Buy Buttons-Nick Loper 2016-09-17 Whether you want to make an extra \$100 a month or an extra \$10,000, the high-level process is the same: Someone has to buy what you're selling. The money has to come from somewhere, right? (Hint: it comes from customers.) Sadly, there's an epidemic going around. The reason most entrepreneurs, wantpreneurs, and side hustlers fail is a lack of customers. If you've ever failed in your own efforts to start a business or earn money on the side, I'm guessing that was the root cause. On top of that, you're in a constant battle of not having enough hours in the day and you don't know where to focus your limited time, energy, and money. That's the bad news. The Answer The good news is you have more opportunity today to earn income in your spare time than ever before. And you don't need a killer new business idea or millions of dollars in startup capital to do it. The good news is there isn't a shortage of customers. They're out there! This book will share specifics on how to increase your earning power-on your own time, on your own terms, and without getting another job. We'll look at real-life examples of people just like you making it happen. I'm going to arm you with dozens of income-generating ideas that don't require a ton of time or money to get started. And spoiler alert: there are no get-rich-quick schemes inside. Instead, you'll learn proven strategies for tapping into the growing peer-to-peer economy to supplement your income, diversify your revenue sources, and reduce your reliance on your day job for your livelihood. Go Where the Cash Is Already Flowing Buy Buttons focuses on marketplaces that already exist, where you can put your expertise, time, and assets up for sale or rent. There are hundreds of platforms that you can add your "buy buttons" to. You don't have to build a customer base from scratch, design a website, or even worry about payment processing. Each platform already has an eager audience of buyers looking for what you have to sell. Not sure what to sell? In the 300+ platforms featured inside, you're bound to find an idea or two that's a fit. These platforms are the "gateway drugs" of entrepreneurship. They're easy to get started on, to get the high from your first sale, and to keep coming back for more. Does It Really Work? I've used the same "buy buttons" marketplace strategy over and over again for the last 15 years as an entrepreneur. Even more exciting, thousands of SideHustleNation.com readers and Side Hustle Show listeners just like you are already seeing results by implementing the strategies in this book. The common thread is they set up their businesses on pre-existing platforms that made it easy for buyers to find them and spend money with them. This book will show you exactly where and how to set up your "buy buttons" to generate hundreds or thousands of dollars a month in side income. My Guarantee I guarantee you'll find at least one "buy button" platform that you can use to generate your own job-free income stream. If you don't, just send me a note (my contact info is at the end of the book), and I'll buy the book back from you, no questions asked. Now, where else are you going to find a deal like that? Ready? Hit the Buy Now button and let's get started!

Valuation for Arbitration-Mark Kantor 2008-01-01 This book provides a clear understanding of the nuts and bolts of valuation approaches for business investments, including market, income and asset-based methods. It reviews tools that arbitrators may employ to reach their final compensation assessment on a principled basis. The bookand[]s many practical recommendations explore the decision making processes entailed in three central aspects of the arbitratorand[]s role: and[] advance planning to enhance understanding of expert valuation evidence; and[] identification of and[]apples-to-orangesand[] miscomparisons; and and[] recognition of the true comparability between the business at issue and other examples offered in the expert evidence. The presentation focuses not only on the legal standards applicable to the valuation (full or adequate compensation, reparations, restitution, actual loss, fair market value, fair or reasonably

equivalent value, lost profits, etc.), but also on the informed judgment and reasonableness that must enter into the process of weighing the facts of each case and determining its aggregate significance. The book considers common valuation methods like discounted cash flows, adjusted present values, capitalized cash flows, adjusted book values and comparable sales and transactions. Additionally, it addresses means for arbitrators to assess expert valuation evidence in complex business investment disputes. andquot;Best book 2008 of the OGEMID awards!andquot;

Rantoul and Chanute Air Force Base-Mark D. Hanson 2011-04-18 Rantoul and the former Chanute Air Force Base are inseparably intertwined as primary players in a single historical narrative. Rantoul was first founded as an agriculturally based community in 1848 near an area known as Mink Grove. The settlement boomed with the coming of the Illinois Central Railroad in 1854; a railroad championed by the town's namesake, Robert Rantoul Jr. Disaster followed in 1899 and again in 1901 with devastating fires. Then, in 1917, a U.S. Army flying field was built on the outskirts of Rantoul. Named after the aviation pioneer Octave Chanute, Chanute Field, later Chanute Air Force Base, became a premier technical training facility. A mutually beneficial relationship quickly developed between these civilian and military establishments that would last for over 75 years. Chanute Air Force Base closed in 1993, ushering in yet another new era for the village of Rantoul.

Islam in the West-Max Farrar 2012-06-29 "In recent years the debate on multiculturalism in the UK and other Western societies has focused principally on Islam, and the specific 'problems' said to be posed by Muslims have been invoked to justify the claim that multiculturalism has failed. That claim is opened to scrutiny and challenged in this unique collection through a series of explorations of specific issues and controversies - including the question of the veil, crime, political Islam, the role of Muslim women, sexuality and the Danish cartoons affair - and through more general reflections on the nature of multiculturalism. By exploring the nature of cultural differences and sensitivities and examining the way conflicts have played out, this challenging book makes a wide-ranging contribution to debate and a more constructive inter-cultural engagement. The contributors draw upon the disciplines of social science, ethics, theology, philosophy and education to examine the nature of the issues and flashpoints and to draw out implications for theory, policy and practice." --from back cover.

The Two Faces of Islam-Stephen Schwartz 2003-09-09 Since its formation in 1932, Saudi Arabia has been ruled by two interdependent families. The Al Sa'uds control politics and the descendants of Ibn Abd al-Wahhab impose Wahhabism—a violent, fanatical perversion of the pluralistic Islam practiced by most Muslims. Stephen Schwartz argues that Wahhabism, vigorously exported with the help of Saudi oil money, is what incites Palestinian suicide bombers, Osama bin Laden, and other Islamic terrorists throughout the world. Schwartz reveals the hypocrisy of the Saudi regime, whose moderate facade conceals state-sponsored repression and terrorism. He also raises troubling questions about Wahhabi infiltration of America's Islamic community and about U.S. oil companies sanitizing Saudi Arabia's image for the West. This sharp analysis and eye-opening expose illuminates the background to the September 11th terrorist attacks and offers new approaches for U.S. policy toward its closest ally in the Middle East.

Feminism and the Politics of Travel After the Enlightenment-Yaël Rachel Schlick 2012-01 Taking the Enlightenment and the feminist tradition to which it gave rise as its historical and philosophical coordinates, *Feminism and the Politics of Travel After the Enlightenment* explores the coincidence of feminist vindications and travel in the late eighteenth and nineteenth centuries, the way travel's utopian dimension and feminism's utopian ideals have intermittently fed off each other in productive ways. The Fasting Prayer-Franklin Hall 2016-05-22 "And, behold, I send the promise of my Father upon you:" To obtain the "power," the commandment given to us by Jesus: "Tarry ye in the city of Jerusalem (your present city) until ye be endued with power from on high" (Luke 24:49) must be obeyed. Many Christians claim the experience of Acts 2:4, but they have not attained the experience provided for in Luke 24:49. The progress so far is fine, but the deceiver still has many of us lulled to sleep, deluded, and self-satisfied, far from the goal Jesus intended for us to reach. I once owned an airplane, but owning an airplane and getting the motor going so it will take off with its own power are two different things. If you have the Holy Spirit, He still may not have sufficient sway in your life for you to have the advanced experience of power and the gifts of the Spirit. Many do not seek God far enough, and in quite the right manner to allow the Holy Spirit to exert His power, even though He has been received. Every evidence points to the fact that the early church and apostles put into practice what the church has failed to do today. Therefore, they had an experience that overshadows ours. Every single new testament church was founded in fasting and prayer. Acts 14:23. After Jesus said, "I send the promise of the Father upon you" He also told them, "Tarry . . . until ye be endued with power." Where there is a lack of perfection and refinement among God's people, as there is today, this power and the gifts of the Holy Spirit cannot very well be received by prayer alone. (If they can be received in this manner, I ask, where are they? Even in the days of the apostles, they too, found it necessary at times to employ this method to arrest the flesh and become refined in order to receive this power. They were in a state of perfection that far exceeded ours today. We believe many put into practice the prophet's-length fast and obtained the power and gifts. Without following their example and deeds, we are without their mighty experiences. Consecrated fasting acts as a refining fire to the saint of God, and enables him to become purified and cleansed to such an extent he can obtain the power and the gifts of the Spirit. It actually requires a further process of purification and sanctified living to obtain and retain the gifts of the Spirit than otherwise. The best means of reaching that goal is to do as Paul asked us to do, follow him "in fastings often." This volume endeavors to take what has generally been overlooked, and reveal, perhaps for the first time in detailed form, the secret of the early church. It is made so simple and easy of accomplishment that anyone can have an experience as dynamic as those of any of the apostles and followers of Jesus Christ.

Cumulenes in Click Reactions-Henri Ulrich 2009-11-19 Cumulenes are organic molecules with two or more cumulative (consecutive) double bonds. Their reactions often proceed at room temperature, with or without a catalyst, and are stereospecific, giving the reaction products in high yields – features characteristic of “click reactions”. Cumulenes in Click Reactions presents a comprehensive list of cumulene systems and their reactions, with an emphasis on their “click-like” nature. The chapters are structured according to the number of carbon atoms in the system, including coverage of: introduction to the chemistry of cumulenes one-carbon cumulenes: sulfoxides, sulfones, thiocarbonyl S-imides, thiocarbonyl S-sulfides, and 1-aza-2-azoniaallene salts two-carbon cumulenes: carbon oxides, carbon sulfides, carbon nitrides (isocyanates, isothiocyanates, and carbodiimides), phosphallenes, and diarsallenes 1,2-dicarbon cumulenes: ketenes, thioketenes, ketenimines, 1-silaallenes, 1-phosphaallenes, and other metal allenes 1,3-dicarbon cumulenes: thiocarbonyl S-ylides, 2-azaallenium salts, 1-oxa-3-azoniabutatriene salts, 1-thia-3-azoniabutatriene salts, and phosphorous ylides 1,2,3-tricarbon cumulenes: allenes, butatrienes, higher cumulenes and heterobutatrienes noncarbon cumulenes: azides, triazaallenium salts, sulfur oxides, sulfur nitrides, N-sulfinylamines, sulfurdiimides, and dithionitronium cation Cumulenes in Click Reactions is an essential guide for researchers and advanced students in academia and research working in synthetic organic, inorganic and bioorganic chemistry.
