quest for the glory of God to manifest—and it most definitely did! -Jo Ellen Stevens Too many think that the day we become born again, God turns us loose to somehow evolve into mature Christians. On the contrary, He has a plan for our success, and the gates define that—step by step, experience by experience, truth by truth. God's Plan for Our Success Nehemiah's Way—Rebuilding the Gates in Your Christian Journey is a unique look at how the ten gates described in the Book of Nehemiah affect your life. Gates are crucial for you to walk through and understand, making your daily hike more successful. These benchmarks help you grow stronger and know how to react when your "city" lies in "waste, and the gates thereof are burned with fire" (Neh. 2:17). This book is an insightful, practical blueprint to building a rich life of blessings. You go through the first gate as a new Christian and through each of the other gates on your way toward the last one—your God-given destiny.

**Alaska Our Way-Elaine Brooks Held 2012-05-30** In 1999, my husband and I traveled to Alaska with our friends Don and Mary. When the tides were low, we headed for Clam Gulch to try our luck. You look for the clams telltale hole, then dig like mad to grab his shell before he outdigs you. The result is fingers and fingernails cut to shreds. I came up with the brilliant idea of covering my fingers with clear fingernail polish. Don wandered over and asked, What are you doing? I explained my theory. That sounds like it might work. Let me try some. Since Dons fingers were the worst, he slathered it on. Proud of the results, he lifted his hands for me to see. Slowly, a horrified look came over his face. Concerned, I asked, Whats wrong? He wailed, I have to go to the bathroom!

**The Means by Which We Find Our Way; Observations on Design-David Gardener 2013-08-08** The book *The means by which we find our way: Observations on design* looks at how graphic designers and educators navigate both the visual and the printed landscape. By the varied responses to similar visual design problems, personal reflections on design experiences and the consequent included essays, this book intends to provide a platform for learning and be a source for new collaborations and initiatives within the field of both design and design education. Including submissions from design educators from over twenty countries and representing over fifty institutions. Lisa M. *We've Lost Our Way*-George Damroth 2011-06 America has long been viewed as a beacon of hope to the rest of the world. After all, it's the home of the American dream, democracy, and capitalism. Yet over the years, our society has slowly moved down the path of socialism by members of our own government. Our elected members of Congress no longer serve the people, only themselves and their personal agenda. It's time we put a stop to their intentional abuse and reset the system. But how? *We've Lost Our Way* attempts to answer this question. George Damroth points out how this nation has gone astray, puts the issues in perspective, and offers some reasonable solutions. It's not one political party that is the cause of our problems-it's the system and the people who control it. The struggle to keep the American dream alive is not lost. Change is possible, and the ideas offered in this book are straightforward and relatively easy to implement-less members in the House of Representatives, more technologically advanced voting strategies, an increased focus on states' rights, to name a few. We might have lost our way, but we can find it again-all we have to do is take the first step.

*The Way into the Holy of Holies*-Lynn Ferder 2014-10-15 So often we struggle in prayer, trying to find the words and the right way to approach a Holy God. It can be a frustration and lead us to feel inadequate and wonder if our prayers are even heard. Yet, God has given us a model for prayer, and how to approach a Holy God, in the Old Testament Tabernacle of Moses. Step by step, we are guided into the presence of God through the symbolic meaning of each piece of furniture in the Tabernacle. This study helps us to discover the simplicity of coming boldly into God's presence in prayer. It gives us the words we struggle to find in prayer. Step by step, we are shown how to prepare our heart for the next depth in God. *The Way into the Holy of Holies*, will open our eyes and our understanding of prayer. It will fill our hearts with wonder and adoration for God as we discover the true tabernacle is the Lord Jesus.

*Los Barrios Family Cookbook*-Diana Barrios Trevino 2008-12-24 More than 140 recipes from San Antonio's favorite Tex-Mex restaurant, featuring dishes for breakfast, lunch, dinner, and dessert (plus cocktails!). Since 1979, Los Barrios restaurant in San Antonio, Texas—the heart of Tex-Mex cuisine—has been serving up casero, or home-style, cooking that has charmed food critics and earned an impressive following. Founded with a small investment and a lot of spirit, Los Barrios built its reputation on the authenticity of its cuisine. The *Los Barrios Family Cookbook* offers these reputation-making recipes—from simple but impressive traditional Mexican dishes, many of which have been handed down and perfected through the generations, to modern Tex-Mex favorites—to fans of Southwest cuisine across the country. Included are recipes for Mexican essentials: Homemade Flour Tortillas, Tamales, and Pico de Gallo; Barrios family specialties, such as Mama Viola's Chicken Rice Soup and Acapulco-Style Ceviche; and the classics—Chiles Rellenos, Chalupas, and Enchiladas Verdes. The *Los Barrios Family Cookbook* is a comprehensive and indispensable resource for food that explodes with flavor. ¡Buen provecho!

*The Way Our People Lived*-William E. Woodward 1968

*Finding Our Way*-Richard J. Mezeske 2004 This book tells the story of how the education faculty in a small, Midwestern liberal arts college recovered from the loss of its NCATE (National Council for Accreditation of Teacher Education) accreditation. Over a period of ten years, the faculty revitalized, reconceptualized, and redesigned their teacher education program, regaining accreditation in the process. Among the areas addressed are developing a conceptual framework and an assessment plan, the teaching of literacy and writing, field placements, technology integration, creative staffing, and diversity. What emerges is a portrait of a faculty engaged in a vibrant and developmental process of change and reform focused on the preparation of quality teachers for America's schools. *The Great Unraveling: Losing Our Way in the New Century*-Paul Krugman 2004-08-17 "Paul Krugman is a hero of mine. Read his book."—Al Franken No one has more authority to call the shots the way they really are than award-winning economist Paul Krugman, whose provocative New York Times columns are keenly followed by millions. One of the world's most respected economists, Krugman has been named America's most important columnist by the Washington Monthly and columnist of the year by Editor and Publisher magazine. A major bestseller, this influential and wide-ranging book has been praised by BusinessWeek as Krugman's "most provocative and compelling effort yet," the New York Review of Books as "refreshing," and Library Journal as "thought-provoking...even

funny." The American Prospect put it in vivid terms: "In a time when too few tell it like it is...[Krugman] has taken on the battle of our time." Built from Paul Krugman's influential Op-Ed columns for the New York Times, this book galvanized the reading public. With wit, passion, and a unique ability to explain complex issues in plain English, Krugman describes how the nation has been misled by a dishonest administration. In this long-awaited work containing Krugman's most influential columns along with new commentary, he chronicles how the boom economy unraveled: how exuberance gave way to pessimism, how the age of corporate heroes gave way to corporate scandals, how fiscal responsibility collapsed. From his account of the secret history of the California energy crisis to his devastating dissections of dishonesty in the Bush administration, from the war in Iraq to the looting of California to the false pretenses used to sell an economic policy that benefits only a small elite, Krugman tells the uncomfortable truth like no one else. And he gives us the road map we will need to follow if we are to get the country back on track. The paperback edition features a new introduction as well as new writings.

On the Way to the Cross-Thomas C. Oden 2011-11-10 This unique devotional by Thomas C. Oden and Joel Elowsky and edited by Cindy Crosby offers forty days of devotional comments from the church fathers about the Gospel of John. Based on the daily Gospel reading cycle from the Book of Common Prayer and written in a brief daily format, this is a perfect resource for Lenten use!

Losing Our Way-Bob Herbert 2014-10-07 From longtime New York Times columnist Bob Herbert comes a wrenching portrayal of ordinary Americans struggling for survival in a nation that has lost its way In his eighteen years as an opinion columnist for The New York Times, Herbert championed the working poor and the middle class. After filing his last column in 2011, he set off on a journey across the country to report on Americans who were being left behind in an economy that has never fully recovered from the Great Recession. The portraits of those he encountered fuel his new book, Losing Our Way. Herbert's combination of heartrending reporting and keen political analysis is the purest expression since the Occupy movement of the plight of the 99 percent. The individuals and families who are paying the price of America's bad choices in recent decades form the book's emotional center: an exhausted high school student in Brooklyn who works the overnight shift in a factory at minimum wage to help pay her family's rent; a twenty-four-year-old soldier from Peachtree City, Georgia, who loses both legs in a misguided, mismanaged, seemingly endless war; a young woman, only recently engaged, who suffers devastating injuries in a tragic bridge collapse in Minneapolis; and a group of parents in Pittsburgh who courageously fight back against the politicians who decimated funding for their children's schools. Herbert reminds us of a time in America when unemployment was low, wages and profits were high, and the nation's wealth, by current standards, was distributed much more equitably. Today, the gap between the wealthy and everyone else has widened dramatically, the nation's physical plant is crumbling, and the inability to find decent work is a plague on a generation. Herbert traces where we went wrong and spotlights the drastic and dangerous shift of political power from ordinary Americans to the corporate and financial elite. Hope for America, he argues, lies in a concerted push to redress that political imbalance. Searing and unforgettable, Losing Our Way ultimately inspires with its faith in ordinary citizens to take back their true political power and reclaim the American dream. From the Hardcover edition.

The Way We're Working Isn't Working-Tony Schwartz 2010-07-08 This is the paperback edition of 'The Way We're Working Isn't Working'. Through his years of intensive work consulting to companies including Procter & Gamble, Sony, Toyota, Microsoft, Ford and Ernst & Young, with his firm The Energy Project, Schwartz has developed a powerful program for changing the way we are working that greatly boosts our engagement and our satisfaction with our work and increases our performance. In this book he marshals a wide range of powerful evidence from business research and psychology that shows that the current model of work is not only not optimal, it is specifically counter-productive because it saps us of our physical, emotional, mental and spiritual energy. In order for us to perform at our best, we must make a set of key changes in our work lives -- and in order to develop the full potential of their work force, our managers and companies must institute changes that will provide us with the regular physical renewal, emotional reward, mental focus and stimulation; and sense of purpose and significance that we need.

On Our Way-Robert Kastenbaum 2004-05-20 How do our ideas about dying influence the way we live? Life has often been envisioned as a journey, the river of time carrying us inexorably toward the unknown country—and in our day we increasingly turn to myth and magic, ritual and virtual reality, cloning and cryostasis in the hope of eluding the reality of the inevitable end. In this book a preeminent and eminently wise writer on death and dying proposes a new way of understanding our last transition. A fresh exploration of the final passage through life and perhaps through death, his work deftly interweaves historical and

contemporary experiences and reflections to demonstrate that we are always on our way. Drawing on a remarkable range of observations—from psychology, anthropology, religion, biology, and personal experience—Robert Kastenbaum re-envision's life's forward-looking progress, from early-childhood bedtime rituals to the many small rehearsals we stage for our final separation. Along the way he illuminates such moments and ideas as becoming a "corpsed person," going down to earth or up in flames, respecting or abusing (and eating) the dead, coping with "too many dead," conceiving and achieving a "good death," undertaking the journey of the dead, and learning to live through the scrimmage of daily life fully knowing that Eternity does not really come in a designer flask. Profound, insightful, often moving, this look at death as many cultures await it or approach it enriches our understanding of life as a never-ending passage.

Lectures Explanatory of the Diatessaron, Or The History of Our Lord and Saviour Jesus Christ,-John David Macbride 1835

Oh, by the Way...-Betty Jane Kimpton 2007-06-13 Quoting Betty Jane Kimpton, 84 years of age, There is so much to live for and to be thankful for without looking on the dark side of life and the many ailments that come in our senior years. She is a person who enjoys making humor out of most situations and finds any subject to be a topic on which to pen a poem. Any word or subject is bait for one so apt to write poetry. It is with this thought in mind that this book has been written with the hope that others may enjoy fictional situations that can occur in any residence such as a retirement home or elsewhere. Her past vocations have been that of a grade school student writing poetry, a high school student writing drama that was acted out there, composing both poetry and music as the situations came up, a nurse, a wife and mother of three sons, a secretary, a you name it as she calls it. When asked what her vocation is now, she replies, I am a Household Executive! OH, BY THE WAY . . . . . is a whimsical anecdote of life in a retirement community called a home. Narration has been made of various incidents taking place there, both humorous and serious. This has been interspersed with poetry written by the author and Christian quips that enhance the rendition of life as it has been, is and that which is to come.

Follow the Way of Love-Catholic Church. National Conference of Catholic Bishops 1994 In this uplifting message, the bishops offer families everywhere an inspiring reflection on love.

The Works of Robert Traill: Stedfast adherence to the profession of our faith-Robert Traill 1775

Finding the Way-Bruce McNab 2013-03-18 Life is a complex journey, and each of us must find our own way. But sometimes we take a wrong turn and get lost. When that happens we have to backtrack and begin again. We are living in a time when many young adults who dropped out of church in high school or college are seeking to reconnect with their faith, while older Christians are feeling a need to turn their own lives around. Finding the Way offers help for all Christians who are hungry for an intimate relationship with God and want to restart their spiritual journey on a path they can see clearly, explain simply, follow faithfully, and share with others. This is a book for those who want to practice Christian faith as a way of life, not merely accept it as a system of doctrine. We are not lost in a trackless, twenty-first-century spiritual wasteland. There is a Way that can lead us home to God. We have companions on the journey, and the Good Shepherd himself will guide us. Finding the Way calls us to brave the steep, upward journey with Jesus--to rededicate ourselves boldly to the imitation of Christ.

Love, Human and Divine-Edward Collins Vacek, SJ 1994-04-01 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity, few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves. Most accounts, in fact, make love of God and love of self either impossible or immoral. Integrating these two commandments, Edward Vacek, SJ, develops an original account of love as the theological foundation for Christian ethics. Vacek criticizes common understandings of agape, eros, and philia, examining the arguments of Aquinas, Nygren, Outka, Rahner, Scheler, and other theologians and philosophers. He defines love as an emotional, affirmative participation in the beloved's real and ideal goodness, and he extends this definition to the love between God and self. Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship.

The Lost Art of Finding Our Way-John Edward Huth 2013-05-15 Long before GPS and Google Earth, humans traveled vast distances using environmental clues and simple instruments. What else is lost when technology substitutes for our innate capacity to find our way? Illustrated with 200 drawings, this narrative—part treatise, part travelogue, and part navigational history—brings our own world into sharper view.

Finding Our Way Through the Dark-Demetra George 2008 Finding Our Way Through the Dark presents an astrological lunar-based model to explore the periodic dark and difficult times in our life as rites of passage leading to renewal. It offers a new vision of darkness as a place of insight, healing and

regeneration. Each section is accompanied by a workbook and journal so that you can discover when these periods of transition occur in your own life, illuminating the hidden motifs that shape your experiences. This book explains and reframes the astrological factors that facilitate your life journey from endings to new beginnings. Demetra George, M.A. Classics, received the 2002 Regulus Award for Theory and Understanding. A practitioner of astrology for more than 35 years specializing in archetypal mythology and ancient astrology, she is the author of numerous books and articles, including *Astrology For Yourself*, *Asteroid Goddesses*, *Mysteries of the Dark Moon*, and *Astrology and the Authentic Self*. She lives in Oregon, lectures internationally, and leads pilgrimages to the sacred sites in the Mediterranean and India with Ancient Oracle Tours. Director of Thema: Foundations in Astrology, she mentors private students in Hellenistic astrology, modern chart delineation, and asteroids.

*Defining the Church for Our Time*-Peter Schmiechen 2012-06-12 The church is broken and we cannot fix it. Faith in God is disconnected from churches. Mainline churches are deeply divided, and their budgets and congregations have diminished, with no agreement for recovery. So what shall we do? It is time to stop talking about the problems and to consider a new vision of the church for our time. This book is a celebration of the church as the community of new life in Christ. It assumes Christ intended to create a community on earth embodying grace and holiness. It begins with a new and inclusive definition of the church as a community enduring in time. It affirms the great variety of churches, all as valid expressions of the new life, and explains how and why churches are formed in different ways. The goal is for churches to celebrate the saving power of Christ and to see the glory of God revealed in the world in our time.

*To Find Our Way - The Continuing Saga of the Grounds of Nachmasheeghan*-Andrea Dean Van Scoyoc 2009-03 1758...Two Years later...Life will never be the same for the once magnificent and powerful Nachmasheeghans...but the tragic events of the past two years that engulfed the family like an evil child wishing an embrace have abated...some. Life has gone on...it had to and in those two years many changes have befallen the powerful clan. Josiah has returned home from the hospital at Stonehaven a changed man and the new Josiah shocks the family. But Josiah's returning home is more than a ray of hope for them all. For Hampton, whose life has been all but destroyed by the cruel Fates, it is life saving. As Constables, Talbot and Gaston have had their hands full keeping order in the town of Aberdeen. But a surprise awaits Talbot and in the unlikeliest of forms. Will Talbot Nachmasheeghan be spared the cruelty fate has showered on his family and will this newest chapter of his life be one that breaks the Nachmasheeghan curse forever?

*Our Way Or the Highway*-Mary Losure "Construction plans for the reroute of Highway 55 through south Minneapolis sparked an environmental movement that pitted activists against public authorities in one of the most dramatic episodes in the city's history. Mary Losure was there: as a reporter for Minneapolis Public Radio she witnessed the neighborhood's transformation from a quiet street to the center of an emotionally charged standoff. Fueled by idealism and anger, a diverse coalition of Native Americans, neighborhood residents, and young anarchists banded together to try to stop the highway expansion. Beginning in 1998, this group sustained protests for more than a year and eventually faced an unprecedented show of force by law enforcement." "Through her detailed account of this struggle, Losure explores the roles of ecoanarchism and grassroots activism in the age of globalization. This subculture, brought to the spotlight during protests over the World Trade Organization in Seattle and Genoa, has been largely undocumented in the mainstream press. With a practical reporter's eye, Mary Losure portrays the activists' experiences and the establishment's view of them, ultimately revealing the power of the existing order and the fragility and absolute necessity of dissent."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
