The Children's Story-James Clavell 2014-11-12 It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will..."

The Assassination of Rajiv Gandhi-Neena Gopal 2016-08-16 On 21 May 1991, journalist Neena Gopal had finished just one part of an interview with Rajiv Gandhi—the last of his life—when his car reached the election rally at Sriperumbudur. Moments later, Rajiv Gandhi was dead, blown up by suicide bomber Dhanu, irrevocably changing the course of Indian politics, as Neena Gopal, just yards behind him, watched in horror. In this gripping, definitive book, Gopal reconstructs the chain of events in India and at the LTTE's headquarters in Sri Lanka where the assassination plot was hatched, and follows the trail of investigation that led to the assassins being brought to justice. Drawing on extensive interviews, research and her own vast experience as a journalist, she deftly establishes the background—the shortsightedness of India's Sri Lanka policy; the friction between the intelligence agencies and between the agencies and the external affairs ministry; the many warnings that went unheeded; and the implacable hatred that LTTE supremo Prabhakaran felt for Rajiv Gandhi. Bringing all these complex threads together, Gopal takes us step by step to Sriperumbudur as Rajiv Gandhi walked inexorably to his death on that tragic May evening twenty-five years ago.

Topi Shukla-Rāhi Māsūma Razā 2005 Set in Aligarh in the early 1960s, after the dust of Partition has ostensibly settled, Topi Shukla is an intriguing story of two friends-one Hindu and the other Muslim. Through the characters of people like Topi and Iffan, the novel looks at the lives of ordinary prople trying to survive in a brutal conformity of beahviour. It is about individuals whose spirits are paralysed because they cannot conform, and about history's inability to teach mankind any worthwhile lessons. Language plays an important part in this narrative, operating almost as a character in itsown right. Topi, as a Hindi bull in the Urdu china shop, invokes the historical stand-off between the two languages. The novel also explores the culture and psyche of Uttar Pradesh withits very Muslim Aligarh, its very Hindu Benares, and their exotic confluence in Lucknow. Although it is set in theIndia of the 1960s, the communal tensions and issues portrayed in the novel make it just a s relevant to the troubled times we face today. This fascinating novel will be of tremendous interest to the general reader, as well as to students of literature in translation, partition fiction, and socialhistory. The novel's engagement with intertextuality and metafiction will add to its interest for readers keen on literary theory.
