Who's who-Henry Robert Addison 1900 An annual biographical dictionary, with which is incorporated "Men and women of the time."

Yocona Puff Adder-Gerald Inmon 2006-04-26 This piece of historical fiction is a coming of age story and more-than-memoir that bridges the early 1950s through today . . . sharing little known facts and demonstrating that life is more interesting than plain fiction. With one boy white and the other black in segregated Mississippi, backwoods and riverbottom adventures are too exciting to allow these motherless seven-year-olds to consider the normal bigotry of the times.

Childhood is grounded in mischief around Oxford's Baily Woods and in the rural community of Taylor. The Yocona and Little Tallahatchie Rivers help shape the area's youth, and their teen years find Scott and C.B. interacting with Weekend Warriors and the Klan. Summer jobs and outdoor experiences roughhew the boys into men. Adult complications in Sin City Memphis precede diverging paths with college forestry versus the logging woods, grad school versus a tour in Vietnam, and professional versus technical careers in the workplace. All the while, challenges and opportunities stretch from the commonplace to the controversial. During retirement, the two men volunteer and grow old. The book finishes with a twist the reader won' t be expecting.

Xerox Ferox-John Szpunar 2013-10-08 A scene that influenced generations of writers, filmmakers and fans, XEROX FEROX is the first book to cover the horror film fanzine and the culture it spawned. From Famous Monsters of Filmland to Fangoria and everything in between, XEROX FEROX is much more than a book

about monster magazines. It examines the home-grown DIY fanzines that dared to dig deeper than the slick and shiny newsstand mags ever would... or indeed even could. The titles are as lurid as the films that they covered. Gore Gazette. Deep Red. Sleazoid Express. Before message boards, before blogs, before the Internet itself, the fanzine reigned as the chief source of news and information for horror fans worldwide. Often printed on the cheap and sold for the price of postage, madcap and irreverent mags like Slimetime, Subhuman and Shock Xpress travelled the globe, creating a thriving network of fans and professionals alike. XEROX FEROX traces the rise of the horror film fanzine, from the Famous Monster-starved kids of the 1960s to the splatter-crazed gorehounds that followed. Featuring in-depth interviews with fifty writers, editors, and industry pros, XEROX FEROX is the final word on an era that changed the world of fandom forever.

Absence of Song Trilogy-C.B. Stone 2016-05-11 Box set: clean, young adult fantasy set in a post-apocalyptic world. She's a girl with a mission... Music is forbidden in Silvah City... even singing can mean big trouble with the Ministry. But she can't seem to help herself. The melodies in her head must be released, though she doesn't fully understand why. When the mysterious Noah walks into her life, he changes everything. Her world is shaken, her eyes are opened. She is awakened. Thanks to Noah, Jaelynn now understands she is one of the Chosen. And together, they have a mission. Will they be strong enough to finish it? Can they go up against the Ministry and prevail? Can they succeed in bringing life back to a dying land, a dying people? Or will it all be for nothing, and the people perish...? Dystopian romantic fantasy, Christian-themed.

Against Purity-Alexis Shotwell 2016-12-06 The world is in a terrible mess. It is toxic, irradiated, and full of injustice. Aiming to stand aside from the mess can produce a seemingly satisfying self-righteousness in the scant moments we achieve it, but since it is ultimately impossible, individual purity will always disappoint. Might it be better to understand complexity and, indeed, our own complicity in much of what we think of as bad, as fundamental to our lives?

Against Purity argues that the only answer—if we are to have any hope of tackling the past, present, and future of colonialism, disease, pollution, and climate change—is a resounding yes. Proposing a powerful new conception of social movements as custodians for the past and incubators for liberated futures, Against Purity undertakes an analysis that draws on theories of race, disability, gender, and animal ethics as a foundation for an innovative approach to the politics and ethics of responding to systemic problems. Being against purity means that there is no primordial state we can recover, no Eden we have desecrated, no pretoxic body we might uncover through enough chia seeds and kombucha. There is no preracial state we could access, no erasing histories of slavery, forced labor, colonialism, genocide, and their concomitant responsibilities and requirements. There is no food we can eat, clothes we can buy, or energy we can use without deepening our ties to complex webbing of suffering. So, what happens if we start from there? Alexis Shotwell shows the importance of critical memory practices to addressing the full implications of living on colonized land; how activism led to the official reclassification of AIDS; why we might worry about studying amphibians when we try to fight industrial contamination; and that we are all affected by nuclear reactor meltdowns. The slate has never been clean, she reminds us, and we can't wipe off the surface to start fresh—there's no fresh to start. But, Shotwell argues, hope found in a kind of distributed ethics, in collective activist work, and in speculative fiction writing for gender and disability liberation that opens new futures.
