The Report: Saudi Arabia 2014-Oxford Business Group 2014-08-18 Home to an estimated 15.9% of the world’s proven oil reserves, Saudi Arabia is the single largest economy in the Middle East and North Africa. According to the Ministry of Finance, real GDP grew by 3.8% to \$746bn in 2013. While oil income is expected to continue to account for the majority of government revenues for the foreseeable future, the non-oil sector has expanded significantly in recent decades growing 9.3% in 2013. Indeed, while some Western countries may be seeing a return to cautious optimism and leading emerging economies are weighing the potential impact on capital flows of tapering in the US Federal Reserve’s quantitative easing programme, Saudi Arabia is seeing sustained growth buoyed by high global oil prices and internal investment in its own infrastructure. Some 15 years after Saudi Arabia attended the inaugural meeting of G20 countries, its key economic indicators make it the envy of many other member states. Given the size of Saudi economy within the regional and indeed global market, OBG looks in depth at bilateral trade between ASEAN nations and the GCC.

The Report: Saudi Arabia 2013-

The Report: Saudi Arabia 2008-

The Business Year: Saudi Arabia 2020- 2019-11-12 For the Saudi Arabia 2020 publication, our sixth annual edition on the Kingdom’s economy, we placed heavy emphasis on technology and innovation as a catalyst for change, as well as the developments in the digital economy. Across numerous industries, technology is playing an increasingly greater role—as a global trend but no less true for Saudi Arabia, which has in recent years committed large-scale investment into digital transformation. The Business Year’s country-specific publications, sometimes featuring over 150 face-to-face interviews, are among the most comprehensive annual economic publications available internationally. This 280-page publication covers finance, green economy, energy, water, industry, defense, transport, aviation, digital economy, real estate, construction, food, agriculture, health, education, entertainment, culture, and sports.

Bonds without Borders-Chris O’Malley 2014-10-10 Bonds without Borders tells the extraordinary story of how the market developed into the principal source of international finance for sovereign states, supranational agencies, financial institutions and companies around the world. Written by Chris O’Malley - a veteran practitioner and Eurobond market expert- this important resource describes the developments, the evolving market practices, the challenges and the innovations in the Eurobond market during its first half- century. Also, uniquely, the book recounts the development of security and banking regulations and their impact on the development of the international securities markets. In a corporate world crying out for financing, never has an understanding of the international bond markets and how they work been more important.Bonds without Bordersis therefore essential reading for those interested in economic development and preserving a free global market for capital.
