Crash-J. G. Ballard 2009-04-17 The definitive cult, post-modern novel - a shocking blend of violence, transgression and eroticism.

Crash-J. G. Ballard 2008 The definitive cult, post-modern novel--a shocking blend of violence, transgression and eroticism. When Ballard, our narrator, smashes his car into another and watches a man die in front of him, his sense of sexual possibilities in the world around him becomes detached. As he begins an affair with the dead man's wife, he finds himself drawn with increasing intensity to the mangled impacts of car crashes. Then he encounters Robert Vaughan, a former TV scientist turned nightmare angel of the expressway, who has gathered around him a collection of alienated crash victims and experiments with a series of auto-erotic atrocities, each more sinister than the last. But Vaughan craves the ultimate crash--a head-on collision of blood, semen, engine coolant and iconic celebrity. First published in 1973 Crash remains one of the most shocking novels of the second half of the twentieth century and was made into an equally controversial film by David Cronenberg. Ballard's autobiography Miracles of Life was published in 2008 and Extreme Metaphors, a collection of interviews with the author, is due out in 2012.

Miracles of Life: Shanghai to Shepperton, An Autobiography-J. G. Ballard 2013-02-04 The author of such novels as "Empire of the Sun" and "Crash" recalls his childhood, his first attempts at science fiction, and his life as a single father after the premature death of his wife.

The Melody-Jim Crace 2018-06-19 Alfred Busi lives alone in his villa overlooking the waves. Famed in his tiny Mediterranean town for his music, he is mourning the recent death of his wife and quietly living out his days. Then one night, Busi is viciously attacked by an intruder in his own courtyard—bitten and scratched. He insists his assailant was neither man nor animal. Soon, Busi's account of what happened is being embellished to fan the flames of old rumor—of an ancient race of people living in the surrounding forest. It is also used to spark new controversy, inspiring claims that something must finally be done about the town's poor, whose numbers have been growing. In trademark crystalline prose, Jim Crace portrays a man taking stock of his life and looking into an uncertain future, while bearing witness to a community in the throes of great change.

The Atrocity Exhibition-J. G. Ballard 2009-10-15 First published in 1970 and widely regarded as a prophetic masterpiece, this is a groundbreaking experimental novel by the acclaimed author of 'Crash' and 'Super-Cannes'.

Extreme Metaphors-J. G. Ballard 2012-09-27 A startling and at times unsettlingly prescient collection of J.G. Ballard's greatest interviews.

Crash-Iain Sinclair 2019-07-25 David Cronenberg's Crash (1996) brought down a storm of controversy and opprobrium when it was first screened in London. And yet it's a cool, controlled, formal film, unsensational, more analytic than titillating, a brilliant exposé of modern pathologies. It has almost none of the violence and explicit sexual content of the J.G. Ballard novel from which it is adapted. What is the relationship between Ballard himself and the character 'James Ballard' in Crash? In this book, which includes an exclusive and revealing interview with Ballard, Sinclair explores the uncanny temporal loop which connects film and novel. If Cronenberg's 'adapted' Crash, he also absorbed it, ingested it, made it into something new. But, on the other hand, the novel controls the film, or uses the film to disguise its truly subversive intent. And, for Sinclair, there are more startling permutations still. To what extent, for example, is Crash a premonition of some of the more remarkable media events of recent times?

Super-Cannes-J. G. Ballard 2010-04-01 Long-regarded as one of the true visionary writers of the twentieth century, J.G. Ballard was one of the first British writers of the post-war period to begin to see, and to map out in his fiction, the future course of our civilization. For forty years his unflinching eye has turned to the point where the advancing edge of our technological progress has worn away our inner humanity. Eden-Olympia is more than just a multinational business park, it is a virtual city-state in itself, with the latest in services and facilities for the most elite high-tech industries. Isolated and secure, overlooking the luxurious French Riviera, the residents lack nothing. Yet one day Dr. Greenwood from Eden-Olympia's clinic goes on a suicidal shooting spree. Dr. Jane Sinclair is hired as his replacement, and she and her husband, Paul, are given Dr. Greenwood's house as a residence. Unable to work while recovering from an accident, Paul spends his days taking a close look at the house where Dr. Greenwood shot himself and three hostages. He discovers clues in the house lead him to question Eden-Olympia's official account of the killings. Drawn into investigating the activities of the park's leading citizens, while Jane is lured deeper into Eden-Olympia's inner workings, Paul uncovers the dangerous psychological vents that maintain Eden-Olympia's smoothly running surface. An experiment is underway at Eden-Olympia, an experiment in power and brutality. Soon Paul finds himself in race to save himself and his wife before they are crushed by forces that may be beyond anyone's control.

High-Rise: A Novel-J. G. Ballard 2012-04-16 "Harsh and ingenious! In this visionary tale, human society slips into violent reverse as once-peaceful residents, driven by primal urges, re-create a world ruled by the laws of the jungle.

Kingdom Come: A Novel-J. G. Ballard 2012-03-05 "J.G. Ballard is the undisputed laureate of suburban psychosis. . . . A brilliant novel."—Literary Review A violent novel filled with insidious twists, Kingdom Come follows the exploits of Richard Pearson, a rebellious, unemployed advertising executive, whose father is gunned down by a deranged mental patient in a vast shopping mall outside Heathrow Airport. When the prime suspect is released without charge, Richard's suspicions are aroused. Investigating the mystery, Richard uncovers at the Metro-Centre mall a neo-fascist world whose charismatic spokesperson is whipping up the masses into a state of unsustainable frenzy. Riots frequently terrorize the complex, immigrant communities are attacked by hooligans, and sports events mushroom into jingoistic political rallies. In this gripping, dystopian tour de force, J.G. Ballard holds up a mirror to suburban mind rot, revealing the darker forces at work beneath the gloss of consumerism and flag-waving patriotism.

The Inner Man-John Baxter 2011-09-08 An explosive and perceptive biography of the British novelist J.G. Ballard To many people, J.G. Ballard will always be the schoolboy in Steven Spielberg's movie Empire of the Sun, struggling to survive as an internee of the Japanese during World War II. Others remember him as the author of CRASH, a meditation on the eroticism of the automobile and the car crash, which also became a film and a cause celebre for its frank depiction of a fetish which, as this book reveals, was no literary conceit but a lifelong preoccupation. In this first biography, John Baxter draws on an admiration of and acquaintance with Ballard that began when they were writers for the same 1960s science fiction magazines. With the help of the few people whom he admitted to his often hermit-like existence, it illuminates the troubled reality behind the urbane and amiable facade of a man who was proud to describe himself as 'psychopathic'.

Commissioner Georg Ratner is the main character of Yellow Bull, a twisted crime fiction homage in which a modern Jack the Ripper tries to bloodily gain his way to fame. The only problem is that Georg Ratner has other, more important things on his mind than to catch him. Insistence of the Material-Christopher Breu 2014-09-15 Insistence of the Material engages with recent theories of materiality and biopolitics to provide a radical reinterpretation of experimental fiction in the second half of the twentieth century. In contrast to readings that emphasize the metafictional qualities of these works, Christopher Breu examines this literature's focus on the material conditions of everyday life, from the body to built environments, and from ecosystems to economic production. In Insistence of the Material, Breu rethinks contemporary understandings of biopolitics, affirming the importance of forms of materiality that refuse full socialization and resist symbolic manipulation. Breu considers a range of novels that reflect questions of materiality in a biopolitical era, including William Burroughs's Naked Lunch, Thomas Pynchon's V., J. G. Ballard's Crash, Dodie Bellamy's The Letters of Mina Harker, and Leslie Marmon Silko's Almanac of the Dead. Drawing from accounts of the emergence of immaterial production and biopolitics by Michel Foucault, Giorgio Agamben, Roberto Esposito, and Michael Hardt and Antonio Negri, Breu reveals the confrontational dimensions of materiality itself in a world devoted to the idea of its easy malleability and transcendence. Taking his analysis beyond the boundaries of literature, Breu argues that both materiality and subjectivity form sites of resistance to biopolitical control and that new developments in materialist theory advance a conception of social existence in which materiality—rather than language or culture—is the central term.

J.G. Ballard-Michel Delville 2018-08-01 Despite increasing recognition of his unique talents as a novelist and a short story writer, J.G. Ballard (b. 1930) remains one of the most controversial presences in contemporary British fiction. His obsessions with various forms of violence, alienation and sexual perversion have puzzled many readers, critics and publishers. Still, Ballard's imaginative powers and the originality of his work have also won him the admiration of a broad and international readership. Examining the whole range of Ballard's writings, from the early science fiction stories to *Cocaine Nights* (1996), Delville's study offers a critical and theoretically informed analysis of his achievements as a novelist and a commentator on contemporary culture. It also identifies and clarifies a number of themes which have occupied Ballard throughout his career. These recurrent concerns include the latent and manifest meanings of technological culture, the impact of modern media on the private and collective imagination and the postulate
